

CUSTOMER CENTRIC - PROFESSIONALISM - INTEGRITY

Vietnam High Quality Polyester Staple Fibers

Clean PET bottles

We are obsessed with quality standard, so we only choose good raw material of PET bottles that are internationally certified and we clean all the input at least once more time before production.

To learn more about how we do to create beautiful and stunning PSF, please visit vnpolyfiber.com.

Eco Friendly

More and more customers are using recycled polyester staple fiber products because it is cost effective, durable and most importantly, eco friendly. We are proud to contribute our tiny effort to make the world greener and better for our next generations.

ABOUT US

VNPOLYFIBER provides recycled hollow conjugated polyester staple fiber as we partner with numerous factories and manufacturers in Viet Nam and other Asian countries. We supply various and different polyester staple fiber such as hollow conjugate siliconized and non-siliconized, hollow non conjugated fiber, hollow slick, solid fiber, brown fiber, green fiber, and colored polyester fiber, recycled polyester fiber, which is GRS and OEKO TEX certified.

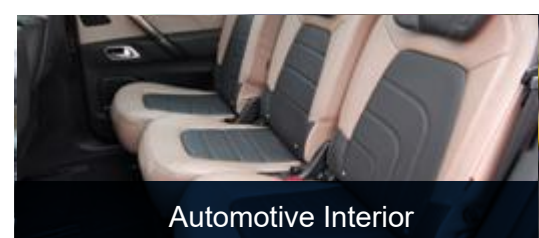

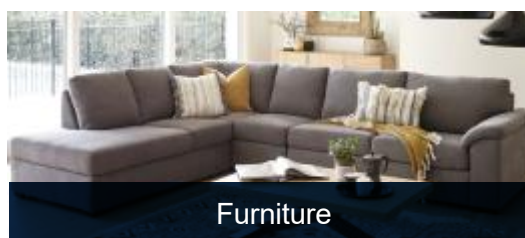

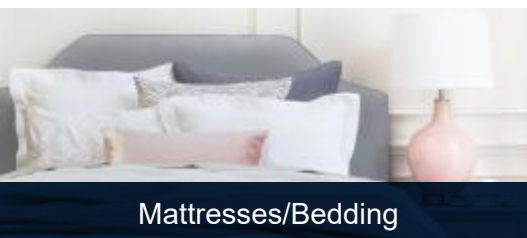

Our recycled Polyester Staple Fiber is of good quality and competitive price, which is used in the application of filling polyester pillows, mattress, cushions, quilting, comforters, padding, wadding, stuffed toys, carpets, felts, automotive non-woven industry and home textiles.

Besides, we are specialized in solutions for home textile machinery (fiber opener, bale opener, carding machines, wadding production line, quilting machines), PP spunbond non woven fabrics and machines, outdoor fabrics, foam machines, etc... We are well-known for our excellent customer service and we would like to have long-term business cooperation with customers from all over the world.

Your Reliable Polyester Staple Fiber Partner

Globally renowned for its high-quality products and commitment to customers.

APPLICATIONS

WHY CHOOSE US

PROFESSIONALISM

Starting from manufacturing base, our sale teams are very skillful and knowledgeable about fiber business. We are professional team with extensive networks with reliable factories and business partners to offer one stop solutions for our beloved customers.
