superintendent of schools

Dwight B. Ireland has served as superintendent of schools in Birmingham for the last eighteen years. During this time he has continuously endeavored to improve our school system by introducing new and superior methods of teaching. Through his efforts Birmingham has acquired one of the outstanding school systems in the nation.

DR. DWIGHT B. IRELAND

principal

MR. KENNETH NAGLEY

As a newcomer to the Birmingham school system, Mr. Nagley was given the most challenging job of organizing and directing the administrative and educational affairs of our new high school. Such an assignment called for a man of unusual capabilities and background.

A native of Wilmington, Ohio, he began his college education in 1942 at Wilmington College, only to be interrupted the following year by World War II. At the conclusion of nearly three years with the United States Air Force, he returned to Wilmington College and received a B.A. Degree in 1948. After a year of working as field scout executive for the Boy Scouts of America in Marion, Ohio, Mr. Nagley joined the faculty at Wilmington High School. With two years of teaching behind him, he decided to continue his formal education in the fall of 1951 at Ohio State University. Here he received his M.A. Degree in school administration. From 1952-55 Mr. Nagley served as principal at Urbana Junior High School. In 1955, he and his family moved to Pontiac, Michigan where he accepted the position of principal at Eastern Junior High School and later at Washington Junior High.

Mr. Nagley is more than an administrator in our school. His pleasant smile and calm manner have created an atmosphere of friendship and respect within the student body.

Now that our first year is rapidly drawing to a close, we can see how much has been accomplished under the leadership of our principal. We are truly appreciative of Mr. Nagley's efforts and hope that his first year in Birmingham has been as rewarding for him as it has been pleasant for us.

assistant principal

If you have a complaint, a problem, or if you are "a problem," Mr. Golliher is the man to see. Whether it concerns books, locks, lockers, milk shakes, movies, clubs, or confidential advice, our assistant principal always has the time and patience to listen and help.

Although a native of Illinois, Mr. Golliher has been a resident of Michigan since 1955. In the fall of that year he accepted a position as counselor at Seaholm High School and remained there until last year when he was appointed to the administrative staff of our new school. Before coming to Michigan, Mr. Golliher was a teacher and coach, first at Crescent City, Illinois, and later at Aroma Park.

He received his B.S. Degree from Olivet College in June of 1951. He later earned an M.A. Degree in school administration from Southern Illinois University. The latter degree was conferred in 1955.

Much of the credit for the success of our first year can be attributed to Mr. Golliher. His interest and support of all school activities has been contagious in the development of school spirit among our students.

Our counselors play an important role in our school life. Their primary objective is to help the student know himself for the purpose of developing his potentialities in ways that will provide the greatest benefits to himself and society. They are always willing to help solve problems concerning classes, future plans, and even personal matters.

The mathematics department offers a program that develops a sound background in mathematical skills and fundamentals. It is a program that takes into account the mathematical ability and vocational choice of the student. To provide for this, students may follow a basic sequence, a college preparatory sequence, or an accelerated sequence. Each is designed to meet the special needs of the student.

The science department is composed of general science (7th, 8th and 9th grades) and biology (10th grade). The general science program strives to give the student a general view of many different scientific fields such as physical science, chemistry, geology, astronomy and human physiology. The biology course offers a comparative study of animal and plant life.

Block is a seventh grade language arts-social studies combination under one instructor. It provides a preliminary study of English and world geography to better prepare the seventh grade student for more extensive study in these areas later in high school. The language arts section covers the basic language skills and English grammar while the social studies phase includes topography, government, locations, culture, climate and a study of current events.

Developing skill in writing, reading, and speaking is a continuous process in our English program. After the fundamentals, the more difficult aspects of language are studied. Writing is perhaps the most important skill taught, and each student is expected to concentrate on the correction of his individual errors. In reading, the student becomes familiar with various types of American and English literature. Speech work in English aims at developing poise and clarity in oral communication.

In the foreign language department, students are taught to read, write, and speak Latin, Spanish and French. The study of foreign language is presented in such a way that the student learns to appreciate the culture from which the particular language comes and the effects of that culture on the language as it was then and as it is today.

The art program is designed to create an awareness of the beauty that exists in the student's surroundings. It offers exploratory experiences and attempts to arouse the desire for further study of art. The creative imagination of the student is stimulated as he increases his skills through observation of the work of others and his own experimentation.

The music department aims to educate boys and girls not only in music, but in personal values, art values, social values and skill values. To do this, provision is made for instrumental experiences in bands, orchestra, ensemble and solo groups. Vocal experience is offered through choirs, glee clubs, ensembles and solos. General music and appreciation provide a study of our musical heritage and its effect upon our present day culture.

Physical education, education through the physical, is that phase of education concerned with the teaching of skills and attitudes in play activities. The objectives of physical education come under five categories: physical fitness, motor skills, knowledge, social objectives and aesthetic objectives. The general aim is to create sufficient interest so that activity in adult life is self-motivated.

The values and objectives of business education are threefold. All commercial courses are designed to impart to each student basic social-economic values and understandings which will better prepare him for life in our capitalistic society. The second but equally important

goal is the development of vocational skills which will equip a student for immediate employment upon graduation. Lastly, all business education courses attempt to relate knowledge and skills of a personal value to all students.

Our home economics program is presented in three areas: foods, clothing, and home living. The units offered in these areas promote better understanding of others and prepare the student in such a way that she might contribute her best as a family member now and as a future homemaker.

The goal of the industrial arts department is to increase hand and machine skills and to broaden the knowledge of the industrial field for avocational or vocational purposes. Students are encouraged to take a variety of shop courses so that they might better realize their aptitudes and individual abilities for industrial work after high school.

The objective of the driver education program is to impart to each student the knowledge, skills, and desirable attitudes needed for safe driving. Special emphasis is given to the development of a strong sense of personal and social responsibility. Defensive driving tactics are stressed at all times so that each student may develop the ability to look and think ahead, anticipating potential accident situations and therefore being able to avoid them whenever possible.

make up our school life, both curricular and extra curricular.

Row-1, Nancy Rhoten, Carryn Shoener, Carole Hogg, Marilyn Owens. Row-2, Quanah Winchell, captain. Row-3, Peggy Cummings, Cindy Mott, Leigh Young, Miss Moore sponsor.

cheerleaders

The cheerleaders practice once a week and before every game. They were chosen in late October taking the place of the temporary cheerleaders, who were Quanah Winchell, Rulaine Hacker, Sue Krueger, Nancy Drinkard, Barb Harling, and Liz Kristek.

Row-1, Pam Tull, Karen Glime. Row-2, Barb Kipp, Jan Morton, captain; Laurie Young. Row-3, Heather Shafer, Carol Sirpills, Judie Dalson.

cheerleaders

Although this is the first year for the Groves cheerleaders, they have fulfilled their purpose to back up the team as well as the school with their pep and enthusiasm. The cheerleaders have worked under the help and guidance of Miss Peggy Pulley, Miss Love, and Miss Moore.

Row-1, Marilyn Rubach, Julie Johnson;
Row-2, Linda Black, Joan Schmalzriedt,
Trisha Bowden; Row-3, Sue Maurer, Kathy
Kerr, Kathy Bourth, captain.

Row-1, Nancy Herrmann, Launa Rehard. Row-2, Janet McKinney, Sharon Kurk, Miss Pulley, sponsor; Connie
Lee, Carol Coburn. Row-3, Dianne Mott, Caryl Black, captain.

varsity club

Every high school has to have a varsity club. School spirit is based highly on the athletic teams. Varsity clubs are made up of the participants of the sports. During home games, members distribute refreshments to the spectators for the sole purpose of supporting the team by means of equipment, supplies, and other necessities. Varsity clubs insures team spirit; team spirit insures team backers. Together they make the school's backbone, school spirit.

Row-1, Bill Schoonmaker, Art Schueler, Mike Bearden, Pete Morse. Row-2, Don Brown, Howard Thomas, Ned Downs, Mr. Mirer. Row-3, Tom Martin, Ron Mourning, Gene Karrow, Dave Downs.

bluefins

A skin-diving club is for fun and recreation. Although hampered during the winter months, the summer months are full of activities like diving trips to different lakes, competition between members and other clubs, and even community service. All members are taught the right habits and rules of diving at the beginning of the course. This insures the safety of the members and of the sport.

Row-1, Allan Kirpluk, Larry Chapman, Dan Dozier, Sue McClanathan, Linda Myers, Pat Maddock, Cheryl Crego, Nan Jones, Chester Rudzinski. Row-2, Don Novak, Gene Kelly, Howard Thomas, Bill Schoonmaker, Lee Eyler, Bob Rober, Gary Borisen, Mr. Rallis. Row-3, Rick Morrow, Bill Schanilec, Sam McCormick, Bob Schanilec, Ned Downs, Chris Wayland, Ron Mourning, Roger Erickson, Dave Downs.

ski club

Row-1, Mr. Darling, Karen Chrysler, Linda Long, Carol Klepper, Sue Kristek, Carryn Shoener, Liz Kristek, Virginia Largess, Sue Krueger, secretary; Larry Chapman, president; Quannah Winchell, vice-president; Judy Risak, Carolyn Murray, Marti Bowlen, Pat Harcourt, Nancy Rhoten, Mr. Nunn, sponsor. Row-2, Shari Schneyer, Bruce Risk, Sue McClanathan, Sue Wiar, Judy Hall, Marilyn Owens, Jan Fauteck, Peggy Cummings, Elaine Chapin, Rulaine Hacker, Blanche Albert, Kathy Kelly, Nancy Drinkard, Cindy Mott, Marti Evans, Kit Sifferman. Row-3, Susan Byers, Pat Taggart, Sue Smith, Bonnie Ferstle, Judy Vaughan, Mary Dorrough, Don Johnston, Terry Sanders, Bob Newman, Gene Kelly, John Cole, Sandy Hall, Jill Goodyear, Linda Houser, Sally Ringsred, Linda Boynton, Ray Donovan. Row-4, Tom Wood, Lee Eyler, Alexis Bouwman, Rene Hunter, Charla Rusche, Kate Ginman, Beth Koenig, John Nylund, Mike Cavanaugh, Lawrence Jenicke, Dave Chambers, Tony Kenny, John Caldwell, Bill Faulds, Emery Masters, Ron Mourning, Bryan Seeman.

As the Groves' ski club got under way last winter, with Mr. Nunn and Mr. Darling as sponsors, the members anticipated a worthwhile and fun-filled season.

Since three-fourths of the club had never skied before the trips to Mt. Holly and Snow Valley provided an excellent chance for the beginners to learn to ski.

science club

The purpose of our club is to familiarize ourselves with science in our daily life. Our activities range from experiments in our own lab to field trips such as visiting laboratories and observatories plus our own research studies.

Our club is open to any seventh or eighth grader who has an interest in science. If he is a "tenderfoot" at science, we will help him to further himself.

VCY

Voice of Christian Youth is a national, interdenominational organization of high school teenagers who meet weekly throughout the school year for Christian education, fellowship and fun. Our club is open to all students who wish to attend. Individually and as a group of young people, we seek God and his purpose for our lives. Through prayer and Bible study we strive to follow the example and teachings of Jesus.

MRS. SIMKINS'S 8TH GRADE ENGLISH

MR. WESTROPE'S 9TH GRADE ALGEBRA

ASL

A.S.L. is one of the few Social Clubs at Wylie E. Groves High School. It consists of tenth grade boys and will be open to all high school students in nineteen sixty-two. The object of club A.S.L. is to promote friendship and spirit in and around school. The boys are striving to develop a good club which the school can be proud of. Mr. Parish is the sponsor.

Row-1, Bill Faulds, sergeant-at-arms; Ralph Obrecht, vice-president; John Caldwell, president; Tony Kenny, secretary-treasurer. Row-2, Wally Booth, Phil Berg, Mr. Parish, John Cauley, Roger Mason. Row-3, Gene Elliott, Bob Sutton, Russ Martin.

esprit d'ecole

Esprit D'ecole was established so that the members may promote among their fellow students better school spirit and aid the school in all of its sponsored projects. A new school must develop spirit, so the members of Esprit D'ecole and their sponsor, Mrs. Saylor, have tried to promote this with money-making and spirit-promoting projects.

Row-1, Liz Kristek, treasurer; Kathy Laux, president; Kathy Kelly, vice-president; Nancy Rhoten, secretary. Row-2, Sue Kristek, Shari Schneyer, sergeant-in-arms, Mrs. Saylor, sponsor; Rulaine Hacker, Peggy Cummings. Row-3, Blanche Albert, Pat Taggart.

TAF

T.A.F. is made up of ninth grade girls sponsored by Miss Pulley. The purpose of T.A.F. is to support and promote school games, swimming meets, and other sports activities. The members of T.A.F. are both proud and happy to be one of the first service clubs of Groves High School.

Row-1, Dianne Mott, Marylyn Brown, treasurer; Nancy Herrmann, vice-president, Pat Harcke, president, Ginny Avison, secretary; Carol Coburn, sergeant-in-arms. Row-2, Laura Cline, Sharon Kurk, Delores Magyari, Miss Pulley, sponsor; Tina Frantz, Pat Chenault, Barb Bolus. Row-3, Linda Anderson, Connie Lee, Karen White, Sue Cosmi, Vicky Mysing, Caryl Black, Bette Lakatos, Gale Habrle.

librarians

Our modern library, serviced by twenty-six Groves students in addition to Mrs. Clark, the librarian, and Miss Reed, the library secretary, has continued to grow since opening on February 1. We believe that Groves was the third high school to install a Gaylord charging machine and soon became accustomed to its efficiency and accuracy.

photography

Photographs are to the people of the world what seeing-eye dogs are to the blind. The photo club will try to bring to the students of Groves High School a pictorial story of our everyday environment that we take too much for granted.

Row-1, Milton Dahl, George Leshkevick, John Brewer, Fred Elias. Row-2, John Houghton, Willard Harju, Bill O'Rourke, Larry Chapman.

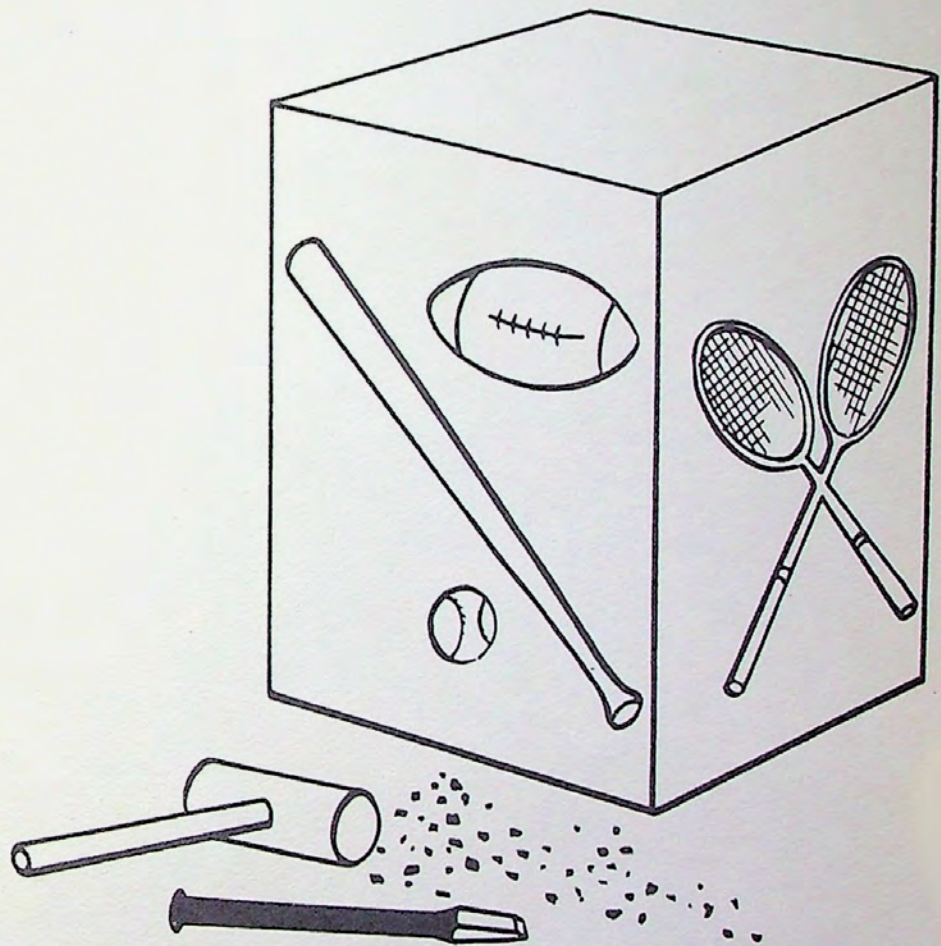

projection club

The projection club provides a unique service for the teacher and student. Motion pictures, tape recordings, slides, filmstrips and other audio-visual aids greatly increase the scope of our classroom learning experiences. The club also provides and shows the popular noon movies. Under the direction of Mr. Baker, in the first year of operation, the Groves projection club has already proven itself to be a valuable, worthwhile organization.

varsity football

Despite a poor start, our varsity football team had a fine first season. The Falcons won three games, while losing only one. That one loss, moreover, was to a regular high school varsity team. Our varsity team was made up of sophomores only.

The twenty-four boys on the team elected Bill Faulds captain. Mr. Pendracki and Mr. Carson coached the team while Ned Downs served as student manager.

The season was climaxed by a football banquet at which time all twenty-four team members received their letters from Terry Barr of the Detroit Lions.

The ninth grade football team had a rather unfortunate first season, winning only one game in five starts. Despite a poor win-loss record, the players did gain much experience, and we can look for bigger and better things next year.

A closer examination of the season's record is evidence that our ninth grade team was not an easy one to beat. In regular season play, they were never beaten by more than one touchdown. Team spirit was always high and our boys never yielded until the final gun.

What the boys may have lacked in playing experience was compensated for by Mr. Carson's fine coaching. Coach Carson was formerly at Birmingham Seaholm where he coached football, basketball, and tennis. The boys were fortunate to have a coach with such interest and enthusiasm.

The squad selected Steve Meizinger captain, who did a commendable job in leading his team. Ned and Dave Downs served as student managers.

Groves acquired its first trophy this year through the efforts of the eighth grade football team. The young gridders won their three regular season games and remained undefeated in the All Star game, winning over the Derby All Stars and tying the Barnum eleven.

The trophy was awarded at the close of the season and was given on the basis of points acquired in the All Star game. Two points are given for a win, one point for a tie, and no points for a loss. The final count showed Derby with one point, Barnum with two, and Groves in the lead with three.

The eighth grade football team selected Rocky Driver as captain of their squad. Mr. Rollis did a fine job coaching our eighth grade championship team and deserves much of the credit for the successful season. Ned and Dave Downs were the student managers.

Art Schueler carries the ball in this November football game with Rochester. Despite this setback, the Falcons went on to win the game 14-6.

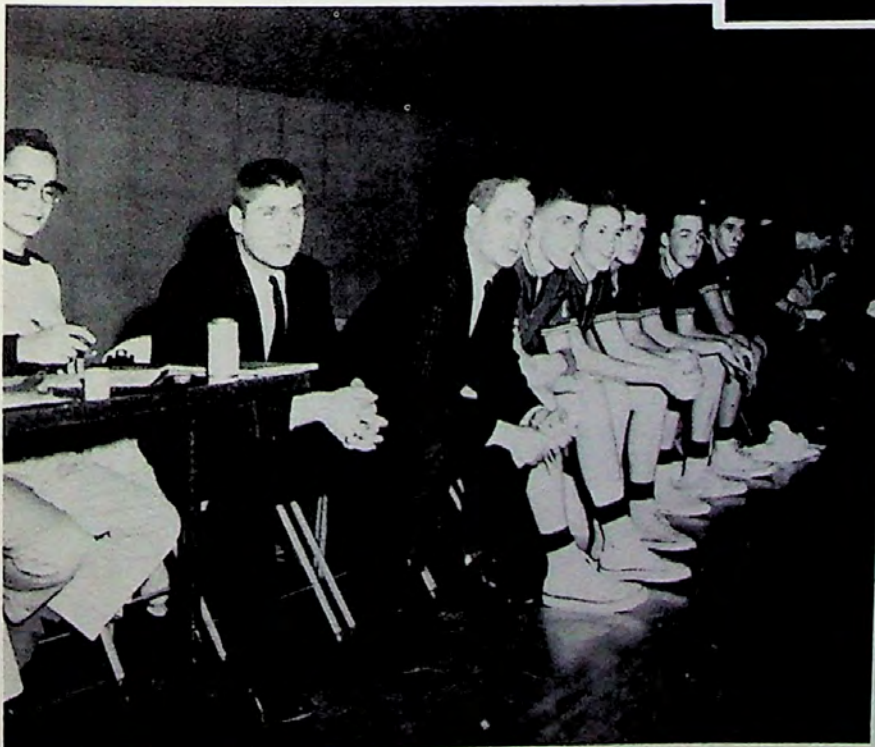

Mr. Nagley addresses athletes and parents at the first annual football banquet held in the Maple Room at Seaholm High School on December 10, 1959. The members of the varsity team received their letters at this time from Terry Barr of the Detroit Lions.

On the opposite page is pictured the opening tip-off in the first basketball game in the history of Groves High School. To make the picture complete, it must be said that the Falcons defeated the Cherry Hill cagers 37-23. This was the beginning of a thrilling and successful season for our varsity team.

Regardless of how tough the competition, the Falcons played their best in every game and usually were on top when the final buzzer sounded. Their spirit and drive on the basketball floor were a credit to the sport and our school.

Many of the teams we played were the varsity teams of regular, four-year high schools. In view of this fact, alone, our boys can be proud of this year's record.

Our first season was not in organized league play, however, we still took part in the state tournaments in the first part of March. Next year the Falcons will play in a high school basketball league.

Without a doubt, the most exciting game of this season was with Emmanuel Christian at Seaholm gymnasium on January 22. Emmanuel was leading at the half by 12 points and held their lead until the last quarter. Then the Falcons came to life, winning the last forty-five seconds by the score of 36 to 33.

Mr. Tom Carson did an excellent job as coach. Whenever things became rough, Mr. Carson was always on the spot encouraging the boys. His spirit and enthusiasm inevitably spread to the team and helped us over the humps.

All in all we had an exceptional first season. It will be a constant challenge to the future varsity basketball teams at Groves to maintain the high standard set by our first cagers.

ninth grade basketball

The ninth grade basketball team had a successful first season, winning five games while losing only three. This record is all the more outstanding when we consider that the team, composed entirely of ninth graders, played all sophomore teams.

The squad also had a transportation problem since we had no gymnasium for practice. The team worked out at Adams Elementary School, Quarton Elementary School, and Seaholm High School.

Russ Bitzer was the high scorer for the season, compiling a total of 145 points, or an average of 18 points per game. During the game with Riverside, he scored 30 out of the 45 points acquired by the team.

Bob Westbury and Larry Chapman served as student statisticians for the reserve team. In this capacity they recorded every play made by the members of the squad.

Mr. Pendracki from Seaholm was the coach of this team. He did a commendable job training the fellows and is largely responsible for the team's success.

All-Star Games

At the beginning of the season, the eighth grade basketball players were divided into two teams. These teams formed the basis for much of the season's game schedule. Four inter-team games were played in all, which did much to improve individual and team play and contributed greatly to the success of the remainder of the season. The two teams combined in regular season play against the Barnum and Derby cagers. Out-of-town junior high teams were engaged to fill out our year's schedule.

Regardless of how far the team had to travel for their games, all sixteen members of the squad were present. This together with team spirit and sportsmanship were the factors which contributed to our favorable record.

High scorers for the season were Rocky Driver, Tom Dashiell, and Rick McCombs. Rocky Driver also served as team captain.

The two all-star games played at Seaholm gymnasium were the highlights of the season. Here our team won one game and lost one.

Mr. Rollis did a fine job as coach. He continually made suggestions which resulted in improved team play. Much of the success of the eighth grade basketball team may be attributed to him.

In our first season, the Groves junior high swimming team had only fifteen members. This was in part due to the fact that we had no swimming pool for practice and had to meet at the Derby pool instead.

The team swam in two meets, one with Barnum and one with Derby. Unfortunately, we lost both of these meets but, under the circumstances, did as well as could be expected. We gained valuable experience which should help to build a fine varsity squad in the next few seasons.

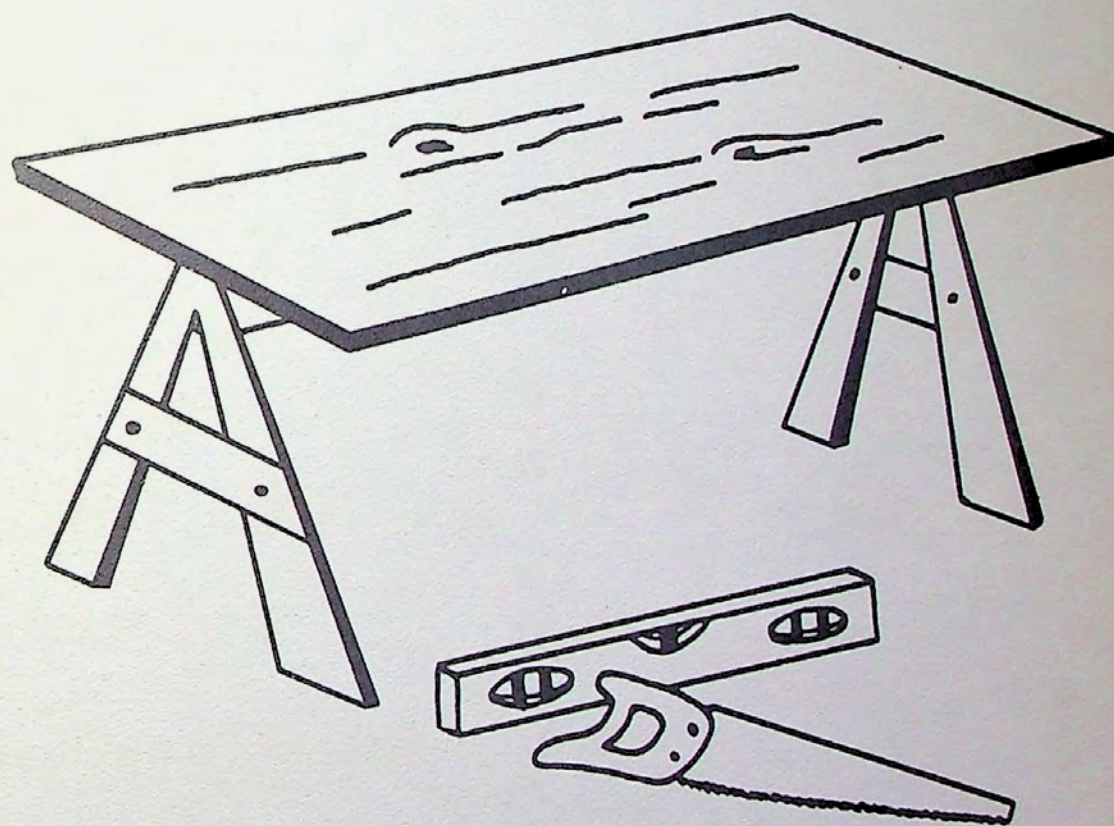

All junior high grades were represented on this swimming team with a majority of seventh graders. The most promising swimmers from each grade are Bill Long, 7th; Ray Martin, 8th; and Jim Krogsrud, 9th.

Mr. Gilster, the swimming instructor at Derby, coached the swimming team this year. He taught the squad many things, and we can watch for much improvement next year.

In our first season, we had only four fellows on the varsity swimming team. These four, Lee Driver, Russ Martin, Bill Quick, and Bob Sutton, swam with the Seaholm squad except during the state tournament, when they represented Groves. It was a great disappointment that there were so few boys interested in this sport, but next year, with better facilities, our team will be larger. Mr. Meyers of Seaholm coached the team.

ELECTRICALLY Are you coming back for more education?

Getting a job? Establishing a home? What's all this got to do with electricity?

Just this: Whatever the future brings you, electricity will be there to help.

For right now we are entering a whole new era of electric living. The home you start will be easier to take care of, more fun to live in, with help from electric appliances. Complete electric home heating, practical and convenient, is growing every day. Your job will be smoother, too, with electrically operated equipment and an increasing array of electronic devices. Even your education benefits from continuing research in many fields related to electricity. One day, you personally may help to create new and better ways to do things electrically.

So no matter who you are, where you are or what you're doing, your future will continue to be brighter, your life will be lighter through electricity.

"There's a girl I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that the kind of job you want? Then why not get in touch with us now? We'll be happy to tell you more about the variety of interesting telephone jobs available to high school graduates.
