PLATINUMTRANSPORT.CO.UK

London & The UK's Premier Moffett Provider

About Us

Since 2001, Platinum Transport Solutions have been setting the standard for supply chain logistics across London and the UK. As your premier partner for logistics, we specialise in rear-mounted forklift transport and proudly operate one of the industry's largest fleets.

Our diverse fleet, managed from a state-of-the-art 50,000 sq ft distribution hub and consolidation centre, empowers us to deliver seamless, end-to-end solutions for Freight Forwarding, Supply Chain Management, UK Warehousing and Distribution needs. With Platinum, you gain a logistics partner dedicated to moving your business forward with efficiency, precision and reliability.

ADR Compliant Drivers

National & International Transport

14 Miles From Central London

Hiabs & Forklift Mounted Trucks

Platinum Always Guarantee Gold

PLAT

FORS Gold Deliveries

FORS, the Fleet Operator Recognition Scheme, is a voluntary accreditation to improve fleet management and safety standards for commercial vehicle operators. It promotes best practices in safety, environmental efficiency and regulatory compliance. All of our drivers undertake yearly training to manage work related road risk and identify vulnerable road users.

There are three accreditation levels: Bronze, Silver and Gold. Platinum are proud to have consistently achieved Gold standard since 2018. Having FORS Gold accreditation means:

-  We have access to major infrastructure projects including HS2, Thames Tideway and LTP2
-  Our drivers are trained in Safe Urban Driving (SUD) & LoCity driving, meeting the standard for Construction Logistics and Community Safety (CLOCS)
-  Our vehicles are equipped with advanced safety systems (4-way cameras and radar equipment) compliant with Central London safety requirements
-  We are guaranteed access to even the strictest sites

A Modern & Diverse Fleet

Our Fleet

Platinum Transport offer a diverse fleet from 3.5 tonne vans, up to 44 tonne articulated lorries, including HIAB and Moffett vehicles. Platinum boasts the most up to date EURO 6 vehicles, fully compliant with Ultra Low Emission Zones across the UK and beyond.

3.5t Van

Vans equipped with **tail lifts** for easy loading and unloading. **Same-day collection and delivery** available when you need it.

18t Tail Lift

Secure transit of **smaller urban loads** across London, the UK and Europe. Ideal for **pallets, loose freight, and event transport**. Equipped with underslung tail lifts with a **1000kg lifting capacity**. Includes a **fall protection system** for safe unloading.

26t with Moffett

Available as **curtainsiders or flatbeds**. Equipped with **rear-mounted forklifts** for efficient unloading. **12,000kg payload capacity**. Ideal for **heavy freight**, including machinery, in **tight urban areas**.

32t Hiab

Ideal for **plant equipment (with a cheesewedge loading deck)** and general **crane operations**. **9,000kg payload**, container locking pins and fall arrest system. Each Hiab matched to your needs for **efficiency and cost savings**.

Artic Urban with Moffett

Perfect for deliveries which are **restricted in space**. Offers a fantastic **payload of 18,000kg** (including Moffett) with the flexibility of a rigid vehicle.

Artic with Moffett

Curtainsiders equipped with **sliding roofs to protect freight** from elements whilst allowing **goods to be taken off by crane**. Flatbed trailers fitted with **fall arrest system**. All trailers **Moffett compatible** for maximum freight transportation and **on-site unloading**.

Moffetts: Minimising Time & Maximising Efficiency

Moffetts

A Moffett is a forklift truck that is mounted to the back of a lorry. Platinum are proud to have one of the largest rear-mounted forklift fleets in the industry.

Moffetts are extremely capable and versatile machines and are very helpful when unloading is an issue, whether you have no access to a forklift on site, a tight space at your delivery location or a large delivery to a residential address.

Our moffetts can comfortably lift 2.2 tonne and are a lot more practical and affordable than a lorry mounted crane.

The goods that we typically carry and deliver on our Moffett trucks are plasterboard, timber, tiles and ceramics, heavy machinery, shop fittings, oversized crates, motorcycles, glass and more.

Heavy Lifting Made Easy

Hiabs

Platinum Transport Solutions specialise in professional Hiab services for heavy lifting and transportation, ensuring safe and efficient handling of all types of loads.

- ✓ **Expert Handling:** Skilled operators use modern Hiab trucks for precise, complex lifts
- ✓ **Versatile Solutions:** Serving industries from construction to oversized machinery transport
- ✓ **Precision & Efficiency:** On-site lifting and transport to minimise downtime, keeping your project on track
- ✓ **Fully Insured & Reliable:** Safe, fully insured services for timely, secure deliveries
- ✓ **Custom Fleet:** With a variety of Hiabs available, including vehicles with beaver tail bodies, we can lift loads from 500kg to 15,000kg, ensuring the right equipment for your needs

A black smartphone is shown at an angle, displaying a video of a Scania Hiab truck lifting a load. The truck is white with a red crane. The text "SCANIA HIAB" is visible on the side of the truck. The background of the phone screen shows a construction site.

A QR code is located in the bottom right corner of the phone screen, with the text "SCAN ME" written below it.

50,000 Sq Ft
Warehouse
14 Miles From
Central London

Consolidation Centre

Platinum boasts a 50,000 sq ft warehouse, consisting of both indoor and outdoor space, with over 2500 racking spaces, strategically placed just 45 minutes from Central London.

We take in goods from trailers and containers that arrive from mainland Europe. We operate a fully functional Warehouse Management System (WMS) to store, locate and track your goods.

We store all types of cargo, including bulky items, ugly freight and non-stackable pallets. Goods are kept secure with 24/7 CCTV and an alarm system for maximum protection.

We offer long or short term storage, at competitive rates, with the option of delivery nationwide or across Europe using our diverse fleet of vehicles.

Final Mile Logistics

Q: What is final mile logistics?

A: Final mile logistics refers to the final step taken to deliver the freight to the client. Platinum Transport Solutions offer final mile logistics as a way to keep costs as low as possible for our clients whilst providing the specialist transport required at the delivery point.

Q: What types of final mile solutions do Platinum provide?

A: Platinum offer a range of final mile services including:

- Devanning of trailers and containers from Europe
- Pick and pack solutions
- Freight consolidation

Located just 14 miles from Central London, we provide a cost-effective delivery solution for clients within London and the home counties.

Q: How do Platinum optimise final mile logistics?

A: Platinum Transport Solutions consider a variety of factors including:

- Cost Efficiency - Our delivery services are competitively priced
- Dedicated Transport vs Groupage - Opt for an exclusive vehicle or consolidate your goods with other shipments
- Time Sensitivity - Tailored solutions to meet tight deadlines ensuring your goods arrive on time

Storage & Transportation For Your Next Event

Tesco Roadshow

Events & Exhibitions

Platinum Transport have the experience and expertise to cater for an event of any size.

We specialise in delivering and storing goods for use at exhibitions, events, conferences and stage and theatre productions hosted by our clients.

We can provide full event management including liaising with third party suppliers and contractors to ensure the event runs smoothly and within budget.

Our fleet of specialist vehicles are clean and well-maintained ensuring a professional appearance. We can facilitate a variety of events, and offer our team to help with installing sets and stands at your next exhibition or show.

Over the years, we have built many strong relationships with global brands, corporate clients and several event organisers and suppliers.
