# LETTER FROM THE CEO

Last year ended with a disastrous barn fire. In our National Center for Healthy Veterans (NCHV) 2024 Annual Report we soberly observed, **"We are convinced that this temporary interruption will help us be better, wiser, and stronger on behalf of our nations Veterans in the days and decades to come."**

**Gratefully, we can confidently report that this is exactly what has occurred in 2025.** As our NCHV team navigated adversity and began rebuilding, our staff grew much stronger, an amazing Spirit of Virginia Arena rose from the ashes, we concurrently maintained construction momentum to complete another village, and God changed Veteran lives in powerful ways through our holistic integration of proven best practices. **2025 has been truly amazing.**

The hymn "How Great Thou Art" includes a verse that says "I scarce can take it in." This is certainly our sentiment as we reflect on the wonder of God's favor in 2025. **We "scarce can take it in" and we are grateful to God and to each of you - a growing Army of faithful donors, volunteers, partners, and a very supportive nation. We are grateful. Thank you, thank you!**

**No doubt 2026** will be equally humbling and amazing as we together **expand our capacity for more Veterans, enhance high value alliances, achieve greater sustainability** of ongoing operations through Veteran fueled revenue centers (ranching, farming, poultry, market, carpentry, and maintenance), and **continue to "Return Healthy Veterans to America."** Together in 2026 we can make a huge impact on the quality and availability of effective Veteran Care in America. **Thank you in advance for supporting our efforts in the exciting year ahead.**

With great anticipation of continued momentum in 2026,

## Bob Dees

Major General, U.S. Army, Ret.  
President and CEO, NCHV  
501(c)(3) EIN: 84-2852661

Fractured Families  
Criminal Justice**

**Suicidality  
Societal Depression**

# PATRIOT TESTIMONIALS

**John Mooney**

Patriot Graduate  
Peer Mentor, NCHV

I felt alone. I felt not prominent, worthy, or good enough, but, these men and women around this farm changed my perspective. I've learned I'm not broken, I'm wounded. Either we deal with our trauma or our trauma deals with us. Before I started this journey, I chose pride, to isolate, selfish destruction when things were too hard. I blamed my bad decisions on a TBI, which I do have, but the real cause was a wounded soul. If I could write a letter to my younger self, I would tell him, "I'm proud of you, and it's gonna be okay, because God's been a part of your story the whole time." There are two days that I can't change. It's yesterday, and tomorrow, and if I worry about them, I'm wasting today. It's my life, but it's his story. God is good, and he can do all things, even heal a wounded veteran who couldn't heal himself.

-Stone Riddle, Patriot Graduate

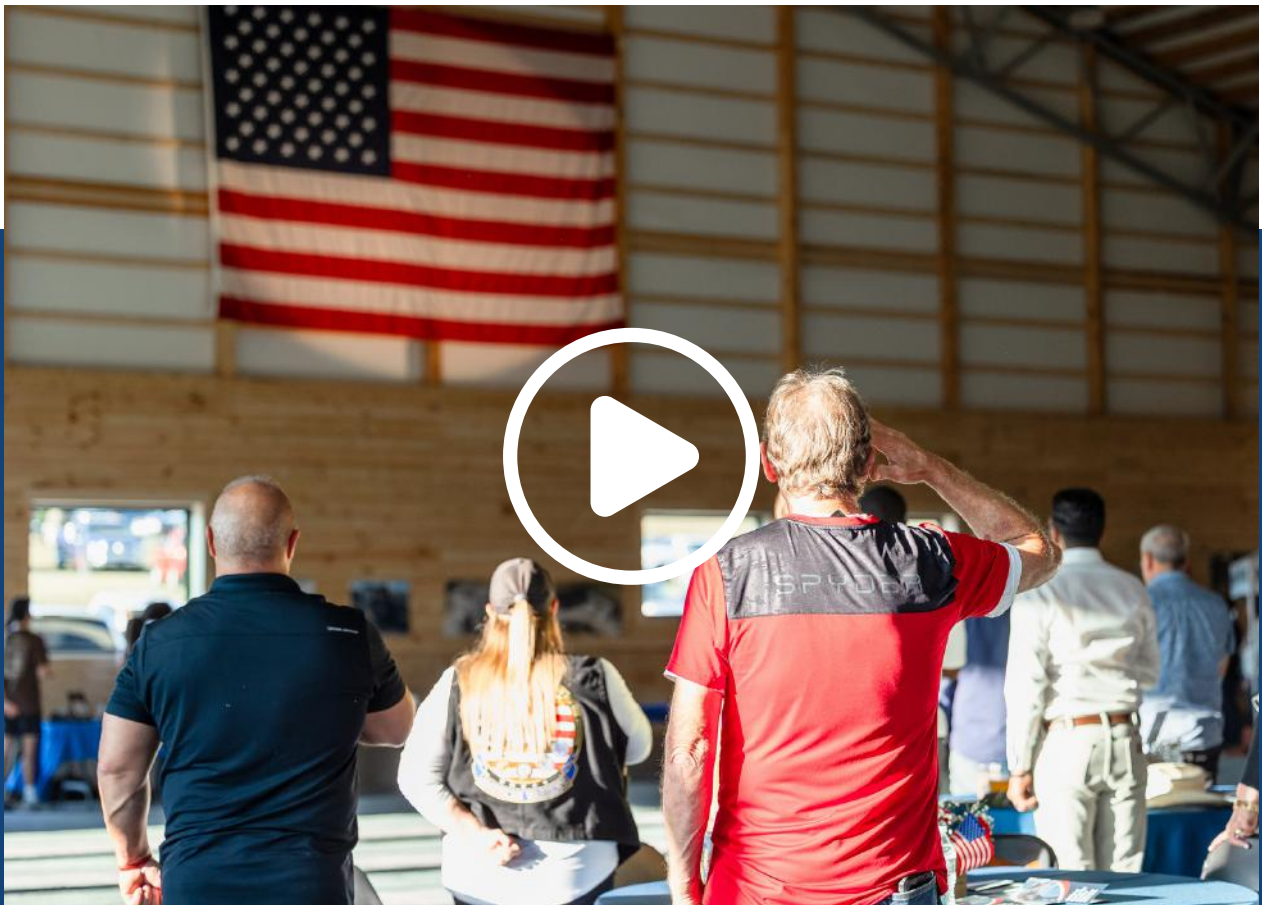

**Kevin Curtis**

Patriot Graduate  
Peer Mentor, NCHV

# MISSION

## WE ARE RETURNING HEALTHY VETERANS TO AMERICA

Our Veterans have pledged their lives for our freedom, security, and prosperity. Healthy Veterans are productive members of society, good employees, and positive role models, but not all of our Veterans are healthy.

# MISSION IMPACT

**2 COHORTS  
GRADUATED**

**52 REFERRALS  
CASE MANAGED**

**WRAPAROUND  
SERVICES FOR 20  
RESIDENTIAL  
PATRIOTS**

**NUMEROUS  
PATRIOT FAMILY  
MEMBERS SERVED**

**STOPPED 2 ACTIVE  
SUICIDES AND  
PREVENTED 18  
OTHERS**

**100s OF  
COMMUNITY  
VETERANS  
TOUCHED**

# VISION

## RESHAPE THE NATURE OF VETERAN CARE IN AMERICA.

NCHV offers a comprehensive and replicable private-sector model designed to meet the growing challenges Veterans face across America. By integrating housing, community, meaningful work, and proven support programs, NCHV demonstrates an effective path to restoring health, purpose, and long-term stability.

# VISION IMPACT

## STRATEGIC PARTNERSHIPS

- Veterans Service Alliance
- Tunnel to Towers
- Wounded Warrior Project
- John W. Brick Mental Health Foundation

## SCALE THROUGH OTHER REGIONAL PROGRAMS

- Bluegrass Veterans Ranch in Somerset, Kentucky is our first spinoff platform

## ADVOCACY

- Government departments
- Faith offices
- Make America's Veterans Healthy Again (MAVHA)

## THOUGHT LEADERSHIP

- Live and virtual education and inspiration to 1000s via media outlets, churches, and other institutions

# INFRASTRUCTURE

## SPIRIT OF VIRGINIA ARENA

After the devastating fire last November, this year we completed the Spirit of Virginia Arena and celebrated the ribbon cutting on September 12. This marks the successful completion of the first phase of our Fire Relief rebuild campaign.

## VILLAGE 2/3

This year brought major progress in our Patriot housing communities. Village Two reached full completion with twelve finished homes and the Community Center nearing completion. In Village Three, thirteen poured slabs are ready for next year's construction.

# SUSTAINABILITY

The Valor Farm business model is moving towards full sustainability through the following revenue generators.

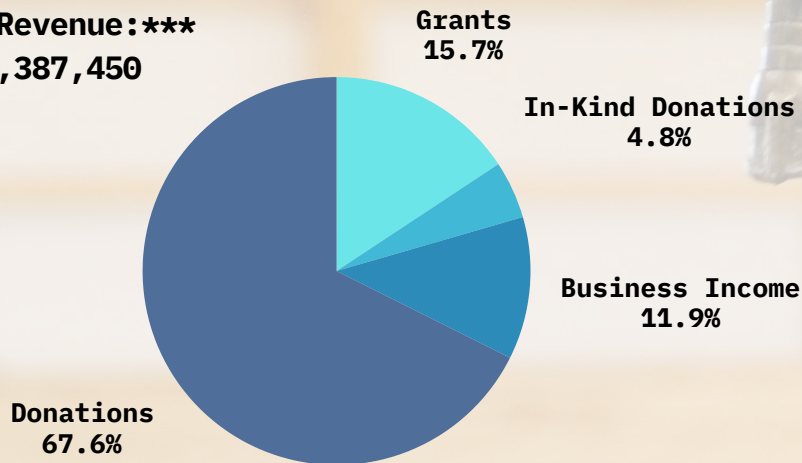

- Spirit of Arena Venue
- Farming/Produce Sales
- Livestock Production
- Mechanical and Welding
- Equine Operations
- Woodworking

# HOW CAN YOU HELP?

## FINANCIALLY:

- Veteran Care
- Monthly Operational Expenses
- Infrastructure Development

## IN SERVICE:

- Your Prayers
- Your Volunteer Time
- Your Referrals

Help Here

# FINANCIAL NEEDS

## BARN REBUILD

Now that the arena is complete, rebuilding the barn is essential to restoring the heart of our equine program. This project will create a safe, functional space for our horses and the daily work of healing that happens between our Patriots and the herd.

## INFRASTRUCTURE

Our next step is funding the construction of the thirteen homes planned for Village Three. These homes will expand our capacity to serve more Patriots, and each comes with a naming or dedication opportunity for supporters.

## VETERAN CARE

Veteran Care funding covers the monthly cost of housing, meals, programming, and daily care for our Patriots. This support keeps the program strong and ensures every Veteran has what they need to heal and rebuild.
