MISSION STATEMENT

Situated in the heart of sunny southern California, our company occupies a 212,000 sq ft state-of-the-art facility where our corporate office, showroom and distribution center operate under the same roof to maximize order processing and work efficiency.

Since the day BAZIC Products was established more than two decades ago, the company has developed and cultivated strong, long-lasting relationships with factories around the globe. This extensive supply of networks has enabled us to deliver superior quality products with great value that our customers can rely upon.

Being privately owned and operated has also allowed us the flexibility to grow at a pace that answers to our customers' requirements. With the strength of our value proposition, BAZIC Products has also experienced an accelerated growth not only domestically in the US, but also in many international markets. Our expansive worldwide presence now covers more than 60 countries and territories in the world, spanning across the North, Central & South America, the Caribbean, the Middle East, Asia and Australia.

We strive to become a fully-integrated, best-value and fast-growing school & office supply company by providing good quality & affordable products. We serve all of our customers with the highest respect, strong customer service focused, as well as personalized account management experience.

We take pride in offering national-quality products that are competitively priced and affordable. Our professional and friendly team will help you find the perfect solution to satisfy your specific requirements. Our private-label division is also available to assist with development & production of private brands to take your business to the next level.

Our products are widely distributed and sold across a wide range of channels such as mass merchandise retailers, college bookstores, mailing stores, drug stores, grocery stores, non-profit organizations and various e-commerce platforms. Throughout the past decade, BAZIC Products has continued to become the brand of choice in the school and office supply industry.

TIPS:
To add fun to a project, apply colored glue directly to the surface!
Use edge of stick to create fine lines and lettering or to underline.
Use stick flat to create bold thicker stripes of color or to highlight.

COLORING & ACTIVITY MARKER CATEGORIES

	SUPER TIPS / BROADLINE MARKERS	FELT TIP MARKERS	BRUSH MARKERS	SKETCH MARKERS
TIP STYLE	Conical tip allows to draw fine lines with the point and broad strokes with the side	Felt tip allows to draw fine lines	Brush tip allows to draw fine lines with the point and broad strokes with the side	Broad chisel at one end and brush tip at the other
INK TYPE	Water-based and bleed resistant	Water-based and bleed resistant	Water-based and bleed resistant	Alcohol-based, better adhesion to media, higher color intensity.
SPECIAL FEATURE	Ideal for coloring, drawing, and writing. Some models are washable	Ideal for layout detail, sketching, journaling, and doodling	• Blendable • Soft brush tip for colorful drawing and hand-lettering	• Blendable • Ideal for calligraphy, hand lettering, sketching, and drawing
PRODUCT EXAMPLES				

Explanations:
Water resistant Ink = written/drawn lines will effectively retain their original condition by resisting moisture. They will not run/spread due to exposure to moisture (after writing/drawing).
Better adhesion to media = Ink gets absorbed and settles better on to the writing surface such as paper / board / card etc.
Higher color intensity = colors are more vivid compare to other categories of markers
Acid Free = Ink will not interact with lamination or other coatings. Improve long term storability.
Archival Safe = Ink will not lose its intensity and writing lines will retain their definition over long storage period.

COLORING & ACTIVITY MARKER CATEGORIES

	CREATIVE MARKERS	STAMPERS, DABBERS & ROLLERS	LIQUID CHALK MARKERS (WET ERASE)
TIP STYLE	Broad chisel at one end and fine tip at the other	Tips molded in specific shapes, icons or emojis or rolling tips for continuous lay down of pattern or round porous tips for dabbing color.	Reversible tip with chisel and bullet shaped ends. Easy to extract and rotate the tip to write fine, bold, or flat lines. Controlled ink release by priming (pumping) the tip for initial use.
INK TYPE	Water resistant ink, better adhesion to media, acid free, and archival safe	Water-based and bleed resistant	High pigment, opaque and bright inks, specially designed to contrast dark or transparent backgrounds.
SPECIAL FEATURE	Ideal for hand lettering, highlighting, underlining, and drawing	• Ideal for children's craft and activity and decorative projects. • Icon stamps used for greeting cards, grading by teachers.	Ideal for use on non-porous surfaces such as chalkboards, dry erase boards, metal, glass, mirrors, car windows, ceramic, and more.
