Tray carts, depth 650 mm

Mobile benches and tray carts

In modern facilities, mobile devices can be used for safe handling. Lab module offers robust mobile tables in a wide range of applications for all purposes. Ideal for the flexible laboratory.

Mobile benches, depth 650 mm

Mobile benches for any purpose

The frame is supplied in powder coated steel color RAL9016 and is available with or without shelves or for under benches shelves.

The mobile benches are available in 2 standard heights or with electric height control. Height adjustment can also be supplied with battery back-up so that the benefits of the lifting function can be used anywhere without being connected to power.

The mobile table can also be delivered in stainless steel ASI316.

Mobile bench made of brushed stainless steel ASI316, with built-in electrical height control for GMO laboratories.
