MESSAGE FROM PRESIDENT

Dear Hockey Fans,

Dear Friends, It is with great pride and anticipation that I welcome you to a new and truly exceptional season of the FIH Hockey Pro League. Every edition of the League carries its own spirit, but this year, in many ways, stands out as a season of firsts—an exciting new chapter for our sport, our global community, and above all, our athletes.

This season marks an important moment for our sport. For the first time, the FIH Hockey Pro League will directly qualify the men's and women's champions for the LA28 Olympic Games. This adds even more excitement and meaning to every match, as teams know that strong performances could take them all the way to the world's biggest sporting stage.

At the heart of this competition are our athletes—the true ambassadors of hockey and the ones who bring the game to life. Their passion, resilience, and commitment inspire millions across the world. They represent the very best of our values: respect, excellence, and unity. More than ever before, this Pro League season is designed to spotlight their talent. Together with our host National Associations, we remain fully committed to offering them the best possible stage—world-class venues, optimal conditions, and an environment that allows them to perform at their peak across all thirteen stages of the season. I wish every athlete a memorable and fulfilling journey throughout this Pro League edition.

This season is also enriched by significant developments across our participating nations. Pakistan's men's team have joined the Pro League for the first time.

Their return to top-level international competition brings fresh energy and great pride to our community. With a legacy that includes three Olympic gold medals and four World Cup titles, Pakistan's presence adds real depth and history to the League.

Ireland hosted Pro League matches on home soil for the first time, and the global hockey family was delighted to experience the renowned warmth and hospitality of our Irish friends. With matches being played across ten nations this season, the event continues to strengthen hockey's global reach and its connection to fans everywhere.

As always, I would like to express my deepest gratitude—both personally and on behalf of the entire hockey family—to the participating National Associations, the dedicated teams, the host cities and their authorities, our valued commercial and broadcast partners, our exceptional volunteers, including our officials and umpires, and of course, our passionate fans. Their collective contribution is what makes the Pro League possible year after year.

Let us come together to celebrate the athletes who elevate our game and make the "League of the Best" a shining symbol of hockey's excellence.

Yours in Hockey,

Dato Tayyab Ikram
President, FIH

ABOUT THE TROPHY

The FIH Hockey Pro League Trophy is 48.5cm high, weighs 7kg and is made of gold-plated brass, matte finish with polished logo.

FIH decided to give students the opportunity to design the prestigious trophy. To this end, it commissioned Swiss Design school ECAL/University of Art and Design Lausanne, who enjoys international renown and features regularly among the world's top ten universities of art and design.

According to ECAL, the nine blades staged on a hockey ball size sphere represent the nine founding teams of the FIH Hockey Pro League united around a common purpose. The simple and graceful curved shape embodies the spirit of the international hockey community and express the dynamism of the sport. The largest center blade evokes the one team that will strive and succeed in being the best of the FIH Hockey Pro League.

"As a designer, I'm curious by nature and always seeking new challenges. When I heard about the FIH Hockey Pro League design competition, I was very excited by the idea of designing a trophy for top athletes. I chose to work with casted brass because of the noble and yet tough qualities inherent to this attractive metal. The strength of brass will also ensure the legacy of the FIH Hockey Pro League cup", explained ECAL's Swiss student Olivia Dall'Omo, who designed the trophy.

"I'm delighted that the FIH Hockey Pro League Trophy was designed by a student. Young people are the future of sport. They are key for the growth of hockey. Their creativity, innovative ideas and energy are refreshing. Our sincerest thanks to ECAL, in particular to Olivia Dall'Omo, and to all involved in the production of this remarkable trophy", FIH President Dr. Narinder Dhruv Batra commented.

In line with its #EquallyAmazing strategy, the designs of both trophies for the Men's and Women's Leagues are equal. There is only one tiny difference: a blue (for the Men's trophy) and a red (for the Women's trophy) marker under the base, only visible if the cup is turned upside down.

The FIH Hockey Pro League Trophy in a nutshell:

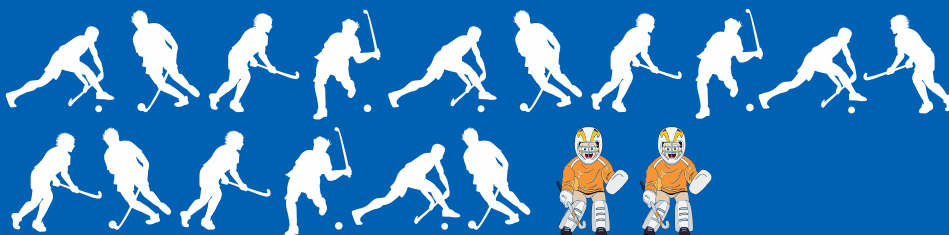

- **Date of manufacture:** 2019
- **Weight (kg):** 7
- **Height (cm):** 48.5
- **Base (cm):** 10
- **Widest point (cm):** 18

About the Team: After a challenging 2024–25 campaign that saw them finish eighth out of nine, India begin the new FIH Hockey Pro League season determined to reset and reassert themselves. While that result fell well below expectations for a nation of India's stature, it should not overshadow the calibre of a team that are consecutive Olympic bronze medallists and one of the sport's most decorated sides.

Their class was on full display at September's Asia Cup 2025 in Rajgir where they thrilled home fans to win the title for a fourth time. A superb 4–1 victory over Korea in the final, courtesy of goals from Sukhjeet Singh, a Dilpreet Singh brace and Amit Rohidas, served to highlight both their attacking depth and tournament pedigree. Attacker Abhishek Nain was named Player of the Tournament after a series of dynamic, game-changing performances, as India booked their ticket to the FIH Hockey World Cup 2026 in Belgium and the Netherlands.

With a record-extending ninth Olympic title the long-term ambition, this upcoming Pro League campaign is crucial not only as preparation for the World Cup but also as a key qualification pathway towards Los Angeles 2028. Eager to rebuild momentum, India know that over the next 12 months, consistency will be key.

About the Team: 2016 Olympic gold medallists Argentina are Pan American hockey's dominant force, being crowned continental champions on 16 occasions. In addition to 11 Pan Am Games titles, they have won the Pan Am Cup five times, their most recent success coming at the 2025 edition in Montevideo, Uruguay.

Los Leones were in astonishing form at that competition, scoring 47 goals and conceding just once in their five victories. A 9–1 win over Canada in the semi-final was followed by a 10–0 thrashing of USA in the gold medal match to seal qualification for the FIH Hockey World Cup 2026 in Belgium and the Netherlands. Tomas Domene took both the best player and top scorer prizes in Montevideo, with his 13-goal haul consisting of seven field goals and six penalty corners.

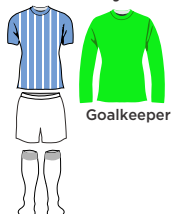

Domene is far from the only superstar on the current Argentina roster. Drag-flicking defender Nicolas Della Torre and ace shot stopper Tomas Santiago were both shortlisted in the 2025 FIH Hockey Stars Awards, respectively nominated for the Player of the Year and Goalkeeper of the Year.

About the Team: Belgium head into the new FIH Hockey Pro League season fuelled by an outstanding 2024–25 campaign that underlined their status as one of the world's elite teams. The Red Lions finished second overall, producing a string of high-quality performances marked by tactical precision and trademark attacking flair. Their form dipped at August's EuroHockey Championships in Mönchengladbach (GER), where pool losses to the Netherlands and Spain blocked their route to the semi-finals, failing to medal for the first time since 2015.

Central to their on-field identity are numerous world-class performers who continue to shape Belgium's golden era. Penalty corner specialist Alexander Hendrickx remains a constant threat; midfield heartbeat Victor Wegnez drives both tempo and intensity while legendary shot-stopper Vincent Vanasch, a three-time FIH Goalkeeper of the Year, brings unrivalled composure in high-pressure moments. At the back, defensive master and team captain Arthur Van Doren, twice crowned FIH Player of the Year, anchors a unit renowned for its discipline and intelligence.

With the 2026 FIH Hockey World Cup being staged in both Belgium and the Netherlands, this Pro League season doubles as crucial preparation for a home-soil title challenge – an opportunity the Red Lions are determined to seize.
