OUR HISTORY

Established in 1976 as Cefn Cribwr Boys Club, the club began playing in the Bridgend & District League, and were back-to-back Premier Division champions in the 1986-87 and 1987-88 seasons.

The club was a founding member of the South Wales Senior League in 1991, competing in the league until 1999-00. The new millennium marked a return to the Bridgend & District League, where the club remained for over a decade before winning the Premier Division in 2013-14, eventually gaining promotion back to the Senior League for its final season.

We joined the newly-formed South Wales Alliance League Division Two in 2015-16 and, after finishing third the following season, were promoted to Division One. The club would spend just a single season here however, ending an invincible 2017-18 season as champions and securing a third promotion in just five years - this time to the Premier Division.

Following the formation of a limited company in 2021, the club's name was revised as *Cefn Cribwr Football Club*, reflecting a progressive club that is open to everyone. A successful FAW Tier 3 licence application soon followed, and promotion to the Ardal South West was confirmed after a 4-2 victory over Blaenrhondda on the final day of the 2021-22 season secured runners-up spot in the SWAL Premier Division.

Adapting to life in the Ardal South West, we enjoyed a highly respectable debut season, finishing 5th in the league and winning the Ardal Southern League Cup with a 1-0 victory over Garden Village at the SDM Glass Stadium in Bridgend.

TODAY'S VISITORS

The club was formed in 1898 when players from the Alpha Cricket Club decided to form a football team to keep in touch during the winter months. With their base at Sophia Gardens, Cardiff for the first six years the team only played friendlies but then joined the Rhymney Valley League. It was in cup competitions that the team made its mark and in 1914 they won the Welsh Amateur Cup beating Holywell 1–0 at Newtown. They have several nicknames including The Corries, Alpha or The Cards (shortened version of Cardiff).

The outbreak of the Second World War interrupted Welsh League football but the Corries continued to play friendlies using a number of grounds. They finally settled at Llandaff Road, Cardiff, a ground which became a permanent home thanks to a loan from former player and patron, Fred Dewey.

In the late sixties, the club made a frantic quest for another permanent home as the ground at Canton was lost when the club defaulted on the original loan. For one season the team played on an unenclosed pitch at Pontcanna followed by a season at Maindy Stadium and a couple at Fidas Avenue in Llanishen. In 1974 the club negotiated a ground share with Radyr Cricket Club and this has been their permanent home since.

The club has a long-standing rivalry with fellow Cardiff side Cardiff Grange Harlequins A.F.C. which dates back to the 1980s, when both clubs were fierce cross-city rivals and took part in some mouth-watering fixtures. Both clubs are rarely in the same division, so the long-standing rivalry has not continued over recent seasons. The 2014–15 season saw both teams in the same division so the rivalries were resumed however Grange Harlequins sadly folded as a result player exodus when funds dried up. As one of Wales oldest clubs Corinthians are now in the Welsh fourth tier of football and have ambitions of regaining their place in the higher echelons and have staked a large expense on player recruitment in their attempt to gain promotion.

In the 2022-23 season, The Corries led by Grant Thompson finally gained their place back in the Ardal Southern League (welsh league) after a fantastic season only losing 2 games all season.

The ultimate security control
release our monitored alarm
systems, Guards and CCTV
South Wales.

SCOTT SAYS

Firstly, I'd like to wish everyone a very Happy New Year for 2024! 2023 was a fantastic year for the club both on & off the pitch, with our Ardal Southern League Cup victory back in May being the obvious highlight. Behind the scenes though, 2023 was also been a brilliant year for our Reserves and 3rd Team, and heralded the revival of our much-missed junior section. The facilities at Cae Gof have vastly improved from since we last played there in 2022, and I'm excited to welcome you all back there in 2024!

Onto the task at hand today, though. The reverse league fixture back in August was a very tight affair, from which we emerged on the wrong end of a narrow 1-0 scoreline - and I'm in no doubt that today will be a similarly tough test. Grant will have his Corries side very well organised as usual, and we're going to have to be on our game today to stand any chance of getting a result.

After racking up some serious mileage over the festive period, between away trips to Llay Welfare and Mumbles Rangers in the Amateur Cup and Ardal SW respectively, it's nice to finally be back at our temporary home of Cambrian & Clydach Vale. I'd like to say a huge Thank You to all the supporters who've travelled to support us in recent weeks, and I hope you all enjoy what promises to be a great game this afternoon!
