HONOR ROLL OF DONORS

JANUARY 1, 2024 – DECEMBER 31, 2024

A MESSAGE FROM THE PRESIDENT

Samuel Merritt University

Dear SMU supporters,

As we reflect on the remarkable year of 2024, I'm filled with gratitude for your unwavering support of Samuel Merritt University (SMU). Your generosity has been instrumental in shaping the future of healthcare and empowering countless students to pursue their passions.

This year, SMU has made significant strides, thanks in large part to your commitment. Here are a few highlights:

- **115 Years of SMU**

2024 marked two significant milestones in our history — the 115th anniversary of the establishment of SMU originally known as Samuel Merritt Hospital School of Nursing and the 110th anniversary of the establishment of the College of Podiatric Medicine (CPM) formerly the California School of Podiatric Medicine. We've since evolved into a comprehensive health sciences university with four campuses in Oakland, Sacramento, San Mateo, and Fresno with another state-of-the-art campus set to open in 2026 in downtown Oakland.

- **Central Valley Campus Expansion**

In August, we expanded our reach and accessibility with the launch of the new Fresno campus and Accelerated Bachelor of Science in Nursing (ABSN) program, creating more opportunities for students in the Central Valley to join the SMU community and pursue healthcare careers where they are needed most.

- **National Recognition and Awards**

Our Human Trafficking Prevention & Response Education Program (HT P.R.E.P.), designed to train healthcare providers to identify and respond to human trafficking, received the prestigious Innovations in Professional Nursing Education Award from the American Association of Colleges of Nursing (AACN) along with two \$500,000 grants from the U.S. Department of Justice. This recognition underscores our commitment to addressing critical healthcare issues.

These achievements are a testament to the power of partnership and the impact we can make together.

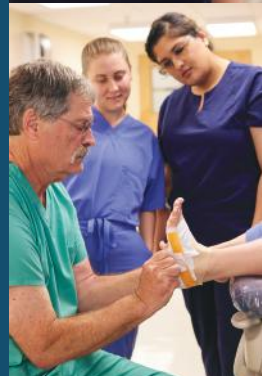

As we look ahead to 2025, we are excited about the opportunities to continue to educate and innovate making a difference across California. Your support is and will continue to be essential in helping us achieve our goals.

Thank you again for your incredible generosity. Your partnership is invaluable.

Sincerely,

Dr. Ching-Hua Wang
President, Samuel Merritt University

SMU LEADERSHIP CIRCLES: TRANSFORMATIVE PHILANTHROPY

Members of our SMU Leadership Circles make a powerful impact on Samuel Merritt University and our students. We acknowledge and appreciate their significant role in the University's advancement — leadership donors are crucial SMU partners in advancing the future of healthcare.

To express our gratitude to this special cohort of supporters, Leadership Circle benefits include:

- **Special event invitations.**
- **Exclusive SMU swag.**
- **Recognition throughout the year.**

Leadership Circle giving is crucial to empowering the aspiring minds of tomorrow's healthcare professionals, unlocking their fullest potential for good.

“

Recently, I received the CSPM Alumni and Associates Scholarship. Though I am only a second-year podiatric medical student, I have been so impacted by the love and support from our donors as they inspire us through their work in the field, and also assist us financially knowing the sacrifice and demand of medical school training. I am so grateful to our alumni and donors for their continued support!

Nursing Students Supported by Barbera Scholarship Endowment

Dolores Barbera always wanted to be a nurse, but she couldn't attend nursing school as she had to work.

To help future aspiring nurses realize their dreams, Dolores established the Dolores V. Barbera Endowed Nursing Scholarship in 2003 through her estate plans, supporting students in perpetuity.

Charla McPherson-Wallace, BSN 2006, received the Barbera Scholarship almost 20 years ago. Since graduating, she has proudly used her skills to help babies, children, youth, and their families in NICUs and Kaiser Permanente's pediatric subspecialty unit. She currently works in burn and wound care nursing and instructs Dominican University students as an adjunct clinical instructor. Since it was created, the Barbera Scholarship fund has more than doubled in size, and **a total of 154 students have received scholarships so far.**

Charla remains grateful "for the opportunity to go back to school and for the people who supported me along the way."

We, too, remain grateful for Dolores's thoughtful gift through her estate plans along with every scholarship contribution — each representing the many ways that individuals can support SMU.

Dolores V. Barbera, benefactor of a nursing scholarship that has supported 154 students.

Charla McPherson-Wallace was inspired by her mother and sister, both nurses, and dedicated her education to her grandmother.

“

It was a challenge to balance my studies with being a married mom of three young kids, but I was motivated to get it done and help my family.

- Charla McPherson-Wallace, BSN 2006

THIS YEAR, SMU CELEBRATES

115 YEARS

— THANKS TO DONORS LIKE YOU!

Over the past century, the investments of our alumni and our community have added up to advance healthcare and health education.

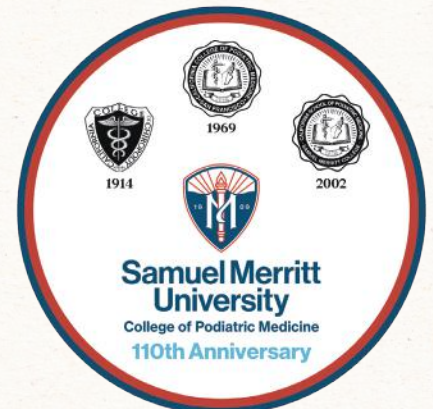

College of Health Sciences alumni continue to make a difference for our community, just as our community has invested in their education over the years. Programs like the Doctor of Physical Therapy enjoy a 98% graduation rate thanks to our personalized education that helps ensure that our students graduate on time and prepared to start their careers.

Providence Hospital School of Nursing alumni joined SMU in 1992, but both were established separately in the early 1900s. Each year, SMU graduates over 1,000 nurses with an impressive 100% job placement rate.

Founded in 1914 as the California School of Chiropody and known for decades as the California College of Podiatric Medicine, SMU's College of Podiatric Medicine celebrated its 110th anniversary in 2024. One of the first five podiatric colleges in the U.S., the College has seen incredible advances in medicine and technology over the years.

“

Your support has directly contributed to:

- **Empowering Students:** Providing scholarships and financial aid to deserving students.
- **Impacting Communities:** Funding projects that foster local partnerships, improving access to care, and creating lasting solutions to address community needs.
- **Enhancing Facilities:** Building our new campus in downtown Oakland and updating our existing facilities to create a world-class learning environment.

- Dr. Ching-Hua Wang,
President
