

UNLOCKING POTENTIAL, ONE SUMMER AT A TIME!

2024 Summer of Impact

This summer, thanks to the generous support provided by the Summer Impact Grants, we've expanded our educational outreach beyond the classroom walls. We've transformed the sunny days into a season of growth, learning and fun for the youth of Southwest Louisiana.

Our programs offered a vibrant mix of activities across four impact areas for youth across all 5 parishes:

 Sports:
Teamwork & Physical Fitness

 Arts:
Creativity & Expression

 STEM:
Innovation & Problem-solving

 Business:
Leadership & Entrepreneurship

The impact? Immeasurable!

Students out of school for the summer didn't just pass the time; they thrived, discovering new passions and potential career paths. They built friendships, developed new skills and returned to school in the fall, ready to learn and lead.

Believing in equal opportunities for all, we've ensured these transformative summer camps were accessible to students whose parents fall below the ALICE Threshold. ALICE families work hard daily, earning too much for traditional assistance but not enough for everyday necessities. These students often miss out on traditional summer camps.

2024 Summer of Impact

The success of these summer programs is a testament to our community's commitment to Youth Opportunity and youth development. Let's continue to support our young minds and look forward to even more impactful summers ahead.

Our diverse programs, ranging from sports teamwork, STEM innovation, business leadership, and arts creativity, provided enriching experiences for young individuals eager to learn and expand their horizons.

Financial constraints should never limit a child's ability to grow and learn.

Your support funded

- Overtime Athletics Camps
- Region 5 STEM Camp
- Felice Kicking Camps
- DeRidder Dragonettes Dance Line Camp
- The Art Factory
- Imperial Calcasieu Museum
- Business & Workforce Recovery Shining STARS Camp

**Together
We make a difference**

Your support fuels our mission. Together, we can continue to make summers a season of opportunity for all children in Southwest Louisiana.
