

STIGA

Accessories and Spare Parts Catalogue 2025

The STIGA logo is positioned in the upper left corner of the image. It consists of the word "STIGA" in a bold, white, sans-serif typeface. A white, curved line element precedes the text, resembling a stylized blade or a portion of a circular arc. The background of the entire image is a close-up, high-resolution photograph of a wood cross-section, showing intricate concentric growth rings in various shades of tan and brown. The wood grain pattern is organic and flowing, with some visible cracks and natural imperfections.

STIGA Accessories and Spare Parts: High performance with complete safety.

The STIGA Accessories and Spare Parts Catalogue 2025 is built on STIGA's extensive experience in designing and manufacturing garden machinery.

Only original STIGA Accessories and Spare Parts are tested and approved by the factory, ensuring high performance with complete safety during use.

Strict testing throughout all processes, **high-quality raw materials**, and **perfect compatibility** with the machines are the fundamental elements that distinguish STIGA Accessories and Spare Parts from other general aftermarket products.

All original STIGA Accessories and Spare Parts are crafted with the same care and quality as the machines for which they are designed.

The STIGA Accessories and Spare Parts 2025 Catalogue provides all technical specifications and fitting information for the **2025 STIGA Product Range**.

The STIGA Accessories and Spare Parts Catalogue 2025 features a comprehensive collection of **both accessories and spare parts codes**, carefully organized to facilitate **easy identification and selection** of products that best meet product requirements and customer needs.

The **Accessory Range** includes a wide variety of items perfect for the end consumer, such as:

- **Essential Care Products:** high-quality oils and detergents.
- **Consumables:** neatly packaged in branded boxes for display in shop assortments.
- **Implements:** specialized tools and equipment designed to perform additional tasks with STIGA products.

The catalogue also offers a selection of **spare parts** to complete the accessory assortment, where only the specific part is needed to restore STIGA products to their full functionality.

The full list of spare parts is available at:

NOTE

NOTE

A close-up photograph of a red leaf, likely from a rose, showing a network of white veins. Several small, circular holes are visible on the leaf surface, suggesting insect damage. The lighting is dramatic, with strong highlights and shadows.
