# MESSAGE FROM THE PRESIDENT

---

The 2025 NARI of Minnesota Member Directory is your guide to hiring a trained, ethical, professional remodeler in your neighborhood, and we appreciate your considering working with a NARI remodeler. Remodeling Done Right is the NARI tagline and our members embody that. Every member agrees to abide by a Code of Ethics. This ensures that you will be hiring a contractor with integrity. NARI is a professional trade organization that works to educate, certify, and promote “Remodeling Done Right” with our members and within our communities.

There are many contractors in Minnesota, and it can be difficult to determine who is the right one for you. Here are a few facts to help you decide:

- A NARI contractor must be in business for a minimum of one year prior to becoming a member
- Over 75% have been a member for over 3 years
- They carry all required licensing and insurances
- Are held the highest of industry standards and ethics
- NARI members regularly invest in their training, skill development, and business practices
- They have access to the latest in industry information
- They are here to work with you, not against you

The National Association of the Remodeling Industry (NARI) represents remodelers all over the country and Minnesota is the 2nd largest chapter. We represent over 310 companies in the local remodeling industry, and we continue to grow yearly as our members and our communities realize the value of working with a NARI remodeler.

Certified members have sought out and successfully passed the rigorous education certification that NARI provides. These certifications include Certified Remodeler, Certified Kitchen and Bath, and more. Our certifications provide the quality edge that homeowners want in their remodeler.

Your home is likely your most valuable asset, and our members take pride in helping you protect it throughout the remodeling process. As you look through this directory you will see numerous projects shown that have been entered at the local, regional, and national level for the NARI Remodeler of the Year awards (RotY). Our members regularly bring home numerous awards for the work they do. In fact, in 2025 NARI of Minnesota members received 24 regional RoTY awards. That is a true testament to the quality of the remodelers and their work.

Thank you for considering a NARI member for your next home project!

Lance Premeau  
Kolbe Gallery Twin Cities  
2025 NARI of MN President

# ABOUT NARI

The National Association of the Remodeling Industry, NARI, is the only not for profit independent trade association dedicated to the remodeling industry.

With over 30 years of industry experience, NARI represents professional remodeling contractors, product manufacturers, distributors, wholesalers, retailers, trade publications, utilities and lending institutions. NARI is committed to enhancing the professionalism of the remodeling industry and serves as an ally and trusted resource to homeowners.

NARI remodelers pledge to uphold the association's strict Code of Ethics and are dedicated to professionalism and integrity,

# NARI CODE OF ETHICS

---

Each member of the National Association of the Remodeling Industry pledges to observe high standards of honesty, integrity and responsibility in the conduct of business by:

Promoting only those products and services which are functionally and economically sound, and which are consistent with objective standards of health and safety;

Making all advertising and sales promotions factually accurate. Avoiding those practices which tend to mislead or deceive the customer;

Writing all contracts and warranties such that they comply with federal, state and local laws;

Promptly acknowledging and taking appropriate action on a customer complaints;

Refraining from any act intended to restrain trade or suppress competition;

Obtaining and retaining insurance as required by federal, state and local authorities;

Obtaining and retaining licensing and/or registration as required by federal, state and local authorities;

Taking appropriate action to preserve the health and safety of employees, trade contractors and clients.

Always look for the NARI logo. To find a trusted remodeler visit ***[narimn.org](http://narimn.org)***

# NARI CERTIFICATIONS

Certified professionals represent an elite group of industry experts who possess extensive technical and management skills that set them apart.

## **MCR - Master Certified Remodeler**

The highest level of certification NARI offers.

## **CR - Certified Remodeler**

Highly experienced industry professional who provides a full range of remodeling services.

## **CRS - Certified Remodeler Specialist**

Experienced professional that focuses only on one particular trade.

## **CKBR - Certified Kitchen and Bath Remodeler**

Highly experienced industry professional who provides remodeling services specific to kitchens and bathrooms.

## **CLC - Certified Lead Carpenter**

An experienced field professional who oversees the technical aspects of the project.

## **GCP - Green Certified Professional**

Remodelers who incorporate green and sustainable building principles into homes.

## **UDCP - Universal Design Certified Professional**

Professional who creates renovations to improve ease of use, safety, and accessibility

## **CRPM - Certified Remodeling Project Manager**

Professional that oversees the administrative aspects of a project.

## **CKD - Certified Kitchen Designer**

Specializes in residential kitchens and bathrooms.

## **CRD - Certified Remodeling Designer**

Developed for experienced design professionals dedicated to creating highly functional remodeling designs.

# 2024 REMODELER OF THE YEAR AWARD WINNERS

*The Remodeler of the Year (RotY) Awards are the premier awards for the remodeling industry. Minnesota awards a RotY Award for excellence in a variety of categories including whole house, historical renovation, kitchen, bath, addition, and more. Each winner is selected by a blind peer-review process by NARI members from another state. These judges are experts in the remodeling industry and they receive formal training to perform the judging.*

*Homeowners thinking of remodeling are encouraged to visit this site to review the winners' projects. Each project must meet minimum guidelines, show quality craftsmanship and innovation, and that they have met the needs of the homeowner.*

## **A. Kitchen Over \$200,000 (Gold)**

# 7 Tips for Selecting a Remodeler

*When planning a potential home remodeling project, the list of decisions to make may feel nearly endless. Ultimately, you may find the most important decision is choosing a trustworthy team of professionals to complete the job.*

*For example, an organization like the National Association of the Remodeling Industry (NARI) provides homeowners with helpful ways to find qualified, professional remodelers and contractors. These seven tips can help guide you through the selection process and assist you in making an informed decision that best suits your needs.*

## Look Local

Local remodelers have a vested interest to perform quality work that satisfies their customers in order for their business to survive. That's why word-of-mouth referrals can be especially helpful in finding options near you. Ask relatives, friends, neighbors, and business colleagues who live nearby about projects they've completed and the professionals they've used. Other resources may include people you know in the local home industry, such as lenders, real estate agents, and material suppliers.

## Follow Building Codes

Another advantage to hiring a local professional is he or she typically knows and understands the local building codes and permit requirements for your town or city. Building codes can vary considerably from each jurisdiction and are known to change from year to year. Most structural work or footprint expansions require permits.

## Check for Licenses and Insurance

Many states, but not all, require contractors to be licensed, bonded and insured. Contact your state or local licensing agencies to ensure the contractor you're considering meets all requirements. Most states require a contractor to carry worker's compensation, property damage and personal liability insurance. Ask for copies of their licenses and insurance to make sure it is current.

## Check for Violations and Complaints

Check with your Consumer Affairs Office and your local chapter of the Better Business Bureau to ensure there are no complaints on record for the contractors you're considering. You can also search for reviews online and verify they are members of reputable trade organizations that promote professional excellence, such as NARI.

## Compare Apples with Apples

If you solicit estimates from more than one contractor, be sure they are working off the same scope and quality of work. Discuss variations in prices and beware of any estimate that is substantially lower than the others.

## Be Informed

A good remodeling professional educates clients on green remodeling, universal design, lead safety, new products, building techniques and trends. Make sure you're hiring someone who has knowledge and expertise relevant to the remodeling industry, as well as the appropriate certifications and experience to complete the job.

## Check References

Don't rely on a contractor's personality or demeanor. If a professional does not offer references, ask for them and follow up with a site visit or phone call. Find a qualified and reputable remodeler in your area at [narimn.org](http://narimn.org).

CLOSETS • PANTRIES • GARAGES • WALL BEDS • HOME OFFICES • LAUNDRY • MUDROOMS

Storage solutions custom built for you in the trusted hands of our Minnesota family business. Work with the premier closet and cabinetry experts chosen by industry professionals for decades.

## *Make space* for design excellence.

You pay close attention to every detail of your client's home, and everyone you partner with should as well. We do the same. Marvin's windows and doors are handcrafted and perfected, and bring quality and sophistication to every space. Our attention to detail with everything we do means your attention to detail can be applied elsewhere, making space for everything that matters most to your clients. Visit [marvin.com](http://marvin.com) to see for yourself.
