Nurturing Grassroots Innovation

From the Chairman's Desk

Sir's message,

"Change is the only constant," and as we step into the new year, we reflect on the transformative journey of the startup ecosystem. The youth's evolving perspectives have ushered in an era where startups take precedence over traditional jobs, fostering a global surge in startup culture. Governments worldwide, recognizing the importance of innovation and self-reliance, are actively promoting this entrepreneurial spirit. Currently, there are over 15 crore startups globally, symbolizing the thriving landscape of innovation.

On the 16th of January 2016, the Startup India initiative was launched, marking a pivotal moment in the growth of startups. By October 31, 2023, the Department of Promotion of Industry and Internal Trade (DPIIT) had officially recognized 1,14,902 startups, achieving a remarkable 36% annual growth rate. In 2023 alone, more than 36,000 startups were acknowledged, solidifying India as the third-leading country in the world for Unicorn Startups.

Bihar, aligning itself with this wave of change, has experienced significant progress in the startup domain over the last three years. AIC-Bihar Vidyapeeth, Patna, has emerged as a key player, incubating 86 startups at present. AIC proudly collaborated in organizing the historic Startup 20 Shikhar event in Gurgaon from 3rd to 4th July 2023. Subsequently, AIC-affiliated startups seized golden opportunities to participate in various programs from October 2023 to January 2024. Noteworthy events include the Bihar Innovation Challenge 2023, the Aryabhata Knowledge University meeting on technology transfer, and participation in prestigious conclaves such as the 5th Bihar Times Conclave and the Global Sustainability Conclave organized by Nalanda University.

AIC played a crucial role in the National IP Yatra at B-HUB on December 2nd, where experts from across the country shared insights on Intellectual Property. Additionally, AIC actively engaged in the 'Invest Connect' event organized by the Department of Industries on 13-14 December at Gyan Bhawan. Over the past three months, AIC has inked significant agreements with various companies, including a notable collaboration with HDFC. As we embrace the new year, we anticipate rapid growth and new milestones for our startups. Here's to a year filled with zeal, high spirits, and continued success.

Best wishes for the New Year!

Warm regards,

Vijoy Prakash, Chairman- cum- CEO

CLOUDSPITAL PVT LTD.

SHUBHAM'S HEALTH ATMS : INNOVATIVE HEALTHCARE SOLUTIONS

If you have faith in yourself, water can be extracted even from a stone, Shubham Shashank has amply proved it. **Shubham**, hailing from Patna, **founded Cloudspital** despite parent's opposition, **introducing cost-effective blood testing machines called health ATMs**.

These **machines conduct over 72 tests in 10 minutes at reduced prices**, addressing healthcare accessibility issues, inspired by his childhood observations of rural healthcare disparities. Despite initial funding challenges, Shashank launched Cloudspital in August 2020, drawing on his freelancing experience. With AIC's support and government initiatives like E Sanjeevani, the Startup expanded rapidly across 14 states.

Employing 26 individuals directly and indirectly engaging 100, Cloudspital achieved financial growth exceeding Rs 2.6 crore, with a **target of reaching Rs 10 crore by year-end**. Shubham's journey epitomizes resilience and innovation in addressing crucial healthcare needs through entrepreneurship, highlighting the transformative power of determination and vision.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Shubham Shashank

HIGHLIGHTS

- Cloudspital's collaboration with government initiatives like E Sanjeevani earned recognition and validation, enhancing its credibility and enabling wider adoption of its healthcare solutions.

Bodhika

BODHIKA

“BODHIKA: INNOVATING WELLNESS SOLUTIONS GLOBALLY

CognosMed Laboratories Pvt. Ltd., led by Dr. Ajay Kumar, introduced Bodhika, marking a significant stride in wellness innovation. Originating from Bhagalpur and with academic achievements from Bundelkhand University, Dr. Kumar established the company to address the global demand for health products.

Inspired by a female colleague's struggle with acne, he aimed to offer chemical-free skincare solutions. **Bodhika provides affordable, safe, and sustainable alternatives like hand sanitizers and natural soaps.** Supported by the AIC- Bihar Vidyapeeth, **the company received Rs 20 lakh seed funding,** enabling the realization of its vision.

Dr. Ajay envisions not only product development but **also providing skill development training to students and fostering future entrepreneurs.** With a **team of five,** Bodhika represents a **holistic approach to wellness, addressing health, agriculture, and skincare concerns while promoting sustainable innovation globally.**

Incubated by
AIC -Bihar vidyapeeth
Founder name
Dr Ajay Kumar

HIGHLIGHTS

- Organic Bodhika soap receives government approval, indicating its compliance with quality standards (have Z certificate).
- Dr Ajay hopes to create new products through research and innovation in agriculture and food processing.
- Bodhika has been awarded as the Best Startup in Healthtech category - 2024 by Dept. of Industry, and awarded as excellent Skin Brand of Bihar By Prime Time in 2023.

**IMZAK ORGANICS
PVT.LTD**

FROM DUBAI TO BIHAR: BEEKEEPING SUCCESS

Those who have faith in their dreams are the ones who will shape the future. This proves true to Md. Zakir Imam. **Zakir Imam, inspired by organic honey during his time in Dubai, founded Imzak Organics Pvt. Ltd. in 2021.**

With a background in chemical engineering, he conducted extensive research to develop affordable, sugar-free honey variants. **The company is incubated in AIC Bihar Vidyapeeth.**

Imzak Organics **aims to offer safe, sustainable, and efficient honey products, aligning with Bihar's agricultural policies and Zakir's vision** for the future of organic agriculture. His journey from **Dubai to Bihar reflects his commitment to entrepreneurship and the potential of organic farming in India.**

Incubated by
AIC -Bihar vidyapeeth
Founder name
Zakir Imam

HIGHLIGHTS

- Imzak honey is supplied all over the world like Dubai , Canada , USA , UK , Philipines , Saudi Arabai and many more .
- In India , Imzak Honey is supplied in more than 20 states like Mumbai , Maharashtra , Kerala , Tamil Nadu , Rajasthan and Bengal .
- Imzak Organics focus is on producing sugar-free honey variants, demonstrating a commitment to offering healthier alternatives.

**MITHINGA WASTE
MANAGEMENT PVT. LTD.**

MONALISHA'S JOURNEY OF MAKING RECYCLE WASTE AS A PROFESSION

Recycling of waste is necessary keeping in mind the environmental conditions, recycling of waste (kachra) and making it her profession seems a bit different. Yes, this has been amply proved by the determination and self-confidence of Monalisha.

Monalisha defied societal norms to establish **Mithinga Waste Management Pvt. Ltd.** Inspired by the environmental challenges in **Katra city**, she embarked on her **entrepreneurial journey in 2018 with friend Atulya Gunjan**.

Despite facing challenges at the start, Monalisha kept going without pay until her Startup picked up speed. Now, Mithinga Waste Management is making **Rs. 40 lakh in profits**, expected to reach Rs. 50 lakh by year-end, proving it works.

Monalisha got ample support from AIC, allowing the venture to grow to **16 employees** and open offices in **Patna, Rohtas, and Bettiah**. They serve municipal corporations, private firms, and **district development boards, recycling 300-400 tons of waste and creating jobs**.

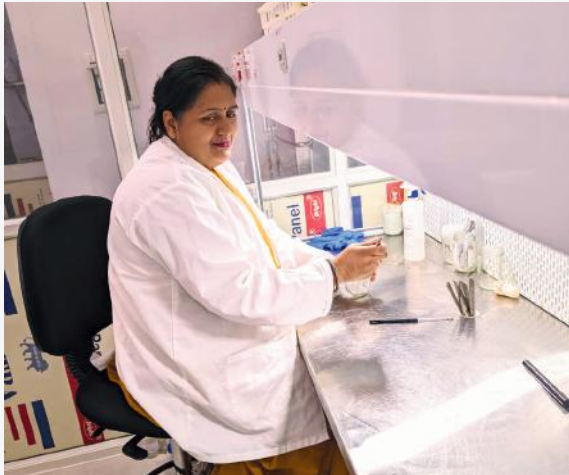

Incubated by
AIC -Bihar vidyapeeth
Founder name
Monalisha

HIGHLIGHTS

- Taking Entrepreneurial Initiative defying societal norms and venturing into waste management.
- Acquired Municipal Corporation support in Bettiah, Private Organization in Patna and District Development Board in Rohtas .

HERBIOTIX (OPC) PVT LTD

KEEDAJADI: DR. AARTI KUMARI'S UNIQUE HEALTH VENTURE

If you move ahead with faith in your work, success is certain. **Aarti Kumari of Hazaribagh, Jharkhand** presents such an example. Aarti, a Biotechnology postgraduate, faced challenges utilizing her degree until she embarked on her entrepreneurial journey.

Hindered by location constraints and family responsibilities, **she decided to start Herbiotix (OPC) Pvt Ltd in 2022**, funded initially by a loan from her husband. Herbiotix specializes in producing medicinal mushrooms named **Keedajadi** using tissue culture techniques, offering a unique health product for common ailments like stress, asthma, and arthritis.

Aarti's vision combines her expertise with a **commitment to improve people's health and financial well-being**. Herbiotix **aims to expand production, introduce new health products, and increase sales**.

Aarti's **participation in an AIC workshop** boosted her morale, providing valuable insights for her Startup journey. Her story underscores the transformative power of innovation and determination in turning dreams into reality, inspiring others to pursue their entrepreneurial aspirations.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Aarti

HIGHLIGHTS

- Aarti utilised her Biotechnology degree in enhancing the product Keedajadi i.e. Medicinal Mushroom.
- Keedajadi is very useful in curing stress, asthma, arthritis etc.
- Aarti's plans to introduce additional health products and expand production and sales, reflecting her commitment to continuous growth and innovation.

TOPGREP TECHNOLOGY PRIVATE LIMITED

REINE DE REANZI: NURTURING TALENT, EMPOWERING ENGINEERING LEADERS

When you have strong foundations you end up creating something remarkable and big. Reine de Reanzi, born in Krishnagiri, Tamil Nadu, **founded TopGrep Technology private Limited in September 2022**, focusing on upskilling individuals to become engineering leaders.

With an **initial investment of 70 lakhs and securing 20 lakhs from AIC under Seed Fund capital Assistance DPIIT**, she reinvested **profits, totaling 1 crore 20 lakhs** that was part of her earning from current business. Operating primarily in Bengaluru, Top Grip **serves 65 global clients**, earning revenue of 15 lakhs for two consecutive 6-month periods with 6 permanent employees and 4 interns.

Reine holds certifications from Startup India and has filed for trademark patents. Her commitment to technical excellence and innovation, driven by her **dedication to empowering future generations, fuels Top Grep's success**, promising a bright future for the company's contributions to the tech industry.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Reine de Reanzi

HIGHLIGHTS

- TopGrep is making a tangible impact on the tech industry's future workforce.
- The Startup's emphasis on quality engineering and its dedication to creating a strong technical foundation for the AI and tech-savvy generation position it as a leader in innovation within its field.

URVARA IMPACT SOLUTIONS PVT. LTD.

URVARA IMPACT SOLUTIONS ADDRESSING FARMERS' CHALLENGES

Anand Priya Deo started **Urvara Impact Solutions Pvt. Ltd.** to help farmers, focusing on preventing suicides, inspired by his diverse education and experiences with **cocoa farmers** worldwide.

Established in 2023, the Startup became profitable within two months, operating mainly in Nawada and Bihar Sharif. It plans to add 15 more outlets across Bihar this year. Support from AIC, including Rs 20 lakh in financial aid under startup India Seed Fund Scheme of DPIIT and mentorship, was crucial to its success.

Urvara Impact Solutions isn't just a business; it's a project that **mixes technology with farming** to help farmers. Through small steps, the Startup aims to provide job opportunities and improve Bihar's farming sector. Their focus is on **helping rural areas** and solving farming problems.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Anand Priya Deo

HIGHLIGHTS

- Urvara Impact Solutions Pvt. Ltd. became profitable in its 2nd month only.
- The startup plans to establish 15 more outlets across Bihar, indicating its growth trajectory and commitment to making a significant impact on the agricultural sector in the region.
- The Startup focuses on bridging the gap between technology and farmlands, Urvara Impact Solutions aims to create dignified job opportunities in Bihar.

BHOJPATTA AGRIPRENEUR

Incubated by
AIC -Bihar vidyapeeth
Founder name
Nitish Kumar

THROUGH “ZERO CARBON EMISSION DRYER” NITISH ADDRESSING AGRICULTURAL CHALLENGES

This is the story of a youth who moved forward by adopting a fighting attitude towards his passion. **Nitish Kumar**, from Hajipur, launched **Bhojpatta Agripreneur Pvt. Ltd.**, driven by a mission to address agricultural issues.

He developed the **“Zero Carbon Emission Dryer”** to prevent post-harvest crop losses like bananas. Starting in 2012 with funds from friends and family, he secured additional financing from bank loans and Bihar Startup in 2021. His initiative not only reduces crop wastage but also provides rural women with employment opportunities, enhancing their financial status.

Offering eco-friendly products like plates, cookies, and handmade items, Nitish’s venture generated **revenue of Rs 15 lakh and employed 14 people directly**. Registered with Startup India, MSME, Z certificates, and trademark registration, his story showcases determination and innovation in tackling agricultural challenges through entrepreneurship.

HIGHLIGHTS

- Bhojpatta Agripreneur Pvt. Ltd. is contributing to rural employment and economic empowerment, especially for women.
- Food dryer machine is a device that helps in drying fruits and vegetables, which removes moisture and helps in preserving them for a long time.
- The Startup is working in 10-12 states

**GRAINX PVT.
LTD**

GrainX
Aaritech Pvt Ltd

NITISH AND RUPESH MANGLAM : FROM SOFTWARE ENGINEERS TO AGRICULTURAL ENTREPRENEURS

If you have a mission go ahead, has been amply proved by two engineers. **Nitish Manglam and Rupesh Manglam**, former TCS software engineers from Jehanabad, Bihar, left their lucrative jobs to address farmers' issues.

In 2018, they founded **Grainx Pvt. Ltd.**, providing farmers with comprehensive **solutions such as quality seeds, fertilizers, and expert advice via an online platform**. Initially struggling to gain farmers' trust, they **established Kisan Chaupals and now have 8,000 farmers in Bihar and Jharkhand** in their network.

Offering affordable grain storage and financial aid, they've **boosted farmers' incomes by 35-40%**. With support from AIC, they secured Startup India and MSME certificates. **Operating in seven districts**, their story illustrates how grassroots entrepreneurship can positively impact rural communities, improving livelihoods and fostering agricultural sustainability.

Incubated by
AIC -Bihar vidyapeeth
Founder name
**Nitish manglam and
Rupesh manglam**

HIGHLIGHTS

- Nitish Manglam and Rupesh Manglam's achievements highlight their dedication, innovation, and impactful contributions to the agricultural sector and rural communities.
- Their Startup provides green bank type facility for storing grains.
- The rates for storing crops in warehouses are very low, only 30 paise per quintal.
- Today 8000 farmers are associated with their Startup.

LIVAGRO FARM OPC PVT. LTD

AJANTA'S INNOVATIVE BUSINESS MODEL: DOOR-TO- DOOR MILK SUPPLY

If your soul power is strong then even the stone lying on the path turns into a flower, Ajanta Bhumij has proved it. **Ajanta Bhumij**, originally from **Assam**, defied family resistance to establish Livagro Farm OPC Pvt. Ltd. in Bihar, focusing on raw milk production and doorstep delivery. Despite challenges like manpower and funding shortages, she persisted, **starting her venture in 2021.**

With Startup India and MSME certificates and mentorship from AIC, Ajanta navigated entrepreneurship complexities. Her commitment to quality and purity earned customer trust, enabling her to **produce 400-500 liters of milk daily**, resulting in **profits of Rs 20 lakh.**

Ajanta aims to double production and employee count by year-end. Her story **highlights the resilience of women entrepreneurs** and the transformative power of determination, turning obstacles into opportunities while providing vital services to her community.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Ajanta Bhumij

HIGHLIGHTS

- By providing pure milk to the community, Ajanta's startup has contributed to improving the health and well-being of its customers, particularly children and the elderly.
- Livagro Farm OPC Pvt. Ltd. has earned the trust and loyalty of its customers, who continue to rely on the company for pure and quality milk.

SHREEJAY HANDICRAFT PVT. LTD.

MANJARI : EMPOWERING WOMEN THROUGH HANDICRAFTS

Graduating from Women's College, Patna, and with a post-graduation degree in History, **she founded Shreejay Handicraft Pvt. Ltd. in 2020, aiming to empower women artisans. Starting with ten artisans, her venture now employs 60-70,** significantly uplifting their socio-economic status.

Throughout the pandemic, **Manjari remained committed to her artisans' livelihoods, producing low-cost products and expanding her business to Bihar and Delhi.** Recognition from Startup India, MSME, and registration on the GeM portal validated her efforts.

With monthly **expenses of Rs. 60-70 thousand and profits of Rs. 6-7 lakh,** Manjari plans to diversify her offerings beyond Madhubani painting, driven by her entrepreneurial spirit. She acknowledges the support from AIC and envisions a future where her venture encompasses various crafts.

She praises AIC wholeheartedly because AIC helped her a lot and the officers there stand by to help her whenever she needs it. Manjari's journey epitomizes the transformative power of belief and determination, inspiring aspiring entrepreneurs to pursue their dreams despite challenges.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Manjari

HIGHLIGHTS

- Establishing Shreejay Handicraft Pvt. Ltd., Empowering Women Artisans by giving employment to 60-70 women.
- During challenging time like covid-19 Manjari managed team efficiently to make budget friendly material and sustain the idea.

TREEOZ ECOVENTURE PRIVATE LIMITED

ECOVENTURE

RAHUL : A SUCCESSFUL GARDENING ENTREPRENEUR

Son of a retired principal and born in Patna in 1994 Rahul Kumar, followed his passion for gardening and landscaping despite his father's desire for him to become an IAS officer. Graduating in Business Management, he founded **TREEOZ ECOVENTURE PRIVATE LIMITED**, starting with eco-friendly gifting and expanding into gardening services.

Facing initial challenges and lacking investment, Rahul's determination led to impressive growth, with **annual profits of Rs. 30 lakh**. Serving clients across Bihar and Noida, including builders, schools, and hotels, his venture gained **certifications from Startup India, MSME, and registration on the GeM portal**, supported by AIC in various way to enhance his startup.

Rahul aims to obtain the "Startup India" label, advocating for aligning personal passion with professional endeavors and emphasizing the synergy between nature and humanity in his success. His journey illustrates resilience, innovation, and the pursuit of entrepreneurial dreams amidst familial expectations.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Rahul Kumar

HIGHLIGHTS

- TREEOZ Eco Venture Private limited has recently received 42 lakhs for a govt project.
- In TREEOZ , 15 people has been directly provided employment .
- Rahul is working in entire Bihar, especially in Nawada, Motihari, Lakhisarai, Bodhgaya
- Provide service to Alankar Jewellers, Reserve Bank, Bihar School, College, Amrapali Cafe Krish Motors, Vijayashree Hotel and many others.

SEWAMO

GREAT : SEWAMO'S PATH TO CONTINUED SUCCESS

To be successful it is necessary to have strong will and strong self-confidence. This has been proved by Nishka Ranjan.

Nishka, daughter of politician **Rajiv Ranjan Prasad** and businesswoman **Ragini Ranjan**, established **Sewamo** in **2022 after studying Biotech and Labor Science**.

Sewamo serves as a platform for facility management companies, offering services like security and housekeeping. Despite initial skepticism, Sewamo expanded to three states and seven cities, employing 4-5 team members directly and indirectly engaging 35-40 individuals.

With a Rs 20 lakh fund from AIC and secured trademarks, **Sewamo prioritizes quality service and societal impact**, reflected in its name derived from **"Service" and "Movement."** Nishka's entrepreneurial journey highlights resilience and dedication to bridging societal needs with innovative business solutions, offering comprehensive services to address manpower challenges in today's competitive landscape.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Nishka Ranjan

HIGHLIGHTS

- Says Nishika, despite initial doubts, Sewamo gained credibility and trust from clients and verified agencies, overcoming obstacles to establish itself as a reputable service provider.
- Nishka Ranjan's achievements with Sewamo underscore her entrepreneurial prowess and dedication to making a positive impact in the facility management sector, setting a precedent for success in the industry.

SUKH GARDEN

SUKH GARDEN: NURTURING JOY THROUGH AUTHENTIC INDIAN FLAVORS

Sukh Garden, founded by **Vidya Bhusan Sharma** in **Noida**, epitomizes traditional Indian taste and entrepreneurial zeal. **Starting in 2017**, Sharma's vision was to **bring the authentic flavors of Bihar** to every household. Initially focusing on food products, Sukh Garden expanded its offerings to include **spices, sattu, pickles, and papads**, captivating consumers nationwide with its commitment to quality.

Sukh Garden's **net worth of 75-85 lakhs** reflects its success, supported by **11 employees** dedicated to excellence.

Looking ahead, the brand explores new opportunities such as exports and collaborations, exemplifying its ethos of innovation while preserving India's culinary heritage.

Supported by **AIC – Bihar Vidyapeeth**, Sukh Garden stands as a testament to resilience and passion in the competitive landscape of Indian startups.

- This year march 2024 E-GREEN recieved the patent certificate .

DIGIFY-AI YOUR PERSONAL TRAVEL FRIENDLY GUIDE

Abhishek Kumar Jha, hailing from Patna, recognized the language barriers faced by people, including himself and his brother, during travel. Motivated by a desire for innovation after completing his B. Tech, he developed digify as a language tool. With family support and his mother's active involvement, Abhishek secured funding from home and **fund of Rs 7 lakh from AIC and launched the app in April 2021.**

Despite initial hurdles they created a **user-friendly app** translating text and speech into multiple languages. Abhishek highlighted its role in **fostering cross-boundary communication.** Acknowledged support from AIC and respected team members.

The app prioritizes accessibility, catering to **budget phone users.** Abhishek aims to expand globally, supported by its availability on the **Play Store** and ongoing trademark processes.

Incubated by

Aic

Founder name

Abhishek Kumar Jha

HIGHLIGHTS

- Creating a solution with social impact, by creating digify AI age friendly app.
- Digify features such as **text-to-speech and speech-to-text** capabilities, catering to users' diverse linguistic needs, including regional and foreign languages.
- Certified by Startup India .

CURONFINE SERVICE CENTER

DR NANCY : SERVING HUMANITY & EMPOWERING COMMUNITIES

If a person has the passion to do something then he/she can. This has been amply proved by Dr. Nancy. **Dr. Nancy Rama**, a dentist from Patna, Bihar, **founded Curonfine Service Center** to address healthcare challenges in her community.

Launched in 2021 and officially registered in June 2023, the center received certifications and registrations, including on the GeM portal and Startup India. Supported by family, friends, and personal savings, AIC Vidyapeeth provided Rs 20 lakh support, including guidance and mentorship. Within seven months, the center saved over **30 lives and earned a profit of Rs 12 lakh**.

Their goal is to improve the health of at least **1 lakh people in the next five years, catering to individuals aged 16 to 75**. Curonfine offers essential healthcare services, aiming to bridge accessibility gaps and provide vital information and support, showcasing the transformative potential of passion, determination, and community support in healthcare.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Dr Nancy

HIGHLIGHTS

- Curonfine Service Center has directly employed a team of ten individuals, with an additional 15 people indirectly involved.
- Through its services, Curonfine Service Center encourages individuals not to ignore health-related problems and seeks to provide accessible and reliable healthcare information and support to those in need, thereby promoting community health and well-being.

AGROCRAFTS AGRI SOLUTIONS PVT LTD

RESHU VERMA : EMPOWERING FARMERS & ENHANCING THEIR LIVELIHOODS

Reshu Verma, hailing from Unnao, UP, and with a agricultural background **established Agrocrafit's Agri Solutions Pvt Ltd in February 2022**, addressing farmers' challenges by facilitating forward and backward linkages for agripreneurs. With an initial **investment of Rs 35 lakhs** and a team of three, **Agrocrafit's now employs five permanent staff, spending Rs 1 to Rs 1.5 lakhs monthly.**

Operating primarily in Bihar and UP, the Startup's **annual turnover** stands at around **Rs 17 lakhs**, with plans for expansion into two more states supported by Startup India certifications. Reshu acknowledges the role of AIC Bihar Vidyapeeth in securing funds, contributing to Agrocrafit's growth.

The Startup **aims to create more micro-entrepreneurs**, augment farmers' income, and significantly contribute to India's primary sector growth.

Incubated by
AIC -Bihar vidyapeeth
Founder name
Reshu Verma

HIGHLIGHTS

- Providing access to inputs at wholesale prices and output sales at retail prices, Agrocrafit's is contributing to augmenting farmers' income and enhancing their livelihoods.
- Operating mainly in Bihar and Uttar Pradesh, the Startup has plans for further expansion into two more states.

DEEP VALLEY ENABLING TECHNOLOGIES

PRAVEEN'S LITHIUM BATTERIES REVOLUTIONIZING RURAL ENERGY

Incubated by
AIC -Bihar vidyapeeth
Founder name
Praveen Kumar

Praveen Kumar, from Nalanda, Bihar, shifted from a BBA and Data Analyst background to entrepreneurship, **co-founding 'Deep Valley Enabling Technologies' in 2020 with four friends, investing Rs 2 lakh each.**

Specializing in assembling lithium batteries, **their Startup aims to modernize rural areas by offering superior alternatives to lead-acid batteries**, known for efficiency and longevity. Praveen's determined mindset drives him to defy skeptics and contribute to Bihar's development.

They provide **lithium batteries on rent, especially for e-rickshaws**, enhancing the state's sustainable transportation infrastructure. While supported by Bihar Startup, they await funding from AIC to expand further. Praveen's journey epitomizes resilience and innovation, fueled by a dedication to rural progress and empowerment.

HIGHLIGHTS

- The new lithium battery supports fast charging. Supports high power delivery, is compact, light weight, no maintenance. There is no hassle of adding any kind of water
- By doing something new in the villages of Bihar, we can give a new identity to Bihar : Praveen.

**PYTHOX MOTORS
PVT. LTD**

PYTHOX MOTORS PVT. LTD : E- VEHICLE PIONEER AND INNOVATIVE FISH CART

Pythox Motors Pvt. Ltd., founded by Alok Ranjan, Kunal Singh, and Bharat Paliwal, epitomizes determination and innovation. With an **initial investment of Rs 15 lakh**, they established **Bihar's first e-vehicle company** and pioneered the nation's mobile fish parlor.

Overcoming financial and bureaucratic challenges post-graduation from Rajasthan Technical University, Kota, they **registered their company in 2016** and **commenced production in 2017**. Expanding from e-rickshaws to groundbreaking e-garbage loaders and e-ambulances, they received crucial encouragement from AIC Patna in 2021, leading to the creation of a unique mobile fish parlor.

Today, Pythox Motors **operates across 38 districts in Bihar** and extends services to **Jharkhand, Uttar Pradesh, Madhya Pradesh, and Rajasthan**. Their journey underscores the transformative impact of vision and persistence in driving innovation and societal change, exemplifying the power of entrepreneurship to revolutionize industries and communities.
