TRAVEL DOCUMENTATION

PROPER IDENTIFICATION

Travel documentation is essential during embarkation and throughout the cruise. Despite completing Online Check-in, guests must still present the necessary travel documents at embarkation. It is advisable for guests to consult their travel agent or government authority to confirm the required travel documents for each port of call. Failure to provide the proper documents will result in denial of boarding and no refund of the cruise fare. Carnival does not provide advice on necessary travel documentation.

PASSPORT

Unless it is mandatory, Carnival highly suggests that all guests carry a passport book. The passport must be valid for at least six months after the trip ends. Having a passport book can improve the disembarkation process, as delays may be expected for those without one when returning to the United States. Moreover, it allows guests to fly from the U.S. to join the ship at a foreign port if they miss the original embarkation port and permits guests with emergencies to return to the U.S. without major delays.

BIRTH CERTIFICATE

- An original or duplicate of a birth certificate provided by a government agency (state/county/city) or the Department of Health and Vital Statistics.
- A clear and readable photocopy of a birth certificate originally issued by a government agency (state/county/city) or the Department of Health and Vital Statistics. Certification or notarization of the copy is not required.
- Birth Certificate Card
- Consular Report of Birth Abroad
- Internationally adopted children (under 18 years old): If the adoptive parent did not receive a birth certificate, Carnival will accept a Certificate of Citizenship from the U.S. along with adoption documentation as proof of citizenship. The U.S. issues a Certificate of Citizenship once the adoption process is completed.

CORRECT NAMES REQUIRED

It is crucial to ensure that the guest's full name (first name and last name) on the cruise and airline tickets matches the guest's unexpired, government-issued photo ID used for travel identification. In cases where there is a name difference due to marriage, divorce, or legal name change, documentation (original or clear, legible copy) such as a marriage certificate, marriage license, or legal name change court document must be provided at embarkation. Failure to present the necessary documentation reconciling the name differences may lead to denial of boarding.

BEFORE YOU HOP ONBOARD

PROHIBITED ITEMS POLICIES

Guests are kindly requested not to bring hard liquor, beer, or plastic/glass bottled beverages, including water, sodas, and other non-alcoholic drinks on board. Please refer to their Beverage Policy for further details. To maintain a pleasant environment, the use of large speakers/radios is not allowed and will be confiscated. For the safety and comfort of all guests and crew, public announcements must be audible to everyone; therefore, guests are required to use earphones when using personal devices in public areas. Bluetooth, portable, and wireless speakers are permitted only in your stateroom and should be used considerately in terms of volume and timing. To adhere to safety regulations, certain items are restricted on board, so please review their Prohibited Items List before embarking on your journey.

MOBILITY DEVICES

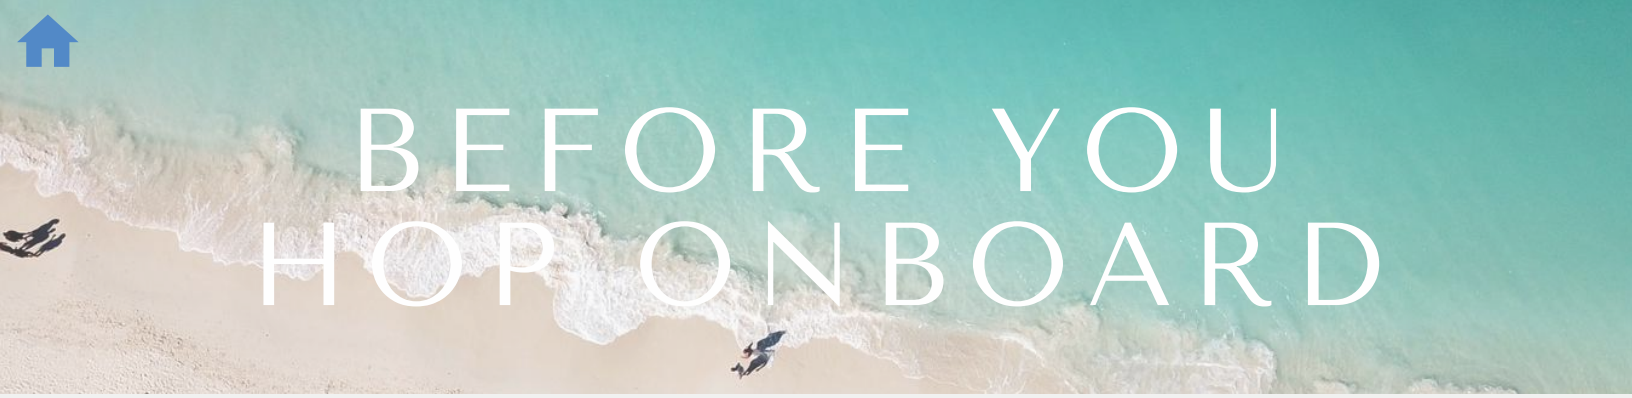

To ensure the safety of all guests and crew members, please refrain from leaving mobility devices in hallways or other public areas. Instead, store them in your stateroom in a manner that does not block clear and safe exit paths. Unless you have booked a fully accessible stateroom, make sure your mobility device can pass through a standard stateroom doorway of 22 inches. During check-in, guests may be asked to check the size of their scooters to ensure they can fit in the stateroom. Oversized scooters will not be allowed on board. If a guest is unable to arrange for a smaller scooter or travel without one, they will not be allowed to board the ship without compensation.

PERSONAL SAFETY

Ensuring the safety of everyone is their top priority at Carnival. Carnival will kindly request all guests to take responsibility for their personal safety. As the ship is constantly moving, please use handrails when walking and be cautious of wet areas, especially near the pool. It's important to wear suitable footwear and dry off before using any outdoor sports equipment. Their ship's officers are committed to your safety and creating a friendly environment for all, guided by their motto "Have Fun. Be Safe." Should you have any concerns, please approach their Guest Services team for prompt assistance. The captain and officers have the authority to enforce rules and make decisions to uphold a secure and enjoyable atmosphere. Any disruptive behavior that affects others is unacceptable, and guests displaying such behavior will be required to disembark at their own cost and will be barred from future Carnival cruises.

GRATUITIES

Guests frequently express gratitude for the dedicated service of shipboard staff by providing gratuities. Carnival has provided suggested guidelines to help you plan accordingly. For more information, please consult the Service Gratuities page.

BEFORE YOU HOP ONBOARD

REAL ID HOMELAND SECURITY REQUIREMENT

Starting on May 7, 2025, the U.S. Department of Homeland Security will mandate that all residents of states and territories must show a REAL ID-compliant driver's license or an acceptable form of identification like a passport or enhanced driver's license to pass through airport security and board domestic flights. If you plan to fly to one of their cruise homeports in the U.S. on or after this date, please ensure you have the required documentation for air travel. For further details, please visit the TSA website. Please note, all guests must also possess WHTI-compliant travel documents (proof of citizenship and/or appropriate visas) for cruising.

FAMILY EMERGENCY

Most cruise lines allow passengers to disembark at a port of call to catch a flight in case of an emergency, but it is essential to have your passport and photo ID – a birth certificate alone will not suffice. Carnival Cruise Lines provides a Great Vacation Guarantee, offering a full refund (plus 10 percent and all travel expenses) if you choose to disembark from the cruise. Remember, you must inform Guest Services within the initial 24 hours of the cruise, and you can only leave the ship at a port of call, not while at sea.

ITEMS OVERBOARD

Carnival is dedicated to preserving the environment for future generations of cruisers to enjoy the ocean and the stunning destinations they visit. Kindly adhere to recycling guidelines both on and off the ship and be cautious of items going overboard when on open decks or balconies. Any unintentional or deliberate act of discarding unauthorized items overboard must be reported to a crew member immediately.

Intentional or negligent disposal of items without permission from the ship's staff may incur a $500 charge per violation. Moreover, the cost of any Carnival property will be billed to the guest's Sail & Sign® account. Violating this policy may lead to the removal of all guests in the stateroom. Please refer to their Items Overboard Policy for more information.

FOOD ALLERGIES

Many cruise lines can accommodate various food allergies, typically in their formal dining rooms. It is advisable to discuss this matter with a vacation planner from your chosen cruise line, as each cruise line has its own approach to handling food allergies.

Embarkation & Disembarkation

EMBARKATION

ONLINE CHECK-IN

U.S Department of Homeland Security (DHS) requires Carnival Cruise Line to submit a final departure manifest with specific guest information at least 60 minutes prior to departure. All guests are required to provide them with check-in information by completing their Online Check-in and selecting their Arrival Appointment no later than midnight (eastern time) prior to their sailing date.

Online Check-in can be accessed within 14 days prior to sailing and no later than midnight (eastern time) prior to the sailing date.To complete the Online Check-in, guests must click on Manage My Booking at www.carnival.com/Onlinecheckin and create an account, entering their Carnival booking number, last name, date of birth, ship name and sail date. If they already have a Carnival account, log on with their email address or user name and password. Online Check-in can be found under 'My To-Do list'.

Upon completion of Online Check-in, guests will be able to print their cruise documents, including luggage tags, boarding passes and more. Additionally, guests will be able to view their reservation, purchase shore excursions, set their dining preferences, make spa appointments, access their flight information and view Frequently Asked Questions.
Guests who have completed their Online Check-in will go through a quick verification process. Failure to provide this information on a timely basis will result in a delay at embarkation.

ARRIVAL APPOINTMENT

Guests must select their Arrival Appointment no later than midnight (eastern time) prior to their sailing date, when completing their Online Check-in. Carnival will assign an Arrival Appointment to guests who fail to select an arrival time. This information will be emailed to the guest on the morning of departure. Arrival Appointments do not apply to guests starting their cruise in Barbados. Please arrive promptly within your Arrival Appointment to reduce your wait time in line.

AT CHECK IN

At check-in, guests must present their boarding pass, picture ID and citizenship documents (including any necessary visas). Due to security protocol, last minute bookings made within 24 hours of sailing will require guests to undergo a secondary screening.
Guests who are scheduled to arrive at the terminal before 1:30pm, usually check their bags with a porter so they can be free to enjoy lunch on Lido Deck before access to their stateroom is granted.

Checked baggage service is only available until 2 hours before the ship's published departure time. Guests arriving after this time will be responsible for taking their bags on board.

Lunch is served on Lido Deck from boarding until the commencement of the safety briefing. All guests must be on board by the Final Boarding time printed on the boarding pass or they will not be permitted to sail.

EMBARKATION

PRIORITY CHECK IN

Carnival's Priority Check-in is an exclusive service designed to afford their VIFP Diamond, Platinum and deluxe suite guests with special embarkation and debarkation privileges on cruises from the U.S. and Europe. Priority Check-in is not offered for Carnival Journeys cruises. Minors traveling with parents who have Priority Check-in in separate staterooms, may check in together using this exclusive service.

- Priority guests will be given access to Online Check-in to select their terminal arrival appointments 48 hours ahead of all other guests.
- When completing Online Check-in, guests must select a terminal arrival appointment that works best with their plans. For a better embarkation experience, guests are asked to adhere to that arrival time. Carnival will not be able to accommodate guests who show up earlier than their selected window. If Priority guests arrive later than their selected window, they will be accommodated in the Priority line.
- Upon arrival to the terminal, guests must look for the Priority line to check-in.
- Terminals with dedicated Priority seating areas may have limited space. Depending on arrival patterns, seats will be available on a first come, first served basis. Regardless of seating location, Priority guests will still be able to take advantage of Priority boarding.
- Once on board, if staterooms are not ready, Priority guests will be permitted to drop off luggage in their stateroom. Guests will be asked to return to the public areas of the ship as their team completes its work.

Towards the end of the cruise, Priority guests will receive a letter, with special luggage tags, offering debarkation options.

DISEMBARKATION

MORNING OF DEPARTURE

- Sail & Sign Cash Account: If not done so already, please settle any outstanding account balances with Guest Services before 8:00am so you can disembark without delay.
- Debarkation Morning Purchases: You may use your Sail & Sign card or personal credit card for purchases.
- Liquor Purchases: For cruise durations 5 days and less, liquor will be available for collection in a designated lounge on the morning of debarkation. Guests cruising back-to-back will collect all items at the end of the 2nd cruise.
- The Photo Gallery is open for last minute purchases until 8:30am.
- Carnival airport transportation tickets are available for purchase on the Carnival HUB App or at the Carnival Adventures or Guest Services desks until arrival.

WAITING FOR DEPARTURE

- Carnival will kindly ask that you vacate your stateroom before 8:30am. Please double check and make sure you have removed all valuables from your stateroom safe and any personal items from closets and drawers.
- You may enjoy one last breakfast or relax with a cup of coffee.
  - The main dining room serves breakfast 6:30am-8:00am (open seating)
  - The lido restaurant serves breakfast 6:00am-9:00am
  - Promenade Cafe (JavaBlue) is open 6:00am-9:00am
- You will need to select a location on the ship while waiting to be called for departure. Each ship will provide a list of designated areas (lounges and outdoor space) for guests to wait; in the interest of safety, guests should not wait in the stairwells or lobby area.
- Once the ship has cleared Immigrations and debarkation starts, Carry off guests will be among the first to to be alerted via notification through the app that they can leave the ship. Guests will proceed to the gangway with their luggage.
- Once carry off guests are off the ship, a notification will be sent through the app to alert guests that their luggage is ready and they can leave the ship. Luggage will not be available in the terminal until the specific group has been called.
  - Guests who require special assistance will disembark with their luggage when their group is called through the HUB app notifications and will be escorted off the ship into the baggage claim area. Unfortunately, due to port regulation, wheelchair escorts are not allowed to assist with the handling or collection of luggage at the terminal building.
  - Guests who have pre-purchased a shore excursion that includes return transfers to the airport will meet in a designated area and guided to the gangway as a group.
- Carnival will generally clear the ship of all guests approximately three hours after the published arrival time in the home port.

DISEMBARKATION

DEBARKING THE SHIP

- Prior to leaving the ship, guests will need to have in hand:
  - Sail & Sign card
  - U.S Citizens will need Travel Documentation (passport, birth certificate and photo I.D, etc)
  - Non-U.S Citizens will need Travel Documentation (passport) and required forms and documentation required by U.S Immigrations.

- In order to 'check out' of the ship's security system, each guest will need to present their Sail & Sign card as they leave the ship.

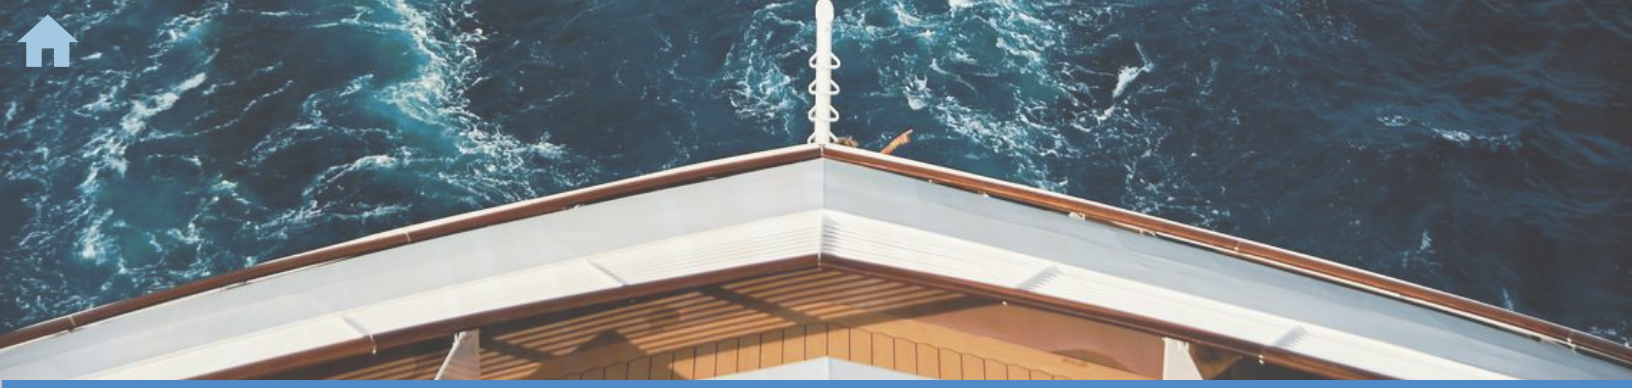

- U.S Customs Border and Protection (CPB) Interview: After leaving the ship, U.S Citizens and Non-U.S Citizens will show CPB officers their travel documentation. Note**:** Depending on the home port, the process for Non-U.S Citizens may be conducted on board immediately following the ship's arrival at the terminal.
  - In nine U.S homeports, guests debarking the ship at the end of a closed loop cruise will pause at a kiosk with a camera and take a photo. Within seconds, the image is biometrically compared to their passport or visa photo to verify the guest's identity. U.S travelers and select foreign nationals who prefer to opt out of the facial biometric process can simply request a manual document check from a CBP Officer.
  - The U.S homeports using this secure, streamlined technology, include Miami, Port Canaveral, Tampa, Jacksonville, New York, Baltimore, Mobile, Galveston and Long Beach.

- Baggage Claim: Guests will proceed to the baggage claim area of the cruise terminal. Please wait for your zone number to be called otherwise you luggage will not be available in the terminal. Luggage will be grouped by zone number for easy location. Guests should double check to ensure they have claimed their own luggage as well as all of their bags.

- All confiscated items will be returned to guests in the terminal by the shoreside security upon debarking the vessel.

- U.S Customs Border and Protection (CPB) Luggage Inspection: Prior to exiting the cruise terminal, guests will proceed to the CBP area - this is a formal but brief check of luggage and an oral declaration of merchandise purchased.

- Transportation Back Home:
  - Guests who have purchased their optional transfers must proceed to the buses outside the cruise terminal with their luggage for transportation to the airport.
  - Taxis and other alternative transportation services will be located outside the cruise terminal.
  - Guests who purchased shore excursions must ensure their luggage is on the same bus on which they are traveling.

MUSTER DRILL

In 2021, Carnival Cruise Line introduced a new Guest Safety Briefing that involves a self-mustering procedure for guests at their designated muster stations. Guests can find their assigned muster station details on their boarding pass, Sail & Sign Card, or cabin key. Upon reaching their muster station, guests will be guided by one of the dedicated team members on how to correctly wear a lifejacket.

Guests will be encouraged to visit their muster station during embarkation, and it is mandatory for all guests before the ship sails. Throughout embarkation, guests will receive safety information and instructions on self-mustering through videos shown onboard, on stateroom TVs, announcements, and the Carnival HUB App.

Before departure, a safety announcement with crucial instructions and a demonstration of the General Emergency Alarm will be broadcasted. By implementing the self-mustering process and providing safety information through various channels, Carnival Cruise Line ensures compliance with SOLAS (Safety of Life at Sea) standards for passenger safety briefings.

In accordance with SOLAS regulations, a passenger Safety Briefing must be conducted immediately before or after sailing for all new passengers. This briefing includes instructions on using lifejackets and emergency procedures.

Since the introduction of self-mustering in July 2021, guests have responded positively, noting better retention of safety information. This approach enhances the guest experience by allowing them to visit their muster station at their convenience, reducing time spent in large muster gatherings, and maximizing their enjoyment onboard before departure.

CRUISE SUCCESS TIPS

01

Locate Muster Station

Ensure all members of your group are aware of the quickest route to their muster station and identify an alternative route in case the primary one is blocked. On most ships, life jackets are placed within the passenger cabins; however, on the Carnival Celebration, Carnival Jubilee, and Mardi Gras, they can be found at the muster stations. Extra jackets are also accessible at lifeboat stations and inside the lifeboats.

02

Make A Family Plan

Children should be aware of the location of their life preservers and instructed to go to their designated muster station if they become separated from you. Specific procedures are in place for lost children, with crew members promptly identifying them and notifying their parents.

03

Trust Your Gut

"Always listen to the crew, but remember, they can make mistakes. Stay composed, inquire, and trust your instincts for safety. If you hear the crew using codes, don't panic; it may not mean the ship is at risk."

04

Don't Panic if Ship Lists

Cruise ships are engineered to sink evenly, and extreme tilting like what occurred with the Concordia is uncommon. In the event of a ship beginning to list, it's important to remain calm. Crew members at the muster station will oversee the operational lifeboats and direct passengers to secure launch locations.

05

Locate Backup Rafts

All ships are equipped with extra life rafts that can inflate to accommodate up to 30 individuals. Typically, these rafts are kept near the lifeboats and can be deployed by crew members in case there is a shortage of operable lifeboats.

06

Be Cautious About Diving In

Leaping overboard during an emergency is filled with dangers: getting entangled in a lifeboat propeller or being hit by a descending lifeboat are potential risks. If the cruise ship is unsteady, there's a chance of being pulled underwater; in cold water, hypothermia becomes a concern. Only resort to jumping as a final option.

Policies & Onboard Info

DINING

Guests may choose from three different dinner seating options. By popular request, all dining rooms are smoke-free.

Assigned Seating - Early Dining and Late Dining

This dining package provides passengers with a fixed dining schedule throughout their cruise, along with a consistent table allocation each night in the Main Dining Room. Opting for this package means passengers won't have the flexibility to select the 'Your Time' open seating option once on board.

'Your Time Dining' Open Seating

'Your Time Dining' is available across the entire fleet, offering guests the convenience of being seated on a first-come, first-served basis, with most parties being seated within 20 minutes. Carnival does not accept advance reservations for dining. However, guests can conveniently check in for 'Your Time Dining' using the Carnival HUB App either in advance or upon deciding to dine. The app will notify guests when their table is ready and provide the table number directly on the screen for easy access to their dining location. Please note, all members of the party must be present to be seated, and the table will be reserved for your party for up to 10 minutes. Be aware that dining times may be adjusted to accommodate port visits or other planned festivities, with updated schedules readily available in the daily 'Fun Times.

For women, long skirts, trousers, dresses, and tops are ideal, while men can opt for shorts, polo shirts, and t-shirts. It is advised to wear flat shoes with rubber soles and low heels. For dining occasions, a touch of elegance is suggested, and bringing a cardigan or blazer is a good idea. Most evenings will have a casual dress code (Cruise Casual).

However, there will be one or two evenings during your Carnival cruise where you can dress elegantly (Cruise Elegant). If you prefer a more relaxed attire on these special evenings, the Buffet Restaurant on the Lido deck offers a suitable alternative with its laid-back ambiance.

CRUISE CASUAL
Gentlemen: dress pants, jeans, elegant shorts, polo shirts.

Ladies: casual dresses, skirts or trousers and blouses, summer dresses, capris, elegant shorts, jeans.

Please no tracksuit trousers, basketball shorts, flip-flops, bathing clothes or cut-off jeans.

CRUISE ELEGANT
Gentlemen: elegant dress pants, shirts, sports jackets as well as suits, ties and tuxedos.

Ladies: cocktail dresses, pantsuits, elegant skirts, blouses and evening gowns.

Please no shorts, t-shirts, flip-flops, bathing clothes, jeans, cut-off jeans, sportswear and baseball caps.

The Steakhouse and Rudi's Seagrill dress requirements follow the dress code specified for the main dining room(s).

Casinos, bars, retail shops, lounges and theaters are frequented by guests who dress according to daytime to nighttime standards. Basic rules still apply no matter the time of day – no swimsuits, wet clothes, or bare feet.

The Lido Restaurant is open daily for breakfast, lunch and dinner and has a more relaxed dress code than the main dining room(s); however, please respect that the Lido Restaurant is not the pool area. Shirts, bathing suit cover-ups and footwear should be worn at all times. Please dry off completely as wet floors are a safety hazard.

LAUNDRY
Each ship features a minimum of 2 self-service launderettes located on the stateroom decks. Each launderette includes at least 2 washers, dryers, ironing boards, and irons. Vending machines provide small boxes of detergent and water softeners. Washing machines will not be accessible while the ship is docked in port.

Moreover, besides their self-service launderettes, there is a valet laundry service available onboard for washing and ironing needs, managed by the Cabin Steward. Regrettably, dry cleaning services are not offered onboard. Kindly inquire with your steward for more information.

GRATUITY GUIDELINES

Guests usually show their appreciation for the hard work and excellent service of the shipboard staff by giving gratuities. All gratuities go directly to the crew members you engage with, including stateroom attendants, dining and culinary staff, and other team members who contribute behind the scenes to enrich your cruise experience. By automatically including this charge, it simplifies the recognition process and guarantees that the crew benefits from your generosity.

GRATUITIES

- Standard Staterooms: $16.00 USD per person, per day
- Suite Staterooms: $18.00 USD per person, per day

SAIL AND SIGN

If guests have not pre-paid their gratuities, the recommended, per person, amount will be posted to their Sail & Sign account on the second to last day of the cruise. Should a guest not be satisfied with the service they receive, they can contact the Guest Services desk while on board. This will allow them to address their concerns in a timely and appropriate fashion. At the discretion of the guest, gratuities may be adjusted after they have been posted on the guest's account, while on board. Gratuities, as posted on a guest's Sail & Sign account, will be considered final after a guest disembarks and no changes will be made after the cruise.

PRE PAY

Gratuities can be added at the time of booking or anytime up to the sail date. Guests who booked directly with Carnival may add their pre-paid gratuities on Carnival.com. If a guest booked with a travel agent, they may contact their travel professional to add pre-paid gratuities to their booking. Prepaid gratuities are reflected in the 'Miscellaneous Charge' field on the confirmation and in the guest's E-Documents.

ADDITIONAL INFO

- Gratuities are assessed on all guests, with the exception of children under the age of 2.
- Gratuities apply regardless of the dining options selected, such as eating at the casual dining restaurant or open seating dining.
- For beverage purchases, an 18% service charge will be added to the bill.
- An 18% service charge will be added to the cover charge for the Chef's Table and Bonsai Teppanyaki as well as the nominal à la carte fee at Bonsai Sushi, Emeril's Bistro, Guy's Pig & Anchor Smokehouse | Brewhouse and Seafood Shack; additional gratuities can be added at the guest's discretion.
- A gratuity may be extended to room service staff as service is rendered.

SMOKING

Carnival Cruise Line maintains a strict no-smoking policy across all their staterooms and suite accommodations, inclusive of outside balconies. This comprehensive smoking ban covers a wide range of smoking products including, but not limited to, cigarettes, cigars, pipes, vaporizers, e-cigarettes, and marijuana.

Despite the varying laws at state, local, and international levels which may permit the use of marijuana, Carnival aligns with U.S. federal law. Under these laws, both the recreational and medicinal use of marijuana, as well as the possession and use of other illegal substances, are strictly forbidden on all their vessels.

Should a guest violate this policy, they will incur a $500 penalty for each occurrence, charged directly to their Sail & Sign® account. Furthermore, it may lead to the early disembarkation of all occupants within the violating guest's stateroom.

Those who are disembarked under these circumstances will bear the full cost of their return travel and will not receive any reimbursement for their unused cruise fare. Violators also risk future bans from traveling with Carnival Cruise Line.

Casino rules: There is no smoking in the casino unless seated and playing. It is not allowed at the casino bar or in the entire area when closed. Their smoking policy is included in Carnival's Cruise Ticket Contract. Follow the link for ship specific smoking areas. In keeping with U.S. federal law, the minimum age to purchase tobacco products is 21. This policy is for U.S.-based itineraries/ships only.

What if a guest has a letter from a doctor saying that they are allowed to use marijuana for medicinal and/or therapeutic purposes? Why is that prohibited?

Items classified as illegal narcotics/drugs, which cover synthetic and designer drugs, along with marijuana, cannabis, and derivatives like Cannabidiol (CBD)—even those identified for medical use—are strictly prohibited onboard. Although some CBD products may be permitted for medicinal purposes under specific U.S. state and local regulations, they remain illegal under federal law. This illegality extends to all ports of call that their services visit, leading to their classification as prohibited items.

ALCOHOL

Guests are not allowed to bring alcoholic beverages on board, except for a single 750-ml sealed/unopened bottle of wine or champagne per person during embarkation on the cruise's first day. Apart from this allowance, all alcoholic and non-alcoholic drinks, including liquor and beer, are strictly prohibited in both carry-on and checked luggage. Any such items found will be confiscated without compensation. Guests on consecutive cruises can bring the same quantity stated in this policy per cruise. Extra quantities will be stored safely at the beginning of the first cruise and provided to the guest at the start of each subsequent cruise. Port, Vermouth, Sherry, and other fortified wines are not permitted to be brought on board.

Alcohol Consumption Policy
All guests must be at least 21 years of age to buy or consume alcoholic drinks in their bars, lounges, and onboard shops. Carnival may verify your age with an ID check and has the discretion to deny alcohol sales to any guest.

Carry-On Beverage Policy for Embarkation
To maintain onboard safety and convenience, guests are advised not to bring plastic or glass bottles of water, soda, or other non-alcoholic drinks.

However, on the day of boarding, passengers are welcome to carry a modest quantity of non-alcoholic drinks such as sparkling water, soda, energy drinks, juice, and milk. These should be in cans or cartons and packed in your hand luggage. Carnival will allow up to 12 sealed cans or cartons per person, each no more than 12 ounces (354 ml).

Distilled Water for Medical Devices
Carnival supplies distilled water which can be ordered before your cruise or purchased while aboard. To preorder, contact their Fun Shops department at 1-800-522-7648, open Monday to Friday from 9 AM to 10 PM ET and over the weekend from 9

Corkage Fee
Carnival invites their guests to indulge in their personal selection of wine or champagne in any of their dining establishments or lounges. For those choosing to savor their own bottle, they offer service for a nominal fee of $15.00 USD per 750-ml bottle. This 'corkage' charge is applied during the service of any personal wine not purchased on-site.

Bottled Water
Ensure you stay well-hydrated throughout your cruise by pre-ordering bottled water to be conveniently delivered to your stateroom upon arrival. Alternatively, should you need additional supplies, room service is at your beck and call. Keep in mind, these purchases are final aboard the ship, and you're welcome to take with you any unopened bottles as you disembark.

Pricing is as follows:

- A 12-pack of 500-ml bottles at $14.95 USD, plus a service fee of 18%.
- A single 1.5-liter bottle for just $4.50 USD, plus a service fee of 18%.
- An 8-pack of 1.5-liter bottles, competitively priced at $24.95 USD, plus an 18% service fee.

Coolers
To facilitate a smooth boarding process and maintain their security standards, large coolers are not permitted on board. Carnival requests that guests limit any carry-on coolers to small, personal-sized containers no larger than 12 inches in all dimensions. These are perfect for transporting limited quantities of non-alcoholic beverages or necessary medications, ensuring you have everything you need for a comfortable voyage.

NOT THE MINORS LEGAL GUARDIAN?

When traveling with a minor on a cruise without both parents or legal guardians, it is advised to have an original, signed letter from the absent parent(s) or legal guardians permitting the minor to travel with you. If one parent has sole custody or is deceased, carry essential documents like a court order, death certificate, or birth certificate listing only one parent instead of a signed letter. These documents will help streamline the process with the Department of Homeland Security.

MINOR GUEST POLICY

Guests Under the Age of 21 MUST travel with a relative or guardian of 25 years of age or older

- The guardian does not need to be a legal guardian.

Carnival Cruise Line provides ground transportation services between certain airports and cruise terminals exclusively on the day of the cruise and immediately after. Please note that airport transportation is not available for cruises departing from Norfolk, Virginia; Baltimore, Maryland; Jacksonville, Florida; Mobile, Alabama; Charleston, South Carolina; Brisbane, Australia; and Sydney, Australia.

To book transportation, you can use Manage My Booking on carnival.com or contact Carnival Reservations up to 2 days before your sail date. When purchasing, remember to input your flight details during Online Check-in. These details are shared with the transportation company to ensure a smooth transfer to the pier. It's essential to inform Carnival of any flight schedule changes to avoid any issues with the transportation company.

Here are the four simple steps to purchase transfers:

- Log in to My Cruise Manager
- Click 'Shop' at the top of the webpage, then choose 'Airport Shuttle'.
- Select your transfer on the 'Transfers' page.
- After making your purchase, return to Online Check-In and provide your flight itinerary.

Luggage & What to Pack

LUGGAGE TAGS

To help you plan, they suggest you limit your luggage to a maximum of one bag per person, if traveling on cruises of 3-5 days duration, and no more than two bags per person, for cruises of 6 days or longer. In addition, you must personally carry-on any boarding documentation (passports, Visas, I.D), valuables, medications and items which require special handling.

Guests who are scheduled to arrive at the terminal before 1:30 PM, usually check their bags with a porter so they can be free to enjoy lunch on Lido Deck before access to their stateroom is granted.

Checked baggage service is only available until 2 hours before the ship's published sailing time (printed in the cruise documents). Guests arriving after this time will be responsible for taking their bags on board.

Each checked suit case and carry-on suit case should not weigh more than 50 pounds, and when lying flat, bags must not exceed 16 inches high by 24 inches wide (the length of the bag is not a factor). For security screening purposes, all luggage should be unlocked. Oversized luggage and locked luggage may cause delivery delays.

Personalized luggage tags are included in the guest's Electronic Documents (available once online check-in is completed). It is not necessary to print the tags in color.

Carnival luggage tags must be affixed to your baggage prior to arriving at the terminal. Additional tags can be obtained at curbside from the porter. Porters will re-tag any luggage tag with a TBA cabin assignment.

Curbside porters are customarily provided a $1 tip per bag. They are not employees of Carnival and should a guest experiences any problems, they must report it to porter management on site.

Since the screening and movement of large coolers through embarkation is an impediment to the boarding and security screening process, large coolers are not permitted as carry-on or checked luggage. Small, personal-sized coolers, no larger than 12 inches x 12 inches x 12 inches, for the purpose of housing small quantities of non-alcoholic beverages and/or medications are permitted as carry-on luggage.

HAVE ANY OTHER QUESTIONS?

CONTACT ME

DAMAGED OR LOST LUGGAGE

If a guest believes their bags were damaged or lost during embarkation, they need to file a claim with Guest Services. For bags damaged or lost during debarkation, a claim form must be completed with one of the port agents before leaving the terminal; claims made after leaving will not be accepted.

After completing a claim form, guests should submit receipts for item repair at www.carnival.com/guestcareform upon returning home. Carnival's liability for lost or damaged bags is limited to $250 per bag, with a maximum of two bags for sailings under 14 days and three bags for longer sailings.

If a guest discovers they have claimed the wrong luggage or their luggage is missing after returning home, they should contact Guest Care via www.carnival.com/guestcareform.

Guests with Carnival's Vacation Protection could be eligible for up to $1,500 USD reimbursement for lost or damaged luggage. This benefit is secondary to any third-party coverage or home insurance. Additional details are available at www.carnival.com/about-carnival/vacation-protection.aspx.

WHAT TO PACK

When packing for your cruise, they have a few guidelines to ensure a smooth experience. For journeys lasting between 3-5 days, they ask that each guest brings only one piece of luggage. If your adventure at sea is 6 days or longer, feel free to pack up to two pieces of luggage per person. Keep in mind that whether it's a checked bag or a carry-on, it shouldn't surpass 50 pounds and must fit within dimensions of 16 inches in height and 24 inches in width, regardless of the bag's length.

To expedite security checks, please leave all luggage unlocked. Locked or oversized bags might experience delays in delivery. It's crucial to carry all essential documents (like passports and visas), along with any valuables, medications, and items needing special care or immediate access with you rather than in your checked luggage. This includes your travel-sized or standard-sized personal toiletry items. By following these tips, you'll be all set for a seamless boarding and an unforgettable cruise experience!

There are a number of must-pack items that they recommend every cruiser consider when preparing for a Carnival cruise. Before you get started, check out their What to Wear section and research the weather forecast for the ports you'll be visiting to determine exactly what you will need to bring. In addition, here are some other recommended items:

- Collapsible daypack or bag
- Sunglasses
- Rain jacket or poncho and/or small umbrella
- Sunscreen and insect repellent
- Translation and guide books
- Books and magazines
- Binoculars (to see the beautiful wildlife in Alaska)
- Phone chargers
- Camera

Checked baggage service is only available until 2 hours before the ship's published sailing time (printed in the cruise documents). Guests arriving after this time will be responsible for taking their own bags on board.

Carnival Cruise Line is committed to ensuring a safe and enjoyable environment for all their guests. To help them maintain the highest levels of safety, there are specific items that are not allowed on board. These include, but are not limited to, weapons, candles, irons, alcohol, and items considered dangerous. Please be aware that all luggage will be subjected to security screenings. Items that are not permitted will be confiscated and discarded without compensation. They highly advise reviewing their comprehensive list of Prohibited Items prior to finalizing your packing.
