# THIS PASSION NAMED BOXING

Welcome to The WBC annual convention in beautiful Tashken, Uzbekistan. We appreciatte your attendance even when it meant a long trip to be here with The WBC family.

Boxing is going through one of the best eras of our sport. So many elite fighters, unified and undisputed champions and women's boxing as well as WBC MuayThai are booming around the world. However it is also a time of great challenges as we have seen the ever growing lack of order and respect to authority in several aspects. It is time to review and assess the variables to re group and determine a solid plan of action to make certain that we do not fall into anarchy.

The WBC vision has specific priorities which will of course be based on safety for our fighters and we will not compromise the integrity and well being in exchange of popularity and temporary headlines while putting at risk the sacred elements of security, human equality and our principles and values.

WBC BoxMed powered by Conexion Facil will be introduced as the system to be used for the Weight management program and many other applications which will certainly be the future for safety in many ways.

Another priority will be Ring Officials and the standardization for uniformity and compliance.

I am so excited to see you all in the company of Mike Tyson, Evander Holyfield, Julio Cesar Chavez, Roberto Duran, Antonio Tarver, Kotza Tzsyu, Billy Dibb, adonis Stevenson and so many other great champions from yesterday, today and tomorrow.

My absolute gratitude for Mr Gafur Rahimov for his exemplary hospitality and leadership to promote the most important event min the boxing world, The WBC annual convention.

God bless you all and lets have a memorable one .

# Dear Ladies and Gentlemen, delegates of the 61st Convention of the World Boxing Council!

On behalf of the Uzbekistan Professional Boxing Federation, I extend a warm welcome to all the esteemed delegates gathered here today for the World Boxing Council Convention. It is an honor for us to host this prestigious event, especially on the year of the 60th Anniversary of WBC's foundation, and we are delighted to have you all with us in the capital of Uzbekistan - Tashkent.

As we gather in our remarkable country, it is essential to acknowledge the rich tapestry of ancient history that Uzbekistan proudly holds. Uzbekistan's contribution to human civilization spans millennia, with its lands having been a cradle of culture, scholarship, and innovation. From the great empires of the Silk Road to the birthplace of renowned scholars, poets, and artists, Uzbekistan's legacy is deeply intertwined with the progress of humanity.

In recent years, thanks to the unwavering attention and support of our visionary leader, His Excellency President Shavkat Mirziyoyev, Uzbekistan has witnessed remarkable growth and development in the realm of sport and, specifically, boxing. President Mirziyoyev's dedication to fostering a culture of sporting excellence has paved the way for our athletes to flourish and achieve remarkable milestones on both national and international platforms.

We have witnessed the rise of talented boxers who have showcased their prowess and brought immense pride to our nation. Their relentless determination, coupled with the support of the Professional Boxing Federation and the fervent encouragement of our passionate boxing community, has propelled Uzbekistan to new heights in the world of professional boxing.

Boxing in Uzbekistan has a wonderful past and present, such famous Olympic champions and professional boxers as Rufat Riskiyev, Artur Grigoryan, Ruslan Chagaev, Muhammadkodir Abdullaev, Murodjon Akhmadaliev, Bakhodir Jalolov, Hasanboy Dusmatov, Fazliddin Goibnazarov, Shahobiddin Zoirov, Isroil Madrimov, Bektemir Melikuziev, Lazizbek Mullajonov, Mirazizbek Mirzakhalilov, Abdumalik Kholakov and Mujibullo Tursunov, just to name some, wrote and continue to write the glorious history of boxing in Uzbekistan.

We are honored to welcome delegates from all corners of the globe to Uzbekistan. Your presence underscores the significance and global reach of the World Boxing Council Convention. This event would not be possible without full support we have enjoyed from the WBC President Mr. Mauricio Sulaiman, we would like to sincerely thank him and his remarkable team for their trust and support.

We hope that the Convention will foster fruitful discussions, exchange of knowledge, and collaboration, ultimately contributing to the growth and betterment of the sport we all love.

May your time in Uzbekistan be filled with warmth, hospitality, and memorable experiences. Together, let us celebrate the spirit of professional boxing and the shared values that unite us across borders.

Thank you, and once again, welcome to the World Boxing Council Convention in Uzbekistan!

Galina Melnikova, Honored Artist of the Republic of Uzbekistan, TV announcer of the highest category, member of the Board of Trustees of "MEHRJON GROUP".

"Life can be lived in different ways, but one should strive to live it in such a way as to bring good to people. For example, like Mr. Gafur Rahimov, Chairman of the Board of "MEHRJON GROUP", First Deputy Chairman of the Professional Boxing Federation of Uzbekistan.

Mr. Rahimov has made a huge contribution to the development of sports in our Republic, support for young athletes just getting on the path of sports.

We met him quite by chance, we are members of the Board of Trustees of MEHRJON, which set a goal to develop spiritual and creative abilities of children from orphanages and boarding schools. We met on his initiative in 2004, he came to our festival and said that he wanted to help in our charitable activities. At that time we elected Mr. Rahimov as chairman of the MEHRJON Board of Trustees.

He helped in organizing festivals for orphans, provided material support, invested great efforts to make each festival a holiday for children. At one of these festivals, for which we were allocated the "Friendship of Peoples" Palace in Tashkent, at the invitation of Mr. Rahimov, artists from Paris, Pierre Richard, Consuela Devilan and Michelle Mirsier came, Vakhtang Kikabidze and many other famous artists came from Russia, and a famous cardiac surgeon Leo Bokkeria came to visit us.
In those years Mr. Rahimov made great efforts to improve the health of orphans: 3 years in a row in 3 shifts children went to Anapa, a Black Sea resort, where a huge "Metallurg" Sanatorium was rented for them.
Then there was a humanitarian mission organized by Mr.

# MEHRJON GROUP

**SPORT. INSPIRATION. SUPPORT.**

Rahimov - our trip to Beslan in Russia where hundreds of children were killed in a terrorist act in the school. We flew to Beslan on a chartered plane and brought 36 tons of cargo - ambulance cars, refrigerators, televisions, heaters, food.

And just recently, two years ago, Mr. Rahimov built and donated a Smart School in one of the villages near Tashkent. This school is designed for 630 pupils, equipped with modern equipment, and education in this school is provided in three languages - Uzbek, Russian and English".

Reference:
"MEHRJON-SPORT" republican public charitable foundation was established in 2004 under the leadership of Mr. Rahimov. The Foundation was established to support gifted children in the field of sport, first of all, socially unprotected groups of children - orphans and from low-income families. The main goal is to give such children a chance to show their talent in sports.

***In 2019, the Foundation was renamed "MEHRJON GROUP".***

CARES

**We are** a world in recovery, facing global challenges daily. It can be frustrating, discouraging, and at times, overwhelming. None of our lives are perfect, and yet, we still have moments of grace and beauty. Feel them. Act on them. Share them.

WBC Cares was established in 2005, to help in times like these. Reaching out to our community with the resources we have, our leaders, our athletes, and our connections in the 171 countries that are committed to the WBC. With twenty-six international chapters, we have grown bigger, we have grown stronger, embracing all people, building bridges between cultures and ideologies, and hopefully inspiring others to do the same.

This year we have fought harder than ever to bring mental health awareness to others. And despite the many obstacles a post pandemic world brings, we continue to encourage our youth to dig deep and not let their dreams go unrewarded. We have created a website, we have taken our athletes into youth centers, gyms, hospitals, disaster sites and even prisons. We believe everyone deserves the best life they can have, respectfully and without judgement.

Our volunteers, compassionate and humble members of our community, have not stopped trying to make WBC Cares and the WBC a safer place for all of us. It is impossible to really thank these people who collaborate with us to benefit others, when all they receive in return is gratitude. Perhaps you can do just as much with a full heart as a full wallet, because with very little, we've had a significant impact.

Chris, Mauricio, and I can only say how proud we are of everyone involved. How amazing it is that they can put aside their own problems and focus on the good of others. What a magnificent sport we have when the toughest of warriors can lay down their armor and sometimes defeat, to hug a sick child?

So, when you turn on the news, or hear about something that is sad and disturbing; when you have lost your path and are simply hungry for friendship and encouragement, just remember WBC Cares. For as long as we exist, we hear you, we see you and we are here for you. And with your participation, we will continue to be the Good News - *Jill*.

# READY FOR THE TECH BOOST IN BOXING?

Despite its popularity and incredible earning potential, boxing has yet to embrace modern technology fully. Boxers face a major problem with the lack of communication platforms for finding sparring partners, opponents, agents, managers, and other professional services.

# IMAGINE A DEDICATED SOCIAL NETWORK FOR THE BOXING INDUSTRY!

A central hub where athletes could find and collaborate with coaches, managers, agents, sparring partners, promoters, and sponsors.

Coaches could display their credentials, testimonials, and training styles.
Boxers, top promoters, and managers could find each other with proven track records.

Moreover, the platform could serve as a digital stage for rising stars, offering live-streamed sparring sessions, training tips, and behind-the-scenes content, which would act as a catalyst for sponsorships.

Such a platform could democratize our sport and open doors for talented athletes from all over the world, wherever they live, whatever their background and financial means.

# FIGHT! COOPERATE! EARN! ARE YOU READY?

This challenge has inspired the World Heavyweight Champion Oleksandr Usyk and his sports team CEO Sergey Lapin to build a platform allowing participants to offer their professional services and earn money.

Now, Ready To Fight features over 1,200 boxers, including global boxing stars, and is constantly growing.

Uzbekistan Dominates the World Boxing Championship

# The Rising of NEW STARS

The world of boxing witnessed an incredible display of talent and skill at the recently concluded International Boxing Association World Boxing Championship held in Uzbekistan. With 18 countries participating, it was Uzbekistan that emerged as the undisputed champion, clinching an impressive haul of 5 gold, 2 silver, and 2 bronze medals. This outstanding performance showcased the rise of new boxing stars from the country and solidified Uzbekistan's position as a force to be reckoned with in the sport.

The finals began with a bang as Asadkhuja Muydinkhujaev (-67kg) took the ring and delivered a resounding victory over Kazakhstan's Dulat Bekbauov, with a unanimous 5:0 decision. Following suit was Hasanboy Dusmatov, who displayed his dominance by knocking down Billal Bennama from France in the first round itself. These victories set the tone for what was to come and highlighted the skill and determination of the Uzbekistani boxers.

One of the standout moments of the championship was Asadkhudja Muydinkhujaev's triumph over the Cuban champion Roniel Iglesias. Muydinkhujaev described the encounter as one of the biggest challenges he faced throughout the tournament. Despite Iglesias' impressive track record as a two-time Olympic champion and experienced boxer, Muydinkhujaev's unwavering confidence propelled him to victory. Reflecting on his achievement, Muydinkhujaev expressed the indescribable feeling of accomplishing a childhood dream and vowed to reach even greater heights in his boxing career.

Another standout performer was Abdumalik Khalokov, who secured the world championship title in the up to 57kg category. Khalokov credited his success not only to his rigorous training but also to the unwavering support he received from his family, friends, compatriots, and sports partners. He described the World Cup as a relatively easy journey, and the overwhelming relief and joy he felt upon winning were palpable. Khalokov expressed his determination to achieve even greater success in the future.

Bakhodir Jalolov, the world boxing champion according to the ratings of the main international boxing organizations, occupies: 15th place in the WBC rating, - being included in the TOP 40 best heavyweights also left a lasting impression on the audience with his impressive performance. Jalolov expressed his gratitude for the support he received from fans, particularly during the second and third rounds of his fights. Competing in his home country was not only a privilege for Jalolov but also a great responsibility. He acknowledged the pressure he felt to meet the expectations of his fans, family, and friends during his quarterfinal bout against Kamshybek Kunkabayev.

The success of the Uzbekistani boxers was further enhanced by the support of sports clothing brand 7SABER. As the general partner of the World Boxing Championship in Uzbekistan, 7SABER played a crucial role in organizing the event and continues to support athletes on the international stage. The brand gained widespread attention for its specially designed kits for the Uzbekistan team at the Olympic Games in Tokyo, Beijing, Konya, and the 2023 Asian Games. 7SABER has quickly established itself as a respected name in the sports industry, garnering recognition from professional athletes across CIS countries. The brand is also actively collaborating with international sports organizations and federations in the UAE, Qatar, Russia, Kazakhstan, and Azerbaijan.

As 7SABER expands its reach, it now operates in Uzbekistan, Russia, and Kazakhstan, with online delivery available worldwide through its user-friendly application or www.7saber.com website. The brand's commitment to supporting sports development in Uzbekistan and its collaboration with athletes on the global stage have made it a trusted and sought-after choice among athletes and sports enthusiasts alike.

With the rise of new stars and the unwavering support of brands like 7SABER, Uzbekistan has firmly established itself as a powerhouse in the world of boxing. The impressive performances and achievements of the Uzbekistani boxers at the World Boxing Championship are a testament to their talent, dedication, and the bright future that awaits them in the sport. As these rising stars continue to shine, the world eagerly awaits their next triumphs and the impact they will have on the boxing landscape.

# A DECADE OF HOPE AND RESILIENCE: THE JOSE SULAIMAN BOXERS FUND

## CELEBRATING 10 YEARS OF MAKING A DIFFERENCE IN THE LIVES OF BOXERS WORLDWIDE

**In the world of boxing, champions are revered for their strength, skill, and determination, but few are aware of the incredible challenges many of these athletes face once they step out of the ring. For the past ten years, the Jose Sulaiman Boxers Fund has been a beacon of hope and support for boxers from all corners of the globe. This fund, established by Mr. Jose Sulaiman following his dream, has provided invaluable assistance to more than 400 boxers in times of need and hardship, ensuring that they too can lead dignified lives beyond their boxing careers.**

**Allies in Action**

To turn this dream into reality, the Fund found its early allies in organizations that shared the same vision. One of the most significant contributors was Hublot, a Swiss watchmaker. Through the organization of two highly successful auctions, **Hublot** raised over $2 Million in donations for the Fund. This generous contribution provided the initial capital that allowed the Fund to embark on its mission of helping boxers in distress.

**Nevada Community Foundation: The Cornerstone of Success**

While the initial influx of funds was essential, the Fund needed a steadfast and professional partner to manage and allocate these resources effectively. **The Nevada Community Foundation** Stepped in as the main pillar of support, bringing expertise in fund management, ensuring transparency, and guaranteeing that the financial resources reached the deserving recipients. Their contribution to the Fund has been instrumental in establishing a robust and sustainable support system for boxers worldwide.

Celebrating a Decade of Compassion

As we celebrate the tenth anniversary of the Jose Sulaiman Boxers Fund, we reflect on the enduring legacy of Mr. Jose Sulaiman's vision and the unwavering commitment of its allies. The Fund has not only assisted hundreds of boxers but has also raised awareness about the challenges they face beyond the spotlight.

In the upcoming years, we can only hope that the legacy of the Jose Sulaiman Boxers Fund continues to shine as a beacon of hope for those who have dedicated their lives to the noble art of boxing. It stands as a reminder that the boxing community, and indeed the world at large, can come together to support those who need it most, in the spirit of unity, resilience , and compassion.

Backed by thirty-four years of great success and many outstanding WBC International Championships that have taken place, it is now very clear that this success would have never been achieved without a proper control of the international boxing scenario, both from a technical and ethical point of view.

This great success could never be earned without the participation of the worldwide boxing community. We are today very proud of the superb standards we have set. But, that doesn't mean we are complacent.

We want to do more work and achieve more.

We want to discover further productive areas and unearth many more great champions. There is no doubt that we have set standards for other sanctioning bodies, to help promote this great sport of ours.
