November 2025

Greetings Brothers of Psi Alpha Chapter,

I want to first and foremost thank you for entrusting and re-electing me as your 42nd Grand Basileus of our beloved Fraternity. The mantra of men of strong will and Manhood, Scholarship, Perseverance and Uplift continue to define us and serve as our guideposts as we uphold the precepts of our founders!

Congratulations to the legacy of Psi Alpha Chapter and the 8 charter members on the 85th Anniversary of service in the San Antonio, Texas community. We thank you for your continued commitment to the tenets of our beloved Founders. I commend Brother Jimmie McMillion for his steadfast leadership for chairing the 85th Anniversary celebration. To Brother Basileus John Lester, we appreciate your leadership in guiding the chapter. Thank you all for your service, and thank your family for allowing you to serve.

When I sought to become the 42nd Grand Basileus, I said to you that “**Excellence Is My Starting Point.**” I said that integrity and character are paramount. We are keeping that commitment.

In our communities world-wide, we have our mandated programs and we have our recently added programs. We actively do these things – Fatherhood Initiative and Mentoring is now a mandate, searching for and Illuminating Young talent and providing scholarship support – and we do these things not for ego or personal gain – but instead because it is our duty and our charge. Science, Technology, Engineering and Mathematics (STEM) is now a mandate, teaching our young men the importance of embracing technology.

During my administration, we are here to serve you and our communities. We are asking you to serve our communities and make a difference. We shall not lose the common touch!

Number 1. Save Our Sons through mentoring, STEM, scholarship offerings and tutoring.

Number 2. Help fathers to be better fathers through our Fatherhood Initiative.

Number 3. Stay engaged with our brotherhood through (BYOMM): Call a brother.

Number 4. Save our HBCUs through regular and consistent contributions.

Number 5. Invest in Omega; pay your fraternity dues and reclaim just one additional brother.

If we resolve to do these five things and do them well, we will continue to see the undeniable fulfillment in our communities.

Ricky L. Lewis,

Grand Basileus

To Brothers, Quettes, Family, and Friends,

On behalf of the men of Omega Psi Phi Fraternity, Inc., Psi Alpha Chapter, San Antonio's flagship chapter founded in 1940, it is my distinct honor and pleasure, as the 30th elected Basileus, to welcome you to our 85th Anniversary Celebration.

This historic milestone is a testament to the enduring legacy of Omega's Four Cardinal Principles; Manhood, Scholarship, Perseverance, and Uplift that have guided our chapter's service and leadership for more than eight decades. Since our chartering, Psi Alpha Chapter has been a pillar in the San Antonio community mentoring youth, awarding scholarships, uplifting families, and standing on the frontlines of social justice.

Eighty-five years of uninterrupted service is no small feat. It speaks to the dedication of the brothers who came before us and the commitment of those who carry the torch today. Our charter members and brothers who had a strong influence in support of our charter have set the standard, and each generation of Psi Alpha men has added new bricks to the foundation. Whether through our support of mandated programs, our enduring partnerships, our deep investment in youth and education, or our social and civic efforts, Psi Alpha continues to make a powerful impact.

This celebration is not only a time to reflect on our past but also a call to action for our future. Let us be inspired by the legacy of Psi Alpha's leadership and rededicate ourselves to the mission and values of Omega.

To our sponsors, and community partners, thank you! Your support and encouragement fuel our ability to serve and excel.

As we celebrate 85 years of excellence, we do so with deep pride and unwavering commitment to the principles that make Omega Psi Phi Fraternity, Inc. a force for good.

Happy Anniversary, Psi Alpha! May the next 85 years be even more impactful than the last.

In Friendship and Fraternity,

We are ΨΑ STRONG!!!

THE LEGACY OF PSI ALPHA: 85 YEARS IN THE ALAMO CITY

On November 1, 2025, we celebrate 85 years of service by the Psi Alpha Chapter of Omega Psi Phi Fraternity, Inc., in San Antonio. With a current membership of nearly 200 financial brothers, the Chapter continues to be a cornerstone of the Alamo City community, heavily influenced by the large number of active-duty and retired military personnel who call San Antonio home.

mega men were active in San Antonio as early as the mid-1920s. However, it was in 1940 that eight professional men decided the time was right to formalize their presence by forming a Graduate Chapter. These men, a dentist, a civil servant, a physician, a businessman, and four educators, complied with the National Body's guidelines and were officially chartered on November 1, 1940 and named Psi Alpha Chapter.

The Charter Members, who ranged in age from 24 to 49, were pioneers, having all attended Historically Black Colleges and Universities (HBCUs) due to segregation. Two were WWI veterans, and one went on to serve in WWII after the chapter were chartered, and their combined passion for uplift laid the foundation for decades of progressive, cooperative, and constructive leadership.

Charter Members of Psi Alpha Chapter (November 1, 1940)

John Paul Chretien	1916-1989	Civil Servant	Wiley College	Theta Chapter (1935)
Dr. (PhD) Richard D. Kidd	1913-1973	Professor/Dean		Alpha Alpha

Psi Alpha's history is inextricably woven into the fabric of San Antonio's fight for civil rights and its eventual integration. The accomplishments of its members are permanently etched into the city's landscape, with streets and buildings named in their honor.

Dr. William Virgil Hurd (Chapter's Second and Longest-Serving Basileus)

Brother Dr. Hurd was the first charter member to join Omega Psi Phi and served as the Chapter's Basileus from 1945 to 1957—the longest tenure in Chapter history. A WWI veteran and dentist, his civic dedication was profound. He engineered the 18-acre camp for the Alamo City Branch of the YMCA and served as chairman of its management committee for 13 years, receiving the National Body of the YMCA's highest honor in 1957. He was also instrumental in the Fraternity, serving at the District and National levels, including as entertainment committee chairman for the 47th Conclave hosted by Psi Alpha. A 32° Mason and member of Sigma Pi Phi Fraternity, Dr. Hurd was deeply embedded in San Antonio's professional, religious, and social circles.

Valmo Bellinger: The Power of the Press

Valmo Bellinger, businessman and editor, founded the San Antonio Register in 1931 after a dispute with the city's only Black newspaper. His publication became a cornerstone of Black journalism in South Texas, running for 47 years and influencing national media. His archive of 22,000 issues, donated to UTSA, remains one of the most complete collections of Black newspapers in the Southwest.

Harry Middleton Bellinger: Breaking Barriers

Harry Bellinger, Valmo's younger brother was a legal titan, was the first Black graduate of Wharton's MBA program and the University of Pennsylvania Law School. Practicing law in San Antonio, Harry served as lead attorney for the local NAACP and was the lead counsel in the Brown v. Board of Education case in San Antonio. Along with his brother, Harry also supported the landmark Sweatt v. Painter case, which led to the founding of Texas Southern University and set the stage for school desegregation.

Rev. Claude W. Black Jr.: Faith and Activism

Brother Rev. Black was known throughout the South for his activism during the Civil Rights Movement. As pastor of Mt. Zion First Baptist Church from 1949 to 1998, he organized marches and challenged the establishment for the unfair treatment of minorities. He was an associate of A. Philip Randolph, Martin Luther King Jr., and Thurgood Marshall. In 1973, he was elected to the San Antonio City Council, serving four terms, and became the City's first Black Mayor Pro Tem. His instrumental role in advocacy and politics helped make San Antonio the first integrated Southern City in 1960. Today, his legacy lives on through the street, shopping plaza, and community center named in his honor.

Psi Alpha Chapter's influence is etched into San Antonio's history. From civil rights to education, media to ministry, its members have shaped the city's progress. Streets, buildings, and institutions bear their names, including the Claude W. Black Community Center, Valmo Bellinger Avenue, and several facilities at St. Philip's College—the William A. Hudgins Health and Wellness Center, Leonidas Watson Fine Arts Center, and William C. Davis Science Building.

For 85 years, Psi Alpha Chapter has exemplified the Fraternity's cardinal principles of Manhood, Scholarship, Perseverance, and Uplift. From its founding during segregation to its leadership in today's community, Psi Alpha continues to stand as a beacon of service and achievement in the Alamo City.

Long Live the Alamo City Ques!

What do you do when your life doesn't go as planned? How do you keep pressing forward when there is no clear path in view? How do you stay inspired to keep moving forward when it seems like all the odds are stacked against you? This book has the answers.

In *The Making of a MAD Man*, Dr. Mateen A. Diop details how racism, poverty, naysayers, and the sexual abuse of his older sister influenced his mindset as he navigated a path filled with unforeseen detours. He chronicles his final years in public education as a central office administrator and the many hurdles he encountered while serving as principal of one of San Antonio's most challenging inner-city high schools.

Dr. Diop's approach to adversity is to always maintain a positive perspective despite the circumstances, and he encourages you to do the same. It's time to transform your thinking and change your reality. It's time for a paradigm shift. When you shift your mind, you shift your life.

**DR. MATEEN
A. DIOP** RESILIENT, INSPIRING
AND AUTHENTIC

"Believe in the dream that is in your heart. We all have dreams, but most choose to ignore that "loud whisper" and sadly take their greatness to the grave. In the late Dr. Myles Munroe's words: "The richest place in the world is the cemetery."

Unfulfilled dreams, unwritten books, and businesses never started are buried with the dead. You must not rob the world of your splendor, even in the face of great sacrifice."

-Dr. Mateen A. Diop

ABOUT THE AUTHOR

His wealth of experience stems from over 25 years in public education in his hometown of San Antonio, Texas. He has served at every leadership level in grades K-12. Dr. Diop believes for one to overcome, they must have an unwavering determination to achieve their goals and aim to succeed despite the odds. He is passionate about inspiring others to win by believing in themselves, dreaming big, and staying focused.
