ARKON[®] MOUNTS

Since 1988, we've been perfecting the art of creating top-notch device mounts and holders. Our products, made from high-quality composite and metal materials, are known for their long-lasting reliability.

We have a rich history of innovation, with a portfolio full of patents and award-winning products. We've proudly introduced over 100 groundbreaking solutions to the mounting industry, including the revolutionary DUAL T quick-release mounting pattern.

As industry leaders, our commitment to excellence drives us to constantly innovate and improve. We're always pushing the boundaries of what's possible.

Our global network of partner distributors and resellers helps us reach customers everywhere. Together, we ensure that Arkon Mounts are available wherever you need them.

Our Lifetime Warranty ensures your peace of mind.

Trust in our solutions for reliable performance on every flight.

ARKON MOUNTS®

SkyHold™ Windshield Tablet Mount

SKU: AV5520

Rock-Solid Windshield Suction Grip

Precision Viewing Angle Control

Durable Weather-Resistant Design

Fits Current & Future Tablets

SkyHold™ Windshield Tablet Mount

Pilots, experience the SkyHold™ Windshield Suction Tablet Mount, the secure and safe way to mount your tablet in your airplane, helicopter, or glider. It fits a range of tablet models, and its strong suction mount firmly grips to your aircraft's windshield. The ultimate tool for quickly accessing all your essential in-flight information.

Specifications

- Fits tablets 7" to 18.4" screen size, including iPad & Tab
- Strong suction mount grips your cockpit's windshield
- High-strength reinforced composite construction
- Ideal co-pilot for safely securing your tablet

SkyHold™ Windshield Dual Suction Tablet Mount

SKU: AV5510

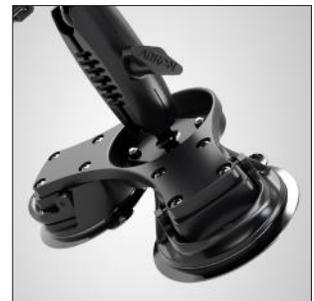

SkyHold™ Windshield Dual Suction Tablet Mount

Whether you're a weekend flyer or a professional pilot, the SkyHold™ Windshield Dual Suction Tablet Mount is the ultimate aviation tool for installing your tablet in your cockpit. It fits a range of tablet models, and thanks to a strong double suction mount, it fixes securely to your aircraft's windshield.

Specifications

- Universal holder compatible with iPad, Tab, and more
- Ideal flight partner for safely securing tablets
- Double suction mount grips your cockpit's windshield
- High-strength reinforced composite construction
