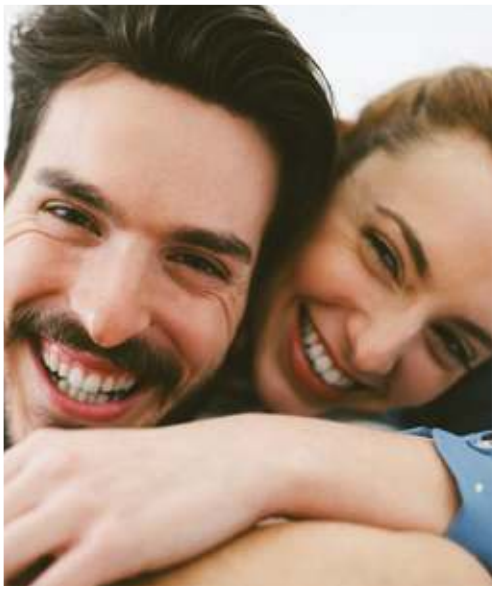
Adapt fronts to your needs.

Do you want to hide something or display something? If you need another module, you just add it.

Select your favourite Mio.

You can choose from glass fronts with a gradient effect or a printed pattern, made of metal openwork sheet or a light or dark grey painted board.
Which one do you choose?



Close encounters with perfection.

It is best to rest in your own world. It is you who creates this world with Mio and there is nothing there by coincidence.

This is how Mio works: left, right, up, down.

1

In order to create your own Mio bookcase, you place small and big boxes on racks at desired heights.

2

3

Add suitable fronts and light.

And there you go!
