Simplified, Extended Operation, Lower Cost of Ownership

bestCode

Next Generation Marking and Coding

BestCode's Next Series 8 systems are simplified to allow anyone to operate, minimizing operator touches, extending time between human interaction and lowering total cost of ownership. Print high speed, small and large character real-time lot and date codes on any substrate.

- **CleanStart™** -automatically cleans printhead eliminating dailyand weekly cleanings.
- **10.4" Color Touch Screen** -always on, vivid display with largeintuitive buttons and status indicators.
- **OneTouch™**-single-step operator functions reduce operator steps.
- **True Non-Contact Printing** -ink throw distances from 1/2" (12mm) up to 2" (25mm).
- **Large Volume Ink Tanks**-extend time between fluid additions to weeks or months.
- **On-The-Fly External Ink Filling** -accomplished in less than a minute with no waste.
- **AutoOff™ Go Home Button** -automate and eliminate time consuming end of day manual routines.

THE CLOSER YOU LOOK, THE BETTER BESTCODE LOOKS!

"Register Now! Online Visitor Registration Opens for 2nd IntraPac India Exhibition – Avoid Last-Minute Hassles!"

June 5, 2025, The Indian Printing Packaging & Allied Machinery Manufacturers' Association (IPAMA) is pleased to announce the upcoming 2nd IntraPac India Exhibition, scheduled to take place at the India Expo Centre, Greater Noida from December 10-13, 2025. This prestigious event will showcase key segments of Packaging & Processing including Food, Beverage, Confectionary, Plastic Packaging, Pharma and Cosmetics, Rigid Packaging, Glass Packaging, Automation and Robotics, Corrugation, Cutting Machinery, and more.

The exhibition offers Bare and Shell space options at competitive rates of Rs. 8500 and Rs. 9500 per square meter respectively, with an early bird discount of Rs. 1000/- per sq. mtr still available. IPAMA has already finalized various arrangements related to the exhibition as the event date approaches rapidly.

To ensure hassle-free entry and reduce on-site wait times, IPAMA has launched online visitor registration. Registered visitors can now conveniently obtain their e-Badges in advance and use them for direct access to the Exhibition Halls. As per established protocol, children below 18 years of age will be permitted entry only with prior written approval from the Organizer.

Marketing efforts for the exhibition are ongoing, resulting in 145 companies already securing their space. The total space booked stands at 4876 square meters (Net), surpassing 25% of the total space booked in the previous edition. During the exhibition, high-level Conferences & Seminars will be conducted in collaboration with Packaging South Asia, a premier global packaging magazine.

Mr. Jaiveer Singh, President of IPAMA, highlighted the immense potential of the Indian packaging industry, which is poised for robust growth with a projected Compound Annual Growth Rate (CAGR) of 18-20%. This growth is driven by factors such as the expanding retail and e-commerce sectors, rising demand for convenience foods, and advancements in packaging technology. IntraPac India serves as a pivotal platform for companies seeking to enter or expand their presence in the Indian market.

Mr. K.S. Maan – Chairman, IntraPac India Committee said that “We are pleased to announce the 2nd edition of IntraPac India, a focused platform for the packaging and processing industry. With growing participation from key sectors like food, beverage, pharma, cosmetics, and more, this exhibition promises to be bigger and better. I encourage all stakeholders to register early and be a part of this dynamic industry gathering.”

Pack Vision Expo 2025 Wraps Up with Resounding Success in Pune!

Pune, India — Pack Vision Expo 2025, held from **29–31 May at Pune International Exhibition and Convention Centre,** co-located with CorrVision Expo concluded on a high note, reaffirming its status as one of India's leading packaging machinery, materials and technology.

This year's edition broke records with an impressive 185 exhibitors, 10,541 trade visitors, 2,386 VIPs, and 492 high-level delegates. A strong lineup of 24 supporting industry associations added significant value to the event through knowledge-sharing and technical sessions.

Industry Voices: What Leaders Had to Say

Dr. Subodh K. Juikar, Deputy Director of Indian Institute of Packaging, commented, "Pack Vision Expo continues to be a vital platform for the packaging community. It enables direct industry-academia dialogue and helps push the envelope in sustainable, intelligent packaging solutions."

Janhavi Chitale, Chief Information Officer at Chitale Bandhu Group, noted,

"As a business based in Maharashtra, it's a proud moment to see a show of this magnitude hosted in Pune. We connected with technology providers and innovators that will shape our next-gen packaging strategies."

Tofflon: "The engagement we received from pharmaceutical buyers was exceptional, making this expo a highly productive platform for business growth." – Vinod V, Sales and Service Engineer

Clearpack: "The response to our sustainable packaging solutions was overwhelming, generating quality leads and strong buyer interest." – Kirankumar R. Kayaarwar, Manager Sales Spheretech: "This event served as a fantastic launchpad for our pet food packaging machinery, connecting us with high-potential clients and partners." – Vishal Kumbhar, Senior Sales Engineer Shriram Veritech: "We had an excellent opportunity to showcase our print technologies and engage with converters seeking quality and innovation." – Sagar Sha, National Manager Forbes Marshall: "We gained significant traction among process industries and secured promising inquiries for our automation solutions." – Mrugesh Shah, Group Technical Head Organized by Future Market Events, the show once again demonstrated the power of face-to- face networking, innovation showcases, and real-time deal-making. From packaging machinery and materials to automation and logistics, the exhibition floor was buzzing with energy, insights, and business activity across all three days. "The show was once again a blockbuster edition," said Anuj Mathur, Director of Future Market Events. "We thank our exhibitors, visitors, media partners, and associations for making Pack Vision Expo 2025 a memorable business experience. Pune continues to be a strategic market for packaging and supply chain industries, offering great value for all. Next year, the event will grow even bigger with the addition of FoodVision Expo, focused on food processing and packaging.

We look forward to welcoming everyone back in 2026 for more opportunities to connect and grow."

Looking Ahead: PackVision Expo 2026 We're thrilled to announce that PackVision Expo 2026 will return from 19–21 Feb 2026 at the Pune International Exhibition and Convention Centre, now co-located with not just CorrVision Expo, but also the newly launched FoodVision Expo – creating a powerful trio of events serving the entire packaging, processing, food, and corrugated industries.

Snack Buddy, flagship brand based in Pune, has been acquired by Wardwizard Food and Beverages Ltd. As one of the leading Food Condiment Manufacturer in Maharashtra, Snack Buddy offers an extensive range of high-quality Sauces, Dips, Seasonings, Emulsions and more. PAMEX 2026 Crosses 15,000 sqm in Bookings with Over 300 Companies Onboard—Poised to Be the Largest Edition Yet

PAMEX 2026, India's most valuable printing and packaging exhibition, has reached a landmark achievement by surpassing 15,000 square meters of booked exhibition space and confirming participation from over 300 companies, with more than a year still to go.

Organised by the All India Federation of Master Printers (AIFMP) in association with Print-Packaging.com Private Limited,, the event is scheduled to take place from 27–30 January 2026 at the Bombay Exhibition Centre, Mumbai.

This milestone reflects an overwhelming response from across the printing and packaging industry, affirming PAMEX's position as one of the most significant and business-driven platforms in the global exhibition landscape.

"PAMEX has evolved into a powerhouse platform that truly reflects the aspirations and capabilities of India's printing sector," said Mr. Satish Malhotra, President – AIFMP. "This overwhelming response not only validates our efforts but also highlights India's potential to lead the global print narrative in the years to come."

Adding to its momentum, PAMEX Expo was recently honoured at the prestigious Exhibition Excellence Awards 2025, receiving recognition in the "Star in Industry Promotion" category. This accolade celebrates PAMEX's continued dedication to elevating the Indian printing industry by creating a platform that promotes innovation, collaboration, and sector-wide growth.

PAMEX 2026 will showcase the latest in printing machinery, labels, flexible packaging, paper converting, corrugated packaging, textile printing, signage and allied industries.

With a broader layout and a strategically curated exhibitor mix, the event is set to provide visitors with an enriched, future-ready experience. One major exhibition hall has already been marked as 'sold out'.

India's printing industry is increasingly embracing sustainability as a core driver of growth, with a strong focus on eco-friendly practices, green technologies, and responsible production. PAMEX 2026 is poised to be a catalyst in this shift—bringing together innovations and solutions that support the industry's transition towards a more sustainable and environmentally conscious future.
