

Organized by

SCRS SUPPLY CHAIN RESILIENCE & SUSTAINABILITY

CONFERENCE & AWARDS 2025

Celebrate 25 years of TAPA APAC Journey

Bringing you Beyond Resilience:
Building Anti-Fragile Supply Chains

27 & 28 October 2025

Amara Sanctuary Sentosa, Singapore

Sponsored by

Table of Contents

04 | TAPA APAC Chairperson Welcome Message

05 | Day 1 Conference Programme

SCRS Conference 2025 Welcome Remarks
By Mr. Tony Lugg, Chairperson, TAPA APAC

Opening Keynote By Ms. Veronica Tan,
Director for Safer Cyberspace Division, Cyber
Security Agency of Singapore

BRAND PROTECTION

Keynote
The Anti-Fragile Supply Chain Ecosystem

Panel
Zero-Failure vs Anti-Fragility: Should we aim
for perfection or embrace adaptability?

06 | **MACRO SUPPLY CHAIN**

Keynote
Global Supply Chains in Transition:
Geopolitical Shifts, Global Trade Tensions,
and Climate Risks Reshaping Logistics

Panel
Coming Trends of Supply Chain Issues in a
Fragmented World

COUNTRY INSIGHTS: EMEA

Keynote
Latest Insights to Supply Chain Disruptions &
Responses in Europe

07 | **TRADE COMPLIANCE**

Keynote
Trade Under Pressure: Navigating Tariff Shifts
and Customs Complexity Across APAC

Panel
Trade Compliance Challenges & Solutions:
Ensuring Compliance in a Fragmented
Regulatory Landscape

COUNTRY INSIGHTS: ROA + AI

Keynote
Securing Growth Markets: Supply Chain
Challenges & Tech Solutions in Emerging
Asia

08 | **BUILDING RESILIENCE**

Keynote
Case Study: Dp World - Building a Resilient
Supply Chain

AIR CARGO

Keynote
Air Cargo & Supply Chain Security: Securing
Air Freight in a Volatile and High-Risk
Environment

Panel
Balancing Speed, Safety, and Cost in Global
Aviation Logistics

09 | **PHARMACEUTICAL INDUSTRY**

Keynote
Pharma 2030 & Beyond: Securing APAC's
Rapidly Evolving Supply Chain Landscape

FACILITY, TRUCKING & GUARDING

Keynote
Converging Security Functions: Balancing
Risk, Cost, and Business Value

10 | Panel Best Practices in Facility, Trucking & Guarding

Future of IOT - Enabled Supply Chain

ESG: SCRAP MANAGEMENT

Keynote
The ESG Imperative: Scrap Management As A
Critical Risk Control Point

11 | Panel ESG & Supply Chain Responsibility: Turning ESG Into Competitive Advantage

Closing Remarks

12 | Day 2 Conference Programme

SCRS Conference 2025 Welcome Remarks
By Mr. Felix Li, Vice-Chairperson, TAPA APAC

COUNTRY INSIGHTS: GREATER CHINA

Country Focus
Securing the Dragon's Supply Chain- Insights
from Greater China

RISK ASSESSMENT

The Resilience Playbook:
Practical Frameworks for Identifying and
Mitigating Risks

Panel
Shifting Threats: Securing APAC's Supply
Chains Amid Growing Regional Risks

13 | **COUNTRY INSIGHTS: INDIA**

Country Focus
India Rising- Securing the Next Supply Chain
Powerhouse

BUSINESS CONTINUITY PLANNING

Keynote
Business Continuity in Times of Super
Volatility in Supply Chain

Panel
Business Continuity Strategies: Real-World
Cases on Operational Recovery, Redundancy,
and Agility

14 | **COUNTRY INSIGHTS: ANZ**

Country Focus
Guarding the Southern Gateway- Supply
Chain Security in ANZ

CYBER SECURITY

Keynote
Supply Chains Cyber Risks and Management:
Changing the Game From Defensive to
Offensive.

Panel
Building Cyber Resilience: Partnerships,
Policies, and Technology to Safeguard Digital
Supply Chains.

15 | **ARTIFICIAL INTELLIGENCE**

Keynote
Harnessing Patent Analytics and AI for Strategic
Market Insights and Competitive Intelligence

Panel
The AI Advantage: Building Intelligent Defenses for
Global Logistics

Keynote
Empowering Supply Chain Security Through
Analytics: Why Data Doesn't Lie

16 | **DATA ANALYTICS**

Keynote
The Evolution of TAPA's Intelligence
System (TIS)

Big Data & Predictive Supply Chains: Harnessing
Analytics and AI for Smarter Decision-Making

17 | Panel
From Insights to Action: Using Analytics to Disrupt
Cargo Theft and Fraud

Closing Remarks

18-28 | SCRS Esteemed Speakers

29 | SCRS Premier Partner 2025

Import, sale, and use of e-vaporisers (including vapes and e-cigarettes) are strictly prohibited under Singapore law. Possession or use of any such items is an offence and may result in severe penalties.

Supply Chain Resilience & Sustainability (SCRS) Conference & Awards 2025

Message from Tony Lugg, Chairperson, TAPA APAC

Dear TAPA Members and Industry Partners,

Supply Chain Resilience & Sustainability (SCRS) Conference & Awards 2025, a landmark occasion marking the 25th Anniversary of the Transported Asset Protection Association Asia Pacific (TAPA APAC), our Silver Jubilee Year.

Over the past 25 years, TAPA APAC has evolved from a small network of dedicated professionals into a dynamic regional community that brings together industry leaders, innovators, and security experts. This shared commitment has strengthened supply chain resilience, advanced sustainability practices, and fostered trusted partnerships across industries and borders.

Building on this legacy, the SCRS Conference & Awards has become an anticipated event of the year, a platform where supply chain leaders gather to explore strategies, technologies, and practices essential to navigating today's complex global landscape. With over 120 overseas visitors joining us, the event presents an excellent opportunity to network with leading professionals from some of the major Fortune 500 companies. Across the two days, we will gain insights from experts, discover best practices and emerging trends, and engage in meaningful dialogue that inspires new thinking and collaboration.

Our lineup of distinguished speakers will address critical issues shaping the industry, from trade compliance challenges to innovations driving sustainable transformation. While the supply chain landscape continues to evolve, our collective expertise and shared vision will enable us to drive innovation, create impactful solutions, and shape a more resilient future together.

The Awards Gala Dinner is not only a celebration of excellence but also a reflection of the dedication, collaboration, and progress that define our community. It is an opportunity to honour the outstanding achievements of our members, partners, and organisations that continue to raise the standards of supply chain performance.

Join us as we embark on this impactful journey to address critical topics and redefine the future of supply chains.

Best Regards,

Chairperson
TAPA APAC

0900 - 0905 Introduction

0905 - 0915 SCRS Conference 2025 Welcome Remarks

#1

Mr. Tony Lugg, Chairperson, TAPA APAC

0915 - 0935 Opening Keynote

#2

Ms. Veronica Tan, Director for Safer Cyberspace Division,
Cyber Security Agency of Singapore

BRAND PROTECTION

0935 - 0955 Keynote The Anti-Fragile Supply Chain Ecosystem

#3

- Anti-fragility as a strategy: systems that grow stronger from stress.
- Linking security, resilience, ESG, and digitalization into one ecosystem.

Mr. Brett Marshall, Chief Executive Officer, Supplexis Pte Ltd.

0955 - 1020 Panel Zero-Failure vs Anti-Fragility: Should We Aim for Perfection or Embrace Adaptability?

#4

- The myth of zero-failure supply chains. Why adaptability outperforms perfection in today's world.
- Building culture and processes that absorb shocks and innovate under pressure.

Moderator: Mr. Alan Liu,
Board Member and TAPA
China Legal Representative,
TAPA APAC
Crisis and Security Director,
Greater China and SEAO,
Kering Group

Mr. Brett Marshall,
Chief Executive Officer,
Supplexis Pte Ltd.

Mr. Tony Lugg,
Chairperson,
TAPA APAC

Mr. Thorsten Neumann,
President & CEO,
TAPA EMEA

1020 - 1050 Networking Break

Refreshments are provided outside the conference hall.

MACRO SUPPLY CHAIN

Keynote

1050 - 1110 Global Supply Chains in Transition: Geopolitical Shifts, Global Trade Tensions, and Climate Risks Reshaping Logistics #5

- Examine how geopolitical rivalries (US–China, Russia–West) and trade fragmentation reshape global flows.
- Impact of climate change: extreme weather, carbon policies, decarbonization pressure.
- Implications for APAC: opportunities in nearshoring, regionalization, and alternative trade corridors.

Mr. Prof. Goh Puay Guan, Associate Professor, Academic Director, MSc Smart Industries and Digital Transformation, National University of Singapore

Panel

1110 - 1130 Coming Trends of Supply Chain Issues in a Fragmented World #6

- Multipolar trade system and its impact on supply chain planning.
- Rising costs from compliance, tariffs, and security demands.

Moderator: Mr. Keven Liang, Treasurer and Board Member, TAPA APAC Supply Chain Security Manager, HP Inc.

Mr. Gino Laios, Board & Vice Chair, TAPA EMEA, Global Senior Manager- Security Programs, Supply Chain, Manufacturing and Security Services, Philip Morris International

Mr. Prof. Goh Puay Guan, Associate Professor, Academic Director, MSc Smart Industries and Digital Transformation, National University of Singapore

Mr. Martin Palmer, Co-Founder and Board Member, Hurricane Modular Commerce Ltd

COUNTRY INSIGHTS: EMEA

Keynote

1130 - 1150 Latest Insights to Supply Chain Disruptions & Responses in Europe #7

- Case studies on port congestions, sanctions, and energy shocks.
- What APAC can learn from European adaptation strategies (supplier diversification, rail/road balance, green corridors).

Mr. Gino Laios, Board & Vice Chair, TAPA EMEA Global Senior Manager- Security Programs, Supply Chain, Manufacturing and Security Services, Philip Morris International

TRADE COMPLIANCE

1150 - 1210 **Trade Under Pressure: Navigating Tariff Shifts and Customs Complexity Across APAC** #8

Keynote

- Updates on RCEP, CPTPP, Indo-Pacific trade agreements.
- Stricter enforcement trends: dual-use goods, export controls, ESG-linked customs checks.
- Harmonization vs fragmentation in APAC customs requirements.

Mr. Martin Palmer, Co-Founder and Board Member,
Hurricane Modular Commerce Ltd

1210 - 1230 **Trade Compliance Challenges & Solutions: Ensuring Compliance in a Fragmented Regulatory Landscape** #9

Panel

- Compliance pain points: inconsistent rules, sudden regulatory changes.
- Solutions: digital customs platforms, AI-driven compliance tools.

Moderator: Mr. Amit Jayakumar,
Co-Founder and CEO, TriniVox,
Regional Security Manager,
BMW Group

Mr. Jeffrey Tan,
President of Supply Chain,
Management Chapter,
Singapore Computer Society

Mr. Robin Luo,
Senior Counsel/Attorney Law
(PRC), Beijing Dacheng Law
Offices, LLP (Chengdu)

Mr. Matt Lee,
Regional Director of Corporate
Security,
Dell Technologies

1230 - 1330 **Networking Lunch**

Buffet lunch is provided outside the conference hall.

COUNTRY INSIGHTS: ROA + AI

1330 - 1350 **Securing Growth Markets: Supply Chain Challenges & Tech Solutions in Emerging Asia** #10

Keynote

- Explore emerging supply chain hubs in Vietnam, Indonesia, Philippines, Bangladesh, and beyond.
- Understand key risks: cargo theft, fraud, and counterfeit goods in frontier markets.
- Discover how AI and data analytics are improving visibility, predictive risk management, and route optimization.

Mr. Roger Lee, Director, Singapore Institute Of Materials
Management

BUILDING RESILIENCE

Keynote

1350 - 1410 **Case Study: Dp World - Building a Resilient Supply Chain** #11

- Embedding security into daily operations to deliver both protection and efficiency across ports, logistics, and economic zones.
- Insights on scaling cargo security frameworks to strengthen resilience and supply chain trust, through safeguarding cargo flows, while maintaining agility in global supply chains.
- The evolving and standardising practices across global network to address emerging threats.

Mr. Ashok Kumar Velayudham, Group Vice President, Compliance & Projects, Group Security, DP World

AIR CARGO

Keynote

1410 - 1430 **Air Cargo & Supply Chain Security: Securing Air Freight in a Volatile and High-Risk Environment** #12

- Rising threats: terrorism, theft, smuggling, cyber risks in air cargo.
- Securing ground handling and transfer points.
- Lessons for APAC from global aviation incidents.

Dr. Amarpreet Singh, Board Member TAPA APAC
Country Security Manager, India, Johnson Matthey

Panel

1430 - 1450 **Balancing Speed, Safety, and Cost in Global Aviation Logistics** #13

- Trade-offs between fast delivery vs security compliance.
- Managing cost escalation with fuel and carbon regulations.
- Future outlook: automation, drones, AI routing in air freight.

Moderator:
Mr. Alvin Lau,
Executive Director,
TAPA APAC

Mr. Chandran Mavila,
Board Member, TAPA APAC,
Senior Manager Security and Loss,
Prevention-International
(APAC, LATAM & EMEA)

Dr. Amarpreet Singh,
Board Member TAPA APAC,
Country Security Manager,
India,
Johnson Matthey

Mr. Adrian Whelan,
Senior Vice-President &
Head of Global Security,
DHL Express

PHARMACEUTICAL INDUSTRY

1450 - 1510 Keynote **Pharma 2030 & Beyond: Securing APAC's Rapidly Evolving Supply Chain Landscape** #14

- Growth of the pharma industry in APAC and its rising global significance.
- Key security risks: theft, counterfeiting, cold chain vulnerabilities, cyber threats, and regulatory fragmentation.
- Importance of harmonized standards to ensure trust, safety, and cross-border consistency.

Dr. Shamsir Bin Ali, Executive Director, OmniSpheres

1510- 1540 **Networking Break**

Refreshments are provided outside the conference hall.

FACILITY, TRUCKING & GUARDING

1540 - 1600 Keynote **Converging Security Functions: Balancing Risk, Cost, and Business Value** #15

- Updates on RCEP, CPTPP, Indo-Pacific trade agreements.
- Stricter enforcement trends: dual-use goods, export controls, ESG-linked customs checks.
- Harmonization vs fragmentation in APAC customs requirements.

Dr. Stephen McGee, Founder/Director,
Global Strategic Resilience (GSR) Advisory

Panel
1600 - 1620 Best Practices in Facility, Trucking & Guarding #16

- Leveraging IoT tracking, geofencing, AI surveillance, and digital monitoring to enhance visibility, compliance, and incident prevention.
- Specific challenges and best practices for risk mitigation and incident preparedness to handle increasing demand for dangerous goods storage & transport.
- Sharing best practices across borders and aligning security and safety standards to strengthen resilience across the supply chain.

Moderator:
Mr. Felix Li,
Vice-Chairperson,
TAPA APAC

Mr. Caleb Leong,
Head of Security
(Singapore & Johor Bahru),
DSV

Mr. Sangar Kandasamy,
Group Managing Director,
The Vanguard Group of
Companies

Ms. Monica Tian,
Senior Manager, Logistic Dept
Huawei

Keynote
1620 - 1640 Future of IOT - Enabled Supply Chain #17

Mr. Melvin Teh, VP, Sales and Commercial, Project Argus

ESG: SCRAP MANAGEMENT

Keynote
1640 - 1700 The ESG Imperative: Scrap Management As A Critical Risk Control Point #18

- How environmental, social, and governance pressures shape cargo and logistics practices.
- Balancing cost, efficiency, and ESG compliance in global supply chains for sustainable Resilience.
- The evolving role of insurers and brokers in aligning risk with ESG goals.

Dr Nick Chapman, Head of Cargo and Logistics, Asia, Aon

1700 - 1720 **ESG & Supply Chain Responsibility: Turning ESG Into Competitive Advantage** #19

Panel

- Positioning ESG as a supply chain risk control — from labor and environmental compliance to scrap leakage, fraud prevention, and brand protection.
- Implementing supplier audits, digital traceability technologies, green logistics, and disciplined scrap management to conserve resources and reinforce ESG reporting.

Moderator: Mr. Julian Tan,
Secretary and Board Member,
TAPA APAC,
Global Head Physical Security
Ops, Dyson Operations Pte Ltd

Mr. Fred Kong,
Board Member, TAPA APAC
APAC Supply Chain Security Leads,
Dell Technologies

Dr Nick Chapman,
Head of Cargo and Logistics,
Asia, Aon

Mr. Nilo Pomaloy,
Master Trainer TAPA APAC
Co-Founder & President
ShieldCoach Security Corp.

1720 - 1735 **Closing Remarks** #20

Mr. Keven Liang, Treasurer and Board Member, TAPA APAC
Supply Chain Security Manager, HP Inc.

END OF DAY 1

0900 - 0905 Introduction

0905 - 0915 SCRS Conference 2025 Welcome Remarks

#21

Mr. Felix Li, Vice-Chairperson, TAPA APAC

COUNTRY INSIGHTS: GREATER CHINA

0915- 0935

Country Focus

Securing the Dragon's Supply Chain- Insights from Greater China

#22

- Emerging cargo crime and fraud patterns across Mainland China, Hong Kong, Macao, and Taiwan.
- The impact of regulatory shifts, customs enforcement, and cross-border trade complexities.
- Collaboration opportunities between law enforcement and the private sector to mitigate risks.

Mr. Alan Liu, Board Member and TAPA China Legal Representative, TAPA APAC | Crisis and Security Director, Greater China and SEAO, Kering Group

RISK ASSESSMENT

0935 - 0955

The Resilience Playbook:

Practical Frameworks for Identifying and Mitigating Risks

#23

- Proven tools: risk mapping, heatmaps, probability-impact grids.
- How to operationalize risk assessment into daily logistics management.
- Building anti-fragile responses: stress-testing, redundancy, scenario planning.

Mr. Amit Jayakumar, Co-Founder and CEO, TriniVox
Regional Security Manager, BMW Group

0955 - 1015

Panel

Shifting Threats: Securing APAC's Supply Chains Amid Growing Regional Risks

#24

- Growing threats: cargo theft, smuggling, piracy, cybercrime, natural disasters.
- Localized risks: cross-border trucking, free trade zones, and urban chokepoints.

Dr Stephen McGee,
Founder/Director, Global
Strategic Resilience (GSR)
Advisory

Mr. Amit Jayakumar,
Co-Founder and CEO, TriniVox,
Regional Security Manager,
BMW Group

Mr. Julian Tan, Secretary and
Board Member, TAPA APAC,
Global Head Physical Security
Ops, Dyson Operations Pte Ltd

Mr. Shane Chiang,
Co-Founder & Chief Executive
Officer, Momentum Z Pte Ltd

COUNTRY INSIGHTS: INDIA

Country Focus
1015 - 1035 India Rising- Securing the Next Supply Chain Powerhouse #25

- Examine India's rapid emergence as a global manufacturing and logistics hub under "Make in India" and supply chain diversification trends.
- Explore how AI, IoT, and data-driven visibility platforms are transforming logistics, warehousing, and compliance in India.
- Gain insights into India's evolving role in the global supply chain network and what it means for regional resilience and collaboration.

Mr. Chandran Mavila, Board Member, TAPA APAC
Senior Manager Security and Loss Prevention -International (APAC, LATAM & EMEA)

1035- 1105 Networking Break

Refreshments are provided outside the conference hall.

BUSINESS CONTINUITY PLANNING

Keynote
1105 - 1125 Business Continuity in Times of Super Volatility in Supply Chain #26

- Defining "super volatility": pandemics, wars, black swan events.
- Balancing cost efficiency vs resilience.
- Key BCP pillars: redundancy, supplier diversification, agile workforce models.

Mr. Vincent Ow, Security & Business, Continuity Business Partner, South-East Asia & Oceania, Maersk

Panel
1125 - 1145 Business Continuity Strategies: Real-World Cases on Operational Recovery, Redundancy, and Agility #27

- Case studies from APAC industries: manufacturing, pharma, semiconductors.
- Building agility into long-term business models.

Moderator: Mr. Vincent Ow,
Security & Business Continuity
Business Partner,
South-East Asia & Oceania,
Maersk

Dr. Amarpreet Singh,
Board Member TAPA APAC,
Country Security Manager, India,
Johnson Matthey

Mr. Felix Li,
Vice-Chairperson,
TAPA APAC

Dr. Shamsir Bin Ali,
Executive Director,
OmniSpheres

COUNTRY INSIGHTS: ANZ

Country Focus

1145 - 1205 **Guarding the Southern Gateway- Supply Chain Security in ANZ** #28

- Understand cargo theft trends and high-risk areas in ANZ.
- Discover effective risk mitigation strategies and technology solutions.
- Gain insights on collaboration between industry and law enforcement to enhance security.

Mr. Jason Le Busque, Board Member, TAPA APAC | Global Head of Protective Security, Toll Holdings Pty Ltd

CYBER SECURITY

Keynote

1205 - 1225 **Supply Chains Cyber Risks and Management: Changing the Game From Defensive to Offensive.** #29

- Shift from reactive to proactive cybersecurity in logistics.
- Protecting critical nodes: ports, carriers, customs systems.
- Emerging offensive tools: AI detection, red teaming, continuous penetration testing.

Mr. Jason Farmer, Managing Director, Visium Networks Pty Ltd

Panel

1225 - 1245 **Building Cyber Resilience: Partnerships, Policies, and Technology to Safeguard Digital Supply Chains.** #30

- Multi-stakeholder collaboration: governments, logistics firms, insurers.
- Policy frameworks for cyber resilience in APAC.
- Role of blockchain, encryption, and shared intelligence networks.

Moderator: Mr. Jason Le Busque,
Board Member, TAPA APAC,
Global Head of Protective Security,
Toll Holdings Pty Ltd

Mr. Jeffrey Tan,
President of Supply Chain Management Chapter,
Singapore Computer Society

Mr. Danny Chan,
Regional Chief Security Officer,
Asia-Pacific, Mastercard

Mr. Jason Farmer,
Managing Director,
Visium Networks Pty Ltd

1245 - 1345 **Networking Lunch**

Buffet lunch is provided outside the conference hall.

ARTIFICIAL INTELLIGENCE

Keynote
1345 - 1405 **Harnessing Patent Analytics and AI for Strategic Market Insights and Competitive Intelligence** **#31**

Dr. Ng Kay Siong, Analyst, Applied Materials

Panel
1405 - 1425 **The AI Advantage: Building Intelligent Defenses for Global Logistics** **#32**

- Explore how AI predicts and prevents cargo theft, fraud, and operational risks.
- Discover ways AI integrates private sector and law enforcement data for smarter decisions.
- Understand AI's role in building resilient, adaptive, and future-ready logistics operations.

Moderator:
Mr. Alvin Lau,
Executive Director,
TAPA APAC

Mr. Roger Lee,
Director,
Singapore Institute Of
Materials Management

Dr. Ng Kay Siong,
Analyst,
Applied Materials

Mr. Patrick Ng,
Innovation Director,
Spark Launchpad

Keynote
1425 - 1445 **Empowering Supply Chain Security Through Analytics: Why Data Doesn't Lie** **#33**

- Turning raw data into actionable insights for security and resilience
- Overcoming challenges: data silos, quality, governance, and cultural adoption.
- How technology + analytics drive transparency, compliance, and trust.

Mr. Kagan Gan, Managing Director, Faith Walker Security

1445- 1515 **Networking Break**

Refreshments are provided outside the conference hall.

DATA ANALYTICS

1515 - 1530 **The Evolution of TAPA's Intelligence System (TIS)** #34

Keynote

- Trace the journey of TIS from a regional tool to a global intelligence backbone for supply chain security.
- Integration with new technologies: AI, analytics, and digital platforms improving incident reporting and insights.
- The future roadmap: how TIS will continue to adapt to evolving threats, cargo crime trends, and member needs.

Mr. Kristoffer Arino,
TAPA APAC Intelligence
System (TIS) Expert,
TAPA APAC

Ms. Rhea Manoj,
Group Analyst –
Protective Security,
Toll Group

1530 - 1550 **Big Data & Predictive Supply Chains: Harnessing Analytics and AI for Smarter Decision-Making** #35

Keynote

- Using data to forecast demand, disruptions, and crime hotspots.
- Predictive analytics in routing, warehousing, and capacity planning.
- AI-enabled resilience and agility.

Mr. Yang Chunyang, Logistics Safety Expert, Huawei

Panel

1550 - 1615

From Insights to Action: Using Analytics to Disrupt Cargo Theft and Fraud

#36

- How analytics helps identify theft patterns and fraud rings.
- Integrating law enforcement and private sector data.
- Real-world applications in APAC logistics hubs.

Moderator: Mr. Kristoffer Arino,
TAPA APAC Intelligence System
(TIS) Expert, TAPA APAC

Mr. Thorsten Neumann,
President & CEO,
TAPA EMEA

Mr. Yang Chunyang,
Logistics Safety Expert,
Huawei

Mr. Benedict Chen,
Regional Head of Security (APAC)
and Global Travel Security Lead,
Novo Nordisk

1615 - 1630

Closing Remarks

#37

Mr. Julian Tan, Secretary and Board Member, TAPA APAC | Global
Head Physical Security Ops, Dyson Operations Pte Ltd

1830 - 2000 SUPPLY CHAIN RESILIENCE & SUSTAINABILITY (SCRS) AWARDS GALA DINNER

SCRS  SUPPLY CHAIN
RESILIENCE &
SUSTAINABILITY
AWARDS 2025

Cocktail Reception & Registration will commence at 1830.

SCRS Awards celebrate and honor the outstanding achievements of global supply chain organizations. Through these prestigious awards, we aim to shine a spotlight on those who exemplify excellence in supply chain resilience and sustainability, driving positive change within the global supply chain ecosystem.

SCRS Esteemed Speakers

We are honoured to welcome our distinguished speakers from around the world to the Supply Chain Resilience & Sustainability (SCRS) Conference 2025. Through their thought leadership, innovation, and expertise, our speakers will share valuable insights that inspire new perspectives and drive meaningful dialogue across the supply chain community. We encourage all delegates to meet and connect with our speakers throughout the conference, to exchange ideas and gain fresh insights.

Our Appreciation to Contributing Organisations and Speakers

In recognition of the esteemed speakers and partners who have generously shared their expertise and supported the Supply Chain Resilience & Sustainability (SCRS) Conference & Awards 2025.

Ms. Veronica Tan

Director for Safer Cyberspace Division, Cyber Security Agency of Singapore

Veronica oversees the Safer Cyberspace portfolio in the Cyber Security Agency of Singapore (CSA) and is responsible for the national cyber resilience of organisations in Singapore. Under her leadership, the Agency established the Cyber Essentials and Cyber Trust certifications, which are national cybersecurity standards to guide organisations in managing their digital risks effectively. Veronica takes an active interest in emerging technologies and was previously involved in developing technology roadmaps for emerging tech such as Artificial Intelligence (AI) and blockchain in the Infocomm Media Development Authority (IMDA). Before joining public sector, Veronica was in a network engineering role, managing carrier-grade networks in a leading Internet Service Provider (ISP).

Mr. Gino Laios

Board & Vice Chair, TAPA EMEA

Gino Laios is a seasoned security leader with over 30 years of expertise spanning the consumer goods, consulting, and security industries. His career combines deep financial acumen, operational leadership, and global corporate security oversight, with a strong focus on protecting people, assets and businesses. He currently serves as Global Senior Manager — Security Programs, Supply Chain, Manufacturing and Security Services at Philip Morris International. In this role, he develops and implements programs, standards, strategies, governance frameworks, and assurance processes to manage security risks across PMI's global transportation, logistics, warehousing, and manufacturing environments. In addition, he is member of the Board and Vice Chair of the Transported Asset Protection Association (TAPA) EMEA, where he supports the organization's mission to enhance supply chain security across Europe, the Middle East, and Africa.

Mr. Tony Lugg

Chairperson, TAPA APAC

Tony Lugg is the Chairperson of TAPA APAC, a global leader in supply chain security and risk management, with over 30 years of professional experience. Tony's experience of sitting in various Board roles plays a significant part in steering TAPA APAC strategic direction. Together with the Board Members, Tony is helping TAPA APAC to reach its goal of doubling memberships. Having a track record of leadership, growth, restructuring, integration, and solutions in dynamic and evolving environments with strong backgrounds in Asia and Europe, he brings excellent insights and perspectives to the Board. Tony will front collaborations with government agencies, standards bodies, and supply chain stakeholders to identify opportunities to make supply chain operations more resilient and sustainable. He also has diverse experience shaping vast arrays of business and operational strategies including focuses on procurement, supply chain digitalisation, outsourcing, organisational development, budget management, manufacturing, engineering, production planning, inventory management.

Mr. Thorsten Neumann

President & CEO, TAPA EMEA

Thorsten Neumann has 20 years' experience in leadership roles in the Industrial Loss Prevention & Security industries. After joining the Transported Asset Protection Association's (TAPA) Board of Directors in the Europe, Middle East & Africa (EMEA) region in 2003, he went on to serve as Chairman of TAPA EMEA between 2006 and 2019 before being appointed as the supply chain security and resilience Association's first-ever full-time President & CEO in 2020. Since then, TAPA EMEA has built a full-time professional team to support its membership of nearly 800 companies, including Manufacturers, Logistics Service Providers, Insurers, Security Service Providers and Consultancies, as well as Law Enforcement Agencies and Associate Partner organisations from across the EMEA region.

Earlier in his career, Thorsten spent 10 years with Motorola and 7 years with Nokia, initially as Head of Supply Chain Security and ultimately holding the position of Chief Security Operation Officer. Following the acquisition of Nokia in 2013, he joined Microsoft, holding Director roles in Europe and the United States.

Mr. Adrian Whelan   

Senior Vice-President & Head of Global Security, DHL Express

Adrian Whelan has worked for DHL Express for 25 years and is currently based in Singapore. Prior to joining DHL Express, Adrian served with the Royal Hong Kong Police in Hong Kong. After leaving the RHKP he managed a Regional anti-counterfeit and brand protection organization in Asia Pacific. Adrian is regarded as a subject matter expert in the field of supply chain security. In his current role, Adrian is responsible for all aspects of security. The security remit includes physical security, investigations, travel safety and security, training and interfacing with law enforcement and other regulatory agencies.

Mr. Felix Li   

Vice-Chairperson, TAPA APAC

Felix Li is a seasoned security and risk management expert with over 25 years of experience spanning the supply chain, high-tech, automotive, and food and beverage sectors. Since 2018, he has led the Safety & Security Services function at Starbucks China, overseeing risk management and security operations across the China market. His deep expertise in security, safety, and crisis management gives him a well-rounded perspective from both buyer and vendor standpoints. Felix serves as the Vice Chairperson of TAPA Asia Pacific (APAC), where he plays a key role in strategic planning and guiding regional initiatives. He has been a driving force in advancing TAPA standards, leading training efforts across multiple countries.

Dr. Nick Chapman   

Head of Cargo and Logistics, Asia, Aon

Dr. Nick Chapman is a marine insurance and risk management professional with over 13 years of hands-on experience across 55 countries. He currently leads Aon's regional strategy as Head of Cargo and Logistics, Asia, driving growth and retention for major cargo and logistics clients across 14 countries. In this role, he regularly advises businesses on assessing, managing, and transferring complex global supply chain risks. Nick's career spans diverse roles across leading organizations. He spent over two years with AIG London as Marine Risk Consulting Manager and Senior Multinational Marine Underwriter, nearly five years with FM Global in London as Senior Cargo Risk Engineer for EMEA and APAC, and close to five years as a forensic cargo loss investigator with Brookes Bell and CWA International.

Mr. Shane Chiang   

Co-Founder & Chief Executive Officer, Momentum Z Pte Ltd

Shane Chiang is an entrepreneur and business leader with extensive experience spanning technology, cybersecurity, sustainability, and strategic growth. As the CEO of Momentum Z, Shane spearheads initiatives that help organizations strengthen their cybersecurity posture, achieve data protection compliance, and adopt cutting-edge governance frameworks such as the Cyber Essentials, Cyber Trust Mark, and Data Protection Trustmark (SS 714:2025). With a career that includes global leadership roles across multinational corporations and startups, Shane has lived and worked in diverse markets including the United States, Japan, and China. This global exposure enables him to bridge regional market insights with international best practices. He also actively invests in and mentors startups across cybersecurity, food technology, and climate sustainability, reinforcing his belief in innovation-driven impact.

Mr. Amit Jayakumar  

Co-Founder and CEO, TriniVox
Regional Security Manager, BMW Group

Amit Jayakumar is a seasoned risk, security, and resilience leader with over 20 years of experience spanning the Armer forces, logistics, manufacturing, and global corporate environments. He is the Co-Founder of TriniVox, a consulting firm dedicated to building organizational resilience through risk management, business continuity, and crisis preparedness. Beginning his career as a Major in the Army, he went on to lead greenfield logistics operations in East Africa, where he mobilized remote supply chains in support of MONUSCO. At Daimler Trucks AG, he established a global crisis management program aligned with ISO 22361 and introduced digital emergency notification and risk monitoring systems. Currently, he is based in Germany, serving as Regional Security Manager for BMW Europe, where he continues to guide resilience strategies across complex operations.

Mr. Ashok Kumar Velayudham   

Group Vice President, Compliance & Projects, Group Security, DP World

Ashok Kumar Velayudham heads the Compliance and Projects vertical within DP World's Group Security Department, based at the global headquarters in Dubai. He is responsible for driving global security compliance programs and leading the implementation of security systems across greenfield and brownfield projects within the DP World network. A graduate in Economics from Loyola College, Chennai, Ashok began his career as an officer in the Indian Army, serving for eight years before transitioning to the corporate sector in 2006. Since then, he has held leadership roles in multinational and semi-government security organizations in the UAE, focusing on security operations, risk management, and compliance.

Mr. Vincent Ow   

Security & Business Continuity Business Partner, South-East Asia & Oceania, Maersk

Vincent is a seasoned security professional currently serving as Security Manager at A.P. Moller - Maersk. With over three decades of experience, Vincent has demonstrated expertise in security risk assessment, particularly in warehousing and distribution operations. His roles have included setting up and managing warehouse supply chain security operations, implementing security standards, and conducting investigations. Holding multiple certifications (TAPA FSR/TSR/RAS) as a TAPA Certified Professional, Vincent exemplifies a dedication to excellence in security management, making him a trusted leader in safeguarding organizational assets and interests.

Mr. Danny Chan  

Regional Chief Security Officer, Asia-Pacific, Mastercard

Danny is an accomplished leader with extensive expertise and global perspective. He covers information, cyber, and physical security, data protection, and managing large-scale international operations. His diverse background spans civilian and military contexts, particularly in challenging environments. In 2019, he joined Mastercard International Inc. as Senior Consultant for Security Monitoring and Response, leading security initiatives during the COVID-19 pandemic and serving as Regional Chief Information Security Officer for Asia Pacific.

Danny holds influential positions on several global boards and actively mentors emerging leaders. He also dedicates time to community service as an Associate Mediator with the Singapore Mediation Centre and spearheads the "Making a Difference" initiative.

Mr. Martin Palmer  

Co-Founder and Board Member, Hurricane Modular Commerce Ltd

Martin Palmer has over 40 years of experience in global logistics, distribution, and international trade compliance. He has held several senior leadership roles, including Global Export Controls and Customs Director at TNT Express, where he guided the international business through complex regulatory frameworks and secured global supply chains. He is the co-founder and board member of Hurricane Modular Commerce Ltd, a leading provider of classification and compliance technology for cross-border ecommerce, and founder of Supply Chain Compliance Ltd, which helps companies integrate trade compliance into everyday operations. Martin has collaborated with NGOs, enforcement agencies, and intergovernmental bodies to tackle illicit trade, counter-proliferation, and wildlife trafficking, bringing sector expertise to initiatives that strengthen global supply chain security.

Dr. Stephen McGee  

Founder/Director, Global Strategic Resilience (GSR) Advisory

Dr. Stephen McGee is an accomplished global security and risk management executive with over 25 years of international leadership experience spanning corporate security, crisis management, and high-risk operational environments. His career includes senior leadership roles in financial services, oil & gas, and global consultancy, combined with extensive operational exposure across the Middle East, Africa, and Asia-Pacific. Until recently, Dr. McGee served as a senior protective security leader at ANZ in Sydney, where he drove the uplift and development of enterprise-wide security frameworks, played a central role in establishing the fusion cell, and advanced crisis and resilience programs aligned with international best practice standards. He has since launched Global Strategic Resilience (GSR) Advisory, a consultancy dedicated to turning knowledge into action by enabling organisations to anticipate risks, build resilience, and achieve growth in a complex world.

Prof. Goh Puay Guan   

Associate Professor, Academic Director MSc Smart Industries and Digital Transformation
National University of Singapore

Goh Puay Guan is Associate Professor at NUS Business School, where he teaches supply chain management and technology innovation, and the Academic Director of the multi-disciplinary MSc Smart Industries and Digital Transformation. He is co-editor of the *Global Supply Chains in a Global World: The Impact of Covid-19 and Digitalization* (World Scientific, 2022), and author of *Supply Chain Management: A Concise Guide* (Pearson 2005, 2015), a frequent commentator for media and speaker at industry conferences. He has been a Board Director or Advisor to various corporates, SMES, and technology startups. Prior to joining NUS in 2018, Prof Goh held various management roles, with P&L responsibilities and in-country stints in South Korea, China, Indonesia and Vietnam.

Mr. Robin Luo  

Senior Counsel/Attorney Law (PRC), Beijing Dacheng Law Offices, LLP (Chengdu)

Robin joined TAPA after he started working for Intel in 2004. He used to be one of the BOD members of TAPA Asia, when he contributed a lot in promoting TAPA in China market as well as helping China members to develop a secured supply chain. He was one of first TAPA trainers who conducted first FSR training in Chinese in China and translated the first Chinese version of TAPA standards. It has critical contribution to the development of supply chain security and resilience in China. While working for Intel, Robin ran supply chain security, security investigation and audits, etc. He used his influence to promote TAPA standards and philosophy among the 3PLs.

Since his current role as an attorney, Robin continues his efforts in promoting TAPA security standards into legal practice as important tools for collecting evidence in business dispute especially in international transportation and cargo transaction.

Mr. Jeffrey Tan  

President of Supply Chain Management Chapter, Singapore Computer Society

Mr. Jeffrey Tan is a seasoned business leader with over two decades of leadership across ports, maritime, logistics, infrastructure, technology, and supply chain management. He is a Fellow (FSCS) of the Singapore Computer Society (SCS) and serves as the President of its Supply Chain Management Chapter, actively shaping thought leadership in digital supply chains and trade facilitation. Currently, Mr. Tan holds multiple leadership roles including Advisory Services Director at CXO Connect, Strategic Advisor to SEEBURGER, Managing Director of a Sino-Singapore joint venture in wholesale trade and food supply chains, and Consultant to the Asian Development Bank (ADB) and Singapore Cooperation Enterprise (SCE). His portfolio career spans advisory, board governance, and hands-on business transformation, bridging strategy, technology, and cross-border trade ecosystems.

Mr. Patrick Ng 

Innovation Director, Spark Launchpad

Patrick Ng is the founder of Spark Launchpad, a venture creation consultancy that equips startups and corporates to build scalable, tech-enabled solutions. He currently serves as an executive coach to SME leaders and innovation teams, and teaches venture building and innovation strategy across Singapore's leading universities and accelerators. He is a Council member of AutomationSG. Patrick is skilled in strategic innovation, deep-tech scouting, IP strategy, and technology commercialisation. He brings expertise in product development, executive coaching, and curriculum design, with a systems-thinking approach that bridges technical fluency and stakeholder engagement.

Mr. Brett Marshall 

Chief Executive Officer, Supplexis Pte Ltd.

Brett is a transformation leader with 35 years in Logistics, Supply Chain, and Quality, 30 years in the pharmaceutical industry, 30 years in Asia working across 16 countries, and in partnership with many multi-national pharma clients. He has expertise in international regulations and standards of quality, safety, sustainability, ensuring product integrity and patient safety, cold-chain management and pandemic response, and is a respected advocate for anti-counterfeiting and brand protection. Brett cultivates a strong organizational culture defining clear purpose, setting strategic objectives and performance management techniques. He is experienced in cross-cultural leadership, process management, and regulatory standards. He has lived in Australia, Indonesia, Thailand, Philippines, Bangladesh, and Singapore.

Dr. Ng Kay Siong  

Analyst, Applied Materials

A Materials Scientist and Neuroscientist by training, Kay Siong has over a decade of experience as a Technology Analyst specializing in technology landscaping, competitive intelligence, and patent analytics. Known for his sharp attention to detail and innovative mindset, Kay Siong has consistently advanced analytics capabilities through workflow enhancements, new methodologies, and process improvements.

Since joining Applied Materials in 2021, he has made significant contributions to the company's intellectual property (IP) function, delivering impactful insights and strengthening internal capabilities. Prior to this, Kay Siong established the patent analytics unit at Singapore's Infocomm Media Development Authority (IMDA). At IPOS International, Kay Siong served as a trainer, mentor, and team lead, managing diverse analytics projects across biomedical sciences, urban solutions, sustainability, and ICT.

Mr. Julian Tan    

Secretary and Board Member, TAPA APAC
Global Head Physical Security Ops, Dyson Operations Pte Ltd

Julian Tan is a global security and risk executive with more than 30 years of experience protecting people, assets, and operations across manufacturing, retail, R&D and corporate security environments. Julian's expertise spans from expertise risk management, crisis leadership, and supply chain resilience, with a proven ability to enable business continuity and competitive advantage in complex, high-risk markets. Julian have directed global security programs integrating physical security, incident response, and business continuity; built trusted partnerships with boards, regulators, and government agencies; and led executive crisis management teams through major disruptions.

Elected to the Board of Directors of TAPA Asia Pacific (APAC) in 2024 as Secretary, Julian plays a central role in shaping the association's strategic direction and governance.

Mr. Keven Liang    

Treasurer and Board Member, TAPA APAC
Supply Chain Security Manager. HP Inc.

Keven Liang is a seasoned expert in supply chain security, risk management, and brand protection, with over 17 years of experience spanning across Asia Pacific. He currently serves as the APAC Regional Supply Chain Security Manager at Hewlett-Packard (HP) Singapore, where he leads critical initiatives focused on manufacturer compliance, supplier assessments, logistics audits, and sustainability within HP's supply chain ecosystem. Keven is widely recognized for his strategic foresight and operational excellence in securing complex supply chain networks. His leadership has been instrumental in reinforcing HP's brand protection strategy and ensuring supply chain integrity through the implementation of robust risk mitigation frameworks.

Mr. Alan Liu   

Board Member and TAPA China Legal Representative, TAPA APAC
Crisis and Security Director, Greater China and SEAO, Kering Group

Alan Liu is a seasoned professional in corporate security, compliance, and risk management, with a robust portfolio of certifications and international experience. His expertise spans corporate security, compliance, crisis management, business continuity, supply chain security, and brand protection. Alan holds multiple certifications, including CIPM, CFA ESG, LLM, TCE, CISA, CDPSE, CBCP, and CIPP/E, underscoring his comprehensive knowledge in these domains.

Alan is a board member and TAPA China Legal Representative of TAPA APAC. He was instrumental in the establishment of the TAPA APAC China Office in Pudong, Shanghai, underscoring the association's commitment to developing and promoting global standards for supply chain resilience and sustainability.

Mr. Jason Le Busque    

Board Member, TAPA APAC
Global Head of Protective Security, Toll Holdings Pty Ltd

Jason Le Busque is an accomplished security and resilience executive with over 25 years of experience across government and commercial sectors. Proven expertise in global protective security, investigations, crisis management, and enterprise resilience. Recognized for strategic leadership, operational excellence, and the ability to embed security culture across complex, multinational organizations. Extensive global exposure across Asia, Europe, the Americas, Africa, and the Middle East. Currently leading Toll Group's global security function, driving enterprise-wide initiatives in physical security, investigations, crisis and continuity management, and regulatory compliance. A trusted advisor to executive leadership and board-level stakeholders, with a strong network across law enforcement, defence, and emergency services.

Dr. Amarpreet Singh    

Board Member, TAPA APAC
Country Security Manager, India, Johnson Matthey

Dr. Amarpreet Singh is a seasoned security and risk management leader with over 20 years of experience spanning manufacturing, logistics, e-commerce, and critical infrastructure. Currently serving as the Country Security Manager for Johnson Matthey India, he brings a strategic, future-ready approach to physical security, risk governance, and business continuity. His core strengths include BCP design, crisis management, brand protection, and anti-counterfeiting strategy aligned with global compliance, operational excellence, and stakeholder engagement. A believer in security as a business enabler, he drives innovation and resilience in complex, high-risk environments. Credentials: Global Doctorate in Business Administration (SSBM), CPP®, PMP®, CFE®, LLB, Post Graduate in Criminology & Police Administration.

An ACTA-Certified Educator and Lean Six Sigma Green Belt holder, he has advanced risk governance, sustainability, and leadership development across the Asia-Pacific region.

Mr. Jason Farmer   

Managing Director, Visium Networks Pty Ltd

Jason Farmer has served as the Managing Director of Visium Networks since 2001, leading the company through over two decades of growth and innovation in the security and safety sector. Under his leadership, Visium Networks has evolved into a trusted provider of advanced network solutions, known for its commitment to reliability, performance and customer-centric service. With a forward-thinking approach and a deep understanding of emerging technologies, Jason has been instrumental in guiding Visium Networks through multiple phases of strategic development. Most recently, he spearheaded the company's successful expansion into the Asian market, positioning Visium as a competitive player in one of the world's most dynamic tech regions. Known for his hands-on leadership style and long-term vision, Jason continues to drive innovation and operational excellence at Visium Networks, ensuring the company remains agile and future-ready in a fast-evolving global landscape.

Mr. Kagan Gan   

Managing Director, Faith Walker Security

With over 20 years of experience in the physical security industry, Kagan Gan has built a distinguished career delivering trusted and innovative security solutions across Asia. A certified Project Management Professional (PMP), Physical Security Professional (PSP), and Certified Protection Professional (CPP), he brings a strong blend of technical expertise, strategic vision, and operational excellence to every project he leads. Kagan has spent more than 14 years in regional roles, including 9 years in leadership positions, where he successfully managed cross-country teams and large-scale security deployments. His passion for building people and systems with integrity led him to found Faith Walker Security in 2024, which is a regional system integrator dedicated to helping organizations secure their assets with faithful service and innovative technology.

Mr. Benedict Chen  

Regional Head of Security (APAC) and Global Travel Security Lead, Novo Nordisk

Ben currently serves as the Regional Head of Security (APAC) and Global Travel Security Lead at Novo Nordisk. He comes with experience from the Singapore government, Chinese and American tech and finance firms. He is a commercially astute security risk management advisor with extensive experience leading multi-national teams to protect people, assets and products. He collaborates at a high level with private industry, government agencies, legal compliance teams, and law enforcement, ensuring strategic alignment and operational resilience. His investigative capabilities include anti-counterfeiting, supply chain security, and threat analysis, underpinned by advanced intelligence methodologies. In his free time, he will be busy with his family and garden.

Mr. Alvin Lau   

Executive Director, TAPA APAC

Mr. Alvin Lau is the Executive Director of TAPA APAC. In this regional leadership role, he is responsible for championing member engagement, and implementing impactful local initiatives. His role includes providing support, driving awareness of TAPA Standards, engaging authorities and customs for co-recognition, and acquiring new members across Asia Pacific. Alvin has a double major in Bachelor of Commerce in Logistics, Materials, and Supply Chain Management. He has been in the Supply Chain industry for over 25 years, with experience in Aviation, Construction & Engineering, Oil & Gas, Marine, FMCG, Life Science & Healthcare industries.

Mr. Kristoffer Arino   

TAPA APAC Intelligence System (TIS) Expert, TAPA APAC

Kris, a dedicated professional with a strong background in research, analysis, and security, is a valuable asset to TAPA APAC in charge of TAPA APAC Intelligence System (TIS). With a wealth of experience focused on research for prominent financial institutions in the Philippines, Krist's expertise in providing accurate and transparent factual data is second to none. Kris understands the importance of upkeeping the TIS tool with the latest crime and TAPA certification data and providing statistical-based analysis and reports to TAPA APAC members.

Thank You to Our Valued Partners

We are grateful for the generous support of our partners for the Supply Chain Resilience & Sustainability (SCRS) Conference & Awards 2025. Their expertise, resources, and shared commitment to advancing the supply chain industry have been instrumental in shaping a meaningful and engaging programme.

We sincerely thank our partners for their collaboration and belief in our vision. Their support enables us to deliver an event that fosters innovation, knowledge exchange, and progress across the industry.

PROJECT ARGUS

Project Argus is a leading Singapore SME ranked among the top 500 in its sector, specialising in cutting-edge supply chain solutions which drive operational efficiency and enhance profitability for our clients. We empower businesses with intelligent supply chain solutions which help to drive sustainable growth. We provide customised solutions which can be easily implemented to business users. Stakeholders will benefit from the functionalities of these solutions. With a proven track record, we serve some of the largest publicly listed logistics companies across the U.S. and European stock markets, delivering solutions that streamline supply chain management while reducing costs. Our expertise in leveraging technology and data-driven insights enables businesses to stay competitive in an evolving landscape. Backed by industry recognition and a growing network of high-profile clients, Project Argus remains at the forefront of supply chain innovation, providing scalable, efficient, and secure solutions for businesses worldwide.

 visium
networks
Security & Safety Solutions

Visium Networks specialises in safety and security solutions. We are leaders in the industry of combining technology and software to help companies achieve tight compliance through intelligent gateways and access control. We use AI camera technology to read vehicle licence plates and sea container numbers. Software with facial recognition then matches the data to driver IDs and regos, creating optimal logistics data flow. We also track dwell times and manage site-wide pedestrian and vehicle access control. Visium installs camera security systems that can also be programmed with a host of different safety-based AI solutions.

DP WORLD

Trade is the lifeblood of the global economy, creating opportunities and improving the quality of life for people around the world. DP World exists to make the world's trade flow better, changing what's possible for the customers and communities we serve globally. With a dedicated, diverse and professional team of more than 106,500 employees spanning 73 countries on six continents, DP World is pushing trade further and faster towards a seamless supply chain that's fit for the future. We're rapidly transforming and integrating our businesses - Ports and Terminals, Economic Zones, Marine Services, Logistics and Technology – and uniting our global infrastructure with local expertise to create stronger, more efficient end-to-end supply chain solutions that can change the way the world trades.

**FAITH
WALKER**

At Faith Walker Security, we are committed to delivering exceptional security solutions with integrity, accountability, and a passion for excellence. As a trusted partner, we take full ownership of our business, ensuring that every decision and action reflects our dedication to professionalism and results. We believe in doing the right thing upholding the highest ethical standards in all our operations, from client interactions to security protocols, to build trust and foster long-lasting relationships. Beyond providing top-tier security services, we embrace the journey with enthusiasm and a positive mindset. We strive to create a collaborative and rewarding environment for our team while ensuring our clients feel valued and protected.

SFUA Resilience (SFUA) is a premier provider of advanced security solutions, dedicated to safeguarding organizations in today's complex risk landscape. We empower clients with the expertise, tools, and intelligence necessary to protect their people, assets, and information. Our core services include Comprehensive Risk Assessments, Proactive Physical Penetration Testing, Discreet Executive Protection, Rigorously Confidential Investigation Services and Supply Chain Resilience Audit Program. While we also offer specialized security training—including Supply Chain Security, Physical Security, and First Aid—our primary focus remains on high-impact risk management and tailored protection solutions for the modern business environment.

Official Airline Partner

CAMERA AI SOLUTIONS

With over 20 years of experience installing solutions for our logistics and supply chain clients in Oceania and Asia, Visium delivers advanced video AI solutions to help companies manage risk and enhance security. We install technology and software that integrates into one holistic system to help manage all your security and safety needs from access control, thermal fire detection and workplace accidents, to camera surveillance, license plate and shipping container number recognition.

VISIUM NETWORKS SAFETY & SECURITY

OCR

Visium uses OCR (Optical Character Recognition) to track shipping containers and sends the data to your management systems, matching the container to the vehicle rego for logistics data flow and more.

Facial Recognition

Visium offers advanced access control solutions suitable for use at all your gates, doors and turnstiles. We can utilise Face ID for drivers and pedestrians for HSE check-in, match to LPR and more, all for the chain of responsibility process control.

Proximity Alerts

Visium AI cameras and software can send live alerts for pedestrian vs vehicle proximity, speeding vehicles, no PPE detection and more. You can have live audio alerts on-site and message management immediately.
