BRACELET SIZE GUIDE

Finding the perfect bracelet size is essential for function and style. At Elegatto, we know that a well fitted bracelet elevates your look, making it timeless and undeniably you.

Measure Your Wrist

1. Start with a flexible tape measure, a strip of paper, or string.
2. Wrap it around your wrist, just above the hand but below the wrist bone, where you normally wear your bracelet. Snug, but not tight.
3. Mark the point where the ends meet, then measure that length.
4. Write down your exact measurement, then add 1-2 cm for your preferred fit.

Bracelet Size Chart

Below is our standard bracelet size chart to help you select the right fit. If you're in between sizes, we suggest sizing up.

Size	cm	in	Wrist Circumference
XS	15	5.9"	Fits wrist 14 to 15 cm
S	16.5	6.5"	Fits wrist 15.1 to 16.5 cm
M	18	7"	Fits wrist 16.6 to 18 cm
L	19.5	7.7"	Fits wrist 18.1 to 19.5 cm
XL	21	8.3"	Fits wrist 19.6 to 21 cm

Our Story K&J KEEPSAKES IS A FAMILY RUN BUSINESS

We're Kevin and Jennifer, a husband-and-wife team with a passion for crafting personalized gifts that make life's special moments even more memorable. Our journey began in 2013, when we discovered the impact thoughtful, custom-made gifts can have in celebrating milestones. What started as a small project in our spare bedroom with a single laser has since grown into a thriving business, now equipped with three commercial lasers and expanding!

As a family-run company, we value relationships and personal connections. We believe every gift tells a story, and we're honored to be a part of yours—whether it's for a wedding, birthday, or any special occasion.
