Welcome to the 20th National Conference of The Society Incorporated!

Dear Ladies,

It is my great pleasure to welcome you to Chicago—a vibrant city steeped in history, creativity, and the enduring legacy of Black excellence. Here, artistry, activism, and cultural innovation have long intersected to shape not only the fabric of our communities, but also the cultural heartbeat of the nation.

Chicago has given rise to legendary voices: Gwendolyn Brooks, whose poetry captured the everyday beauty and struggle of Black life, becoming the first African American to win a Pulitzer Prize; Lorraine Hansberry, who broke barriers in American theater with *A Raisin in the Sun*; and musical icons like Mahalia Jackson, Sam Cooke, Muddy Waters, Nat King Cole, and Ramsey Lewis—artists whose voices and songs continue to resonate across generations.

Among them stands Michael Manson, a celebrated jazz bassist, composer, and Honorary Friend of The Society, Incorporated, Supporting The Arts. His work exemplifies the artistic spirit of Chicago: expressive, innovative, and rooted in the community. Like the great artists before him, Mr. Manson uses his platform to inspire and elevate emerging young artists.

That same spirit drives the work of The Society, Incorporated, Supporting The Arts. For over 40 years, we have come together in friendship and service to support the arts and nurture young talent. Through our programs and partnerships, we have celebrated creativity, championed youthful expression, and helped shape a future where artistic expression is valued and accessible to all.

As we gather in this iconic city for our 20th National Conference, we celebrate the legacy we have inherited — and renew our commitment to the work that lies ahead. Together, we will continue to build something powerful and enduring.

Welcome to Chicago.

Yours in sisterhood and friendship,

Lady Kelly P. Whiting, Esq.
