SMB SOLUTIONS FOR FARMS

Grow your business with
one-stop SMB solutions

PERIMETER PROTECTION

Challenges

Farm owners may come across the following issues:

- Lack of effective means to detect intrusions and theft around perimeters

- Urgent alerts needed for farm house and livestock shed protection
- Hard to timely monitor animal health and production
- Outdoor areas lacking electricity and internet
- High costs to provide stable power supply for monitoring devices

Cattle farms

Sheep farms

Horse farms

Offshore aquaculture farms

What we offer

Hikvision's SMB solutions for farms ensure perimeter safety and livestock & property monitoring, even in off-grid settings. They provide real-time intrusion alerts, enhancing security and visibility for farm owners.
