01

Fragmented Transportation Vendors *Zero Accountability*

A different car service supplier in every destination. Quality varies wildly. When things go wrong, no one owns the outcome.

02

Compliance Falls *Through The Cracks*

Driver vetting, duty of care, insurance verification, and policy enforcement are nearly impossible across dozens of suppliers.

03

Your Team's *Administrative Drain*

Executive assistants and travel coordinators are spending hours sourcing drivers, chasing confirmations, and troubleshooting ground transport. Time better spent elsewhere.

04

Brand Experience *Inconsistency*

Your C-suite encounter different car service standards in every location. That puts both your travel program credibility and your brand reputation at risk.

ExpatRide has the broadest global transportation program

ExpatRide is not a replacement for your rental car contract or Uber for Business account. We are the program layer that sits across these services, stepping in when the traveler is a senior and the situation requires dedicated human coordination.

Your VIP Coordinator's World

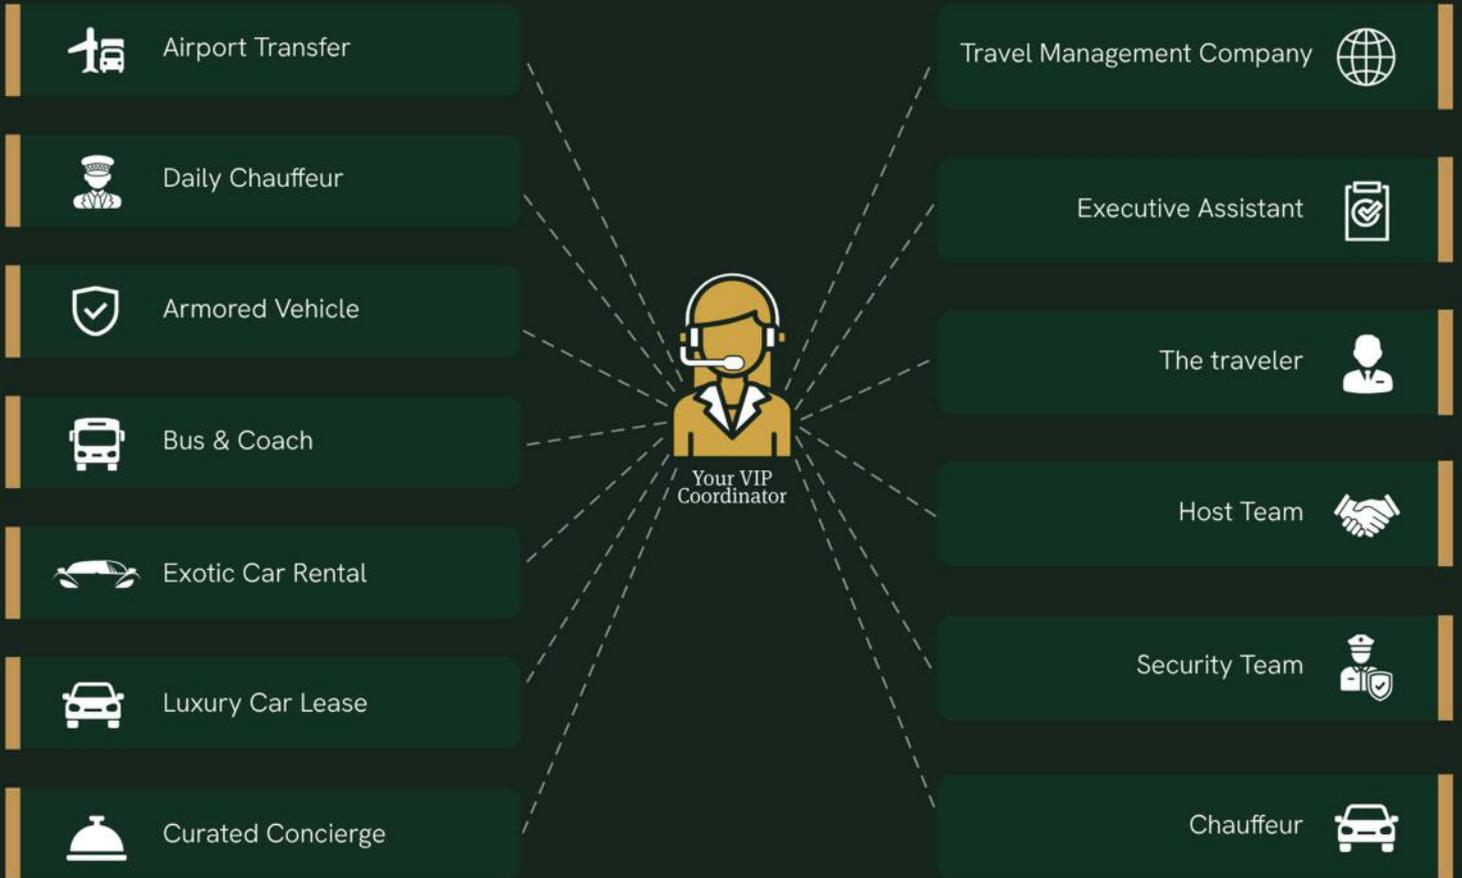

One person. Multiple services. Multiple suppliers. One seamless program.

GROUND SERVICES MANAGED

All ground transport, handled under one program

STAKEHOLDERS COORDINATED

OPERATIONAL FUNCTIONS

Your VIP coordinator doesn't just book one car. They manage multiple services from multiple suppliers into one seamless program for each traveler, handling quotes, escalations, real-time changes, and consolidated reporting across the entire ground portfolio.

This is what relocation taught us and what no booking platform can replicate.

ORIENTATION TOUR WITH CHAUFFEUR SERVICE

The Orientation Tour is designed for executives arriving in an unfamiliar city who need to move efficiently and purposefully from day one. Whether scoping a new office location, meeting key stakeholders, or exploring a city ahead of a long-term assignment, every aspect of the journey is handled with the same attention to detail your VIP program demands.

How It Works

- 01 TMC Booking & Briefing**

The TMC provides the itinerary to ExpatRide. The chauffeur is then fully briefed on the schedule, preferred routes, and traveler preferences.
- 02 Seamless On-Ground Execution**

The chauffeur manages all logistics, including transfers, wait times, and last-minute changes, ensuring the executive moves efficiently between every engagement.
- 03 Reporting & Compliance**

Post-trip reports are delivered to the TMC, supporting invoicing, duty of care records, and corporate travel program compliance.

From the first meeting to the final transfer, your executive experiences the city as a guest, not a navigator.
