

THE JUNE EDITION

The Mustang Messenger

At AATF, we are wrapping up the school year in style. We are gearing up for our Summer Program! Have you signed up yet?

LETTER FROM THE EDITOR

Summer is a time to rest and restore. It's a time for vacations with family or visiting with friends. What does your summer mean to you? Here at AATF, we celebrate summer with our Summer Program. It begins on June 6th and ends on July 29th. They take field trips to places like The Florida Aquarium! Each Friday ends the week with pizza. Our faculty and staff work incredibly hard to put this program together. The Mustang Messenger is here to cover it. Please continue to check our summer editions each month for a glimpse into what summer is like at AATF. You might see some faces you recognize!

CAUGHT WITH CHARACTER

Lincoln Heck was "Caught Showing Character" by helping a student pick up their belongings when they dropped them in the hallway! Way to go Lincoln! That's citizenship, kindness, and integrity!

Caught Doing Good Corrections from May:

Ella Sauter, a responsible citizen, helped clean up trash on the playground during her recess time. Ella knows how important it is to take care of our school and environment.

Left to right:
Luna Lerch, Remington Nosworthy & Emma Derby

Luna, Remington, and Emma, a group of 1st graders, cleaned up trash during recess on Earth Day after learning the importance of caring for our environment. They were showing kindness and responsibility.

Caught Doing Good

Our faculty and staff are always watching. These are students who went above and beyond showing character! Submitted by: Tiffany Hines

Laken Armstrong
Laken showed integrity when he found a mystery grab bag and put it in that students mailbox.

Reuben Vernon and Addie Jankowski were caught doing good when they left the game they were playing to invite Joseph Dawkins (middle) to play with them!

Martin Chacon

Martin showed responsibility when he set up the classroom and followed directions at the beginning of the day.

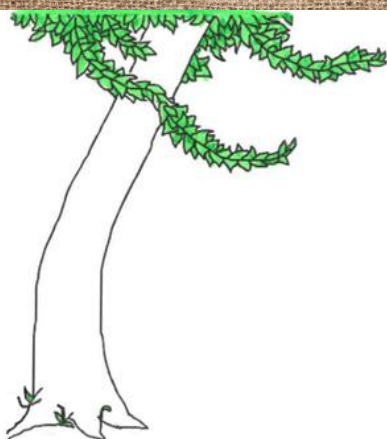

Ryder Whritenour showed responsibility when he cleaned up a turned over garbage container.

MAT BALL

8TH GRADE VS
8TH GRADE

END OF YEAR COMPETITION

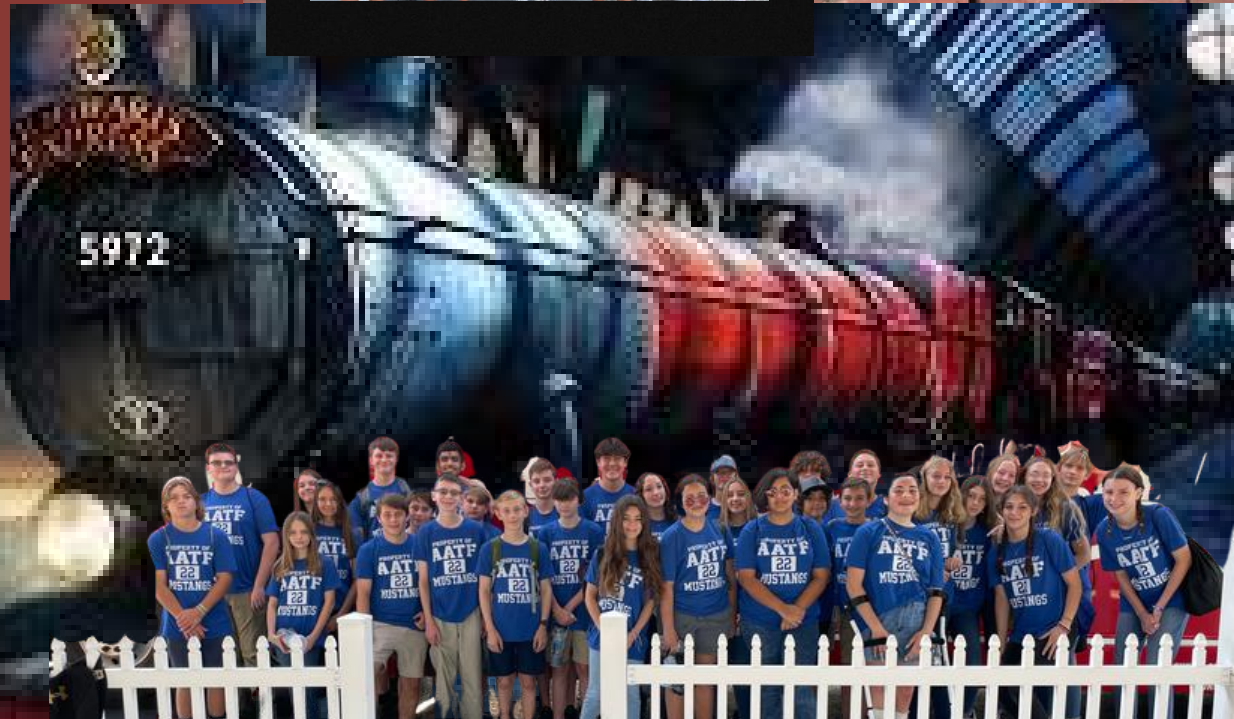

The 8th graders got to let some of their competitive spirit out during the annual Mat Ball game. Mat Ball is a game that is similar to kickball and it has become a tradition in middle school to end the year with it. The 8th grade students play while the 6th and 7th grade students watch and cheer them on. The event is fun for everyone and a nice way to strengthen the AATF community even more.
