

SOMETHING FOR *Everyone*

**DIGHTON REHOBOTH
REGIONAL HIGH SCHOOL**

2700 Regional Road
North Dighton

(508) 252-5025

Our MISSION

The primary purpose of Dighton-Rehoboth Regional High School is to provide each student with the knowledge, skills, sensitivity, and social responsibility to become a contributing citizen and lifelong learner in our ever-changing world. In collaboration with parents and the community, we prepare each student to meet the challenges and opportunities of the future by setting high expectations for student and staff members alike in a school environment which blends tradition and innovation.

Our curriculum includes a variety of core subjects such as English, math, science, and social studies as well as elective courses in core content areas, unified arts offerings in drama and music, world languages, and STEM courses. As a comprehensive high school, we offer a range of Career and Technical Education (CTE) courses that provide students with hands-on experience in fields including advanced manufacturing, automotive technology, carpentry, early childhood education, engineering, drafting, and design, marketing, and media studies. The CTE pathways give students a competitive advantage when applying to post-secondary education and in the skilled trades.

In addition to our academic programs, we offer a variety of extracurricular activities and clubs that allow students to explore their interests and develop their leadership skills. We encourage all students to get involved and take advantage of these opportunities to enhance their high school experience.

We are committed to providing a safe and supportive learning environment where every student feels valued and respected. Our faculty and staff are dedicated to helping each student reach their full potential, and we are excited to work with you on this journey.

Career and Technical Education (CTE) at Dighton-Rehoboth High School prepares our students to be college and career-ready by providing Core Academic Skills, Employability Skills, and Technical, Job-Specific Skills. Through our field-tested high-level instruction, CTE students are presented with a rigorous and relevant curriculum within our 7 career areas. Robust, innovative, hands-on projects and assessments, accented with relevant academic content, provide our students with multiple professional learning opportunities that collectively develop a graduate who is college and career-ready.

At DR, students are able to explore a career in high school in addition to completing their “core classes”. CTE classes count toward the Art electives, but can also be taken as a separate career “pathway”. At DR, you do NOT have to choose between the rigor of college prep education and Career Technical Education. DR has the best of both worlds! DR also has Articulation Agreements with several state Universities that count 4 years of CTE courses toward college credits!!

Highly trained,
industry-certified CTE
Instructors

Small class sizes ensure
small teacher to student
ratios and 1:1 hands-on
student training

College Articulation Agreements:

- New England Tech
- Keene State
- Bristol Community College
- Bay State College
- BAC (in progress)

Life

BECAUSE SCHOOL
DOESN'T END AT 2PM!

DR prides itself on helping develop the “whole” student. High school is the perfect place to experiment with different clubs, sports, and course offerings. At DR, students have so many opportunities at their fingertips and a fully trained staff, ready and excited to help!

Alongside Athletics, DR offers many creative outlets for students:

- Marching Band
- Colorguard
- Theatre Company
- Art Club
- Photography Club
- Robotics Club
- Yearbook
- Youth Against Ignorance
- Leo Club
- Dungeons + Dragons
- Falcon Flyer Newspaper
- Spirit Week Committee
- Prom Committee

Curriculum and Leadership-Related Activities:

- National Honor Society
- National Technical Honor Society
- International Thespian Society
- Peer Leaders
- Best Buddies
- French Club
- Portuguese Club
- Spanish Club
- Latin Club
- Japanese Club
- Student Government
- DECA
- Skills USA
- *and many more!*
