HUDSON CATHOLIC REGIONAL HIGH SCHOOL

is a diverse co-educational
college prep institution conducted
in the tradition and values of
St. John Baptist de LaSalle.

MISSION ☆ STATEMENT

“Our mission is to educate
the students entrusted to our care
in a Catholic environment through
a comprehensive and demanding
curriculum emphasizing spiritual and
social values complemented by an
integrated program of extracurricular
activities, all designed to encourage
individual development and
responsibility to the community.”

— IN THE TRADITION OF
ST. JOHN BAPTIST DE LASALLE —

PRESIDENT'S MESSAGE

Terence Matthews

President/Principal

Two of my favorite de Lasalle quotes are “To be entrusted with the teaching of the young is a great gift and grace of God” and “To touch the hearts of your students is the greatest miracle you can perform.”

This edition of our Annual Report truly reflects how each of our stakeholders has performed miracles. We tend to think that it is only teachers and coaches who directly impact a student's life. While their influence is undeniable, so is the influence of each and every person who provides their time, treasure and/or talents for the benefit of Hudson Catholic.

According to a report from the national Catholic Educational Association, 20 new Catholic schools opened in the United States in the 2023-24 year. However, 55 schools either closed or consolidated. In 1980 there were 13 Catholic high schools in Hudson County. In 2024, there are 3. Our stakeholders are the ones who have enabled Hudson Catholic to successfully navigate this changing landscape and position us to move forward for years to come.

Yes, we have come up with some amazing programs that have helped strengthen our position among secondary high schools – our Dual Degree Program allows participants to graduate from St. Peter's University with a 60-credit Associates Degree at the same time they graduate high school; our partnership with Stevens Institute of Technology allows students to participate in on-campus STEM programs throughout the school year and during the summer; our relationship with the New York Conservatory for Dramatic Arts has provided scholarships and workshops for our actors and actresses; and we are working with St. John's University on a for-credit partnership, as well.

We have expanded the geographic footprint of the schools to which our graduates apply and attend, as well as the academic caliber. The last three years have seen our students attend colleges/universities in 12 states in 2022, 18 states in 2023 and 24 states in 2024. Over that same time period we have had multiple Ivy League acceptances to go along with acceptances to some of the best private and public colleges/universities in the country. Again, none of this happens without first being able to attend and receive a quality Catholic education from Hudson Catholic steeped in the teachings of St. John Baptist de la Salle. To that end, I am excited to announce that we are actively working with DENA to officially re-affiliate with the De La Salle Christian Brothers. However, these opportunities only exist because our stakeholders have invested in the futures of our students.

As Hudson Catholic moves forward, I'm asking that your support increase. We are at the point where this fabulous building needs some serious upgrades. As we look to keep pace with our competitors, our science labs need to be refurbished. We have a cafeteria that still uses the same stoves upon which the moms of the past cooked the magical Big Al burger. The gym needs air conditioning as it now is home to Girls Volleyball in the Fall, Girls and Boys Basketball in the Winter, Boys Volleyball in the Spring, indoor Baseball & Softball practice in March and two play productions in the Fall and Spring. The floor has one sanding left in it, too.

And then of course there's the national shortage of teachers. As we look to hire our teachers in the future, the landscape becomes more and more competitive. In order to hire the best teachers for our students, we need to be competitive with our public and private counterparts, while at the same time remaining true to our mission.

On paper, all of this seems pretty daunting. However, we are certainly doing something right! Our Freshman class is currently at maximum capacity with people calling every day looking for admission. Our athletic teams are competing across the state and there are 20 options for our student-athletes. Our extra-curricular clubs are thriving. Most important, our school remains committed to our Catholic mission while still celebrating the incredible diversity of our students and staff. And we somehow manage to do all of this while maintaining an affordable tuition that reflects the hard-working, middle-class roots that have been and continue to be the foundation of Hudson Catholic Regional High School.

790 Bergen Avenue is a magical place because of the incredible support of our stakeholders. As you read through this report, pat yourself on the back because you have made a real, tangible difference in the life of a young person. You have opened doors to which they would not have had access before. You have “touched the hearts of your students” and you have performed “the greatest miracle.”

ST. JOHN BAPTIST, PRAY FOR US. LIVE JESUS
IN OUR HEARTS FOREVER.

Terence Matthews
President/Principal

THE FUND FOR *Hudson Catholic*

Congratulations to our alumni and friends for putting us over the top on our \$300,000 goal, with a grand total of \$365,000 and setting yet another record for the highest amount ever raised for The Fund!

Year over year, we experienced a 22% increase in total giving to The Fund, on top of a 25% increase in the prior year!

Unrestricted Gifts comprised 81% of our Annual Fund giving, providing the school with needed dexterity for operating. Restricted Gifts increased 86%, to \$69,000, primarily for 'The Gift of Education' — tuition assistance to families in need.

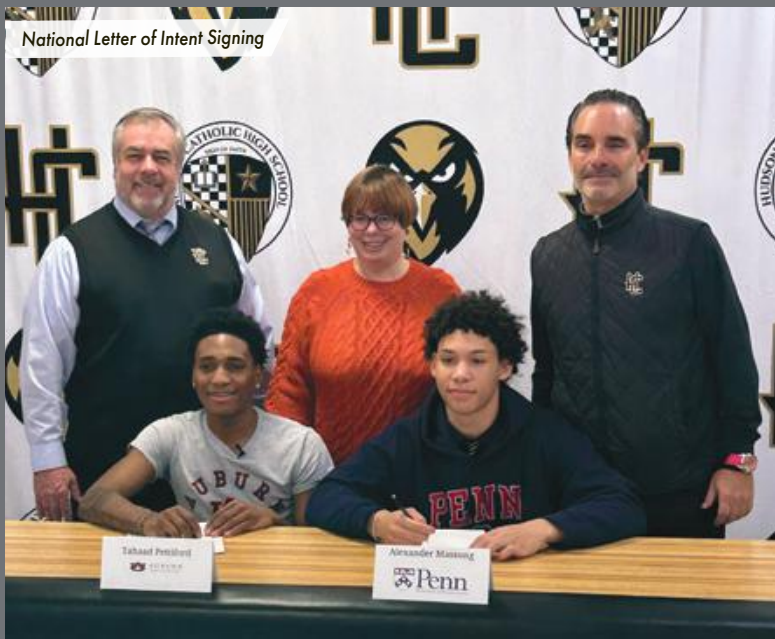

As increases in the cost of living place upward pressure on tuition, we will appeal for more gifts of this type in future to offset an expected increase in expressed need for financial aid.

THE WIND BEHIND MY SAILS

Gary Ferrari '73
Chief Advancement Officer

The more I do this work, the more I want to do this work. Each time I think about when I might retire, I ADD time to my timeline, never counting the days, because this has become a journey on which there is no distinct destination. Like the old saying goes, "the joy is in the journey." Because the mission renews itself every year, as new Hawks come on to campus to replace the young Hawks of four short years ago.

My tenure has now reached four years again, and the unsteady freshmen (and CAO) from the fall of 2020 became this year's confident graduates who contributed greatly to the Hudson Catholic milieu. They handed the baton off cleanly to their successors, and are going off to some incredible stories in the making as they continue their education at great colleges and universities. As designed, the cycle repeats.

I've just completed my second four-year stint at The Nest, but this time I am not graduating. I am being held back — to continue the work of the Lasallian Mission at Hudson Catholic. And there are two reasons for that — Students, and Alumni. My first four years here, from 1969 to 1973, were spent focused on me. I missed the big picture of seeing a group of young Hawks learning, growing, and maturing into the young adults who went off to college and had been given their first great boost toward the life that we would choose to live. In these past four years, I've seen that, over and over again, one student at a time. It is heartwarming, and everyday it grabs me, shakes me by the shoulders, and screams: "KEEP DOING WHAT YOU'RE DOING, MAN!"

The interactions with alumni of all eras are addictive — whether to reconnect or cultivate new relationships, to hear your stories and marvel at what you have done in life, to learn from you, the constant smiles, the meaningful conversations, and the added benefit of your generosity toward today's students who we do not know, but we know to be just like us.

That puts the wind behind my sails every day.

Sixteen years ago we initiated a mantra, "Hudson Catholic Rising." All these years later, I continue to see this every day. Which is why I rise every day. And can't wait to be a part of the never-ending story that is the lives of our Hawks. God bless you all for giving me the greatest gift in my life.

A handwritten signature in cursive script that reads "Gary Ferrari".

Gary Ferrari
Chief Advancement Officer

THE YEAR *in* ADVANCEMENT

Although our total non-tuition revenue of \$1,070,500 declined for the first time in four years, by 6.3%, we are heartened by our results — the story within the story.

First the challenges. We were tasked to backfill \$238,000 in non-recurring gifts from the prior year: \$115,000 from a family foundation; \$75,000 from the sunseting Simon Foundation, and a decline in Major Gifts of \$48,000. While we fell short of that target, we did manage to make up 66% (\$157,000) of those losses.

This indicates our support has grown more broadly across more gifts, and more deeply with higher gift values. In short, the health of the franchise continues to strengthen. Overall, total non-tuition revenue declined from a year ago by 6.3%; however, for the first time, Unrestricted gifts outpaced Restricted gifts, at 55% vs. 45%.

Our positive performance was most exemplified in surpassing our Annual Fund goal of \$300,000 by 22%. Spurred on by matching gift challenges at the December 31st calendar year end, for our April 7th Day of Giving, and at our June 30th fiscal year end, we raised \$365,000, an all-time high, 13% over last year's Fund total of \$322,000. This comprised all-time highs of \$296,000 in Unrestricted gifts (up 4% from prior year), and \$69,000 in Restricted gifts (up 84% from prior year), primarily Tuition Assistance.

In June alone, we received \$41,500 in Restricted gifts, mostly for Tuition Assistance, which substantially offset potential tuition write-offs, thereby assuring that we would complete the year 'in the black'.

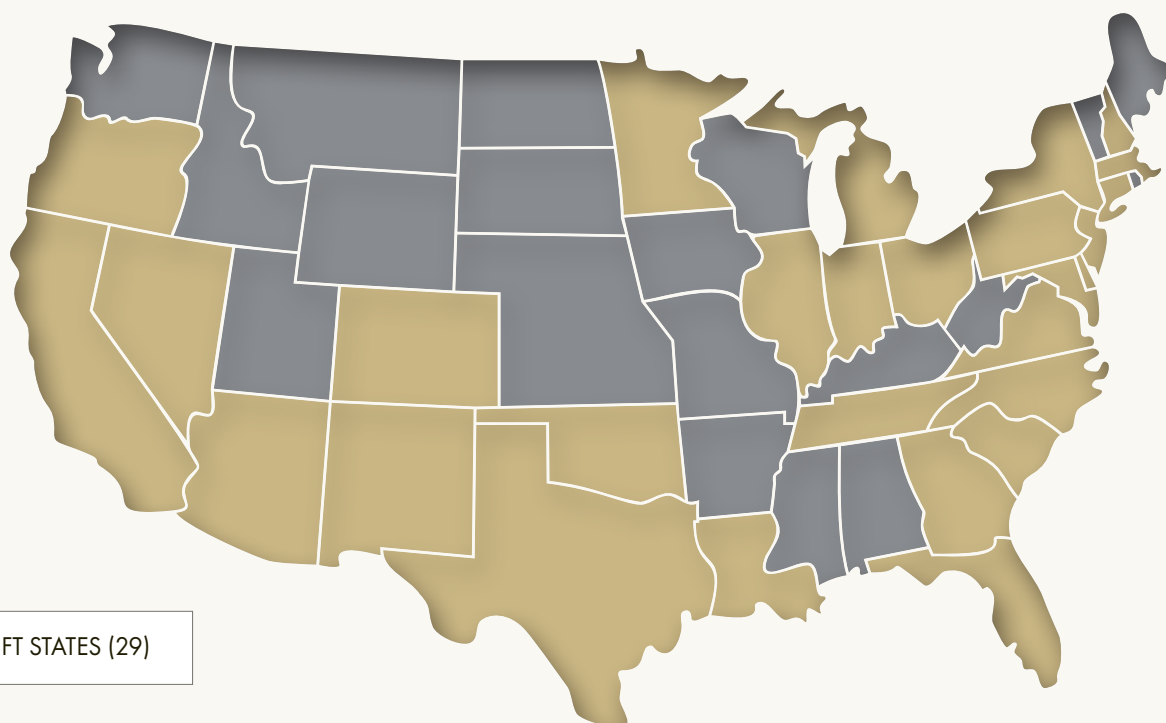

Our event management generated \$190,000 of support from alumni and friends, a 25% increase (\$38,000) in year over year revenue.

Our Family Fundraising Raffle produced a 7.7% increase this year.

Overall Scholarship gifts declined from a year ago. Scholarship Organization gifts declined 16%, due to the aforementioned loss of non-recurring gifts, although we managed to reclaim 41% of that loss (\$47,000) with new giving of this type. Giving to the Hudson Catholic Scholarship Program produced \$39,000, including \$15,000 for the Student Emergency Fund, but comparative to \$47,000 a year ago, declined by 17%.

Consequently, performance in most categories of giving provide ample enthusiasm for the direction of giving and support of the Hudson Catholic franchise — the 'story within the story'.

15 YEARS OF ALUMNAE...

Tribute to Hawk Alumnae

For 15 years now, Hudson Catholic has been a co-educational Catholic high school and, today, is the only one in Hudson County. Since September 2009, girls have pioneered and steadily built a vibrant culture as an integral part of the Hawk student body. And for the first time, the entering Class of '28 has delivered an enrollment containing a majority of girls. Here, with some faces of our alumnae, we acknowledge the important role that female enrollment has played in sustaining Hudson Catholic's presence in Hudson County and contributing to its growth and increasing success as a premier educational institution in our urban environment.

LEADERSHIP *in* GIVING

Leadership in a private high school comes in many roles, and it is important for those in leadership positions to demonstrate their affinity for the cause they lead, and that their interests and those of the school are aligned. The amount of a gift is a very personal matter, therefore, we encourage only that each member of leadership participate.

We define leadership roles at Hudson Catholic to include the members of five groups. Their cumulative giving for the year is displayed (with overlaps).

Athlete Commitment Day

WE THANK *our partners*

REQUIESCANT IN PACE VITA MUTATUR NON TOLLITUR

(Life is changed, not ended)

JULY 1, 2023 – JUNE 30, 2024

They have left us, but we remember them fondly from our school days and for years after. They were a part of our lives and we are richer for their friendship. Hawk friendships last a lifetime, and then some. We present this list of names for all to recognize, remember, and recall the person behind the name and the times we shared together.

LEGACY GIFTS THAT ASSURE THE FUTURE
OF HUDSON CATHOLIC

YOU'VE ACCOMPLISHED GREAT THINGS IN YOUR LIFE...

*Leave a Legacy That Reflects
the Caring Person You Are Today.*

A Legacy Gift

An easy way to leave your legacy — and help Hudson Catholic in its work and mission — is through a charitable bequest — in your will, or by beneficiary designation in your IRA or life insurance policy — for specific assets, dollar amount, or percentage.

Or see your legacy through a living bequest by designating your Required Minimum Distribution to Hudson Catholic.

These actions can reduce or eliminate tax liability to you, your heirs, and to Hudson Catholic.

The Legacy Gift Society

If you intend to name Hudson Catholic in your estate plan, or have, please let us know, for appropriate acknowledgment and recognition as part of the Legacy Gift Society.

Visit hudsoncatholic.org/legacy to make it happen.

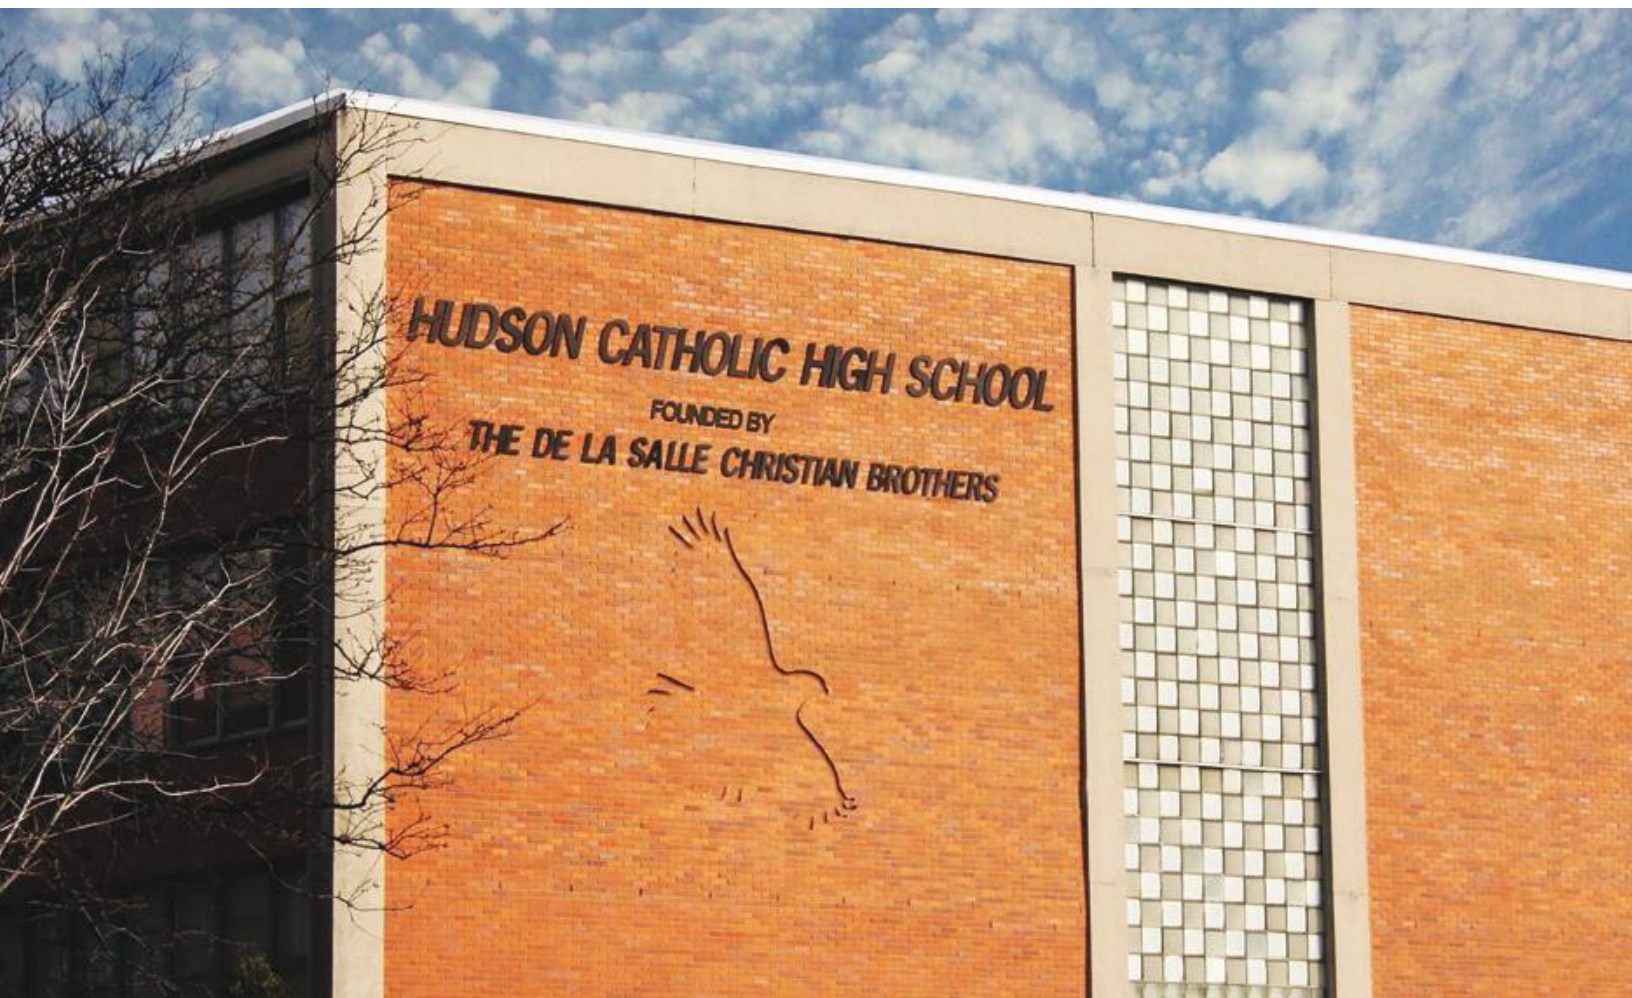

Let's Discuss Your Options Confidentially
