## COLOR INTENSIFYING BLACK POLISH

- All-natural liquid black polish for all black animals.
- Infuses a brilliant black color tone to create extra depth, dimension, shine, and a fresh look to black pigmented livestock, especially hogs.
- Perfect to cover faded hair and skin, sunburns, stains, scrapes, blemishes, and overall stale appearances.

*Sullivan's*

## **PIG WATERER W/HANGER**

- Manufactured from 7-gauge steel to create long-lasting durability.
- Finished in Black Hammer Tone Powder Coating for long-lasting corrosion protection.
- 2-gallon capacity, 4" diameter tube with a gravity flow drinking nozzle.
- Tube will not rotate.
- Easily hangs from 2" pen tubing or a 2" boards.

## An Attitude of Appreciation

---

**“Even when things are difficult, an attitude of appreciation makes things better.” - Matt Claeys**

---

I know that this may be a more appropriate topic for the Fall issue of the Seedstock Edge, around Thanksgiving, but the NSR/NJSA has so much to be thankful for with our recent events I thought it appropriately fits at this time. As we assess events and where there are opportunities for improvements, I can't help but think how we need to look at things with an attitude of appreciation for a multitude of things involved in the events, the business, and the people. Sure, there are always items that will need to be identified and improved. Overall, the events provided an opportunity for youth, breeders, companies, and industry to be portrayed in a positive manner.

The Summer of 2023 has been full of successful NJSA and NSR shows and sales. The Exposition had a lot of moving and adjusting that had to be done to accommodate the schedule set by the Iowa State Fairgrounds. Barns were rearranged from the way they were in the past and educational events were added to the schedule to enhance awareness of industry issues and concerns and provide opportunities for youth to build more life skills. The time to get through the check in process was cut in half from previous years. The panel discussion introducing the Ag View program highlighted the proactive program being led by the National Pork Board concerning the security of our food supply and how animal movement documentation can help to shorten the down time of shows if a foreign animal disease arises. Open shows and sales took place in a different barn and

individual animal record high sellers were set or tied.

NJSS and Summer Type Conference held in Louisville were very successful. The junior shows and educational events went well, and the open shows and sales stayed on time and worked well with the given schedule changes. The Ag View program focused on how to login and use the digital program to help be able to creditably tell the story of the animal movement procedures utilized to protect our industry. Retired NJSA board members were celebrated for their leadership to the program and new NJSA board members inducted to fill their shoes.

So how does the above tie into the title of an attitude of appreciation? I have found that even when things are difficult an attitude of appreciation makes things better. If we have chosen to be grateful at the start of the day, it changes the day. If we look back at all that was accomplished, even with the challenges that may have occurred, there are a lot of things that should be appreciated. Facilities that held the events accommodated the numbers and activities being held. Technology and a multitude of physical things allowed for the events to happen. Most importantly, I think the attitude of appreciation should be for the people. There are too many to list even by category, but I will try to identify some of the groups. Think about the people that have a direct and indirect effect on what it took to pull off the events. Naturally, the NSR/NJSA/ABA work to organize and manage the events comes to

mind first for many people. Please consider the vast number of people that are overlooked. The facility personnel that work to make things available and in working order, the continual, dedicated financial support of sponsors and the NPB, purebred and crossbred breeders, breed board members, allied industries and vendors, Walton Webcasting staff and commentators, show announcers, clerks, judges, sale and ring personnel, volunteers, parents, exhibitors, and many others.

Thank you to the Robert Meeker Family for donating the 2023 NJS Foundation female, and congratulations for being awarded the Hampshire Meritorious Service award at The Exposition. Congratulations to Warren Beeler for being awarded the Hampshire Meritorious Service award at the Summer Type Conference. The point is that we all must work together to have positive experiences. It becomes easier when we start with an attitude of appreciation. Thank you to all with an attitude of appreciation to make the program successful.

---

# TECHNICALLY SPEAKING

Dr. Douglas Newcom

Vice President of Genetics and Technology

[newcom@nationalswine.com](mailto:newcom@nationalswine.com)

## Purpose

**“Do everything in life with drive and determination, with purpose, and you’ll be happy you did.” - Doug Newcom**

With county fair season upon us, I thought it would be cool to dig into the fascination people have with this long-standing tradition of loading up the trailer and traveling to your local county fair. I did it for 15 years as a kid, and have just completed my 10<sup>th</sup> with kids. I will say my children have had more success than I ever did as an exhibitor.

There are many different types of county fair exhibitors. Some bring an animal or project as an excuse to hang out with their friends for a week. Others simply want to sell their animal in the premium auction. Prior to and early on in my 4-H career, the highlight of my week was washing pigs in return for milkshakes. Others gear up for the county fair like it is their Junior National or Texas Major. While others still bring the projects they’ve exhibited all over the country and simply expect to win. Some may do it because their parents asked them to. Some want to “get their name in a barn” (if your county keeps track of champions on a sign in the barn, you know what I mean). Whatever the reason, each of these different types of exhibitors have a purpose for showing at the county fair.

After spending a week at our county fair, I reflected upon what I saw this year. I saw many kids with distinct (and distinctly different) purposes. One ten-year member worked hard and

will now have her name etched into the champion list in the sheep barn. While another successfully exhibited his pig simply to put him through the auction to earn money for college. Others brought their national caliber livestock to the fair and, as expected, won. I also saw my fair share of kids that are not that into it; the kids that make you think “showmanship starts at home” or “all they need is a shot of Ivomec and a hug.” From first year to ten-year members, they ran the gamut of purposes. I saw the same thing with building/non-livestock projects – you could definitely see who wanted to win and who was simply appeasing a parent.

I hope the purpose kids exhibit at the county fair helps them grow into responsible, mature adults. Some may find a career they developed a passion for during their county fair time. Others may find they don’t have a passion for anything related to 4-H and instead put their effort into athletics and school activities that will serve them later in life. The county fair isn’t a positive experience for everyone, but even if it shows you what you don’t want to do later in life, it is always a learning experience.

I’ve droned on long enough, so I should finally make a point. No matter what you do in life, do it with purpose. Your purpose may not be the same as everyone else’s purpose, but it doesn’t

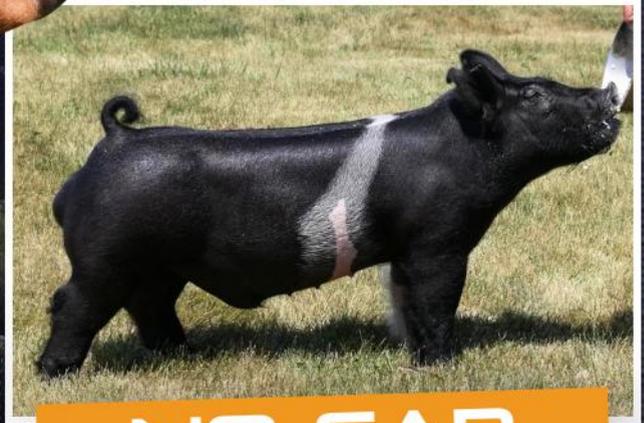

have to be. Do everything in life with drive and determination, with purpose, and you’ll be happy you did.

## New Tool for Breed Improvement

### “American Berkshire Association and Iowa State University Collaborate to Develop Genomic Tool for Breed Improvement.” - Rose Criswell

American Berkshire Association and Iowa State University Collaborate to Develop Genomic Tool for Breed Improvement.

Another American breeding organization is joining the livestock breeding industries that apply genomic testing to aid in their selection decisions. The American Berkshire Association is partnering with Dr. Juan P. Steibel, Professor of Animal Science and J. Lush Endowed Chair of Animal Breeding and Genetics at Iowa State University to develop genomic testing methods for the breeders in ABA.

They will be using proven SNP chip technology that has been already adopted by other livestock breeders. These chips allow querying the genome of individual pigs at approximately 50,000 specific locations. The resulting genotypes will be used for breed composition estimation, parentage verification and for improving meat quality traits.

Breed composition testing or breed integrity verification has been performed by breeders for many years. For instance, in the past some breed associations have required performing sire test-mating to detect carriers of recessive alleles affecting coat color. Molecular markers at specific genes have also been used for this purpose. Moreover, DNA markers are routinely used by pig breeders to aid in selection for other traits, for instance, to select against carriers of alleles predisposing animals to Porcine Stress Syndrome. Finally, dense genomic

markers are now routinely used for genomic prediction by many breeding organizations. This consists of the joint analysis of tens of thousands of marker genotypes, phenotypes, and pedigree records to predict the breeding value of selection candidates.

First Phase: Population characterization, breed composition estimation and single locus analyses

In a first phase of this project, markers from a 50KSNP chip will be used to design breed integrity checks aimed at detecting crossbred animals and accurately estimating their Berkshire composition. To accomplish this, many registered purebred Berkshire animals will be genotyped and analyzed together with publicly available crossbred and purebred pig genotypes from other breeds to establish a Berkshire breed genomic reference profile. The output of this will be a computer application that will report the estimated% of Berkshire genome composition for any genotyped pig.

As part of this initial phase, additional information available in the genotyping chips will be exploited. For instance, genotypes at individual molecular markers related to Porcine Stress Syndrome, the RN gene (Napole), and for genes related to meat quality and growth will be reported for any genotyped animal. Individual breeders at ABA have been individually ordering and using some of these tests and now they will have access to these reports without incurring in extra genotyping

costs. Finally, an important output of this phase will be a program for parentage testing, where genotypes from parent-offspring duos will receive a verified parentage badge. This will help in eliminating pedigree errors.

Second Phase: Sire progeny testing and genomic prediction

The ABA has been performing sire progeny testing for both feedlot performance and several meat quality traits since 1991 through the National Barrow Show Progeny Test and the ABA Progeny Test.

As phase 1 of this project is completed and genomic testing for breed verification is adopted by ABA, the number of genotyped animals in the ABA pedigree is expected to skyrocket. The next phase of this project will connect the database of phenotypic records with genotypes and the existing pedigree (by now free from parentage errors using genotype data) to predict the genetic merit of traits that are central to the breeding goals of most Berkshire breeders, especially meat quality traits.

A collage of various photographs from pig shows, including winners on stage, people with pigs, and award banners. The photos are semi-transparent and layered over the main text.

## Obituaries

### **Bruce David Cluver**

**June 16, 1945 - July 18, 2023**

Internationally recognized purebred livestock exporter Bruce

David Cluver, 78, of Bloomington, IL, passed away July 18, 2023 at Hines VA Hospital surrounded by his wife Oanh Nguyen Cluver and children Georgia Cluver Dawson and Jacob Cluver. Bruce was the son of George and Velma, nee Schumacher, Cluver of Cissna Park, Illinois. He was born June 16, 1945 at Iroquois Memorial Hospital in Watseka, Illinois. The Cluver family had a dairy farm north of Cissna Park.

Bruce is survived by his wife Oanh, daughter Georgia (Bob Dawson),

son Jacob (Sue) and grandchildren Isabel Dawson, Jack Dawson, and Lillian Cluver. Also surviving is an older brother Roy, his wife Linda, and their children Danielle Isbell and Tyler Cluver. Also surviving is former spouse Jane Allen Cluver (1967- 1998). Bruce was an active volunteer at St. Joseph's Hospital in Bloomington since 2005. Bruce founded Ag World Exports in 1977 after receiving his BA from Illinois State University and MBA from Northern Illinois University. The Illinois State Alumni Assoc. honored Bruce with the Alumni Achievement Award in 1993. He served in the U.S. Army from 1967-1969 in Germany. Prior to founding Ag World, Bruce worked for the Ill. Dept of Ag, serving as an assistant to then Director Gordon

Ropp and as Assistant Superintendent of Markets in charge of exports. As founder and President of Ag World, Bruce achieved many firsts in the livestock export industry. Most notably Ag World sent the first breeding swine into China in 1978 and received the "Presidents E Award" in recognition for outstanding contributions to the increase of U.S. Trade abroad in 1993. The company and Bruce's philosophy has always been to aid local food production around the world. The leadership of the company transferred to his son Jacob in 2010, though Bruce continued in an active role as Vice-President until the time of his passing.

### **Bernard "Buddy" Whitehead**

**February 16, 1930 - March 24, 2023**

Bernard "Buddy" Whitehead passed away peacefully Friday, March 24,

2023 in Memphis, Tennessee. He was born Sunday, February 16, 1930 to Charles "Tom" Whitehead and Jewel Freeland Whitehead in Gill, Arkansas. He is survived by his wife of 45 years, Jean Whitehead, of the home, four daughters, Teresa Walker (Rob), of Marianna,

Arkansas, Donna Lackey, of San Antonio, Texas, Tutti Dilks (David), of Marianna, Arkansas, Jonna Jones (\*Terry), of Hannibal, Missouri, nine grandchildren, Christopher Whitehead (Becca), Andrea Kibe (Zach), Laura Carlson (Dusty), C.T. Whitehead, Richard Pickett (Katy), Jake Jones (Megan), Luke Jones (Mackenzie), Maranda Gilchrist (Michael), Amanda Arroyo (Peter), and a bus-load of great-grandchildren, one sister, Connie Belle Butler (Jim Tom), and two nephews, Jim Butler (Lois), and Rhett Butler (Melanie). He was preceded in death by his first wife, Willastein Whitehead, and one

son, Tommy Whitehead. Mr. Whitehead was a farmer for over 80 years. He was a member of First Christian Church in Marianna and was on the Board of Trustees. He served his country during the Korean War as a member of the United States Army. He loved farming, hunting, and growing a garden. He also had a hog farm and loved traveling and showing his hogs.

## Rolland "Pig" Paul December 11, 1932 - May 5, 2023

Rolland "Pig" Frank Paul was born December 11, 1932, in Perry, Iowa, to Glenn S. and Thelma Irene (Burkett) Paul. He departed this life on May 5, 2023, at Willow Care Nursing Home in Willow Springs, Missouri.

Pig was raised on the family farm in Dallas County, Iowa. He completed the first eight grades in the country school. In Iowa there was a country school every two miles. He graduated from Granger High School where he met his high school sweetheart, Donna Marie Herrold. They were married on September 20, 1952, and to this union, three children were born, Deanna McNew (Howard), Paula West (John Marr) who resides in Warrensburg, Missouri, and Mike. Deanna and Mike preceded him in death. He

had six grandchildren (Julie Owens, Jennifer Owens, Bradley McNew, Nathan Collins, Brian Paul & Brett Paul) and eight great-grandchildren (Ethan McNew, Aubrie McNew, Mason Owens, Bella McNew, Evan Owens, Lillie McNew, Lynn Collins & Keaton Paul).

He loved to play basketball. Both he and his brother Jay, who preceded him in death, were very active in exhibiting hogs nationwide under the name, Paul Bros. Durocs. Pig went to Iowa State College and majored in animal husbandry. The first two years of college, he lived and worked in the hog barn and was involved with a fraternity and had many fond memories of that time. After three years of college, he volunteered for the draft and served in the U.S. Army from 1953 to 1955, finishing college on the GI Bill, he graduated in 1958. He made his career in the pork-producing industry. In 1969, he and Donna moved

with their three children to Willow Springs to operate a farm called Pork Plantation. Pig was a member of the American Legion for 50 years and was a 30-year member of the Willow Springs Charities and the Lion's Club. He was named Citizen of the Year twice by the Willow Springs Chamber of Commerce. He served on the Willow Springs School Board and as a director of the Duroc and Yorkshire National Feeder Pig Show in West Plains. Pig served as the presiding commissioner of Howell County.

Pig recognized an active life, but it would not have been possible without his wife, three children, and son-in-law, Howard.

In lieu of flowers, the family requests memorial contributions to the United Methodist Church, 311 N. Harris, Willow Springs, MO 65793. Condolences may be expressed at [www.yarbermortuary.com](http://www.yarbermortuary.com).

### IN REMEMBRANCE.....

Everyone involved in the livestock industry, and specifically the pork industry, owes a debt of gratitude and remembrance to those who had the vision, who sacrificed, and were dedicated to building the vibrant agriculture industry we enjoy today. There are none who were more committed to this cause than Roland "Pig" Frank Paul.

Those of us who worked with and knew Pig were amazed by how he could bring people together! Truth is this inspirational and motivating giant was one of the key players in the development and success of the National Pork Producers Council, the state associations, and the eventual world-wide impact of the pork industry.

Pig Paul was raised on a farm near Dallas Center, Iowa. After high school he studied Animal Husbandry at Iowa State College, volunteered for the U.S. Army and later graduated, and served as a fieldman for the Duroc breed. In 1957, pig started as a fieldman for

the Iowa Swine Growers Association. The organization worked for several years to organize and discuss funding for the organization. The industry leaders in 1963 changed the name to the Iowa Pork Producers Association, Pig was their first staff member and a membership drive statewide was started. In 1964 the Iowa Porkette organization started.

In 1965 the National Pork Producers Council was a name change from the swine growers - and Pig Paul was selected as their first executive. Pig and a group of leading producers called a meeting of the Moline 90 on May 25th 1966. Pig Paul organized the event calling other state organizations and key industry leaders to attend. They signed a note for \$10,000 to provide funding for the "Get Ready Fund". In 1967 the first voluntary checkoff, "Nickles for Profit" began as a pilot program. From this nucleus, more county and state organizations were created, more staff across the country was employed to explain the benefits and goals of the program.

With the National pork program launched, in 1969 the Paul family moved to Willow Springs to start his, "Pork Plantation". He kept working for the industry, established the National Feeder Pig show in West Plains, served as county commissioner, and several charities and organizations locally. Nothing was more important to Pig than his wife Donna and his kids, of whom he was so proud.

But the thing we admired most about "Pig" was how he cared about everyone, got everyone involved - thoughts and opinions were important - but you had to work together to achieve the goal.

"I realize that the hog business is and has been important economically, but I am not sure...that our most important commodity hasn't been people..."

Rolland "Pig" Paul

# Obituaries (cont'd)

## Larry Raymond Moore January 25, 1952 - May 29, 2023

Larry Raymond Moore was born January 25, 1952 in Woodward,

Oklahoma. He was the youngest of 5 children born to Raymond Gerald "R.G." and Lola Faye (Ralston) Moore. Larry passed from this life on May 29, 2023 surrounded by his family. Larry attended school at Taloga where he graduated in 1970. Larry showed pigs and sheep during high school, exhibiting the Grand Champion Barrow at the Woodward District Show with a Poland pig his brothers helped him pick out. Following high school, Larry attended Southwestern Oklahoma State University and then transferred to Oklahoma State University where he graduated with his Bachelor's Degree in Agricultural Education and Animal Science in 1975. Larry was on the 1973 OSU Livestock Judging team which won Reserve Champion honors at the International Livestock Exposition in Chicago and Champion honors at both Denver and Fort Worth under coach Bob Kropp.

Larry student taught in Yukon with Richie Oakes under the guidance of Mac DeVilbiss and both were then hired to teach with Mac the following year. Larry completed a second year of teaching at Yukon with Mac and Verlin "Red" Goodson.

Larry met and married his wife of 46 years, Denise Peters of Union City on April 23, 1977 and together they moved to Aline where he taught in the Aline-Cleo Schools until December 1988. During this time, Larry and Denise began raising show pigs and their children Mindy and Dustin were born.

In December 1988, Larry moved back home to Taloga where he worked as the Agricultural Extension Agent in Dewey and Major Counties for 2 years. In 1995, Larry returned to teaching

and taught at Taloga until retiring in 2006. Larry taught agricultural education for a total of twenty-four years and prided himself on having 65 students that received their State FFA Degree and 6 that received their American FFA Degree. There were also countless top honors won by his 4-H and FFA students at county, district, and state shows, including a time in his early years at Aline-Cleo where his students won all but a couple of the sheep and hog classes at the Major County Stock Show.

Larry found much success in the show pig industry, raising Yorks, Polands, and Crossbreds. Larry had over 100 sows for a number of years and sold numerous pigs through the Okeene Pig Sale and Circle of Gold Sale before starting his own sale, the One Moore Pig Sale. Larry's list of accomplishments with pigs he raised includes 1 Grand Champion and 2 Reserve Grand Champions at the Oklahoma Spring Livestock Show (now known as the Oklahoma Youth Expo), 3 Grand Champion barrows and 1 Reserve Grand barrow at the Houston Livestock Show, Grand Champion at the Louisiana State Fair, and a number of county and district champions. There are many success stories of Larry allowing someone to have a pig for a small amount of money that later won. Larry would say, "I think this one's got a chance, take him and feed him." He was also successful with many breeding animals at national shows and raised several highly acclaimed boars.

Raising livestock was a family affair and Larry and Denise used their hog business to instill a strong work ethic in their children. They worked to help each of their kids develop their own livestock projects and find success in the show ring and through the FFA.

Larry judged numerous county, district, and national shows including the San Antonio Gilt Show, World Pork Expo, El Paso Sheep Show, and the Fall

Classic and enjoyed hosting collegiate livestock judging teams for workouts.

After retiring, Larry became passionate about raising Angus cattle and enjoyed working with his Border Collie Snip. He continued his passion for the 4-H and FFA livestock show programs by serving on the Woodward District Livestock Show committee and as the Oklahoma Youth Expo Gilt Superintendent. Larry received the Honorary State FFA Degree in 2015 and was the Woodward District Livestock Show Black Jacket honoree in 2019. Larry also served on the American Yorkshire Club Board of Directors.

Larry was better known as Papa to his 4 grandchildren, Kelsey, Kelton, Delaine, and Cambree.

He enjoyed watching each of them in their activities whenever he could. They have fond memories of riding the 4-wheeler with him, attending his "cow camp", and roasting marshmallows after picking up sticks. He always had a lifesaver in his front shirt pocket that he would share with them.

Larry was a member of the Lenora Methodist Church where he served on many committees.

Larry is survived by his loving wife of 46 years, Denise of the home, his two children, Mindy Dowdle and husband Brian of Leedey and son Dustin Moore and wife Cricket of Cordell; his grandchildren Kelsey and Kelton Dowdle of Leedey and Delaine and Cambree Moore of Cordell; his sister Betty Obermiller of Fairview, brothers Roger Moore and wife Judy of Taloga, Gail Moore and wife Verle of Taloga; and sister Eva Lea Atkinson and husband Elbert of Sweetwater; and many nieces and nephews.

Larry was preceded in death by his parents, Raymond Gerald "R.G." and Lola Faye Moore of Taloga, niece Charla Myers of Fairview, and great niece Kylie Hollrah.

## Don Hazelett

November 21, 1936 - July 19, 2023

Don Hazelett of rural Yorktown, IN went on to greener pastures July 19th, 2023,

at Ball Memorial Hospital of natural causes and old age.

He was born November 21st 1936 in Middlebury, Indiana, the son of John & Hazel (Johnson) Hazelett. His father had just coached the Middies to an undefeated basketball season in 35-36. He attended school at Campbellsburg, Metz, and graduated from Monrovia High School in 1954.

He graduated from Purdue University with a degree in Animal Science in 1958. While at Purdue he was a member of Alpha Gamma Rho Fraternity and Gimlet activities honorary. He was Editor of the Purdue Agriculturist, a varsity Football Manager, and a member of the Purdue Livestock Judging team.

He was a long-time member of the John Purdue P Men's club and was a football season ticket holder for nearly 60 years. Before conference expansion he had seen the Boilermakers play in every Big Ten stadium.

Don's first job out of college was as an Extension 4-H Agent in Hamilton County, Indiana. In 1959 he moved to Galesburg, Illinois to become Managing Editor of a livestock breed magazine, the Poland China World.

On June 25, 1960 he married his college sweetheart, Barbara Buschart of St. Louis, Missouri. She taught at Galesburg High School for five years until they returned to Indiana when Don took a job with John Deere & Company.

In the late 60's Don started a purebred swine breeding operation at Marion, Indiana, and in 1987 became a Genetic Consultant with Premier Swine Breeding Systems of Michigantown, living in the rural Yorktown area.

Don served as President of the Indiana Pork Producers Association in 1970, was Vice President of the National Poland China Association, and President of the Indiana Spotted Swine Breeders. He also served on many other Agriculture and Swine industry boards.

In recognition for his contributions to the swine industry, Don received the Indiana Pork Producer's Distinguished Service Award in 1976. He was inducted into the Eastern Indiana Livestock Breeders Hall of Fame, the National Spotted Swine Breeders Hall of Fame, and in 2014 was inducted into the Indiana Livestock Breeders Hall of Fame.

Don for 17 years was a 4-H Club Leader and enjoyed working with young people and helped hundreds of them with their 4-H swine and beef projects well into his later years. He judged county, state and national hog shows all over the Midwest for over 40

years.

He served 13 years as a member of the Corporation board of Alpha Gamma Rho Fraternity at Purdue. He served as Board President in 2006 and in 2011 was Chairman of the Planning Committee for the Fraternity's 100th Anniversary Celebration. The Alpha Gamma Rho brotherhood was a big part of Don's life.

Don was active in the Mt. Olive Methodist Church at Marion; the Congregational Christian Church in Marion, where he was President of the Deacons; the Christian Congregation Church of Alexandria, where he was chairman of the board of Trustees for several years; and the New Life Presbyterian Church of Yorktown.

Besides his wife of 63 years, Barbara, he is survived by a son John Hazelett (wife-Stephanie) and a daughter, Sherry Hazelett. Grandsons, Seth Hazelett, Jonah Hazelett and Blake Milner and granddaughters Joella Hazelett Gleason and Brittney Milner Mennen along with 5 great grandsons.

He is preceded in death by his mother and father and a brother, Jerry Hazelett of Monrovia.

Memorials can be made in Don's honor to New Life Presbyterian Church or to Tyler Strong Purdue University Center for Cancer Research.

## Births

## Elsie Sue Tucker

November 28, 2022

On November 28, 2022 Elsie Sue Tucker was born weighing in at 8 lbs 13

oz, 20.5 inches long. Proud parents are Scott and Rachelle Tucker, owners of Golden State Genetics of Turlock, California. Elsie joins her siblings: Bailey June, Walter and Macie Ann.

### Southeast Regional becomes Winter National

The NSR Executive Committee approved renaming the Southeast Regional in Perry, Georgia to the Winter National. With the growth and national dynamic of the event, the board thought it was time to raise the stature to a national show level.

For more information, go to [nationalswine.com](http://nationalswine.com)

### New AOB division for NSR Open Shows & Sales

The NSR Executive Committee approved adding an AOB division during NSR Open Shows & Sales. Non-NSR and Berkshire purebred animals will not have to exhibit and sell as crossbreds. They will show and sell within their own division. This also allows non-NJSA gilts in the top 5 of their breed in the junior show to sell near the top of the AOB sale order.

## Light & Dark Crossbred Show Regulations

The NSR Executive Committee approved new Light and Dark Crossbred divisions for all NSR and NSJA shows. Beginning at the 2024 Exposition, crossbreds will be exhibited as either light or dark.

Classification will follow the Oklahoma Youth Expo guidelines; whites and blues will be classified as light crossbreds, sandy, gray, red, calico, and black will be classified as dark crossbreds.

For more information, go to [nationalswine.com](http://nationalswine.com)

Light Color:

1. Any gilt with white and/or blue only.
2. Classification will be conducted by a three-member classifying committee. The decision of the classifying committee is final and not subject to protest.

Dark Color:

1. All other colors (black, gray, red and sandy) excluding solid white or blue.
2. Classification will be conducted by a three-member classifying committee. The decision of the classifying committee is final and not subject to protest.

Examples of Light Color:

## A GREAT BOAR WILL GET YOU ON THE MAP, BUT GREAT FEMALES KEEP YOU THERE.

The influential 14-5 Olsen sow and two of her notable sons, Awestruck (top) and Uproar (bottom).

**H**ofschulte Genetics would likely look different if their father, Phil, had ignored the persistent nudges from his sons, Chris and Nick, to bid on the Bates 2004 Fall Classic sift entry.

"We purchased him for \$7,000," Nick says. "And, then, he built our boar barn," his sister, Natalie, added. Tsunami soon became synonymous with success when his first pigs dominated the showing, garnering Grand Champion, Reserve Grand Champion, Champion Hampshire and Reserve Hampshire Barrow during the 2006 Oklahoma Youth Expo (OYE). Tsunami and his progeny made showpig breeders from around the country take note of Hofschulte Genetics, and for that, they'll always be grateful.

"I'll never forget it. I was on one side of my dad, and my brother was on the other side, jabbing my dad in the side, making him bid on the boar because we both really wanted him. Seven thousand dollars was a lot to come up with in those days. My dad was just an ag teacher with a few hogs and some cattle, and my mom stayed home with us. That was a big leap of faith for a little pig," Nick says.

Needless to say, that leap was well worth it. Since the wave of success that Tsunami brought the family, the siblings have offered the handful of boars they keep at their operation just six miles off Interstate 44 to the general public. Uniquely, every boar offered wasn't put in the boar barn with the intention of selling semen but rather to be used in the siblings' own operation. Tsunami may have kick started their boar stud, catapulted Hofschulte Genetics to the national stage, and paid for their boar barn. But, no champion barrow is built by a boar alone. And, the Hofschultes have long been a fan of powerful females — more specifically, even their best crossbred

barrows likely have a predictable purebred sow in their lineage. Hofschulte patriarch, retired ag teacher and longtime hog breeder, Phil, made sure of it. Phil cut his teeth in the hog industry when only purebreds could be found in the showing, and rubbed elbows with great stockmen and swine breeders of that era, like Jim McCoy and Ron Smith. Phil has had an undeniable appreciation for productive and predictable foundation sows. And he passed that lesson on to his children, Chris, Nick and Natalie. Like many showpig producers, in the 2000s, the Hofschulte family used F1, blue-butted, half-Yorkshire sows as barrow makers. This meant the family almost always had some really good Yorkshire sows waiting in the wings to bolster the bottom side of show barrow pedigrees.

"A bunch of our sows go back to about four to five sows," Chris says.

One such example was the Four Corners sow, a purchase from Top Cut's Brand of Quality Sale in 2004. Not only was she the grandmother to multiple champions, including Chris' 2009 OYE Bronze Medallion Barrow, but the family still has a sow line that traces back to her today.

In the last decade, no other female has been more influential on the Hofschulte operation than 14-5, a gilt they bought from Chuck and Ben Olsen's to be Natalie's last show gilt. "We bought her after OYE; me and Natalie were sitting in our old show barn," Chris recalls. "I said, 'We've got one more round. Let's get something that can win this deal.'"

The Hofschulte family was always frugal when buying showstock, but they paid \$4,000 for 14-5, and knew almost immediately that she was

worth it.

"Ben delivered her, and she just looked so exotic – shape, bone and look. Right when that thing unloaded, we knew she was special," Chris says.

The Olsen gilt was truly an outlier in the ring and was one of the most talked about class winners at the 2014 Southwest Regional. But, her real value came from the farrowing

the revamping of their Duroc herd will be primarily focused on an elite bred female they purchased in partnership with Bryan Shulz from Carl Stein's dispersal sale along with the acquisition of Bryan's established Duroc herd.

As Chris points out, the Hofschulte family loves to breed banner-grabbing barrows, but they also pride

**"THAT IS THE COOLEST PART ABOUT IT, TO BE A PART OF AN ANIMAL THAT INFLUENCES AN ENTIRE BREED."  
– NICK HOFSCHULTE**

house. That gilt produced four boars that made an impact in the Yorkshire breed – Megaman, Uproar, Awestruck and the 2017 National Barrow Show Champion.

"She was a once-in-a-lifetime sow. Her sons are coming up in the bottom side of a lot of pedigrees right now. That is the coolest part about it, to be a part of an animal that influences an entire breed," Nick says.

The 14-5 Olsen gilt is also the only foundation female that earned a headstone on Hofschulte's operation, but she wasn't the only influential sow to make her mark, amid the more than 100 total crossbred, Yorkshire and Duroc sows. Most of the siblings' sow herd can be traced back to a handful of powerful females. Their purebred Yorkshire herd is anchored on Olsen and Grimm genetics, and

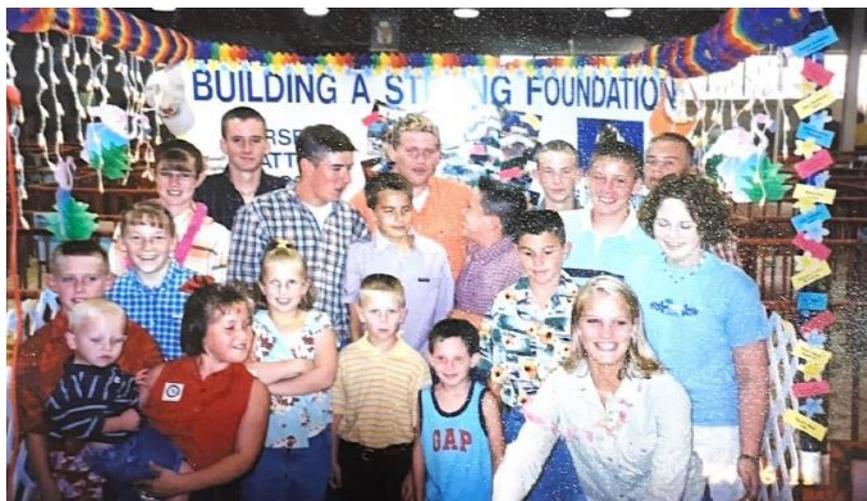

themselves on raising seedstock backed by strong females that breed on. "There's really no pride in selling a boar for a lot of money if he doesn't breed on," Chris says

Currently, most of their females are backed up by generations of good mothers. That powerful pedigree leads to consistency, whether they're making purebreds or crossbred club pigs. It also leads to more profitability when most of a litter is salable as elite seedstock or show prospects rather than a large cut heading to the truck to be shipped as culls.

"We don't tend to keep females that aren't out of good sows here. We have three families out here to feed, and 120 sows to feed," Chris notes.

The siblings all work together side-by-side on their operation in Miami, Okla., an operation built from the ground up by their hard work. Each one has their knack – Chris manages the sows, his wife Kait handles the photos and graphic design work, Natalie manages the showmen, and Nick manages the marketing. Yet, they all throw in to help with all parts of the operation. Most importantly, the siblings all have a clear vision of the type of livestock they want to breed at Hofschulte Genetics and how to get there. That vision was sculpted throughout their junior show careers alongside their confidence to stick to their plan.

Chris, Nick and Natalie are products of the National Junior Swine Association (NJSJA). In fact, they attended the first National Junior Summer Spectacular (NJSS) when it was held in Lafayette, Ind., as small children tagging along

Oklahoma youth attending the 2002 NJSS including Nick in the light blue collard shirt, Chris with his head turned in the red shirt and Natalie in the red sleeveless shirt holding Ty Goss.

with their ag teaching father's high school livestock judging team. And they haven't missed one since.

The Hofschulte siblings say some of their fondest memories were made traveling the country together to attend NJSA shows. They made lifelong friends on the swine show circuit, and they visited countless other hog farms around the country, gleaning valuable knowledge at every stop. Undoubtedly, the siblings' no-nonsense approach to sows can be traced back to their father. But, it was also bolstered by rubbing elbows with industry greats like Jim McCoy, Ron Smith, Robert Meeker, Darryl Mappes, Chuck Olsen, Jim Grimm, Bill Range, Larry Moore, Jerry McLemore, Carl Stein and countless other influential breeders.

While their parents certainly supported their showing endeavors – like when Phil spent an entire year hauling Natalie to every NJSA show, from Pennsylvania to California, so she could win the first ever Overall NJSA sweepstakes – the couple also gave the trio room to learn and make mistakes.

As pre-teens, the siblings were handed the reins on their showpig projects, taking over the work, making feeding decisions and learning the trade. The Hofschultes spent hours in the barn, working on their projects, coming up with new ideas and sitting on buckets to evaluate their livestock and results. All those lessons – hard work, tenacity, grit, confidence, stockmanship – learned being raised in the barn, so to speak, created the foundation of Hofschulte Genetics.

"Kids that are finishing their show career and wanting to continue being involved in it, don't be scared to take the first step," Nick says. "You're probably capable of a lot more than what you think. It can be intimidating when you're comparing yourself to a super successful firm or program, and in the back of your mind, you might have doubt and think you can never get to that point or you don't have the means, but anybody can do it in this business. You just have to be tough and keep at it."

Chris echoes Nick's thoughts about sticking with things, as his best advice is simply to never quit, while Natalie's is to stick to your guns.

"It is super important for people to have their own opinions. Sticking to what they like and breeding them how they want to breed them," she says.

From ringside it is pretty apparent what the siblings like in Hofschulte-bred hogs – sound, heavy-structured pigs, built from the ground up with those added showing extras. But, the siblings also hope that those ringside can see the passion they have for the industry reflected in the livestock they produce.

"I hope they remember that we have a true passion for it. It is what we love to do. We try to be our own deal and be original," Nick says.

A sample of the numerous Hofschulte-influenced champions over the years (from top to bottom): the 2006 Grand Champion OYE Barrow, raised by Roger and Dusty Mann and sired by Tsunami out of a pure Yorkshire sow; the 2006 Reserve Grand OYE Barrow, raised by Jones Academy and sired by Tsunami, whose grandmother was a pure Yorkshire sow from Larry Moore sired by Full Power 46-6; the 2009 Grand Gilt Eastern Regional sired by the Hofschulte's Duroc boar Raging Red; the 2019 OYE Champion Duroc Barrow; and the Grand Barrow 2021 San Angelo Stock Show shown by Brynn Fort.

# NYLC 2023

Dr. Jodi Sterle welcomed the group to Iowa State University with a personal development presentation: "The Web We Weave."

Will Taylor and members of the Iowa State Livestock Judging Team spoke to the group about the opportunities of joining a collegiate judging team.

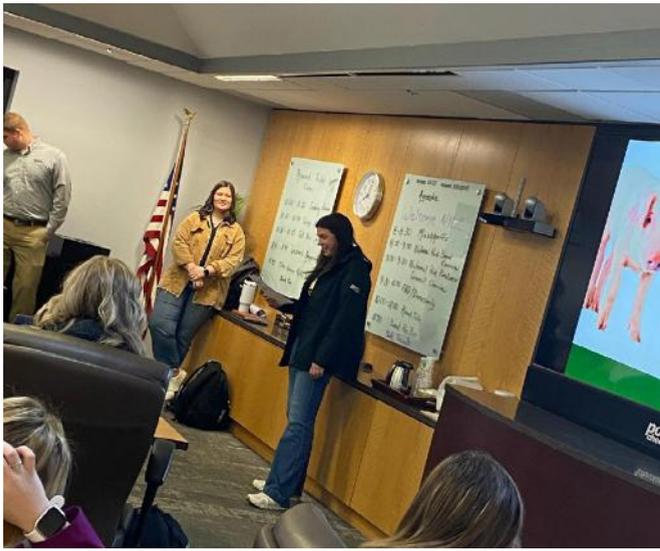

# Recap

The group visited the USDA testing centers in Ames, Iowa where they toured; learning more about the National Veterinary Services Laboratories.

While at Iowa State University the youth participated in a hands-on swine reproductive tract dissection led by Dr. Jodi Sterle.

While at the National Pork Board, Lexi Ammann spoke on the Lee Program and Maschoff Scholarship.

NPCC's Cody McKinley and NPB's Seth Mitchell discussed African Swine Fever and Biosecurity with the delegates.

# National Pork Board

The youth rotated through sessions at the NPB office networking with Veterinarian Dr. Patrick Webb and even stopped for a quick trip to the commercial kitchen where dietitian, Kara Behlke, prepared some tasty pork!

The second day of the conference started with a trip to the National Pork Board.

During dinner at the Hotel, the youth, listened to Erica Lain of Iowa Select Farms present on the commercial pork industry.

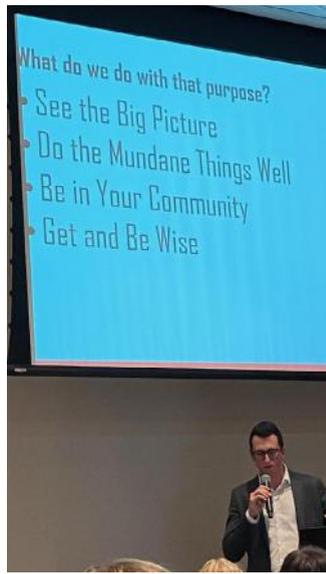

Members had the opportunity to tour Eggers's show pigs in State Center, Iowa. A big thank you to Joe Eggers and his crew for making this tour and experience possible!

# Break Time!

The members concluded their first day with the Lip Sync Battle tradition, judged by our Youth Advisory Board. The California and Junior Board of Directors were our champion teams! The conference also included some down time as the youth enjoyed a fun evening at Breakout Games in Des Moines!

Cory Van Gilst of Iowa Pork Producers joined us for dinner and spoke on being involved in the industry and the importance of personal connections.

The Junior Board of Directors also took their turn and presented on more industry topics.

The recipients of the Pork Checkoff Travel scholarship for NYLC first year attendees: Kaden Butts, Riley Smallen, Carson Foley, Carly Dreher (not pictured)

The final tour of the conference took place at Boyert & Core Cattle Company in Pleasantville, Iowa where the youth learned about other species of livestock!

The conference concluded with keynote speaker Mark Core of Vermeer, who shared his insight on what it takes to be successful in the agriculture industry!

# Thank You

**We would like to thank everyone involved  
for a great 2023 National Youth  
Leadership Conference!**

# NYL

WE WOULD LIKE TO TAKE THE  
OPPORTUNITY TO SAY

*Thank You*

TO OUR NJSA JUNIOR BOARD OF  
DIRECTORS FOR THEIR HARD WORK AT  
THE EXPOSITION AND NJSS

# BUILDING THE BRAND

By Rachel Dotson

**F**or Austin Kindschi, Orlando, OK, his start in the showpig industry began with a \$50 bill and a trip to the Okeene Pig Sale in Okeene, Okla.

There, nine-year-old Austin, his dad and his agriculture teacher Mr. Miller found a Duroc gilt raised by Mike Day.

"As the saying goes, "she made the hill" at the Oklahoma Youth Exposition and we brought her home, bred her and farrowed her," Austin says.

In the beginning, Austin said neither he nor his dad knew a ton about showing and raising pigs when they started.

"I think dad felt that learning the husbandry side of the equation was more of his interest versus the subjective nature of genetics, evaluation and selection that became mine," Austin says. "I never had to worry about how to develop vaccination schedules, checking heat cycles, farrowing sows or getting to a show because my dad did his homework and was there to teach me."

After showing for a year or so, Austin was on the hunt for a Chester gilt. Through this search, Austin connected with Coy Farmer with Farmer Livestock. It was Coy who helped the Kindschi's get started and ultimately laid the foundation and fueled Austin's passion for showpigs.

"Coy took a 10-year-old kid that didn't know anything under his wing, and that's when our showpig adventure quickly started to turn into a way of life," Austin says. "He answered the phone anytime I called and knew that we would always try the best we could. As Coy got ready to retire from the

show pig business, we struck a deal to manage his Hampshire sow herd."

"From about age 14 through the point I graduated high school, we had mainly Chesters, Hampshires and crossbreds," he says. "We ran about 10 sows plus or minus a couple at any point in the year."

In high school, Austin competed at the National Junior Swine Association (NJSA) Southwest Regional in Chickasha, Okla. During the event, he competed in the Bred-and-Owned Division and in the livestock judging contest. Austin contributes to the NJSA for helping him network and make friends from all across the country.

When he reflects on his show career and starting out in the swine industry, he says there are countless memories that could be shared.

"Of course early on, you never forget the first time you make the drive, in my case it was 2007 in the OYE grand drive with the Champion Hampshire Gilt. Once you reach a goal like that, at least in my case, all of the energy spent focusing on winning shifted and transformed into more of a priority of being consistently good."

As Austin and his family began the creation of Real Time Genetics, they quickly learned those who you surround yourself with can either make or break you.

"I wasn't born into money or a full-fledged established showpig/breeding stock operation, so the biggest obstacle I faced was knowledge and money," Austin says. "Honestly, that doesn't usually yield a good outcome,

but we surround ourselves with the right people, learned when to listen and strived to work hard."

Currently, Real Time Genetics consists of 25 sows and gilts with a mix of Durocs, Yorkshires, Landrace and Chesters.

"Our pigs are marketed online and through live sales and off the farm from time to time," he says. "We have been pretty fortunate that in the past five years jumping head first into the Landrace breed has transformed our operation. I have a few families who I help buy and feed showpigs that will show throughout the year. I'm always there for our customers if they have questions or need help. We breed for February/March, July/August and more recently an Exposition, Summer Type Conference and state fair set to farrow November-January '24. Our customer base is growing steadily, and so is our operation."

When you ask Austin what he is most proud of with his family's operation, it is the progression.

"Our growth... knowing that there's still a chance for someone with a dollar and a dream to build an operation," he says.

As he looks toward the future of Real Time Genetics, Austin wants to continue improving the operation and the herd.

"I want folks to see our operation someday the same way I looked at Grimms, the Olsens and Daryl Mappes," Austin says. "They all had one thing in common, they were stockmen

**"MY FOLKS SANK COUNTLESS THOUSANDS OF DOLLARS INTO A KID'S DREAM, WHERE THEY GAVE ME A TON OF FREEDOM TO MAKE CHOICES AND EVEN MORE MISTAKES..." – AUSTIN KINDSCHI**

who believed in a certain thing and brought it to life."

As Austin continues to move Real Time Genetics forward, he's thankful for his parents who helped bring his passion to life.

"My folks sank countless thousands of dollars into a kid's dream, where they gave me a ton of freedom to make choices and even more mistakes," Austin says. "With time and dedication it is paying off as we have built a program made to work for other people. Not everyone has that opportunity to learn, but my parents made it a reality."

# NISA PUREBRED INFLUENCED *Crossbred Classes*

Starting in 2024, all NJSA shows will have Purebred Influenced Crossbred classes. This includes the Winter National, The Exposition and National Junior Summer Spectacular, in addition to Southwest, Eastern, and Western Regionals.

Additionally, these animals will be eligible to show and potentially sell in the crossbred portion of the open show at NSR events.

## **REQUIREMENTS:**

1. A documented parent (sire or dam) that is Berkshire, Duroc, Hampshire, Landrace, or Yorkshire. If utilizing a purebred sow, a DNA sample must be submitted to verify parentage.

The use of a purebred sire would meet the same requirements as members recording a purebred litter, therefore, purebred sires should already have a DNA sample on file.

2. **The animal(s) must be recorded in the NSR Crosscheck Verification Program and documentation provided at the time of check-in. To download the Cross Check registration form, click the link: <https://nationalswine.com/pedigree/docs/CrossCheckDNA-RegistryForm.pdf>**
3. Animals that may not meet purebred breed eligibility requirements but still maintain a pedigree would be eligible to show in this division (ie. short underlines, off-belted Hampshires, etc.)

Top 5 animals will be required to pass parentage testing to receive premiums.

# INVESTING IN TOMORROW'S LEADERS

The NJSA's mission is to provide a network uniting swine enthusiasts while offering competitive opportunities to reward excellence, enhance educational opportunities and develop leadership skills. As part of fulfilling this mission, the NJSA awarded \$40,000 in scholarships to deserving students who have shown a commitment to the industry. Among these students are aspiring animal scientists, veterinarians, teachers, herdsman and so much more. They are the future of the purebred swine industry.

Special thanks to the generous donors that provide the funding to make these scholarships possible. Their support of our youth members does not go unnoticed. If you would like more information on how to support the scholarship program, please contact the National Swine Registry.

## Outstanding Member Scholarships

These scholarships will be awarded on the basis of demonstrated NJSA or livestock industry leadership, scholastic excellence, youth leadership activities and interest in the swine industry.

### Harper Shike (Novice)

Harper is the 9 year old daughter of Dan and Jennifer Shike from Sadorus, Illinois. She has been an NJSA member for 5 years and has been recognized for many accomplishments. Outside of being a contributing NJSA member, Harper enjoys running and being a member of their church. In the future, Harper's goal is to be a professional pig showman!

### Breckyn Bloomberg (Junior)

Breckyn is from Secor, Illinois and is a 4th grader at Centennial Grade School. She has been a member of the NJSA since 2016 and instantly fell in love with showing pigs. Throughout her time in the NJSA she has been recognized for many accomplishments, however she is most proud of the friendships and connections she has made within the industry. In the future, she hopes to accomplish goals in both production and leadership within the junior swine industry.

### Hunter Shike (Intermediate)

Hunter Shike is from Sadorus, Illinois where he is a freshman at Unity High School. Hunter has been a contributing member of the NJSA for the last 10 years where he has obtained multiple successes. In the future, Hunter wants to obtain his master's degree in Animal Science and Nutrition. With this he wants to own and operate a feed company while judging livestock on the side.

### Brody Nemecek (Senior)

Brody is from Lola, Kansas. He began his college career at Butler Community College as a member of the Livestock Judging Team and is now a junior at Kansas State University working to obtain his degree in Animal Science and Agricultural Business. After graduation, Brody plans to pursue a master's degree in Business Administration to make him an asset to the swine industry from a marketing and financial standpoint; this will keep him involved in the industry that he holds near and dear to his heart. He is also leaving his mark on youth across the country, serving on the NJSA Junior Board of Directors as President.

### James DeRouchey (Senior)

James is originally from Wamego, Kansas, however he is currently studying Agricultural Business with a minor in Animal Science and Personal Finance at Kansas State University. James has been involved with the NJSA since he was young and is now a contributing member of the NJSA Junior Board. In the future, James hopes to become a financial advisor for a large-scale commercial swine operation while still supporting youth in the agricultural industry.

## TC Trailers Scholarship

TC Trailer Sales, a utility trailer dealer serving Indiana and surrounding states for 25 years, is proud to support the NJSA and its efforts to help youth through educational opportunities. One \$500 scholarship is sponsored by TC Trailer Sales and will be awarded to a high school senior planning to attend college in the fall semester of the year the scholarship is awarded. The scholarship will be awarded on the basis of demonstrated academics, leadership activities, and community service activities.

### Talena Sprecher

Talena is from Lone Rock, Wisconsin. She recently graduated from Ithaca High School and will be an incoming freshman at Illinois Central Community College, and plans to transfer to a senior college to receive degrees in Agricultural Business and Agricultural Education. Talena's goal is to become an agriculture teacher and FFA advisor to impact the lives of the future generation through livestock projects and Animal Science curriculum.

## Pay It Forward Scholarship

The Pay It Forward Scholarship was funded by the Steve Sell Family's Crossbred Gilt Sale Donation at the 2018 World Pork Expo with intentions to go to NJSA members that enrolled in post-secondary institution and majoring in an agricultural-related field.

### Justin Michael

Justin is from Farmersville, Ohio and is currently a freshman at Iowa State University. He is currently studying Agricultural Engineering and hopes to obtain a career designing livestock facilities. His family currently owns and operates a 60 sow showpig operation, which he will continue to be a part of after graduation, and will continue to give back to the younger generation.

## Employees Making Professionals Scholarship

The staff at the NSR recognizes our organization would not be what it is without the members it represents. Because of this our ideal candidate is someone who holds aspirations to pursue a career within the pork industry and/or intends on raising and marketing their own purebred seedstock.

### Delaney Frame

Delaney originates from Kennewick, Washington and is currently a junior at Oklahoma State University majoring in Animal Science on the pre-veterinarian medicine pathway. Delaney transferred to OSU from Arizona Christian University where she was a college athlete and also serves on the NJSA Junior Board of Directors. Her long term goals are to become a practicing veterinarian with an emphasis in food animal medicine.

## Darrell Anderson Future Breeder Award

The Darrell Anderson future breeder award was established to assist future breeders in the development of a successful breeding program utilizing purebred genetics of the four NSR breeds. Darrell Anderson of West Lafayette, Indiana is credited with creating the NSR and directing the breeds. It was his vision to lead the NSR through its early years, and now this scholarship is another way he is giving back to the future of the swine industry.

## Brody Nemecek

Brody is from Iola, Kansas. He began his college career at Butler Community College as a member of the Livestock Judging Team and is now a junior at Kansas State University working to obtain his degree in Animal Science and Agricultural Business. After graduation, Brody plans to pursue a master's degree in Business Administration to make him an asset to the swine industry from a marketing and financial standpoint;

this will keep him involved in the industry that he holds near and dear to his heart. He is also leaving his mark on youth across the country, serving on the NJSA Junior Board of Directors as President.

## Dennis Wilber Memorial Scholarship

After Dennis Wilber passed away, many friends, colleagues and industry enthusiasts reached out asking how or what could be done to honor him? After many thoughts, ideas and discussion the decision was made to offer a Hampshire bred female owned by Dennis in the NSR Collector's Edition to start a scholarship fund in his memory.

## Hayden Miller

Hayden is from Chatsworth, Illinois where he is a sophomore at Prairie Central High School in Fairbury, Illinois. Hayden plans to attend Joliet Junior College after high school graduation and obtain a degree in Swine Management and Agricultural Production. After college he plans to return to the family farm and focus on a career in the swine industry in sales, genetics, or nutrition while growing his herd of Hampshires allowing him to influence the life of younger kids and give back to the industry that has given countless opportunities to him.

## Hampshire Swine Registry Scholarship

In May of 1893, a small group of Kentucky farmers met in Erlanger, KY, to form the first record association to keep the blood pure in these black hogs with a white belt. The first record association was called the American Thin Rind Association. This belted hog had various other names in those days, including McGee hog, McKay, Saddleback and Ring Middle. Because this hog was known by so many different names, the name was changed in 1904 to the American Hampshire Record Association. The Hampshire Swine Registry Scholarship has been founded to provide financial support to NJSA members that have a passion for the Hampshire breed.

## Justin Michael

Justin is from Farmersville, Ohio and is currently a freshman at Iowa State University. He is currently studying Agricultural Engineering and hopes to obtain a career designing livestock facilities. His family

currently owns and operates a 60 sow showpig operation, which he will continue to be a part of after graduation, and will continue to give back to the younger generation.

## Everett Forkner Scholarship

Everett Forkner and his Family have generously agreed to establish the Forkner Family Visionary Leadership Fund to support future scholarship and leadership programs of the National Junior Swine Association. This scholarship is meant to help young people interested in working with pigs and remaining as successful contributors of the industry.

### Kaleigh Byram

Kaleigh is originally from Sheldon, Missouri and is currently a junior at Oklahoma State University majoring in Animal Science with a concentration in Pre-Veterinary Medicine. Kaleigh's career goals include operating her own veterinary business where she will focus on large animals and show stock combining the benefits of traditional veterinary medicine with chiropractic services. She plans to utilize her unique skill-set and experiences to assist both commercial and show producers in reaching their animals' maximum potential.

## Clay and Deanna Zwilling Scholarship

Clay Zwilling, Former CEO of the NSR, along with his wife Deanna, graciously established this scholarship to help support future leaders in the agriculture industry and return support to the organization that has a significant meaning and impact to their family.

### Jentry Squires

Jentry is from Purcell, Oklahoma and is currently a junior at Oklahoma State University. She has been a contributing member of the Livestock Judging Team and plans to graduate with a major in Animal Science and a minor in Agricultural Business. Jentry has a strong passion for educating young agriculturalists and has a goal of creating a platform that can allow students to succeed in the livestock industry.

## Friends of the Exchange Scholarship

The Exchange is a multi-specie event, founded by Kennedy Ventures, to provide a platform for the promotion and marketing of livestock within the show industry. Todd and Blake Kennedy along with "The Friends of The Exchange" wish to offer a scholarship through the National Junior Swine Association that will be awarded to a deserving individual demonstrating leadership potential across species.

### Klara Leach

Klara Leach is a senior from Lexington, Indiana. After High school she plans to attend Black Hawk East College in Galva, Illinois where she will be a member of the Livestock Judging Team. After Black Hawk, she plans to further her education at a university, majoring in Agricultural Economics and Animal Science. After college her goal is to obtain her law degree to advocate on behalf of the agriculture industry.

## Juniors Helping Juniors Scholarship

This scholarship is funded from premium checks that Junior Members have donated back to the NJSA. The funds are derived solely from NJSA members donating their show premiums to this cause. As a result, we feel it is our obligation to help the most deserving students

### Talena Sprecher

Talena is from Lone Rock, Wisconsin. She recently graduated from Ithaca High School and will be an incoming freshman at Illinois Central Community College, and plans to transfer to a senior college to receive degrees in Agricultural Business and Agricultural Education. Talena's goal is to become an agriculture teacher and FFA advisor to impact the lives of the future generation through livestock projects and Animal Science curriculum.

### James DeRouche

James is originally from Wamego, Kansas, however he is currently studying Agricultural Business with a minor in Animal Science and Personal Finance at Kansas State University. James has been involved with the NJSA since he was young and is now a contributing member of the NJSA Junior Board. In the future, James hopes to become a financial advisor for a large-scale commercial swine operation while still supporting youth in the agricultural industry.

### Jade Parrish

Jade is originally from Parrish, Florida and is currently a junior at Kansas State University pursuing a degree in Animal Science with a Business Option. She has been an NJSA member for the past 6 years, and in which two of them she served as a Junior Board Director. Jade's future goals are to work for a company where she can still advocate to the youth on the importance of the swine industry and its opportunities within.

## Robert & Charlotte Wehmer Scholarship

Robert and Charlotte Wehmer were long time supporters of the National Swine Registry, National Junior Swine Association and youth livestock programs. The Wehmer family has a special place in their hearts for the show pig industry and has chosen to carry on the family's passion by offering a scholarship to a student who participates in their community, pursues academic excellence and embraces the family friendly culture of pig shows.

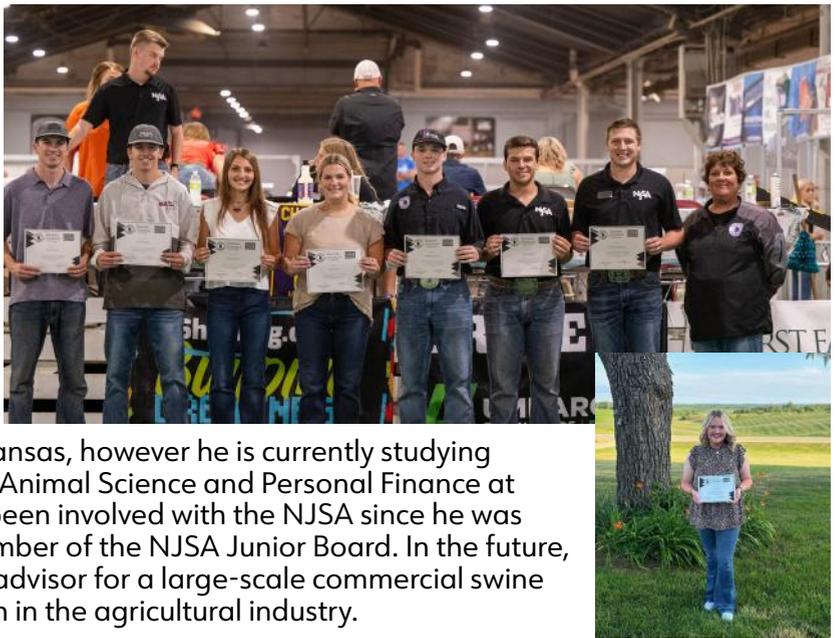

### Ashtyn Harvey

Ashtyn is an upcoming sophomore at Lake Land College in Illinois and is originally from Straughn, Indiana. Where she plans to compete on the Livestock Judging Team and then transfer to a four year university to major in Health Sciences and minor in Agricultural Business and one day become a dental hygienist. She was a 13 year member of the NJSA and her three statements to live by are "find your circle, be you, and make an impact."

## Danner Livestock Scholarships

Susan, Chris and Blake Danner graciously established this scholarship to help support future leaders in the agriculture industry and return support to the organization that has a significant meaning and impact to Danner Livestock

### James DeRouche (\$1000)

James is originally from Wamego, Kansas, however he is currently studying Agricultural Business with a minor in Animal Science and Personal Finance at Kansas State University. James has been involved with the NJSA since he was young and is now a contributing member of the NJSA Junior Board. In the future, James hopes to become a financial advisor for a large-scale commercial swine operation while still supporting youth in the agricultural industry.

### Jentry Squires (\$1000)

Jentry is from Purcell, Oklahoma and is currently a junior at Oklahoma State University. She has been a contributing member of the Livestock Judging Team and plans to graduate with a major in Animal Science and a minor in Agricultural Business. Jentry has a strong passion for educating young agriculturalists and has a goal of creating a platform that can allow students to succeed in the livestock industry.

### Emile Limoges (\$1000)

Emile is from Zephyrhills, Florida and is currently a freshman at Black Hawk East College in Galva, Illinois. He is a contributing member of the Livestock Judging Team where he is studying Agricultural Business. After Black Hawk he plans to transfer to a four-year university to complete his degree. Emile's future goals are to attend law school and become an attorney that focuses on agricultural issues and policies while advocating for the swine industry.

### Matthew Ferrell (\$500)

Matthew is from Quitman, Georgia and is a recent graduate of Brooks County High School. He plans to attend college and receive a degree in Agricultural Business. Matthew has held leadership positions within organizations like FFA and the Georgia National Fairgrounds Ambassador Team. In the future, his goal is to become a sales representative for a show feed company and raise showpigs for youth exhibitors.

### Klara Leach (\$500)

Klara Leach is a senior from Lexington, Indiana. After high school she plans to attend Black Hawk East College in Galva, Illinois where she will be a member of the Livestock Judging Team. After Black Hawk, she plans to further her education at a university, majoring in Agricultural Economics and Animal Science. After college her goal is to obtain her law degree to advocate on behalf of the agriculture industry.

### McLain Engnell (\$500)

McLain is from Good Hope, Illinois and recently graduated from Lake Land College. In the Fall she plans to transfer to Kansas State University to study Elementary Education with a minor in Special Education. Although her career path is not agriculture related, McLain has a future goal of educating youth about the livestock and agriculture industry within her learning environment.

### Justin Michael (\$500)

Justin is from Farmersville, Ohio and is currently a freshman at Iowa State University. He is currently studying Agricultural Engineering and hopes to obtain a career designing livestock facilities. His family currently owns and operates a 60 sow showpig operation, which he will continue to be a part of after graduation, and will continue to give back to the younger generation.

### Ryan Michael (\$500)

Ryan is from Farmersville, Ohio and is currently a junior at The Ohio State University. He is currently studying Agricultural Business and Applied Economics while also being a contributing member of the Livestock Judging Team. Ryan's future goal is to return home and continue to raise showpigs, being the 4th generation to operate their farm while also having the opportunity to evaluate livestock at shows all over the country.

## American Yorkshire Club Scholarship

The AYC Board of Directors are dedicated to youth development and have established a scholarship. The American Yorkshire Club Scholarship has been founded to provide financial support to NJSA members that have a passion for the Yorkshire breed.

### Taylor Fent

Taylor is from Wyandotte, Oklahoma where she is currently a freshman at Northeastern Oklahoma A&M College. After NEO, she plans to transfer to Oklahoma State University and major in Animal Science. Taylor has shown and raised Yorkshires for 10 years, as her first showpig was a Yorkshire. Her future goal is to work within the swine industry and give back to what has supported her.

## Mike Cox Scholarship

Mike Cox was a family man that enjoyed spending time with his wife and kids at pig shows. He knew the importance of putting in the work at home and loved helping his kids practice their showmanship skills in the yard with him as the judge. Between getting ready for and going to shows, Mike and his family were actively involved in their church and community. He enjoyed providing entertainment for friends and family and could often be found at the grill or in the kitchen. The Cox family has a special place in their hearts for the showpig industry and their community and has chosen to carry on Mike's legacy by offering a scholarship in his name to a student pursuing a degree in agriculture that participates in their community, pursues academic excellence and embraces the family friendly culture of pig shows.

### Klara Leach

Klara Leach is a senior from Lexington, Indiana. After high school she plans to attend Black Hawk East College in Galva, Illinois where she will be a member of the Livestock Judging Team. After Black Hawk, she plans to further her education at a university, majoring in Agricultural Economics and Animal Science. After college her goal is to obtain her law degree to advocate on behalf of the agriculture industry.

## NJSA Visionary Leader Scholarship

The National Junior Swine Association Visionary Leader Scholarship has been established to recognize one member of the NJSA Board of Directors for his or her outstanding contributions and service to the members of the NJSA. The rankings will be compiled by NSR and winners will be announced at the National Junior Summer Spectacular. This scholarship can only be won one time.

### Brody Nemecek

Brody is from Iola, Kansas. He began his college career at Butler Community College as a member of the Livestock Judging Team and is now a junior at Kansas State University working to obtain his degree in Animal Science and Agricultural Business. After graduation, Brody plans to pursue a master's degree in Business Administration to make him an asset to the swine industry from a marketing and financial standpoint; this will keep him involved in the industry that he holds near and dear to

his heart. He is also leaving his mark on youth across the country, serving on the NJSA Junior Board of Directors as President.

## The Maschhoffs Scholarships

Many members of The Maschhoffs team were members of 4-H or FFA, including the company owners. Leaders within the company understand the value that programs like these bring in the development of future leaders. The Maschhoffs got involved with NJSA because they see an audience of youth with a common interest in the swine industry. Through NJSA, The Maschhoffs have an avenue to interact with youth that have an interest in swine and as part of that interaction, they hope to provide exposure to the opportunities that exist throughout the industry and within their company. The Maschhoffs hope to show members that they can make a career centered around their passion, whether it is in swine production or as a support to production. Involvement in the NJSA provides The Maschhoffs an opportunity to play a role in enhancing youth enthusiasm toward the industry, and hopefully provide opportunities for future careers.

### Blake Moeller

Blake is from Kewanee, Illinois and will be a junior at Iowa State University in the Fall. There he will be pursuing his degree in Animal Science, to better qualify him for a future career within the Swine Industry. He has a very strong background in both the production and show side of the industry, and has a strong interest in the nutrition side of the business.

### Emile Limoges

Emile is from Zephyrhills, Florida and is currently a freshman at Black Hawk East College in Galva, Illinois. Here is a contributing member of the Livestock Judging Team where he is studying Agricultural Business. After Black Hawk he plans to transfer to a four-year university to complete his degree. Emile's future goals are to attend law school and become an attorney that focuses on agricultural issues and policies while advocating for the swine industry.

### James DeRouchey

James is originally from Wamego, Kansas, however he is currently studying Agricultural Business with a minor in Animal Science and Personal Finance at Kansas State University. James has been involved with the NJSA since he was young and is now a contributing member of the NJSA Junior Board. In the future, James hopes to become a financial advisor for a large-scale commercial swine operation while still supporting the agricultural youth industry!

### Ellen Collins

Ellen is from Flatwoods, West Virginia where she is currently a junior at West Virginia University and pursuing her degree in Animal Science. In the future she hopes to raise seedstock with good genetics to benefit other producers.

### Riley Smallen

Riley is from Tellico Plains, Tennessee where he is a recent graduate of Sequoyah High School. Her future plans are to pursue a degree in Agricultural Business with a focus in Agricultural Policy and Law. Outside of the swine industry Riley raises and shows Simmental cattle and has been a contributing member of her 4-H club.

## Funding the Future Scholarship

The Funding the Future Scholarship was funded by National Swine Registry members who selected to contribute 1% of their seedstock sales to the National Junior Swine Association with intentions to provide funds to a NJSA member that is majoring in an agricultural-related field.

### Carter Hoge

Carter is from Macomb, IL where he is a recent graduate of Macomb Senior High School. In the fall Carter plans to attend a junior college where he will be on the Judging Team. After junior college he plans to transfer to a university where he will major in Agricultural Business and Animal Science. Carter's future goals are to work within the livestock industry where he can help the youth find their path and passion.

## Rolling into Success Scholarships

These four (4) \$2,500 scholarships were formed by the National Junior Swine Association from the World Pork Expo trailer spot auction with intentions to go to NJSA members that enrolled in post-secondary institution and majoring in an agricultural-related field. Our ideal candidate is someone who sticks out amongst the crowd of applicants and represents the four pillars of the National Junior Swine Association; competition, leadership, education and scholarship.

### Lane Higbie

Lane is a senior from Quenemo, Kansas and will be continuing his education at Butler Community College in the Fall. Here he will be a member of the Livestock Judging Team while pursuing a degree in General Agriculture. After Butler he plans to transfer to a four-year university to complete his degree. Lane's future goal is to make and develop connections with those in the industry through a field representative type career, while continuing to raise showpigs for junior members to exhibit.

### James DeRouchey

James is originally from Wamego, Kansas, however he is currently studying Agricultural Business with a minor in Animal Science and Personal Finance at Kansas State University. James has been involved with the NJSA since he was young and is now a contributing member of the NJSA Junior Board. In the future, James hopes to become a financial advisor for a large-scale commercial swine operation while still supporting the agricultural youth industry!

### Brody Nemecek

Brody is originally from Lola, Kansas, but is currently a junior at Kansas State University where he plans to obtain a master's degree in Business Administration. Brody currently serves as the President of the NJSA Junior Board and is no stranger to the youth swine industry. In the future, Brody hopes to continue to raise purebred hogs while helping youth succeed in agricultural pursuits.

### Jade Parrish

Jade is originally from Parrish, Florida and is currently a junior at Kansas State University pursuing a degree in Animal Science with a Business Option. She has been an NJSA member for the past 6 years, and in which two of them she served as a Junior Board Director. Jade's future goals are to work for a company where she can still advocate to the youth on the importance of the swine industry and its opportunities within.

## Herdsmen of the Year Award

The Herdsmen of the Year award is for an NJSA member that has shown excellence and leadership at NJSA events. This person has been chosen to be an advocate for the NJSA without being prompted. They exemplify what a positive attitude should be, how to 'get out of their box' and encourage members to be active, and been an advocate for our industry.

Brody and Kyser Nemecek are from Lola, KS. These two individuals have become a force to be reckoned with. Brody held the 2022-2023 NJSA Junior Board President officer position and set an exemplifying example of what a leader to our kids should look like. Kyser is continuing his showing career with many years to come, and is bringing a competitive advantage each time he sets foot in the ring. Both Brody and Kyser are setting the standard of what novel young professionals should look like growing up in this industry. These two have participated at all the National and Regional Shows NJSA has to offer and they continue to see success in their own operation in Kansas. Brody and Kyser are always quick to help when needed and set a great example of what NJSA members should strive to be. Through their time exhibiting at NJSA events, their growth not only as competitors, but into young adults that continue to advocate for the purebred swine industry has been evident to those around them.

## 2023 Hampshire Meritorious Service Awards

### Warren Beeler

Warren Beeler is from Caneyville, KY where he resides on a 220-acre livestock farm with his wife, DeeDee. They have been married for 40 years, have five children and two grandchildren. He is a 1977 graduate of Western Kentucky University where he received his Bachelor's Degree in Animal Science. Warren started working for the American Yorkshire Club in 1977 as their first Southwest Fieldman. He served a little over a year before returning to the Southeast to represent the Hampshire breed for three years. Warren has worn many hats, including working as the former Executive Director to the Governor's Office of Agricultural Policy and serving over 16 years with the Kentucky Department of Agriculture. He has been inducted into the Kentucky Pork Producers Hall of Fame, the University of Kentucky Animal Science Hall of Fame, has been the WKU Agriculture Alumnus of the Year and the Distinguished Rural Kentuckian of the Year. In 2007 Warren received the NJSA Distinguished Service Award. Warren has judged livestock shows for 46 years in 43 states.

### Bob & Diane Meeker

Herd: Robert Meeker Family (RMF Herdmark)

Herd Started: 1942 with Robert Sr, Bob farrowed his first 4-H Hampshire sow In 1961

Family: Diane, married 49 years will be celebrating 50th In December, Meg and Dennis Baer, Kelsi and Robby Meeker, Molly and Andy Hayes- Four grandsons Drew, Brett Grant and Craig Hayes  
Education: Bob graduated in 1975 from the University of Illinois with a Bachelor's Degree in Animal Science. Member of Meats, Livestock & Aksarben teams  
Farming: Currently grow commercial corn, seed corn production and soybeans in central IL They have 25 purebred Hampshire & Duroc Sows.

Bob has a passion for raising purebred swine and Hampshires have always been a mainstay in Emden. A few main goals of the operation have been raising productive Hampshires that are belted with good underlines and always functional in the breeding pen and crate. For three decades, Bob and Diane hosted a Hampshire Production sale at the farm. Many memories from across the country still get talked about today from these production sales. Three legendary auctioneers sold the pigs off the farm; Colonel Leroy Van Dyke, Colonel Dan Baker as well as Colonel Kevin Wendt. The production sales were highlighted by Elite Belted females. One summer the Meeker Hampshire's production sale yielded a higher Hampshire gilt sale average than the Summer Type Conference. Meeker Hampshires was prided on Selling Elite Hampshire Breeding Stock year after year, creating foundation sows for many. Robert Meeker has had four sows inducted into the Hampshire Brood Sow Hall of Fame: Nellie 1-2, Grape, Trisha and Leah. The Grape sow line is still going strong here in 2023. His family showed at the Illinois State Fair every year since 1957, with Exception of 1986, when their herd broke with pseudorabies. They have had five Hog College Gilts at the National Barrow Show. One of the first memorable years was in 1994 when Robby was six weeks old. They had great success at the World Pork Expo with the honor of showing the Grand Champion Boar which sold for \$10,000, a 3rd place top selling boar for \$12,500 and a gilt that sold for \$4,300. Notable boars they have raised include: Air Force One, Bill, Chiller, Longhorn, Gold Pipe, Chucky, L & M, Clyde, Oakie Thri.11, Doak, Big Mac. Game Over, Grand Entrance, High Expectations, Iron Clad, The Beast, Breed Em Up, Evangelist, War Zone, Ambition, Maverick, Viper, Off The Charts and Traded UP.

# THROUGH THE EYES OF THE INTERNS

**H**ow do you picture a perfect summer in college? Well for these four young adults, their perfect summer meant working for the National Swine Registry. From days in the office, to days in the field, to days at shows; these four interns spent their summer serving the industry that built them into the strong individuals they are today. Today, it's your turn to get to know the faces you have been seeing around this summer.

## **Sydney Altman, IN**

Sydney Altman is the in-office, year around intern currently with the National Swine Registry. Sydney is currently going into her senior year at Purdue where she is completing her degree in Agricultural Communications. During the school year Sydney works with Bailey Craft helping with the Junior Board and educational activities. However, during the summer she works more with Lisa Kennedy in the office and does results at shows. On a typical day, Sydney works to keep the filing

database current and complete a handful of pedigree transfers. As they come closer to an event, she helps to prepare details that make the show run smoothly. Sydney's favorite memory from this summer was working check in at the Junior Shows. "I love seeing all of the exhibitors' smiles and getting to speak with them before the busyness of the week takes over," said Sydney.

Sydney loves her job at the National Swine Registry and has learned so much over the past year. When asked about the best thing she's learned Sydney said, "No job is a little job. There are a million aspects of running an event that depend on one another. If a small detail is ignored, it will affect something down the line. Being diligent and patient will take you far and saying thank you is always appreciated."

Since Sydney has so much experience in the office, she has so much wisdom to share with the next person that could be stepping into her shoes. Her advice to someone that is looking for an internship with the National Swine Registry she said, "The work done in the office is just as valuable as the work done at a show, if not more. It is important to take every opportunity to learn and connect with others in and out of the office and to use those opportunities to develop your skill set."

**"I LOVE SEEING ALL OF THE EXHIBITORS' SMILES AND GETTING TO SPEAK WITH THEM BEFORE THE BUSYNESS OF THE WEEK TAKES OVER"**  
**-SYDNEY ALTMAN**

*Written by Olivia Newcom*

## **Delaney Hemann, IL**

Delaney Heman was the 2023 Events and Education Intern, where she worked side-by-side with Bailey Craft, who manages the Junior Board, Junior Shows, and many other activities that the National Swine Registry offers. Delaney is going into her junior year at Oklahoma State University where

**"SEEING ALL THESE KIDS COME TOGETHER, TEAM UP, AND MAKE NEW FRIENDS WAS VERY REWARDING."**  
**-DELANEY HEMANN**

she is double majoring in Agricultural Communications and Animal Science. Delaney's favorite experience from this summer was the 2023 NJSS Barnyard Olympics. When asked about the event she said, "It was so enjoyable to watch the kids work together and let loose. Pig shows normally have a sense of tension due to the competitive nature of the sport, but seeing all these kids come together, team up, and make new friends was very rewarding."

Delaney spent a lot of time alongside Bailey and credits her with how much she was truly able to learn during her internship. "There is so much more that goes into planning a show than I would have ever realized. It's the little details that are often overlooked that pose the largest impact. With this, I had to ask Bailey many questions to the point where I would ask if I was asking too many questions. This was completely new to me this summer, but I am so grateful that I was able to learn from someone like Bailey. She helped me realize the importance of finding people who want to watch you grow as an individual and keeping them in your corner."

Delaney will always be grateful for the opportunity that she was offered. The advice Delaney would give to people in the industry is, "people will always remember how you treat them, good or bad. Being kind and having grace with others will always go a long way. We truly never know what someone else is going through or what they have experienced, so always remember to be kind!"

### **Ryan Michael, OH**

Ryan Michael was the 2023 field staff intern working with and learning from Mick Bellamy. He is currently going into his senior year at Ohio State completing his degree in Agricultural Business. Throughout the summer, Ryan traveled the country looking at pigs and connecting with breeders. Ryan described the job as, "being the bridge between the buyers and sellers in the industry." Ryan was stretched to his limits and able to learn so many new skills. "My favorite experience is just getting to ride around and visit with breeders I've looked up to my entire life," said Ryan.

To any other college kid looking into the field staff internship, Ryan said, "If you are passionate about the purebred swine industry and enjoy the challenge of trying to breed and evaluate purebred hogs I would highly recommend this internship." Ryan cannot say enough good things about the breeders who welcomed him with open arms and the opportunity to learn. He described this summer as, "Truly the most enjoyable summer of my life."

### **Keaton Woods, IN**

Keaton Woods was the 2023 Certified Duroc Pork intern, working closely with Matt Claeys. Keaton is currently going into his senior year at Texas A&M studying Animal Science. Keaton had many roles within the National Swine Registry this summer, he started out working with the beginning stages of Certified Indiana Duroc Pork and then transitioned to more of a role helping with the National Junior Shows. When asked about his favorite memory from this summer, Keaton said, "I would definitely have to say getting the opportunity to meet so many families from across the country, and getting to have a small impact on their experience at a National Show."

Keaton's eyes were truly opened to all of the work that goes into a National Show when he got to work alongside the National Swine Registry employees that put them together. "The one that stuck with me was all of the countless hours and thinking ahead that goes into a show. Growing up going to

**"[MY FAVORITE MEMORY IS] GETTING THE OPPORTUNITY TO MEET SO MANY FAMILIES FROM ACROSS THE COUNTRY"  
-KEATON WOODS**

shows all across the country, I would have said I know how to run a show or even plan for a show. I was simply wrong, and I am so grateful to have been able to be alongside Matt and Bailey and the other Staff members and get to see what really goes into the planning stages and then the execution of a National Show. The Staff, Junior Board, and Volunteers do not get enough thank you's, so say the simple thank you" said Keaton.

Keaton's advice to anyone stepping into his shoes next summer would be, "To be the best version of you, because there are always going to be kids looking up to you as their mentor.

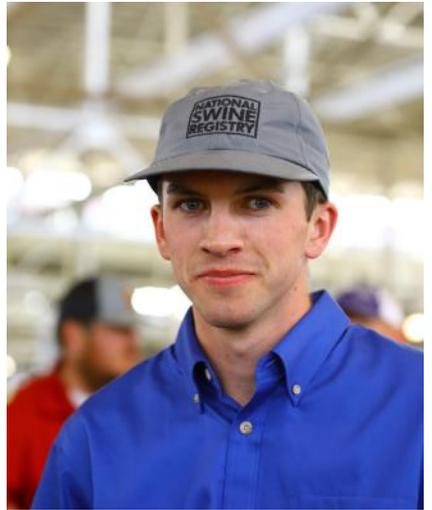

I wouldn't change anything about my experience, and I am excited to be taking the knowledge I learned into my future endeavors."

Now that you have had the opportunity to meet the faces you've been seeing all summer, next time you see one of them stop them and ask more about their experience interning for the National Swine Registry.

Now that you have had the opportunity to meet the faces you've been seeing all summer, next time you see one of them stop them and ask more about their experience interning for the National Swine Registry.

**"MY FAVORITE EXPERIENCE IS JUST GETTING TO RIDE AROUND AND VISIT WITH BREEDERS I'VE LOOKED UP TO MY ENTIRE LIFE."

# Women IN AGRICULTURE

Written by Landry M. Kaysen

*Inspiring others to  
make a difference  
in the industry*

Close your eyes and think about agriculture. What do you see? A full barn? A conference room filled with the biggest leaders in the industry? Scientists developing new vaccines? Consumers purchasing our product? When I envision our industry I picture three of my biggest role models. Jodi Sterle, Kyndal Reitzenstein, and Cheryl Day. Each of these women have changed my perspective of the industry. They're achievers, thinkers, wave-makers, and these are their stories.

### Jodi Sterle

Jodi Sterle grew up immersed deeply in agriculture since she was in grade school. She was raised on a small diversified farm in South East Michigan. A big part of her life was that her dad always had a "season for everything." She told me, "My dad didn't treat me and my brother any differently, we both had to do the work." This ambition helped her on her way to the extremely successful career she has today.

Sterle started her college experience at Michigan State and majored in animal science. Originally, she didn't plan on going to grad school. Dr. Sterle recalls herself as, "a great student leader, but not as great of a student." Eventually, she landed at the University of Missouri to pursue her Master's and Ph.D. in Swine Reproduction. Today, she teaches at Iowa State. When I asked her why she fell in love with teaching, Dr. Sterle explained that it was because she liked developing leaders. She says, "I really, really like to interact with students outside of the classroom...just developing students while they are in college and helping them find where their passion is."

In her career, she did face a lot of challenges. She remembers when she started one of her first jobs at Texas A&M, as a county extension agent said to her, "You're female, you're 26, you're not a Texan and you're not an Aggie? Last time I checked, you only get three

strikes before you're out in baseball." Sterle admits that at first it was hard as a female working in her field, but once she proved herself and "paid her dues" they accepted and supported her to the end.

Because of Dr. Sterle's perseverance and confidence, Iowa State has grown exponentially. When Sterle started at the University, there were 7 female professors, now there are 19. In addition, 80% of the undergraduate students are female! Acknowledging this statistic, Sterle says that we can't keep agriculture growing with, "just farm kids." She reminded me that to have a successful industry we need to be welcoming of people of all backgrounds to bridge the gap. To use her words, "Women are great communicators, maybe we're the ones to bridge the gap."

***"Women are great communicators, maybe we're the ones to bridge the gap."  
-Jodi Sterle***

## Kyndal Reitzenstein

Kyndal Reitzenstein showed cattle and hogs all her life, but her truest love was livestock judging. After a high school experience filled with 4-H and FFA, she went to Redlands Community College in El Rino, Oklahoma to pursue it further. There she was the only woman on her team. Eventually, she went to Oklahoma State to compete and double major in Animal Science and Agricultural Communications.

Soon after, Kyndal's talent for judging became too great to go unnoticed and she was asked to be the Assistant Judging Coach at OSU. Realizing that being away from her family and her animals wasn't sustainable, she moved back home where she received the opportunity to become the first female livestock judging coach at Colorado State University. Kyndal didn't just coach for the love of the thing itself, she loved working with the kids

more than anything. But this wasn't necessarily the future that she had planned for herself. When I asked her what inspired her to become a coach she said, "I probably never would have said [that] I want to be a [coach] someday. That wasn't my goal." She described it as more of an epiphany. Kyndal's career had its ups and downs; she remembers having to overcome a lot of peoples' stereotypes of her. The judging world is very male-dominated and she had to strive to prove herself.

After years of work, she was finally asked to judge a national show. As the only female judge there she recalls a lot of pressure was on her. She told me, "If you put yourself in that position to be successful and to compete against anybody in this industry...then you should be able to do anything you want." But without these challenges, Kyndal wouldn't be the woman she is today. They helped her to learn how

to give herself a voice and prove to herself that she can do it. Because of Kyndal's willingness to break through barriers, things are evening out in the livestock judging world. There has been an over 50% increase in females that are being recruited onto judging teams. To encourage this growth, she implores young women to always have someone to look up to and never be scared to ask questions and try something new.

*"If you put yourself in that position to be successful and to compete against anybody in this industry... then you should be able to do anything you want."*

*-Kyndal Reitzenstein*

*“The customer is always right, but I’m not going to go out of my way to do business with you if you can’t treat me as an equal.”*  
*-Cheryl Day*

### **Cheryl Day**

Cheryl Day’s family owned a farm in Illinois with “everything but chickens”, a grain elevator, and a feed mill. After she graduated college, her plan was to go into the feed merchandising field, but after about 4 years working with ADM, she realized that her passions lay elsewhere.

The thing that kept her in touch with agriculture was the people. She wanted to give producers a voice and advocate for them, so she made a career change and began working for Feed Stuffs Magazine. According to Day, this is where her creative side,

“kicked in.” She worked her way up and eventually moved on to be the editor for National Hog Farmer.

After a few years, the magazines started to move away from print and Day realized that writing wasn’t challenging her like it used to: That was when she was appointed as the State Executive of Ohio Pork. Day says that her creativity was a big strength to her in this particular career. She says that her magazine experience taught her how to “exercise her right to think outside the box and be a big thinker.” This allowed her to communicate with the producers and cater directly to them.

But Day didn’t always have the kind of respect that she does today. When Day was still running her farm and feed mill, she remembers being talked over in a lot of conversations. Breeders tended to gravitate to her husband, refusing to include her in conversations that had huge impacts on her operation. Day told me, “The customer is always right, but I’m not going to go out of my way to do business with you if you can’t treat me as an equal.” This even happened in professional settings. Often the only female in the room, at the magazine, being ignored was not uncommon. She said, “It’s hard to not take that personally and

let it beat you down but at the same time sometimes you do have to [be] firm...and if you let it happen then you are giving them permission to keep doing it.”

But there is a lot being changed. Women are becoming more prominent in executive roles all over the country and a lot of awareness has been brought to this issue because of Day’s story. But we still have a long way to go. One of Day’s biggest goals has always been to, “make it better for the next woman” and anyone that knows her can firmly say that she has done that very well.

These are not the only women to make an impact in agriculture, it has taken many years and many accomplished and outspoken individuals to gain the progress we have now. And while we’ve come a long way, there are still areas that we lack and it is our responsibility to make agriculture a place where everyone has the opportunity to make a difference. We all, male or female, have a lot to learn from these three ladies and I can only hope that I’ve inspired you today to go out and make a difference yourselves.

# NATIONAL SWINE REGISTRY

# **CROSS X CHECK**

## CROSSBRED CERTIFICATION PROGRAM

**\$20** PER HEAD TO REGISTER A CROSSBRED BOAR

**\$10** PER HEAD TO REGISTER A CROSSBRED FEMALE

**\$15** TO REGISTER A CROSSBRED LITTER

# Why?

DNA banking your crossbred boars provides an independent third-party bank of samples for future DNA testing, such as parentage verification.

The value of registering your crossbred animals provides an independent third-party verification of lineage, providing documented crossbred genetics to more accurately determine an animal's true genetic worth.

**Keep  
Your Pigs  
HEALTHY**

**BIOSECURITY is a critical step to keep your pigs healthy... BEFORE, DURING and AFTER a pig show.** Following these easy steps can keep your animals healthy and protect pigs across the country from getting sick.

**BEFORE THE SHOW follow these steps:**

- If a pig is sick, call your veterinarian and **do not** attend a fair or exhibition.
- Before going to an exhibition, **clean and disinfect** your show box, equipment and truck and trailer.
  - ✓ Clean, disinfect and dry all equipment to be used
  - ✓ Use disinfectant according to its label

**DURING THE SHOW take these simple steps:**

- **Keep your pen area clean** and do not share equipment with other exhibitors.
- **Wash your hands often** with soap and running water before and after you have contact with animals. If soap and water are not available, use an alcohol-based hand rub.
- **Monitor your pigs** for any signs of illness
- **Report any illness** to the veterinarian on-call.

**AFTER THE SHOW when you come home from a fair/exhibition:**

- **Quarantine your pigs** and watch for signs of illness
- **Clean and disinfect** your trailer and all equipment (show boxes, feed pans, etc.)

For more information about Biosecurity, ASF and other foreign animal diseases, including *A Champion's Guide to Youth Swine Exhibition*, visit [porkcheckoff.org](http://porkcheckoff.org)

**Be Aware of African Swine Fever**

African swine fever (ASF) is a foreign animal disease, meaning it is not currently seen in the United States. However, ASF is a very serious and costly disease that is spreading rapidly across Asia (including China), parts of Europe and Africa.

ASF can affect all ages and types of pigs, but **ASF DOES NOT AFFECT PEOPLE.** There is no treatment or vaccine available to control ASF. The only way to prevent the spread of the disease is to humanely euthanize infected pigs.

**The clinical signs of ASF in pigs include:**

- ✓ Very high fever (>105°F)
- ✓ Pigs off feed
- ✓ Weakness, diarrhea, vomiting
- ✓ Red, blotchy skin
- ✓ Difficulty breathing

The ASF virus can spread through direct contact with infected pigs and through contact with things such as boots, brushes or other equipment.

**If your pig has signs of illness, contact your veterinarian immediately.**

If possible, isolate ill animals from healthy pigs. Do not transport or market pigs that are showing illness. Basic biosecurity steps can help prevent the transmission and spread of many pig diseases, including ASF.

# MARK YOUR CARDS

The Seedstock EDGE Media Staff knows how much the membership loved the Picture Judging Contest. We are providing classes and officials from collegiate livestock judging teams in each issue of the Seedstock EDGE.

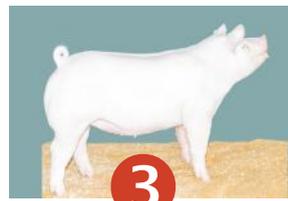

**Class 1- Landrace Gilts** Scenario: Rank these gilts as they would be retained by a breeder who plans to utilize these females to produce gilts and barrows for junior exhibitors that can be competitive in upcoming NJSA shows.

EPDs: +0.42 NBA, 119 SPI, 115 TSI

EPDs: +0.35 NBA, 117 SPI, 111 TSI

EPDs: +0.33 NBA, 116 SPI, 110 TSI

EPDs: +0.40 NBA, 117 SPI, 118 TSI

**OFFICIAL: Oklahoma State University- Stillwater, OK**  
Livestock Judging Team Coach- Parker Henley

**Official Placing: 1-4-2-3 Cuts: 5-3-2 Reasons:**

I like the Landrace gilts 1423. It's clear, 1 is the best at blending a proportional build with power and that's why she wins. Specifically, the high SPI gilt is more attractive ahead of her blade, bigger in her shape from blade to tail root, and drives out of a leveler and longer hip. I think she's the most competitive show gilt with the best shot of driving a program to success. Now, 4 has more density to her skull, forearm, and foot while still being big ribbed and pliable in her body. But I wish she showcased the same design as the one ahead

of her. She is the quicker more compact gilt that's too short and round out of her hip.

Regardless, her upside for making competitive barrows keeps her over 2 in middle. Not only is 4 higher quality with more stoutness of feature, she's also the high TSI gilt that is bolder in her forerib and lays more expression up high. Sure, 2's taller shouldered and works out of a longer and leveler hip. Yet, the plain, stale, and frailer featured gilt is a bit generic for this progressive firm.

Nonetheless, 2 overwhelms the bottom pair in mass and dimension. The gilt with the bigger vulva showcases herself as the practical ribbed and productive choice. Absolutely, 3 is the fresher skinned, higher presented option who features a ton of extension and youthfulness. Ultimately, the low indexing gilt is the hardest bodied and least dimensional of the class.

**Class 2 Duroc Market Hogs**

**OFFICIAL: Hutchinsom Community College- Hutchinson, KS**  
Livestock Judging Team Coach- Kane Austin

**Official Placing: 1-3-2-4 Cuts: 2-4-5 Reasons:**

We like the Duroc barrows 1324. There's a pair that represent tremendous quality and neat proportions on top. Take your pick, but we'll side with the next level look and design of 1. He's the tall shouldered good looking barrow that is the strongest in his top line. His build and balance is the most eye catching. On the other hand, 3's incredibly dense featured. His skull, forearm and ankle read as burly as they come. He also appears more moderate framed and bolder centered. In a pair of quality market hogs, we got more

picky with his front feet and rounder hip. Still in the middle, his pieces fit together nicer and with a more youthful look up front, and the angle to his blade is substantially more correct.

No doubt, 2 is the muscle hog that reads the heaviest weight. Total end product potential may be in his favor. But the paler skinned, cresty necked 2 barrow reads too straight up front, and he doesn't have the foot size or feature at the surface to match his mass

up high. Regardless, it's genuine muscle content that makes the bottom pair rather routine. We'd expect him to come with more genuine skeletal width to lay the foundation for more spread and shape down his top. Sure the darker red 4 is taller fronted and more extended from blade forward, and he's actually heavier boned. He's just the most generic in his shape and appears to be more awkward in the build of his hip and hind leg. Thank you.

# PORK KITCHEN

## Pork Fajitas

**TIME: 40 MINUTES**

**SERVES: ABOUT 6**

### INGREDIENTS:

1 PORK TENDERLOIN DICED OR SLICED  
2 TABLESPOONS LEMON JUICE  
½ GREEN BELL PEPPER (SLICED)  
6 FLOUR TORTILLAS (WARMED)  
½ ONION (SLICED)

### FAJITA SEASONING:

2 TEASPOONS CHILI POWDER  
1 TEASPOON SALT  
1 TEASPOON PAPRIKA  
1 TEASPOON WHITE SUGAR

½ TEASPOON ONION POWDER  
½ TEASPOON GARLIC POWDER  
¼ TEASPOON CAYENNE PEPPER  
½ TEASPOON GROUND CUMIN

### DIRECTIONS:

1. IN SHALLOW BOWL, TOSS PORK PIECES WITH FAJITA SEASONING AND LEMON JUICE.
2. IN A PAN, HEAT SOME OIL OF YOUR CHOICE. ONCE OIL IS HEATED, FIRST DROP IN YOUR MEAT. WHEN THE PORK IS HALFWAY DONE, THROW IN YOUR VEGGIES AND COOK UNTIL TENDER.
3. WRAP PORTIONS IN FLOUR TORTILLAS, TOP WITH SALSA AND ENJOY!

## Peanut Butter Bacon Cookies

**TIME: 55 MINUTES** **SERVES: 48 COOKIES**

### INGREDIENTS:

1 POUND BACON  
2 ½ CUPS ALL PURPOSE FLOUR  
½ TEASPOON BAKING SODA  
½ TEASPOON BAKING POWDER  
1 TEASPOON SALT  
8 TABLESPOONS BUTTER (1 STICK, CUBED AND SOFTENED)  
1 CUP BROWN SUGAR (PACKED)  
1 CUP SUGAR  
1 CUP PEANUT BUTTER (SMOOTH, NOT NATURAL)  
2 LARGE EGGS  
1 TABLESPOON VANILLA EXTRACT  
1 ½ CUPS SALTED PEANUTS (FINELY GROUND IN A FOOD PROCESSOR)

### DIRECTIONS:

1. PREHEAT THE OVEN TO 375 DEGREES FAHRENHEIT. ARRANGE THE BACON ON PANS AND BAKE FOR 20-30 MINUTES, FLIPPING EACH PIECE HALFWAY THROUGH COOKING. WHEN BACON IS CRISPY, DRAIN THE STRIPS ON PAPER TOWELS. REDUCE THE OVEN TEMPERATURE TO 350 DEGREES FAHRENHEIT. POUR GREASE INTO A METAL BOWL AND CHILL IN THE REFRIGERATOR UNTIL COOL AND SOLIDIFIED.
2. COMBINE THE FLOUR, BAKING SODA, BAKING POWDER, AND SALT IN A MIXING BOWL AND STIR UNTIL WELL COMBINED. CHOP THE BACON OR CRUMBLE IT BY HAND INTO SMALL PIECES, ABOUT 1/4" SQUARE.
3. BEAT BUTTER UNTIL CREAMY. MIX IN 8 TABLESPOONS OF THE COOL BACON FAT. ADD THE SUGARS AND BEAT UNTIL CREAMY, ABOUT 3 OR 4 MINUTES. BEAT IN THE PEANUT BUTTER UNTIL THOROUGHLY COMBINED. ADD THE EGGS, ONE AT A TIME, AND THEN THE

VANILLA. ONCE EGGS AND VANILLA HAVE BEEN COMBINED, MIX IN THE DRY INGREDIENTS. STIR IN THE GROUND PEANUTS AND BACON UNTIL MIXED.

4. FORM THE DOUGH INTO GOLF BALL-SIZED ROUNDS AND PLACE THEM ON A SHEET PAN, SPACED ABOUT TWO INCHES APART. DIP A FORK IN WATER AND PRESS THE TINES INTO THE SURFACE OF EACH PIECE OF DOUGH TWO TIMES, TO SLIGHTLY FLATTEN THE COOKIE AND TO FORM A CRISSCROSS PATTERN. SPRINKLE THE COOKIES WITH A GENEROUS AMOUNT OF RAW SUGAR.
5. BAKE THE COOKIES, TWO SHEET PANS AT A TIME, FOR 10-12 MINUTES, ROTATING THE PANS MIDWAY THROUGH BAKING. THE OUTER EDGES OF THE COOKIES SHOULD ONLY JUST BEGIN TO TURN GOLDEN WHILE THE CENTER OF THE COOKIE WILL STILL LOOK A BIT PALE. LET THE COOKIES COOL FOR 2-3 MINUTES ON THE SHEET PAN BEFORE TRANSFERRING THEM TO A WIRE RACK TO COOL COMPLETELY. SERVE WITH A GLASS OF MILK AND ENJOY!

# SOUTHWEST REGIONAL RULES & REGULATIONS

Woodward County Fairgrounds : Woodward, Oklahoma

August 31 - September 3, 2023

Entry Deadline: August 11, 2023

## 2023 NJSA Southwest Regional Health Requirements For Exhibition

**1. EACH ANIMAL ENTERING THE WOODWARD COUNTY FAIRGROUNDS MUST BE LISTED ON AN OFFICIAL INTERSTATE CERTIFICATE OF VETERINARY INSPECTION (CVI) ISSUED BY A LICENSED, ACCREDITED VETERINARIAN.**

- a. All animals and health certificates will be inspected by the show veterinarian prior to unloading.
- b. Multiple animals may be listed on the same original copy.

**2. CERTIFICATE MUST BE ISSUED ON OR AFTER SATURDAY, AUGUST 5, 2023 WITH THE FOLLOWING INFORMATION:**

- a. Name and address of exhibitor; entered in the NJSA Southwest Regional, Woodward County Fairgrounds, 105A Temple Houston Drive, Woodward, OK 73801.
- b. Individual identification of animal (ear notch and official ear tag). **All hogs entered in the show MUST be identified by an official, permanently numbered ear tag. For more information on federally recognized ear tags, visit [www.nationalswine.com](http://www.nationalswine.com). \*SWINE ORIGINATING FROM OKLAHOMA MUST HAVE AN ELECTRONIC 840 TAG\***
- c. All forms of identification, including official tags and ear notches, must be listed on the CVI.
- d. Health status of animal, including dates of required tests and vaccinations MUST be listed.
- e. A premise ID number MUST be included on your health certificate.
- f. Your veterinarian's cell phone number MUST be included on your health certificate.
- g. **ALL HEALTH CERTIFICATES MUST CARRY THE FOLLOWING STATEMENTS:**

"Farm or origin of the swine has not had pseudorabies or swine dysentery in the last 12 months, has not had any signs or diagnosis of TGE or PEDv in the last 60 days, feeds no garbage, uses no PRV vaccine, and is not under quarantine for any disease condition; also vesicular stomatitis has not been diagnosed within 10 miles of the farm of origin within the last 30 days."

**3. REQUIRED TESTS**

- a. **Out of State Exhibitors:** ALL animals originating from outside Oklahoma MUST be tested negative for pseudorabies (PRV) and brucellosis on or after **SATURDAY, AUGUST 5, 2023, UNLESS** they come from a PRV- qualified and brucellosis-validated herd.
  1. Swine tested negative for PRV and brucellosis must show the date blood sample was drawn (month, day and year).
  2. The Elisa, PCFIA, ALA or S/N tests are acceptable. Differentiable Elisa test will not be accepted.
  3. If the herd of origin is PRV qualified and brucellosis validated, individual testing of each animal is not required. In this case, the negative PRV qualification and brucellosis validation numbers must appear on the health certificate and complete quarterly herd test date (month, day and year) must be stated on health certificate. **\*MUST BE COMPLETED AFTER JUNE 5, 2023\***

For up-to-date rules & regulations and to enter online visit [nationalswine.com/](http://nationalswine.com/) [americanberkshire.com](http://americanberkshire.com)

- b. Oklahoma Exhibitors Only: ALL Animals must be tested negative for Brucellosis and Pseudorabies after May 15, 2023 for fall events. Test results, laboratory name, and animal ID shall be listed on a valid CVI or Oklahoma swine test chart. **\*ALL SWINE MUST HAVE AN OFFICIAL ELECTRONIC 840 TAG\***
1. Swine tested negative for PRV and brucellosis must show the date blood sample was drawn (month, day and year).
  2. The Elisa, PCFIA, ALA or S/N tests are acceptable. Differentiable Elisa test will not be accepted.
  3. If the herd of origin is PRV qualified and brucellosis validated, individual testing of each animal is not required. In this case, the negative PRV qualification and brucellosis validation numbers must appear on the health certificate and complete quarterly herd test date (month, day and year) must be stated on health certificate. **\*MUST BE COMPLETED AFTER JUNE 5, 2023\***

#### 4. VACCINATIONS

- a. ALL breeding gilts coming to the show **MUST** be vaccinated against Leptospirosis (6-way) including Bratislava and Erysipelas on or after **SATURDAY, AUGUST 5, 2023**. The complete date of vaccination **MUST** be listed on the health certificate.
- b. It is strongly recommended that all animals are vaccinated against influenza. This is not a show requirement.

#### 5. PERMIT REQUIREMENT

- a. All entries coming from outside of Oklahoma **MUST** obtain an interstate permit number. Only your accredited veterinarian may obtain this permit number by calling the Oklahoma Department of Agriculture at 405.522.6141 or visit <https://ag.ok.gov/divisions/animal-industry-state-veterinarian> and click on "Animal Movement and Importation". **ELECTRONIC CVIs DO NOT REQUIRE A PERMIT NUMBER.**

#### IMPORTANT REMINDERS

- We highly recommend printing these requirements and reviewing them with your veterinarian.
- Please review CVI's prior to leaving for the event to ensure all required information is completed accurately.
- Oklahoma Exhibitors: Some requirements listed above may be in addition to the health requirements for fall shows in Oklahoma. However, they must be included on the animals CVI's in order to be exhibited at the NJSA Southwest Regional.
- Dr. Mike Tripp, official show veterinarian will inspect all animals and CVI's prior to unloading. Any animals not meeting health requirements may be prevented from exhibition at this event.

# SIMPLY SOUTHERN RULES & REGULATIONS

Ben Hill County Ag Pavillion : Fitzgerald, GA

September 15-16, 2023

Entry Deadline: September 5, 2023

## HEALTH REGULATIONS

1. **EACH ANIMAL ENTERING THE SIMPLY SOUTHERN PROSPECT PIG SALE IN FITZGERALD, GEORGIA MUST BE LISTED ON AN OFFICIAL INTERSTATE CERTIFICATE OF VETERINARY INSPECTION (CVI) ISSUED BY A LICENSED, ACCREDITED VETERINARIAN. THIS INCLUDES DELIVERIES! LOADS CONTAINING ANY SWINE WITHOUT ALL THE BELOW-MENTIONED REQUIREMENTS WILL NOT BE GRANTED ACCESS.**
  - A. All animals and CVI's may be inspected by state officials prior to unloading.
  - B. Multiple animals may be listed on the same original CVI.
2. **CVIs MUST BE ISSUED ON OR AFTER FRIDAY, AUGUST 18, 2023.**
3. **ATTENTION OUT OF STATE EXHIBITORS: Permit Requirements**
  - A. A permit number is required on each shipment of swine entering Georgia and MUST be recorded on the CVI.
  - B. Only an accredited veterinarian may obtain this permit number by accessing the following website: <http://forms.agr.georgia.gov/SBPermits/Permits.aspx>
4. **CVIs MUST INCLUDE THE FOLLOWING INFORMATION:**
  - A. **Exhibitor and Event Information:**
    1. Name and address of exhibitor
    2. Consigned to NSR Simply Southern Sale, Ben Hill County Ag Pavillion, 162 Paulk Road, Fitzgerald, GA 31750.
  - B. **Animal Identification:**
    1. ALL animals MUST be officially identified with a federally approved, permanently numbered ear tag.
      - a. "840" ear tags are preferred.
      - b. For more information on federally approved ear tags, please visit [http://www.nationalswine.com/shows/ear\\_tags.php](http://www.nationalswine.com/shows/ear_tags.php).
    2. Ear notches and ear tag ID number of each animal MUST be listed on the CVI.
  - C. **ALL CVIs MUST CARRY THE FOLLOWING STATEMENTS - "Farm or origin of swine":**
    1. Has not had Pseudorabies or swine dysentery in the last 12 months
    2. Has not had any clinical signs or diagnosis of TGE or PEDv in the last 60 days
    3. Feeds no raw garbage and uses no PRV vaccine
    4. Is not under quarantine for any disease condition
    5. Has not had vesicular stomatitis diagnosed within 10 miles of farm or origin in the last 30 days
  - D. Health status of animal, including dates of required tests and vaccinations MUST be listed.
  - E. A premises ID number MUST be included on the CVI.
5. **REQUIRED TESTS: Some requirements above are in addition to the state of Georgia regulations. However, they are necessary in meeting other state requirements for purchasers of show animals through sales as animals are reconsigned to new destinations. All animals (including Georgia animals) MUST meet the below mentioned blood test requirements on or after August 18, 2023 unless you maintain a PRV qualified and Brucellosis validated herd.**

**A. PSEUDORABIES (PRV) TESTING:**

1. ALL ANIMALS MUST be individually tested for PRV on or after **AUGUST 18, 2023** UNLESS animals come from a PRV-qualified herd.
  - a. Swine tested must have all official identification (sex, ear tag, and ear notch) along with date blood sample was drawn (month, day, and year) listed on CVI.
  - b. Animals must test PRV-negative with all results on the dated CVI.
  - c. Either the ELISA (gB ELISA), ALA, or S/N tests are acceptable. Differentiable ELISA (g1 ELISA) test will NOT be accepted.
  - d. If the herd of origin is PRV qualified, individual testing of each animal is not required. In this case, the PRV qualification number must appear on the CVI and the most recent quarterly herd test date (month, day, and year) must be stated on the CVI.

**B. BRUCELLOSIS TESTING:**

1. ALL ANIMALS MUST be individually tested for brucellosis on or after **AUGUST 18, 2023** UNLESS animals originate from a validated brucellosis free herd.
  - a. Swine tested must have all official identification (sex, ear tag, and ear notch) along with date blood sample was drawn (month, day, and year) listed on CVI.
  - b. Animals must test brucellosis negative with all results on the dated CVI.
  - c. The RAP, Standard Plate, Standard Tube, or BAPA brucellosis tests are all accepted.
  - d. If the herd of origin is brucellosis validated, individual testing of each animal is not required. In this case, the validation numbers must appear on the CVI and the most recent quarterly herd test date (month, day, and year) must be stated on the CVI.

**C. VACCINATIONS:**

1. All prospect animals **MUST** be vaccinated against mycoplasma & circovirus.
2. It is strongly recommended that all animals are vaccinated against influenza. This is not a requirement.

**6. IMPORTANT REMINDERS:**

- ✓ Please review CVIs with your veterinarian and make sure all above requirements are met well in advance of the show to eliminate issues under short notice. Be advised that the regulations for the Simply Southern Sale are likely different than those of other participating winter jackpot or state sponsored shows.
- ✓ Please list your veterinarian's cell phone number on the CVI.
- ✓ In some instances, these rules are in addition to Georgia regulations, but are necessary to sell animals into other states to meet interstate transport and entry requirements for swine.

# FALL CLASSIC RULES & REGULATIONS

Stephens County Fairgrounds : Duncan, Oklahoma

October 18-21, 2023

Entry Deadline: October 4, 2023

## 2023 Fall Classic Health Regulations

1. **EACH ANIMAL ENTERING THE STEPHENS COUNTY FAIRGROUNDS MUST BE LISTED ON AN OFFICIAL INTERSTATE CERTIFICATE OF VETERINARY INSPECTION (CVI) ISSUED BY A LICENSED, ACCREDITED VETERINARIAN. THIS INCLUDES DELIVERIES AND PARKING LOT PURCHASES. LOADS CONTAINING ANY SWINE WITHOUT ALL THE BELOW MENTIONED REQUIREMENTS WILL NOT BE GRANTED ACCESS TO THE STEPHENS COUNTY FAIRGROUNDS.**
  - A. All animals and CVI's will be inspected by state officials prior to unloading.
  - B. Multiple individual animals may be listed on the same original CVI. **However, breeding stock and weanling pigs must be on separate original CVI's.**
  - C. **All entries coming from outside of Oklahoma** MUST obtain an interstate permit number. Only your accredited veterinarian may obtain this permit number by calling the Oklahoma Department of Agriculture at 405.522.6141 or visit <https://ag.ok.gov/divisions/animal-industry-state-veterinarian> and click on "Animal Movement and Importation". **ELECTRONIC CVIs DO NOT REQUIRE A PERMIT NUMBER.**
  - D. CVI's are not required to be stamped by the state of origin.
2. **CVI's MUST BE ISSUED ON OR AFTER Thursday, September 21, 2023 WITH THE FOLLOWING INFORMATION:**
  - A. Name and address of consignor; consigned to Fall Classic, Stephens County Expo and Fair, 2002 South 13<sup>th</sup> Street, Duncan, OK 73533.
  - B. **ALL animals (including deliveries and parking lot purchases) MUST be officially identified with a federally approved, permanently numbered ear tag.** For more information on federally approved ear tags, please visit [http://www.nationalswine.com/shows/ear\\_tags.php](http://www.nationalswine.com/shows/ear_tags.php). **\*SWINE ORIGINATING FROM OKLAHOMA MUST HAVE AN OFFICIAL ELECTRONIC 840 TAG\***
  - C. Ear notches and official identification of each animal MUST be listed on the CVI.
  - D. Health status of animal, including dates of required tests and vaccinations MUST be listed.
  - E. A premises ID number MUST be included on the CVI.
  - F. Your veterinarian's cell phone number MUST be included on the CVI.
  - G. ALL CVIs MUST CARRY THE FOLLOWING STATEMENTS - "Farm or origin of swine":
    1. Has not had Pseudorabies or swine dysentery in the last 12 months
    2. Has not had any clinical signs or diagnosis of TGE or PEDv in the last 60 days
    3. Feeds no raw garbage and uses no PRV vaccine
    4. Is not under quarantine for any disease condition
    5. Has not had vesicular stomatitis diagnosed within 10 miles of farm or origin in the last 30 days
3. **REQUIRED TESTS:**
  - A. **PSEUDORABIES (PRV) TESTING:**
    1. ALL ANIMALS MUST be individually tested for PRV **ON OR AFTER THURSDAY, September 21, 2023** UNLESS animals come from a PRV-qualified herd.
      - i. Swine tested must have all official identification and also include sex, ear tag and ear notch along with date blood sample was drawn (month, day and year) and negative results listed on CVI.
      - ii. Animals must test PRV-negative with all results on the dated CVI.
      - iii. Either the ELISA (gB ELISA), ALA or S/N tests are acceptable. Differentiable ELISA (g1 ELISA) test will NOT be accepted.
      - iv. If the herd of origin is PRV qualified, individual testing of each animal is not required. In this

For up-to-date rules & regulations and to enter online visit [nationalswine.com/](http://nationalswine.com/) [americanberkshire.com](http://americanberkshire.com)

case, the PRV qualification number must appear on the CVI and the most recent quarterly herd test date (month, day and year) must be stated on the CVI. **The earliest quarterly test date that will be accepted will be July 24, 2023.**

**B. BRUCELLOSIS TESTING:**

1. ALL ANIMALS MUST be individually tested for brucellosis **ON OR AFTER THURSDAY, September 21, 2023 UNLESS** animals originate from a validated brucellosis free herd.
  - i. Swine tested must have all official identification and also include sex, ear tag and ear notch along with date blood sample was drawn (month, day and year) and negative results listed on CVI.
  - ii. Animals must test brucellosis negative with all results on the dated CVI.
  - iii. The RAP, Standard Plate, Standard Tube or BAPA brucellosis tests are all accepted.
  - v. If the herd of origin is brucellosis validated, individual testing of each animal is not required. In this case, the validation numbers must appear on the CVI and the most recent quarterly herd test date (month, day and year) must be stated on the CVI. **The earliest quarterly test date that will be accepted will be July 24, 2023.**

**4. VACCINATIONS:**

- A. ALL animals being exhibited in the breeding shows MUST be vaccinated against Leptospirosis (6-way) including Bratislava and Erysipelas **ON OR AFTER September 21, 2023.** The complete date of vaccination MUST be listed on the CVI. **This is not a requirement for weanling pigs. All WEANLING animals MUST be vaccinated against mycoplasma & circovirus. This is a sale requirement for weanling pigs only.**
- B. It is strongly recommended that all animals are vaccinated against influenza. This is not a requirement.

**5. PERMIT REQUIREMENT**

- A. **All entries coming from outside of Oklahoma** MUST obtain an interstate permit number. Only your accredited veterinarian may obtain this permit number by calling the Oklahoma Department of Agriculture at 405.522.6141 or visit <https://ag.ok.gov/divisions/animal-industry-state-veterinarian> and click on "Animal Movement and Importation". **ELECTRONIC CVIs DO NOT REQUIRE A PERMIT NUMBER.**

**NSR Fall Classic**

**Outdoor Arena/Rodeo Grounds Trailer Parking & Weanling Pig Sales**

Heightened biosecurity concerns nationwide have been the topic of discussion in several recent swine industry leadership meetings. One specific event that has continually entered the discussion has been the outdoor arena pig sale at Duncan. Biosecurity concerns stemming from the 2021 Fall Classic outdoor arena pig sales prompted a discussion within the NSR Executive Committee to revamp the policy and procedures for selling weanling pigs off the trailer at the Fall Classic. ALL pigs coming onto the grounds must meet the Fall Classic health regulations – Oklahoma Department of Agriculture veterinarians check each pig and Certificate of Veterinary Inspection (CVI) upon arrival for admittance to the grounds. However, in the past pigs have been leaving the Stephens County fairgrounds without proper health certificates. Interstate transport of livestock without proper health certificates not only compromises the integrity of our show industry and puts the commercial swine industry at risk, but it is also illegal. Several buyers found this out the hard way when trying to return to Texas with weanling pig purchases in 2021.

To strengthen the biosecurity of the NSR Fall Classic, veterinary service will be available on the grounds, so outdoor arena trailer sellers can re-consign their pigs to the buyers, and the buyers can leave the grounds with a valid CVI. This service will be provided at no additional veterinarian cost to buyers. In 2022, approximately 90% of weanlings merchandized through the Outdoor Arena/Rodeo Grounds were reconsigned and issued new health papers.

To provide this service, the cost to enter the Outdoor Arena/Rodeo Grounds Parking Lot to merchandize weanling pigs will be \$250 per trailer. If you have made at least five (5) entries for the Fall Classic Weanling Pig Sift or made at least three (3) entries in the Breeding Stock Show, you will receive entry for \$50 per trailer. If you don't intend to sell weanling pigs in the Outdoor Arena/Rodeo Grounds, you will be eligible to park your trailer at no cost like previous years.

Thank you for your cooperation on this vitally important issue. If you have questions, please contact NSR CEO Matt Claeys at (765) 427-9078 or [mclaeys@nationalswine.com](mailto:mclaeys@nationalswine.com).

## IMPORTANT REMINDERS

- **We highly recommend printing these requirements and reviewing them with your veterinarian.**
- **Please review CVI's prior to leaving for the event to ensure all required information is completed accurately.**
- **Oklahoma Exhibitors: Some requirements listed above may be in addition to the health requirements for fall shows in Oklahoma. However, they must be included on the animals CVI's in order to be exhibited at the Fall Classic**
- Oklahoma Department of Agriculture Veterinarians will inspect all animals and CVI's prior to unloading. Any animals not meeting health requirements may be prevented from exhibition at this event.
- In some instances, these rules are in addition to Oklahoma regulations, but are necessary to sell animals into other states to meet interstate transport and entry requirements for swine.
- The rules above are the same for breeding stock & weanling pigs unless specified otherwise.
- For the most up-to-date health regulations for the Fall Classic, be sure to visit [www.nationalswine.com](http://www.nationalswine.com).

## GENERAL INFORMATION

### ENTRY INFORMATION

- **Entry fees for all entries must accompany the respective entry form.**
- **All entries must be postmarked by October 4, 2023.**
- **All late entries will be charged double the regular entry fees. All entry fees are non-refundable.**
- **The NSR reserves the right to close entries due to pen space limitations any time after the printed deadline.**
- **All pedigrees for purebred breeding animal entries must be recorded by October 10, 2023, or an additional rush fee will be charged.**

### EXHIBITOR REQUIREMENTS

- If an exhibitor has a NSR/ABA account that is past due, funds from the sale of their animals will be applied to their past-due account.

### ANIMAL REQUIREMENTS

- All entries must be ear notched using the official NSR/ABA system (starting with number 1 in January and again in July of each year).
- No purebred entries will be eligible to show or sell without a registration certificate.
- Purebred breeding animals must have been farrowed on or after Feb. 1, 2023.
- Purebred breeding animal classes will be divided as equally as possible by farrowing date.
- Crossbred boar classes will be divided by weight.
- **CROSSBRED BOARS: A documented stress test must be presented at check-in.** Stress status of boars will be listed in the show and sale catalog. This is not a requirement for crossbred gilts.
- Exhibitors transporting additional animals (deliveries/parking lot sales) will be required to obtain official "Sale Permit" from the Oklahoma Department of Agriculture staff when entering the Stephens County Expo and Fair.
- Before leaving the Stephens County Expo and Fair, this permit must be returned to agents of the Oklahoma Department of Agriculture, with a detailed buyers list documenting the destination of each animal (including pre-purchased deliveries, parking lot sales and sifted weanling pigs).

### DNA STRESS STATEMENT

- No known stress positive or stress carrier Berkshire, Duroc, Hampshire, Landrace or Yorkshire animals will be allowed to be exhibited or sold at any NSR/ABA-sponsored event.
- Such warranty is, however, solely that of the seller and not that of the American Berkshire Association (ABA), American Landrace Association (ALA), American Yorkshire Club (AYC), Hampshire Swine Registry (HSR) or the United Duroc Swine Registry (UDSR).
- The ABA, ALA, AYC, HSR and UDSR assume no responsibility or liability in connection with such warranty by the seller.
- If any NSR/ABA purebred animal sold at this conference is found to be a carrier of the stress gene, the purchaser has the right to receive full refund of the purchase price from the seller.
- **DNA testing for the stress gene must be done within 60 days of the sale date and all costs associated with testing for stress must be paid by the purchaser. The seller has the right to review the test results and the**

**right to re-test the animal at a laboratory of his/her choice.**

- Cost associated with re-test by the seller is at the seller's expense. There will be no refund of NSR/ABA commission from stress-carrier animals.

**BREEDING ANIMAL SALE**

- A minimum of 60% of the number of each sex (boars and gilts) shown will be selected for the sale. These animals will be selected with no set number selling from any single class. Animals not selected for the sale can be consigned to the sale for an additional fee of \$20 per head; this must be done by the conclusion of the show. If the animal sells, the fee will be applied toward the sale commission. If the animal does not sell, the fee is forfeited.
- All animals selected and cataloged for the sale MUST go through the auction. Sale commission will be 15% for all animals. If an animal that is selected and cataloged for sale does not go through the sale ring, the exhibitor will be banned from exhibiting at NSR/ABA events for one year and will be charged 15% of the average selling price of their respective breed sale. This amount must be paid before reinstatement will be allowed. The exception to this rule will be if an animal has become injured or ill and is inspected by an NSR/ABA staff member prior to the sale.
- The NSR/ABA acts only as the agent between buyer and seller. If proper payment is made by the buyer in a timely manner the NSR/ABA will make settlement with the seller in approximately 30 days after the sale.

**PUREBRED BREED ELIGIBILITY REQUIREMENTS**

- By entering any purebred hog in the NSR/ABA Fall Classic, the owner warrants that the hog meets specific breed requirements.
- Such warranty, however, is solely that of the seller and not that of the ABA, ALA, AYC, HSR and UDSR and the ABA, ALA, AYC, HSR and UDSR assumes no responsibility or liability in connection with such warranty by the seller.
- For information on NSR/ABA breed eligibility requirements, please visit <https://nationalswine.com/about/policies.php>.
- If any Berkshire, Duroc, Hampshire, Landrace or Yorkshire animal sold at the NSR/ABA Fall Classic fails their respective breed DNA testing policy approved by the ABA, USDR, ALA, AYC and HSR, the seller agrees that he/she will promptly refund the full purchase price to the buyer. There will be no refund of NSR/ABA commission from animals that fail their respective breed testing.

# 2023 THE DRAFT

West Lafayette, IN :: May 19, 2023

SALE TOTAL: \$487,950 | 66 BOARS AVG.: \$7,393

## THE Draft Virtual Sire Sale

The Draft Virtual Sire Sale was held at Ross Ade Stadium Friday, May 19. This year marked the fourth year for the event. The event was a success with elite boar prospects finding new homes across the country in studs and as herd boars. Thank you to all of our consigners for trusting the National Swine Registry to market your seedstock. Also a big thank you goes out to all of the bidders and buyers

both in attendance in West Lafayette and online. Great job to Col. Kevin Wendt! Thank you to Blake Kennedy for being with us to offer CCI.Live and Walton Webcasting for providing the preview. Thank you Blaine Evans for being with us to catch bids in person. We are looking forward to continuing this event in the future and making it bigger and better each year.

Sold to Golden State Genetics, CA., for \$6,000

# From the Field

Rose Criswell: [rose@americanberkshire.com](mailto:rose@americanberkshire.com)

Director of Berkshire Operations

Nothing kicks off the Summer like the Exposition in Des Moines, IA. It makes it even sweeter having Mike McCoy of Ohio to join us for breakfast as he sorted through the Berkshires. Wasting no time at all, Mike was quickly able to sort through the Berkshires where he found two littermates that stole the gilt show. Bred by Trogdon Showpigs of Paris, IL, these two Special Effect back on a Whatever it Takes were knock outs. Reyse Mabry of Weatherford, TX was able to slide in as your Champion Berkshire where she sold for \$5,000 to Ken and Garret Cole of Middletown, IN. However, Ashlyn Summers of Waxahachie, TX slid past Mabry with her Reserve Champion to become the high selling Berkshire gilt at the 2023 Exposition for \$6,000 to Golden State Genetics of Turlock, CA.

The 36 Berkshire gilts that sold totaled of \$52,850.

The ladies may have started out the morning just right, but the gentleman knew how to finish it. Mike stayed consistent with the boars as the top two leading boars came from the first class. Smith Farms of Princeville, IL shined up his suit of armor as he drove his Sole Survivor back on a Shot Glass to

be selected as the Champion Berkshire boar. This Master Mind found his way into the arms of a firm that knows their Berkshire breed at Shipley Swine Genetics, of Newark, OH for \$6,750.

Still shining just as bright was your Reserve Champion from Grings Genetics of Columbus Junction, IA where their Top Shelf back on a Shattered was picked up for \$2,200 by Mid Atlantic Semen Supply of Woodbine, MD. For the Berkshire boar sale, the 17 gentleman totaled of \$26,650, totaling out the sale at \$80,600.

We would like to give a special thanks to our auctioneer Kevin Wendt of Ohio who knows a little something about the Berkshire breed. If you were able to join the Berkshires for breakfast, you would have noticed the vast amount of Special Effect bred animals that paraded the ring, allowing Premium Blend Genetics to take home the Premier Sire award, with Shipley Swine Genetics following in Reserve with Milestone.

Shown by Dylan Cain, IA

Sold to Warren Bros Genetics, IA, for \$4,750

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

We were greeted at the 2023 Exposition with good weather and outstanding participation. It and the STC in Louisville are two of our headliner events of the year. We always enjoy seeing everyone and working with them to make things happen in a positive manner. The crew on the fairgrounds is always helpful. Big thanks to them.

Chad Day sorted the Durocs at The Exposition and did a tremendous job. Chad is a huge supporter of the industry, and we always appreciate his efforts and knowledge.

The Premier Duroc Sire at the 2023 Exposition was HHMX2 Statement Day 318-2 housed at Upperhand Genetics and bred by Max Heimer. Statement Day was the record selling \$290,000 champion from the 2022 Summer Type Conference. The Reserve Premier Duroc Sire was OAB1 Work of Art 13-2 also housed at Upperhand Genetics and bred by Olson.

The Champion boar at this show was the winner in Class 2. This Tres Amigos entry was sired by HHMX2 Statement Day 318-2 and was also a littermate to the Supreme Champion barrow at the NJSA show earlier in the week. This guy is special! His ability to combine stoutness with immense spread up high and still be correct and flexible is unique. He comes at you wide and square and leaves the same way. He found a great new home in Indiana with Premium Blend Genetics at the sales 2nd top figure of \$100,000. Give Ted and the crew a call on this one.

The Reserve Champion was 2nd in class to the Tres Amigos entry. Austin Joostberns son of OAB1 Work Of Art 13-2 is another hog that has true muscle and shape with a very attractive yet stout front third. When you add a hind leg that can work all day, you've got one that looks the part. Shaffer's Goldrush and Steven Resler are taking this one back to Indiana at \$15,000.

Next was Huinker Durocs Ltd. entry that topped class 3. John's boar is sired by BRCK0 Here's The Deal 7-3. He has a huge top and an extra correct set of feet and legs. Add a big rib and width of chest, and Benjamin Outhouse made a good buy here at \$2,500.

Next in was Stewart's Duroc Farm with their extra popular entry sired by HHMX2 Statement Day 318-2. This one has pieces that make him very far reaching. He has a huge arm and is arguably as big footed a hog as I have seen in years. His neck comes right out of the top of his blade and he's incredibly stout headed while staying clean and neat in his front 1/3. When you add a bulletproof hind leg, this one's

a conversation piece. He tied his sire as the co-top selling Duroc of all-time at \$290,000 and is also going to Indiana with Premium Blend Genetics. I'd suggest getting on the books early.

Jack Rodibaugh and Sons were the winner in Class 1. Another son of HHMX2 Statement Day 318-2, he is one of the best designed, most correct hogs shown all day. His level build and square shape are excellent. He's going back to Indiana with Blaine Lannan and Family at \$1,250.

The Ian Gwillim entry is another boar of note in this class. This KPKP1 GRUS Moose 1-2 entry has as much true shape and muscle as any in the show. His length of front with a stout skull is next level as well. Shaffer's Goldrush made a tremendous buy here at \$9,500. This is one to look up.

The Duroc gilt show was deep in quality from top to bottom. Hadley Hendrickson had the class 4 winner that was named Champion later in the day. Her HHMX2 Statement Day 318-2 entry was a very logical place to start. She's so problem free yet extreme in the areas of extension, body mass, and flexibility while still being attractive with muscle. She was top selling at \$17,000 and is heading to Indiana with Justin Eubanks.

The Reserve Champion was 2nd in class behind the Champion. Dylan Cain's TSP2 Heart Stopper 22-9 sired entry is productive looking with a heavy skeleton and huge chest floor. She's still sound and loose made and found a great home with Warren Brothers in Iowa for \$4,750.

River Ratchford topped class 3. This OAB1 Work Of Art 13-2 daughter is neat fronted, square topped, and big centered with a flexible skeleton. Kent Brattain and Family picked her off at \$1,900.

JJ Genetics rose to the top in class 2. Another OAB1 Work Of Art sired entry, she's huge bodied, big ribbed, and level made. Matthew Gunderson is her new owner at \$1,600.

Class 1 was led off by Conner Nunn with a BYSN1 Disruption 30-3 daughter. This one is practical, sound, and really correct. Her new home is in Iowa with Maverick and Brynlee Conover at \$1,150.

Big thanks to Colonel Wendt and his ring staff. They're the best crew in the business. It's always good to look back and reflect on successful events. The Exposition was another one. Thank you to all that were a part of this. We'll see you down the road.

Shown by Ashlyn Igo, MO  
Sold to Heimer Hampshires, MO, for \$4,000

# From the Field

Ryan Michael: NSR Field Representative Intern

The Exposition has become one of the year's most anticipated shows for everyone involved in the showpig industry. With great numbers in the junior show and a good turnout for the open show, this year's Exposition in Des Moines was another successful event. The belted breed has been as hot as any over the past calendar year and the Hampshire breeders brought out another strong set of boars and gilts that should have a strong impact on the Hampshire breed.

This year's Hampshire judge was Garry Childs, Georgia. Obviously one of the most well-respected individuals in our industry, Mr. Childs did an outstanding job sorting through the boars and gilts. It's always a pleasure listening to him on the mic. As always, a big thank you to Kevin Wendt, Ohio for his job on the auction block.

The Premier Hampshire Sire for the 2023 Exposition was OCON2 Hulu 17-1, housed at RAR Genetics and owned with Dave Martin and Iverson Farms. He was the youngest class winning boar from the record breaking STC last summer and is off to a great start, siring the Champion and Reserve Champion Boars at this year's Exposition. The Reserve Premier Sire was GMW1 Conviction 9-7, the top-selling boar from the 2022 Southwest Type Conference bred by Mike Watson and housed at Cain Super Sires, owned with Robin Ridge and Watson. Congratulations to everyone involved on those two sires.

We started the Hampshire sale with the Champion and Reserve Hampshire boars, a pair of littermates driven by David Martin, Iowa. Sired by OCON Hulu 17-1 who was the Premier sire of the event. Very rarely do you see littermates sweep the show at an NSR event, which goes to show the depth of the litter and the breeding value this pair brings to the table. This pair of boars represent what we've come to expect from the Martin firm, heavy boned, rugged, sound Hampshire hogs that breed on for their new owners. The Champion Boar topped the Hampshire sale and is headed to Real McCoy Genetics, Ohio. Contact Mike to get your semen booked. The Reserve Champion Hampshire Boar stays in Iowa and will go to work for AJ Lewis; contact AJ to use the Reserve Boar.

The 2nd top selling boar of the sale was the class 1 winner from Arkfeld Genetics. The son of MIT1 Stealth 3-4 was a good built, sound structured boar that had a great hip and hind leg. Shipley Swine Genetics, Ohio loaded him up, contact Randy and the crew at Shipley's to use the Arkfeld boar. Another boar of note came out of class 2. Ryan Michael, Ohio drove

a powerful, extra stout featured son of RYAL1 Buff 21-7. He was an outlier from a dimension and power standpoint. North Iowa Boar Semen was the winning bidder, contact Bill Owen for semen. Earl Cain & Family won class 4 with their GMW1 Conviction 9-7 son. Freddy Helmuth, TX bought the Cain boar. I'm looking forward to seeing what kind of females he can make! Harvey Show Stock won class 2. The Harvey boar was so attractive and good built from the side, while being so comfortable on the move. Jeff Ramsey & Family, IN saw the value and made a great purchase.

The gilt portion of the Hampshire sale was led off by Robert Meeker. The Meeker firm is no stranger to starting off the Hampshire sale; their Champion gilt was a long-fronted creature that was as feminine as you can make one from the side. She still had a big top and hip working in her and was so flexible on the move. John Hubly, MN made a \$7,500 investment. Good buy!

Ashlyn Igo, MO was next with the Reserve Champion Hampshire gilt. She was also the Reserve Champion Bred and Owned gilt from the junior show. The Igo gilt was a popular one with breeders ringside. She was so balanced from the side and had a near perfect hip and hind leg. She found a new home with Heimer Hampshires, MO for a \$4,000 price tag.

Hayden Green, OK, was your class 1 winner. His young gilt sired by DUNN1 High Speed 30-3 had the look and design, combined with the stoutness and muscle it takes to win junior barrow shows. Look forward to seeing what she can do for TRU Genetics, IN.

A truly unique gilt that was very popular throughout the barn was driven by Gibson Girls, OH. She had the look of a true generator. Huge chest floor, with a huge top, and great set of running gears. Nate Hemann, IA took home this far-reaching breeding piece at \$5,250.

Congratulations to all the Hampshire exhibitors and buyers! The Hampshire breed continues to be in high demand and we look forward to seeing what genetic progress can be made with the additions made from Expo 2023.

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

The Landrace Show at the 2023 Exposition was highlighted by an excellent set of open gilts. The public has proved repeatedly if you bring good stock, they're going to take them home.

The Landrace Show was judged by Russell Pedrett of California. He's one of the men in our industry that cannot only breed quality livestock but evaluate them at a high level as well. Great job!

The Premier Landrace Sire at the 2023 Exposition was JMG1 Happy Hour 7-10, housed at Crossroads Genetics and bred by McGrew. Happy Hour was the champion at the 2022 Exposition and sold for \$41,000. The Reserve Premier Landrace Sire was CMAU1 Cracker Jack 16-2 housed at Purple Power Boar Stud and bred by Mauck.

The Champion boar was shown by Gabe Greiner from Iowa. This guy is extra stout and square built. He's a son of JMG1 Happy Hour 7-10.

The Landrace gilt sale was led off by Brynn Fort's 3rd gilt overall in the NJSA show. This JMG1 Happy Hour 7-10 daughter is a very complete, fundamentally correct female with lots of center body, width, and muscle. She's headed to California with Golden State Genetics at the sales 2nd top price of \$3,750.

The Champion and top selling gilt was in next. She

won class 3 and was exhibited by Kinsey Coffey from Iowa. This daughter of CMAU1 Cracker Jack 16-2 was very popular with the crowd for her femininity, loose correct skeleton, and impeccable structure and design. She found a new home in Indiana with the Beck crew at \$8,250.

The Reserve Champion is 2nd in class behind the Coffey Champion. Landry Rodibaugh's entry was also sired by JMG1 Happy Hour 7-10. She was unquestionably the heaviest boned, densest female shown while still having a great underline and good extension. She's also headed to California with Golden State Genetics at \$1,200.

Anna Dostal was the winner in Class 1 with yet another JMG1 Happy Hour 7-10 entry. This young female is basic, complete, and problem free. She's headed back to Oklahoma at \$900.

Karis Addison Downs won class 2 with an OTTN1 Straight White Male sired entry. She's long necked, feminine, and sound. Her new home is in Wisconsin with Jim Buttles for \$350.

Thanks Kevin Wendt and ring crew. Great job as always. It was good to see everyone in Des Moines. We're looking forward to a great summer. Be safe!

# From the Field

Ryan Michael: NSR Field Representative Intern

The Yorkshire show at the Exposition is always an event that Yorkshire enthusiasts look forward to each summer. This year's junior show was very strong and there were several good breeding pieces to be found in the open show.

Jim Kilmer stepped in and sorted the open Yorkshire Show. As always Jim did a great job describing the hogs and giving an honest evaluation. We want to thank Jim and his associate judge Jake Hege for their job.

The Premier Sire in the Yorkshire show was MIE3 All By Myself 24-5 housed at Upperhand Genetics. The Reserve Premier Sire was MIE2 Walk The Walk 17-1 housed at Lairds Premium Blend. Both the Champion and Reserve Premier Sires were bred by Stohlquist. Congratulations!

The Yorkshire boar sale was led off by Ryan Genetics, CA. Their Champion boar was sired by the Reserve Premier Sire, Walk the Walk. The Ryan family brought a very unique one! Probably as stout featured and heavy boned of a Yorkshire boar that has been out to an NSR event in a while. Really good design from the side and the right length of body to make those barrows and junior show gilts that will be competitive at NJSA events. Dan Burzlaff, IA and Jared Frueh, IL partnered to buy the Champion boar for \$55,000. Get ahold of Burzlaff to use this unique Yorkshire boar!

The next boar in the ring was exhibited by Jack Rodibaugh and Sons, IN. The Reserve boar was sired by DPK1 TCG Round One 1-1 and followed his sires excellent build and design from the profile. The Rodibaugh boar was extended and attractive up front and could walk all day. Craig Benton Family of Iowa bought the Reserve boar for \$3,000.

Another boar that created quite a bit of conversation was the next one through the sale ring.

The class 2 winning boar from Steve Cobb and Family is a unique breeding piece. More moderate in his frame size while being dead level from the side and square built coming and going. The Brotherhood Alliance, AR & Duelm, OK, purchased the Cobb boar at \$27,000.

The Yorkshire Show was strong in the junior show and several of the Junior exhibitors double entered their gilts. The Champion Gilt came from Hunter Heckman of Illinois. His daughter of Testimony topped the Yorkshire sale at \$7,500 selling to Warren Brothers of Iowa. Great purchase guys!

The Reserve Champion Yorkshire gilt was 2nd out of the strong class 3, Hadley Hendrickson of Indiana. The Champion and Reserve gilts were ittermates from Thompson Brothers. They shared a great design from the profile with plenty of center rib and dimension. Obviously a great litter of pigs! Luke Prill of Kansas was the winning bidder on the Hendrickson gilt for \$4,250.

Emily Myers from Indiana won class 2. A really good bodied, big-centered gilt that still looked very feminine up front. Mike Keeku Family got a great purchase of the Myers gilt for \$1,750! The class 1 winner was Adalyn Seaton. The Seaton gilt was sired by the Reserve Premier sire, Walk the Walk. Luke Prill saw the value in the young gilt and added her to his strong Yorkshire lineup.

The Yorkshire show was not as high in numbers as years past but the quality was high throughout. I hope breeders continue to breed for Expo 2024; we look forward to seeing how the boars and gilts from this sale will impact the breed.

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

The Exposition is always a high point in the NSR show and sale schedule. The 2023 edition in Des Moines was no exception. The crew at the Iowa State Fairgrounds is always top notch and helpful in every way.

The Crossbred Boar Show was judged by Jim McCoy from Ohio. He was assisted by Trevor Kirkpatrick. Jim is one of the true gentlemen in our industry and his expertise and knowledge make him highly respected. Thanks, Jim! They did a great job.

Class 1 Cross boars was led off with Bachmeier Show Pigs son of My Intention. Later named Reserve Champion, this guy is stout, flexible, and big chested with excellent shape and looks. He was the 2nd top selling boar at \$6,000 and is heading to Illinois with Joe Stover and Dan Theobald.

Dave Dickmeyer had the winner in class 2. This My Intention son was freaky in his length of front with

a great hind leg and good spread up high. His new home is in Wisconsin with Grant Giese for \$1,500.

The Champion topped class 3. Driven by Jack Rodibaugh and Sons, this guy is also a son of My Intention. His heaviness of skeleton with extra rib shape and a ton of shape and muscle made him an easy choice for Judge McCoy. He topped the sale on Saturday afternoon and is in Ohio with Shipley Swine Genetics at \$17,000. He needs sampled!

Colonel Wendt got them sold on sale day and was helped by Blaine, Ernie, and Stormy. Thanks, everyone!

It was a successful event with good participation and quality stock. I hope you're all well and hope to see you at the upcoming State Fairs.

# From the Field

Ryan Michael: NSR Field Representative Intern

The Exposition has turned into a premier event to showcase Crossbred gilts. This years show gathered as much excitement and interest as any! We want to thank Jim McCoy and Trevor Kirkpatrick from Ohio for stepping in to evaluate the crossbreds. Jim is one of the most well respected individuals in our industry and Trevor is an up and coming judge that should be on everyone's list for the future.

The Crossbred gilt sale started off with a dang good one. The 3rd Overall Crossbred gilt from the Junior show was exhibited by Holden Winters. I was working the other ring during the junior show and started to get several texts about this gilt as soon as she came in the ring during class. She combined so many hard to make pieces into one package. She broke the record and topped the crossbred sale at \$110,000! Thanks to the Moyer Family at Genetic Edge for their record setting purchase!

Harlie Mabry brought her Champion from the open show in next. This gilt was so extended and still had so much power. Very athletic on the move and for a bigger gilt was still so fresh. The Brotherhood Alliance from Arkansas purchased the Champion gilt from the open show for \$11,000.

Brynn Fort from Texas exhibited the Reserve Champion Crossbred gilt. She was second behind the

champion in class and looked to be a true generator. Great hip and hind leg with plenty of upper rib shape and depth of body. Livermore Swine Genetics took her home for \$7,500.

Landry Rodibaugh won class 6 with a gilt sired by Tricked Out. A very popular gilt with breeders ringside on show day. Warren Brothers of Iowa added her to their strong lineup of crossbred gilts for \$10,500.

Another very popular gilt was the winner of class 2. Isaac Tugg brought us a No Huddle gilt that was extra stout featured and still the right maturity pattern for her weight. Riley and Ethan Wendt purchased this one for \$8,500.

Ethan Pederson from Iowa won class number 8 with a very unique one. A far reaching breeding piece that could make a big splash for Ryan Genetics who ended up buying her for \$7,000.

The Crossbred gilt show was extremely strong! I encourage you to check out the sale results and look up several of the buyers when it comes time to buy your next set of show pigs!

A big welcome to Scott Mihalic as he becomes a part of the NSR team. He did a great job selling the cross gilts on sale day. Starting your tenure with a record-seller is a really nice way to begin.

## 2023 PREMIER BREEDER

The National Swine Registry recognizes that today's young breeders are the future of the purebred swine industry. The NJSA Premier Breeder Program was established to support the continued growth of youth involvement in the production of purebred swine. This program is designed to acknowledge the achievements of junior members who are building breeding programs and exhibiting bred-and-owned gilts through NJSA events. Exhibitors of purebred bred-and-owned gilts can compete for the opportunity to earn \$1,000 in buying credit towards NSR sales each year.

Sold to Johnson Coy Genetics, IN, for \$3,500

# From the Field

Rose Criswell: [rose@americanberkshire.com](mailto:rose@americanberkshire.com)

Director of Berkshire Operations

In was a quick turn around as we headed back out to Louisville, KY for the 2023 Summer Type Conference, where there was nothing but excitement for those showing on the green shavings. Standing front in center was our judge, Mr. Steve Rodibaugh of IN, who brought along his nephew Kyle to sort through the Berkshires.

Throughout the morning the guys debated back and forth, but no debate was needed while selecting the Champion Berkshire gilt as Miss Vivian Everhart of Middletown, IN stole the hearts of many with her Special Effect back on a Family Jewels who was bred by a man who needs no introduction to Berkshires, Mr. Chad Decker of IN. Not only did Everhart receive top honors in the show, but she also swept the sale being the highest selling Berkshire gilt at \$4,250. This gilt will be headed back to Indiana with Carl Ferrand and Ali Herbel of Greencastle, IN.

Not far behind the champion was the Reserve Champion who was exhibited and bred by Brandon Gruber of Anawan, IL with his Secret Stash back on a Post Pound'n. Gruber followed the Champion as Johnson Coy Genetics of IN picked this gilt up for \$3,500. The Berkshires finished out the gilt sale with 22 head of gilts selling for an average of \$920.45.

Leaving no man, or boar, behind are the Berkshire boars who were fired up and ready to go. There was no surprise as Austin & Ken Lane of Spragueville, IA stayed cool as a Yeti as they took home the honor of Champion Berkshire boar with their Explicit back on an Outside the Lines. Kale Boysen of Morning Sun, IA followed as the Reserve Champion with his Keep the Change back on a Family Jewels. However, there was one family who made sure they weren't going home empty handed, as these boars are now headed to Indiana, to their new home at Shaffer's Goldrush.

Our champions may have made a splash, but Brice Conover was able to make a name as he topped the sale with his Straight Up Gangster back on a Hawkeye sold for \$8,000, and will be making his way to Shipley Swine Genetics. 16 total boars sold for an average of \$1,850.

The Berkshire sale finished at \$53,450 on 40 head sold thanks to auctioneer Kevin Wendt of Ohio. As a repeat of the Exposition, Premium Blend Genetics took home the Premier Sire with Special Effect, along with grabbing Reserve Premier Sire with Secret Stash.

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

The Summer Type Conference is known for being a high-level event on a yearly basis. The hogs that have changed owners there in the past have proven to be able to make their respective breeds better. I'd expect the same from this edition.

Broc Thompson from Ohio worked the Duroc show this year. His no frills, basic everyday approach to analyzing and breeding hogs is well known across the country. He did a great job this year. Thanks, Broc.

The Premier Duroc Sire at the 2023 Summer Type Conference was HHMX2 Statement Day 318-2 housed at Upperhand Genetics and bred by Max Heimer. Statement Day was the record-selling \$290,000 champion from the 2022 Summer Type Conference. The Reserve Premier Duroc Sire was OAB1 Work of Art 13-2 also housed at Upperhand Genetics and bred by Olson.

Max Heimer was back again with his 2nd consecutive Champion boar. The winner of class 3, this BOLN1 Cry Baby 16-3 son shared the same dam as last year's Champion HHMX2 Statement Day 318-2. This boar is stout all over. His features were next level. Foot size, forearm, skull, and width of skeleton were all on point. When you add an attractive look with a flexible build, you have an excellent Champion. He's making his new home in Illinois with Hi Point Genetics at the top price of \$90,000. He will be popular.

Don R. Smith had the Reserve Champion with his class 5 winner. This HHMX2 Statement Day 318-2 son is crazy stout! He has a huge top and a big chest floor. He sure appears to be one that can inject feature and muscle into the next generation. He's headed back to Ohio with Thompson Brothers and Don R. Smith at \$75,000. He'll be fun to sample.

Kayla and Derek Barker won the first class. Their OAB1 Work Of Art son topped what I thought was the deepest group in the boar show. His proportions and muscle were excellent, and his maturity and freshness matched his age. He found a great home with Drake Hook in Iowa at \$4,250.

Dare and Meeker came out on top in class 2 with their LSNB2 Main Man 59-2 son. This one has a great look on the profile with good feet and legs. His length of front and shape only adds to his value. Phil Titus from Illinois gets him for \$600.

A son of OAB1 Work Of Art 13-2 driven by Victoria Johnson wins class 4. Fundamentals, bone, and structure are his strong points.

Huinker Durocs Ltd. led off class 6. A son of ESSPO Main Character 4-4, he's a good representative of John's program. Sound, stout, with a notch more skeleton fits his style. He's headed back to Iowa with

RAR Genetics for \$900.

We started the gilt sale with NJSA member Brody Terrell's Champion Duroc and Reserve Champion overall from the Jr. Show. She won what many considered the deepest Duroc gilt show ever! She is a daughter of LSNB2 Main Man 59-2 and is a littermate to Ella Bobell's Supreme Champion at The Exposition last month. She is quite honestly, just elite! Her ability to combine structural integrity with body mass and look are excellent. She's got muscle and natural width throughout. She topped the sale at \$12,000 to Doug Hanks in Illinois. Congratulations to Premium Blend Genetics for breeding this great litter!

Blake DeHaven's Champion won class 2. HHMX2 Statement Day 318-1 sired this gal and she was classy. Her femininity and flexibility were very good. She's got a problem-free build with good shape. Her new home is in Nebraska with Arkfeld Genetics at \$2,000.

Young Kyslee Jaworski topped an impressive class 3 with the Reserve Champion. Her HHMX2 Statement Day 318-2 daughter is stout and square-made with an impeccable hind leg. She's still really good from the side profile. Her new home is with Robin Ridge Farms in Indiana at \$9,000. Mike will give her a great chance.

Kellen Olson and Dylan Cain also had special gilts in this class. I'd encourage you to look at the sale results and check this class out.

The Boeskool Family led off class 4 with the 2nd top selling gilt. Sired by WTX0 Green Bottles 262-3, this one is simply elegant in her look with length and extension upfront. Her ability to move effortlessly is next level and she's still stout with good shape. The Taulman Family from Indiana loaded her up at \$10,500.

The youngest class winner was shown by Elliana and Emarie Johnson of Ohio. This KLG1 Cadillac 7-10 entry is fresh in her appearance with a functional build and flexible skeleton.

This year's show was highlighted by some excellent herd sire prospects and an extremely deep gilt show. Thanks to the breeders and buyers that continue to believe in the breed and work to make progress.

Kevin Wendt, thank you. Your knowledge of this industry and ability to get these hogs sold is greatly appreciated. Ring crew, great job! Thanks isn't enough.

To the Kentucky Expo Center crew, great job. They filled every need we had in a professional manner. Thank you to everyone who was a part of STC 2023. Let's do it again next year!

Shown by Arthur DeOrnellas, IL

Sold to Lockman Genetics, KS, for \$1,750

# From the Field

Ryan Michael: NSR Field Representative Intern

The Summer Type Conference in Louisville Kentucky has turned into the premier event of the year for the Hampshire breed. Coming off of the record-breaking sale at last year's STC, there is no doubt the Hampshire breed is as hot as it has been in a long time. The breeders took notice of the sale results from last summer and once again brought a tremendous set of boars and gilts.

The Hampshire open show was judged by Pat and Tim Arkfeld. The Arkfeld family lives and breathes Hampshire hogs and we really appreciate the job they did sorting our show.

The Premier Sire of the Hampshire show was BOLN1 ICE 54-1, bred by Hi Point Genetics and housed at Lairds Premium Blend Genetics. The Reserve Premier Sire goes to TRU1 Tru Value 7-1, bred by TRU Genetics and housed at Hi Point Genetics. Tru Value was the popular oldest class winning boar at last summer's record-breaking STC; great to see him making an impact in his first breeding season.

The Hampshire boar show was extremely strong this year in Louisville. The Champion and Top-Selling boar was driven by Chad Day Showpigs. Chad's boar was sired by Facts and out of a Blind Draw sow. The Champion boar was one of the most highly talked about Hampshire boars in recent memory. He excelled in his built and design from the side, while still being so stout featured. Really extended up through his head and neck and hit the surface with so much comfort. Really excited to see what he can do for the Hampshire breed going forward. Shaffer's Goldrush purchased him at \$60,000.

The next two boars dropped in the ring together and were littermates from the Muegge Family. Two of the most talked about boars of the show. A very stout featured pair of boars that were so dense in their skeleton and right in their rib shape. The Reserve boar offered a shot more extension ahead of his blade and a little more range of motion from behind. He found himself a great Hampshire home at Earl Cain's for \$35,000. The littermate was much more extreme in his bone and foot size. If your sows need to be stouter and heavier boned, I'd give Brent Bolen at Hi Point a call. Hi Point purchased the second place boar for \$20,000. Good pair of boars from the Muegge Family!

Another boar that was certainly a far-reaching one that had lots of friends was 2nd place behind the Champion in class from Jack Rodibaugh & Sons. One you definitely need to look up for his extension, topline shape, and comfort on the move. Still a very heavy boned boar that is attractive from the side. Purple Power Boar Stud took him home for \$47,000.

Mike Watson drove a son of Gator that was 3rd in the strong class 2. I really liked this boar at the farm when I saw him and he continued to get better. One that is so heavy boned and big footed. Huge top and dense in his skeleton. Laird's Premium Blend Genetics purchased the Watson boar for \$26,000.

Overall, a very strong Hampshire boar show with several other boars that were popular on sale day! Give each of those boar studs and breeders a call to discuss their new additions.

The Hampshire gilt sale was tremendous last summer on the green shavings and this year was no different. We started the Hampshire sale with the Foundation Female from Robert Meeker. I had the pleasure of viewing this one at Meekers and want to thank them for offering truly one of their best keeper gilts. She has a great sow family behind her and I'm confident she will make her new owner, Stewart's Duroc Farm, a tremendous sow.

The 3rd Overall Hampshire gilt from the junior show elected to go straight to the sale, exhibited by Caitlyn Schillinger, IN. A powerful gilt bred by Heimer that was right towards the top in a very competitive junior gilt show. She returned home to Indiana for \$15,000.

The Champion Hampshire gilt came from Hannah Bell. Her gilt was bred by Rodibaugh and sired by Freelancer. A really shapely gilt with an attractive shape to her skull. Very sound and flexible. Ted Laird & Family purchased her for \$3,750.

The Reserve Champion Hampshire gilt came out of class number 1. Arthur Deornellas drove a daughter of Top Gun that looked like she would make a true brood sow. Very high quality underline and stout in her kind. Lockman Genetics loaded her up for \$1,750.

Class 2 had several gilts that were popular on sale day. The class winner was from Dallas Stephens. A really good built gilt with enough extra power. Harker Family Genetics bought her for \$5,500. 2nd in that class was Olivia Shike. A really stout-featured huge-backed gilt that had as much power as any. Doug Hankes bought the Shike gilt for \$4,250. Several other gilts were popular and it would not surprise me if we hear about them in the future!

The Hampshire breeders should be proud of the set they brought to the Summer Type Conference. I look forward to seeing what genetic progress will be made with the purchases.

Shown by Riley Hayden, IN

Sold to Delbert & Trevor Peters, IN, for \$1,500

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

I'm always excited to head to Louisville each July in anticipation of the Summer Type Conference. It's one I eagerly count down on my calendar.

The Landrace show was judged by Kyle Knauth this year. Kyle is truly an elite breeder and evaluator of livestock. Landrace are his first love and it was a pleasure to watch and listen to him work. Thanks, Kyle.

The Premier Landrace Sire at the 2023 Summer Type Conference was JMG1 Happy Hour 7-10, housed at Crossroads Genetics and bred by McGrew. Happy Hour was the champion at the 2022 Exposition and sold for \$41,000. The Reserve Premier Landrace Sire was TWL1 Track Record 107-5 housed at Premium Blend Genetics and raised by Laird.

The Champion boar was the class 2 winner exhibited by Lydia Lawson. JMG1 Happy Hour 7-10 continued the tremendous tear he's been on all summer with this son. This one has as much shape and dimension of muscle as any shown this summer, while still being correct in his build with a great look on the move. He will make his new home in Indiana with Purple Power Boar Stud at \$4,000. Call the Danner crew on this one.

Gus Mitchem had the Reserve Champion with the class 1 winner. This GLMR1 Wait N See son is arguably the heaviest structured Landrace in the barn. He's square topped and big chested as well. He made his way to Indiana with Alexis and Elliot Funkhouser for \$500.

Harper Lackey won class 2 gilts with the eventual Champion.

In a year of extremely high-quality Landrace gilts, this one doesn't have to take a backseat to many. This TWL1 Track Record 107-5 sired female is truly elite. She combines femininity, structural correctness, and mass, as well as any we've seen. Her new home is with Berling Show Pigs in Indiana at \$13,000.

Riley Hayden had the Reserve Champion that was 2nd in class behind the Lackey entry. Yet another JMG1 Happy Hour 7-10 entry, she's one that is incredibly correct and balanced with good bone and body mass. She made her way to Indiana with Delbert and Trevor Peters at \$1,500.

Kyndal Sowell's gilt won class 3. Another TWL1 Track Record 107-5 daughter, balance, levelness, and a correct skeleton are her strong points. Jady and Jenna Wehmer are her new owners at \$1,000.

Kashton Pullen won the first class with his JMG1 Happy Hour 7-10 daughter. After a very successful summer campaigning this attractive, shapely, stout female, Kashton sold her to Alexis and Elliot Funkhouser at \$900.

The numbers weren't large, but the quality was outstanding in this year's Landrace show. The good ones were rewarded. Keep bringing them out, exhibitors! Scott Mihalic and the ring crew did their usual great job finding new homes for the Landrace. Big thanks, guys. As we head into State Fair season, let's remain open minded and positive about our industry. It was good to see you all. Be safe!

# From the Field

Ryan Michael: NSR Field Representative Intern

Over the years, many of the Yorkshire breed's most influential Yorkshire sires and sows have been shown on the green shavings in Louisville Kentucky at the NSR Summer Type Conference. This year's show was just as strong as you would expect. Thank you to Nick Hofshulte for judging the open Yorkshire show, great job as always!

The Premier Sire in the Yorkshire show was KORB2 Alone Time 4-8, housed at Upperhand Genetics and bred by Korb Farms. The Reserve Premier Sire was DJDS2 Redemption 8-3, housed at Hi Point Genetics and bred by Sanders. Redemption was the champion boar at last year's STC, good to see a sire from the year before making a big impact right away.

The Champion Yorkshire boar was from Rolling Z Showpigs, OH. He was so big backed and good in his chest floor. A power boar that was still so square and correct on the move. Top Cut Genetics bought the champion boar for \$3,000. The 2nd place boar behind him in class was the Reserve Champion. Hope & Reagan Flaspohler, IN drove the Reserve boar. He was so flawless in his skeleton and so good out of his hip and hind leg. A very long fronted boar with enough shape. Congratulations on the Reserve boar selling for \$8,000.

The top selling Yorkshire boar was from Lorenzen Farms. I was able to see this Redemption son at the farm and was a big fan of him then. One of the stoutest forearmed and biggest footed boars to walk through the ring all day. Still tall shouldered and good on his pasterns. He got a good Yorkshire home at Chuck or Ben Olsens for \$32,000.

Class 1 Yorkshire boars was very deep with several good boars going to well respected firms. The 4th place boar in that class from Goff Select Swine Genetics was a popular one on sale day. A huge legged boar that was dead level from the side. Laird's Premium Blend Genetics loaded him up for \$5,000.

The Yorkshire gilt show was especially strong in Louisville. The junior gilt show was very high quality and two of the top five gilts from the junior show elected to go straight into the sale. The first gilt through the sale ring was exhibited by Breckyn Bloomberg. This Yeti daughter was bred by Lorenzen and was Reserve in the Junior show. Not very often do you get a chance to buy a gilt with this mass and stoutness while still being so comfortable. D J & Amara Sanders, IL purchased the Bloomberg gilt for \$9,500.

Ellie, Lillie, and Tabor White, TN brought the next one through the ring. The 5th overall Yorkshire gilt

from the junior show was so heavy boned and big footed. She comes out of a great litter with two of her littermates being in the top 5 of their division in the junior show. Hilty Showpigs was the winning bidder at \$16,000 for the White gilt. Kiersten Judd exhibited the Champion Yorkshire gilt from the open show. Her gilt sired by Walks Alone looked like a true Yorkshire sow prospect. High quality underline and a great hip and hind leg. Hughes Show Pigs, IL bought the Champion gilt, great purchase!

The Reserve Champion gilt from the open show was exhibited by Kyslee Jaworski, MI. The Jaworski gilt was sired by the popular Why Not Us boar and out of a Walks Alone sow. Mike Patterson Family, MN took home the Reserve gilt for \$2,900. Another gilt of note was the class 5 winner from Annie Robinson. Maybe the farthest reaching breeding piece of the entire show. As heavy boned as any gilt to walk on the green shavings. Alex Long, MT will put the Robinson gilt to work in his Yorkshire herd.

A very good Yorkshire show that should fuel even more excitement for the future of the Yorkshire breed. Look forward to seeing everyone at the next one!

Sold to Osteen Southern Sires, GA, for \$1,250

# From the Field

Mick Bellamy :: [mick@nationalswine.com](mailto:mick@nationalswine.com)

NSR Field Representative

The Summer Type Conference in Louisville, Kentucky is arguably the most anticipated Open Show of the calendar year. The numbers and depth of quality there are always off the charts and this year was no exception. The crew at the Kentucky Exposition Center is always a pleasure to work with. They put in many long hours in preparation, and it's greatly appreciated.

Andy Rash and Kale Boysen evaluated the crossbred show this year. Andy's professionalism and expertise is always refreshing, and Kale is an up-and-comer in the industry. Thanks fellas!

The Champion boar in Louisville was the Wehmer entry sired by AC/DC. This solid white hog is an intriguing critter! He has an incredibly heavy skeleton with unreal flexibility for his mass. His muscle shape and look up front are next level. I think Real McCoy Genetics made a great purchase here as the sales 2nd top figure of \$39,000. Call Mike and get on the books.

Riggs-Thurston Show Pigs won Class 3 with the Reserve Champion. A son of Tricked Out, this guy has an enormous hind leg that still flexes and works properly. His levelness of build and height up front were excellent. His new home is in Indiana with Shaffer's Goldrush at \$19,000. This one needs sampled.

The Clauson Family was in next with the Class 1

entry. This calico boar is sired by Young Love and is a problem free, great balanced hog with lots of bells and whistles. His skeleton is stout, correct, and flexible with lots of muscle and shape. His new home is in Iowa with Warren Brothers at \$35,000.

Zander Ivey from Ohio drove a Tricked Out son to the first pen in class 2. The fresh appearing guy is really good looking with a square build and great feet and legs. He had plenty of bone and shape to complete the deal. He's heading to Oklahoma to Steve and Mark Gray for \$10,000.

Jason and Lana Boyle were 2nd in this class with the top selling boar. This son of Tricked Out has as heavy a structure as any hog shown. His soundness and correct build are good as well. If you're a big hair fan, he's got a ton of that, too. His new home is at Crossroads Genetics in Indiana. I know Adam and crew would love to visit with you on this one.

A big welcome to Scott Mihalic as he becomes a part of the NSR team. He did a great job selling the crosses on sale day. Big thanks to the ring crew as well. It takes an army to put these events on. Thanks to all that helped. Thanks to the Vickrey Family and all the NJSA young people for their assistance.

It's been a good summer. To all that were in attendance and participated, we thank you and look forward to working with you in the future.

# From the Field

Ryan Michael: NSR Field Representative Intern

As I wrap up my sale reports, I want to thank the NSR for the opportunity to meet so many people and visit so many places this summer. I truly learned from every breeder I talked to and every farm I got to visit. I hope my passion for the purebred swine industry was evident in my conversations and my herd visits. I really enjoyed getting to know so many breeders. Please feel free to reach out, I am always happy to discuss hogs with anyone.

The crossbred gilt show wasn't the largest in numbers but the sale still provided breeders with an opportunity to add valuable breeding pieces into their program. The 5th Overall Crossbred gilt from the junior show headlined the open crossbred sale. The See to Believe gilt driven by Alex Knouff was truly a freak. Huge legged and wild looking up through her

head and neck. As stout featured as you can make one. Congrats to the Albright Family on raising this special individual. She topped the Crossbred gilt sale at \$23,000 to Drawdy Show Pigs.

The Champion gilt from the open show was from Payton Hodge, OH. A very good designed, no holes type of gilt. She still came with enough power and substance. The Hodge gilt sold to Black Show pigs for \$2,900. The Reserve gilt came next from Haylie Stephens, FL. She was bred by the Wehmer crew in Indiana. She was a stout featured, heavy boned gilt that had a unique shape to her skull. Osteen Southern Sires took her home for \$1,250.

Congratulations to all the crossbred gilt exhibitors. We look forward to seeing everyone at the next NSR event!

What is the value of a Berkshire Pedigree? It is the only accurate way to identify the lineage of Berkshire hogs, assuming the pedigrees have been kept accurately. At the present time there is no biochemical test that can detect the genes denoting a purebred Berkshire. This was verified some twenty years ago when the ABA Meat Certification Program was being developed and purebred Berkshires were required and still are. Genes denoting Berkshires can also be found in other breeds and vice versa. This results because of the evolutionary process of developing breeds over time. When the ABA was established in the U.S. in 1875, black hogs with erect ears and 6 white points (feet, tail and head) were considered foundational, ignoring the fact that parent stock in England were often sandy-red and black spotted hogs. To say color pattern accurately defines Berkshires is false and as it turns out color pattern is determined by several genes, therefore the variation. Thus, having Berkshires developed from 1875 with pedigrees and ascribed characteristics (black, 6 white points and erect ears) is the most accurate method of identifying purebred Berkshires. Having obtained our first Berkshires as a youth in 1954 and maintaining pedigrees on every litter and pig since and through the advent of Phenotypic acres in 1972 to present, over 3,500 litters and 35,000 pigs have been processed. Along with complete production records, on-farm testing, STAGES, NBT. And NPT is enabling us to supply hogs that are productive, consistent, and support a pedigree.

## STATEMENT DAY

GREEN BOTTLES X RIP (354-6)

Champion Duroc Boar | 2022 Summer Type Conference

Purchased by Upperhand Genetics & TRU Genetics for a record selling \$290,000

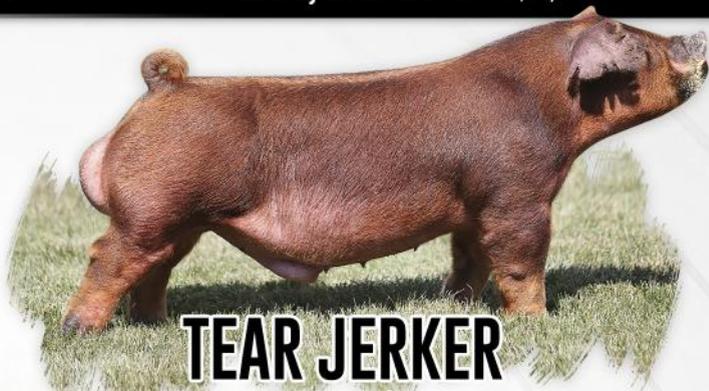

## CRY ABOUT IT

CRY BABY X RIP (354-6)

Champion Duroc Boar | 2023 Summer Type Conference

Purchased by Hi Point Genetics for \$90,000

# #HHMX

## TEAR JERKER

CRY BABY X RIP (354-6)

Pick of Pair in The Exchange 2023 | Purchased by SGI for \$60,000

## LAST STEP

STEP ASIDE X RIP (354-6)

NSR The Draft 2023

Purchased by Southern Gold Sires for \$15,000

## MAD MAX

STEP ASIDE X RIP (354-6)

NSR The Draft 2023

Purchased by Knauth Showpigs for \$19,000

354-6 WAS BRED HERE, RAISED HERE AND AFTER GROWING UP AT THE OFFSITE SLAT BARN, SHE CAME BACK HERE WITH VERY LITTLE FANFARE AND WITHOUT A SHOW RING RESUME. IN THAT SENSE, SHE WAS UNASSUMING, BUT HER STATURE AMONGST HER CONTEMPORARIES SUGGESTED OTHERWISE - SHE TRULY WAS AN INCREDIBLE FEMALE. 'ONLY THE GOOD DIE YOUNG' IS A PHRASE THAT LIVESTOCK FOLKS KNOW ALL TOO WELL AND WHILE IT'S SAD THAT WE WON'T HAVE ANOTHER LITTER, WE ARE INCREDIBLE PROUD OF WHAT SHE ACCOMPLISHED IN THREE TRIPS TO THE CRATE. HER FOOTPRINT ON THE BREED WILL BE LONG LASTING, NOT JUST THROUGH THESE SONS, BUT HER DAUGHTERS AS WELL.

*Thank you* to the buyers of these boars and those who have, and will make them part of your breeding program. It's been quite a ride!
