# This catalogue will show you a Creative Display Solutions

A European made products for a Creative Display Solutions, with over 25 years' experience. We supply our customers with high quality innovative visual communication solutions that offer real value for their clients.

## Exceptional customer service lies at the heart of our business

**Dedicated customer support**

**High quality printing solutions**

**Large scale printing capacity**

## Large stock availability

With European logistics hubs located in the UK, France, Italy, Poland, Spain and Portugal, we have over 10,000 square metres of permanent storage capacity available. This means that we're able to maintain high local stock levels to minimise transport and delivery costs.

## Fast, reliable delivery in 24-48 hours

We have ample storage to offer immediate availability for the majority of our standard products, with designated transport providing speedy delivery in 24-48 hours. While custom products will take longer to be despatched, we pride ourselves on reactivity and performance in all aspects of our logistics process to make sure you receive your order without delay. We also offer white label deliveries direct to your customer for a faster turnaround.

## Environmentally conscious and reusable solutions

The growing need for environmentally conscious solutions is a key focus of ours. We offer a variety of sustainable choices, supporting you and your client's environmental policies.

We only use water-based inks with non-toxic chemicals for a safer, more environmentally friendly approach and all our aluminium-framed solutions can be recycled and are designed to be reused.

Our sublimation, UV and latex printing processes are environmentally friendly and our fabric graphic media is fire retardant, supporting unlimited reuse of graphics.

**25** years  
of creative  
display solutions

# Outstanding Print and Finishing Capabilities

## Let us service your print requirements

Unlock the full potential of extensive product range with our in-house print services. Our cutting-edge print systems, backed by a seasoned team of finishing specialists, allows you to offer your clients a broader portfolio of Creative Display Solutions. By tapping into our expertise, you can expand your business without distractions, risk or investment.

### 10,000m<sup>2</sup> printed per day

Through ongoing investment in our European print capabilities, we ensure reliability, efficiency and consistency across all our locations, leveraging the latest print innovations to produce up to 10,000m<sup>2</sup> of high-quality graphics per day.

From simple one-off prints, through to 3.2m wide exhibition boards, we combine fast turnaround times with stringent quality control and print colour profiling. We offer dye-sublimation printing for high-definition print that won't wash or peel off and that doesn't affect the feel or quality of the fabric, in addition to Latex and UV printing for a clean and durable finish, producing vivid colours suitable for both indoor and outdoor applications.

### A wide choice of substrates

By offering a variety of fully tested textiles and PVC materials, we give you access to a comprehensive portfolio of vibrant, long-lasting printed products in one place. We carefully select the materials we use to meet your requirements in terms of sustainability, quality, colour rendition, vibrancy, and cost.

### Expert finishing

Our highly experienced in-house sewing and finishing team works tirelessly to complete projects to the highest standards. We can manufacture a variety of standard and custom-built designs, many with complex shapes and finishes for maximum impact. All our products are tested before they leave our workshops to ensure customer satisfaction.

# A solution for every requirement

## Our comprehensive range of Creative Display Solutions

We're proud to be an European supplier for Creative Display Solutions. Our goal is to offer a comprehensive range of innovative products for a variety of industries and applications, all from a single source. This collection contains our portfolio of Creative Display Solutions including our latest products.

### 01 Lightboxes

Create outstanding visual impact with Back lit or edge lit LED graphics, ideal for temporary, permanent and customised application.

### 02 Display Stands

Complete exhibition stand solutions, incorporating hanging structures, modular stands, towers and customised stands

## 03 Display Backwalls

Large format graphic backdrops ideal for conferences, promotional activities and events

## 04 Display Banners

Portable display options, ideal for temporary deployment

## 05 Display Signs

Professional wall, floor and suspended signage solutions

## 06 Flag Banners

Attract attention at a distance through movement with eye-catching flag solutions

## 07 Tents

Perfect temporary shelters, pop-up shops and market stall for outdoor use

## 08 Counters

Adaptable and portable temporary counters for promotional, display and exhibition applications

## 09 Barriers

Easy and convenient barrier systems to manage queues, control crowds and create temporary areas

## 10 Ancillaries

Accessories designed to increase the functionality of a chosen product range

**FASTFRAME™** is a unique, **sustainable** and **user-friendly** Display Solution.

### **More versatile than a pop-up**

- › Highly configurable
- › Seamless graphics
- › Easy to change Silicone Edge Graphics (SEG)
- › Many applications

### **More flexible than a roller banner**

- › Assembled in seconds
- › Lightweight, highly portable
- › One frame, multiple graphics
- › Single or double-sided graphics
- › Expandable, no joints
- › Washable stretch fabric
- › Cost savings through repeated use

### **More configurable than an exhibition stand**

- › Expandable – add modules over time
- › Quick change design
- › Excellent space utilisation
- › Toolless construction
- › Seamless graphic overlay

# Lightboxes

For outstanding visual impact in interior spaces, lightboxes are the perfect option. Vibrant graphics, edge lit or Back lit with energy saving LEDs, create focal points that add depth and drama to retail spaces, exhibition stands, commercial properties and beyond.

Whether wall mounted, free-standing or suspended at height, LED lightboxes are the ideal showcase for brand messaging and statement imagery. We offer two ranges of lightbox solutions. The Illuminova™ range combines vivid SEG fabric graphics with a sleek profile in a choice of standard or custom dimensions. For instant pop-up displays, our portable Illumigo™ range is available in a variety of standard sizes to bring your retail space to life.

## illumiNOVA™

The Illuminova™ range encompasses wall mounted, hanging and free-standing LED lightboxes in a choice of standard or custom sizes. Ideal for adding visual interest to feature walls and shop windows as well as transforming areas with low ambient lighting. Easily refreshed with updated graphics, Illuminova™ provides the perfect framework to display enhanced vibrant messaging.

## iLLUMiGO™

The Illumigo™ LED lightbox range combines stunning graphic illumination with instant, tool-free assembly. For ease of transportation and storage, the aluminium LED frames are lightweight and come in a handy carry case. Simply update the SEG graphics, for a fresh and sustainable way to transform spaces with light.

## 30mm Illuminova™ wall mounted

With its sleek and narrow profile, the 30mm Illuminova™ LED Back lit wall-mounted lightbox is ideal for showcasing standout messaging in interior displays. Illuminated using a powerful linkable LED display system for consistent lighting across the graphic. Available in standard and custom sizes

<b>Material</b>	Aluminium

## Illumigo™ Counter

This versatile and quick to set-up double-sided counter lightbox is a great all-rounder not only at events but in retail environments from shopping centres to pop-up shops. Part of the Illumigo™ range, the Illumigo™ Counter is easy to assemble with a two-part counter-top that secures using a pair of twist out top locators and locking screws. Building the unit is intuitive and tool-free as all the parts are numbered and simply slot together. Two optional graphics complete the look to create an impactful counter ideal for attracting attention in retail, event or exhibition environments.

Steel side feet for stability

# Display Stands

Display stands are the perfect solution for an array of different applications. From exhibitions, conferences, events, retail event zones to window displays and product showrooms; their uses are unlimited. The perfect stand will showcase and increase the opportunity to interact with existing and potential customers by creating engaging, and innovative brand promotion and messaging.

Our Display Stands range of products include hanging structures to attract interest from a distance along with versatile modular stand components to create truly contemporary and captivating exhibition spaces. The collective modular systems; Modulate™, Vector, Arena and Fastframe™, are all designed to work in unison, to deliver a re-usable and reconfigurable exhibition stand. Graphics can be easily updated, and layouts refreshed over and over again. These hard working modular solutions offer exceptional return on investment as well as a sustainable approach to creative display.

Creating an effective display stand that drives results is extremely straightforward with this collection of pre-configured solutions. Simply select a design for inspiration whilst considering floor size and parameters of price-point. For a more unique stand construction, the modular range can also be customised - incorporating precise requirements with all the benefits that modular exhibition systems offer for complete creative innovation.

## Stand component systems

### Modulate™

Modulate™ is the fusion between two of our original concepts: Formulate and Vector. The range is composed of various frames made of aluminium tubes, equipped with the patented magnet system: MagLink. Modulate™ provides a custom build solution through its hundreds of possible configurations using the various modules.

### Vector

One of the simplest and most versatile communication solutions on the market, Vector is an aluminium frame system with a stretched fabric graphic that adapts to any environment. With a variety of different profiles, all applications are possible: suspended, wall-mounted, self-supporting, double-sided or illuminated utilising Illuminova™.

### Fastframe™

A unique pre-assembled foldable framework for fast construction and endless Creative Display Solutions - the perfect seamless backdrop for visually striking SEG graphics.

### Arena

Arena is a tubular aluminium gantry structure that is both extremely strong and light. The different sections can be assembled according to the space and can be covered with fabric or vinyl graphics.

### Hanging Structures

Select one of our lightweight Formulate hanging structures to compliment your stand design, which uses a lightweight 30mm tubular system that can be neatly wrapped in a fabric printed graphic.

# Considerations for exhibitions

## Why exhibit at a trade show?

Trade shows remain the preferred communication channel for companies seeking to increase their reputation and promote their image.

The benefits of a trade show are vast and very attractive. They enable several actions to be carried out in a relatively short period of time:

- Brand positioning
- Prospecting
- Market research
- Product launches
- Building customer loyalty
- Business networking

## The centrepiece: your stand

The success of any trade show depends on its cost vs quality and ROI for generating leads and meeting other sales / marketing objectives.

### 1. Location:

How much space? How many open sides?

### 2. The design:

Which media: textile, rigid, flexible panels?

Need to communicate in height: sign, extension or extension of storage room?

Do you need a storeroom to store equipment?

What kind of lighting?

### 3. Use:

How often?

Will it need to be scalable in shape and size?

What means of transport do you have?

Will the stand be reused in another environment i.e. customer showroom, inhouse events etc.?

### 4. The budget :

What is the budget for the stand?

Over how many shows will it pay for itself?

## The keys to success

To have a successful trade show, it is essential to:

- Set 3 to 5 objectives that will guide the marketing strategy of the event
- Ensure maximum visual impact with a quality stand that will enhance the company's image (openings, suspended communication, graphics, materials, etc.)
- Implement effective communication and promotion: before, during and after the event (emailing, invitation, social networks, stand promotion, etc.)

## Why choose a modular stand?

- Lightweight and compact
- Reconfigurable
- Quick payback
- Durable
- Easy to assemble
- Standard or custom made
- Unlimited message renewal
- Ergonomically friendly

MODULATE™

# Modulate™

## The best way to attract attention

Modulate™ is the result of the fusion of two original concepts that have proven successful in the exhibition and retail world; Formulate tubular solutions and the modularity of Vector frames.

Modulate™ is a collection of various frames made from aluminum tubes and covered with a printed textile cover. These frames can be easily connected to each other by means of powerful magnets placed inside each structure.

Based on this simple magnetic principle, it is possible to combine the different Modulate™ frames to create configurations for all communication areas: at the point of sale, at trade shows, in exhibition areas, in shopping centres or simply within companies themselves.

### MagLink connector, simple, fast and reconfigurable

Thanks to the exclusive MagLink magnetic system integrated into the structure, you can connect the frames to each other simply by bringing them together.

Optional 400 mm extension to change the height of the structures

MagLink connectors 360° in each post

Modulate™ carry bag with dedicated slots for feet and graphics

Intuitive marking on each section for easy assembly

Self-locking system with elastic posts and push-fit button

Rounded or straight corners with the reference MOD-SQ-ANGLE

2 stabilising feet with Twist & Lock system, supplied with each frame

Central reinforcement bar (18 mm diameter)

Double-sided custom printed fabric graphic that zips closed

## Tool-less assembly

Modulate™ structures are easy to assemble without tools. Each section is marked with numbers and colours and connected with push buttons. Once the structure is assembled, the Twist & Lock feet will rotate a quarter of a turn until they lock into a perfectly stable self-supporting frame. Finally pull-on the printed fabric graphic which perfectly fits to the contour of the frame.

## Twist & Lock Foot installation

## Structures with unique technological innovations!

To add versatility to Modulate™ structures, a 400 mm tubular extension can be added. With this extension, which is easily placed between two sections, you can use the same frame with two different heights.

## Standard Modulate™ Frames

Modulate™ is an innovative double-sided display system that consists of a set of lightweight aluminium frames covered with a custom printed tension fabric graphic. Frames connect together using powerful magnets encased inside each element and can be joined at any angle to create shaped displays or backwalls. Frames are completed by pulling a tension-fit fabric graphic over the frame and zipping at the base. Frames are available in various widths and two height options. Each frame is supplied with two stabilising feet which can be used if required for extra stability. The Modulate™ Straight frames can be used on their own or combined with other frames to create hundreds of configurations.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Shape	Straight
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic
Application	Free-standing with feet (included)
Transport	Modulate™ carry bag with dedicated pockets for the feet and graphics

Slope 2	MOD-SS-824-02	818(w) x 2400(h) x 400(d) mm

Slope 1

Slope 2

### Modulate™ Door

The Modulate™ Door frame joins magnetically to other frames in the Modulate™ range and is tool-free in its design. Constructed from lightweight aluminium tubing with magnets held in the frames to join backwalls together. Complete with optional tension-fit fabric graphic, the door is ideal for store room areas or meeting rooms.

<b>Material</b>	Aluminium
<b>Tube</b>	30mm Ø
<b>Assembly</b>	Tool-free push-button connectors
<b>Shape</b>	Straight
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Zipped tension-fit graphic
<b>Application</b>	Free-standing with feet (included)
<b>Transport</b>	Modulate™ carry bag with dedicated pockets for the feet and graphics

Modulate™ door Rounded corners	MOD-S-DOOR-820	800(w) x 2000(h) x 120(d) mm
	MOD-S-DOOR-824	800(w) x 2400(h) x 120(d) mm
Modulate™ door Square corners	MOD-S-DOOR-820-SQ	800(w) x 2000(h) x 120(d) mm
	MOD-S-DOOR-824-SQ	800(w) x 2400(h) x 120(d) mm

2 handles and 1 stop for Modulate™ door included

An adjustable foot included

2 Twist & Lock square feet

The Modulate™ Door can be used with either a left or right-hand handle

## Modulate™ ancillaries

### Modulate™ Half Feet (pair)

MOD-HALF-FOOT-P	⊗ 80(w) x 6(h) x 215(d) mm
-----------------	----------------------------

### Modulate™ Feet (pair)

MOD-FOOT-P	⊗ 80(w) x 6(h) x 400(d) mm
------------	----------------------------

### Modulate™ 400mm Extension Kit

MOD-EXT400MM	⊗ 3 tubes 400(h) x 30 (Ø) mm
--------------	------------------------------

### Spotlight Clamp for Formulate / Modulate™ Tube

US903	⊗ 48(w) x 32(h) x 50(d) mm
-------	----------------------------

### Modulate™ Counter

Modulate™ Counter consists of an innovative aluminium tubular frame, counter-top, and printed tension fabric graphic. Powerful magnets encased inside the frame enables two or more counters to connect using simple magnetic principles. The counter can be used on its own or combined to make a long reception or bar area. Modulate™ Counter can be deployed in minutes, thanks to the tool-less construction. The printed tension fabric graphic will either sit on or under the counter-top to suit the application.

<b>Material</b>	Ø 30mm Aluminium tubes, MDF tabletop/shelf
<b>Assembly</b>	Push-fit button
<b>Collapsible</b>	Yes
<b>Counter top</b>	Black
<b>Shelves</b>	1 (Optional)
<b>Graphic attachment</b>	Zip system
<b>Transport</b>	One padded carry bag, internal flap

Modulate™ Counter	FORM-MOD-CNTR	⊗ 1015(h) x 800(w) x 600(d) mm
Shelf	FORM-MOD-CNTR-02	⊗ 9(h) x 770(w) x 571(d) mm

## Pre-configured Modulate™ stand examples

This section showcases examples of various pre-configured Modulate™ Stands that can be achieved using the various Modulate™ hardware and ancillaries.

### Modulate™ Stand 9m<sup>2</sup>

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x2)	MOD-S-2024-SQ
Straight 824 square corners (x3)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat feet (x2)	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR
Internal shelf	FORM-MOD-CNTR-02

Modulate™ cupboard  
perfect for storage

Optional Spot  
LED-STRIP-ARM-BDLK

Clamp US903

Supplied with product bags

Twist & Lock  
MOD-HALF-FOOT-P  
grey

2 handles and 1 stop  
for Modulate™ Door  
MOD-S-DOOR-SP-01  
included

## Modulate™ Stand 15m<sup>2</sup>

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x3)	MOD-S-2024-SQ
Straight 1024 square corners	MOD-S-1024-SQ
Straight 824 square corners (x3)	MOD-S-824-SQ
Slope 2	MOD-SS-824-02
Door Modulate™	MOD-S-DOOR-824-SQ
Pair of half flat feet x4	MOD-HALF-FOOT-P
Modulate™ counter	FORM-MOD-CNTR
Internal shelf	FORM-MOD-CNTR-02

Configure the stand interior with additional Modulate™ frames

Possibility to add PS950-1000-LED-BDLK spotlights

Half feet Twist & Lock MOD-HALF-FOOT-P

Accessorise with a Modulate™ counter

## Modulate™ Stand 18m<sup>2</sup>

The Modulate™ range is ideal for the design of small and medium sized exhibition stands. The assembly of Modulate™ structures is simple, without tools and allows unlimited modularity and evolution of your configurations.

Material	Aluminium
Tube	30mm Ø
Assembly	Tool-free push-button connectors
Graphic area	Double-sided
Graphic attachment	Zipped tension-fit graphic

Straight 2024 square corners (x4)	MOD-S-2024-SQ
Straight 1024 square corners	MOD-S-1024-SQ
Straight 824 square corners (x4)	MOD-S-824-SQ
Door Modulate™	MOD-S-DOOR-824-SQ

Modulate™ cupboard - door with handle (without lock)

Modules join tool-free and without any connecting parts

The ease of assembly of the range allows for reconfigurable and reusable solutions: mix and match structures in an instant!

VECTOR

# Vector

## Visual marketing for every budget

Whether wall mounted or free-standing, the diverse range of Vector aluminium profiles provides a solution for every need and every budget.

Vector offers optimal visual impact and original designs that can be adapted to any event: showrooms, point of sale, exhibitions, museums and many others.

Quick Fix 20 mm

50 mm

## Illuminova™ brings your Vector stand to light

Add eye-catching Illuminova™ lightbox modules to your Vector display stand. Available in 4 standard LED modules (I, J, P, and Q), both systems can be combined to create a striking mix of simplicity and illumination to your exhibition stand.

75 mm LED

100 mm LED

## Anodised aluminium profiles

The Vector and Illuminova™ modules are available in a range of aluminium profiles to suit each application. For more information, please consult the table below.

VECTOR	Wall mounted	Free-standing	Illuminated	Double-sided	Premium range	Various colours
20 mm	x					x
50 mm		x		x	x	
75 mm LED	x	x	x		x	x
100 mm LED		x	x	x		

For Illuminova™ products, please see page 18

## Vector Modules

### An ultra-compact solution

From free-standing textile walls to exhibition stands, the Vector range offers a versatile and adaptable solution for all your events. The Vector frame system with stretched fabric covering is one of the simplest communication solutions on the market, particularly in a stand environment. Scalable, reconfigurable, ultra-portable: go from a 9 m<sup>2</sup> to a 15 m<sup>2</sup> stand with ease. Easily create stands of all sizes and shapes and accessorise them with spotlights, counters, document holders, and anything else you need to display.

### A compact solution for portability and optimised storage

#### Choose the Vector Modules:

- 50 mm aluminium profiles
- Different modules: walls, arches, LEDs, storage...
- Packaged in numbered sections of 1250 mm
- Delivered in a cardboard box with assembly instructions, accompanied by the visual of your choice
- In stock all year round
- Each module is already perforated on 4 sides and equipped with the necessary screws: easily assemble different modules together, one Allen key is the only tool you will need.
- Reconfigurable and reusable: store the stand at home in a small box (1350 x 400 x 300 mm)
- Excellent return on investment

Go from a 3m<sup>2</sup> stand to a 15m<sup>2</sup> stand in the blink of an eye!

## Vector Modules – Walls

Material	Aluminium
Profile width	50mm
Profile Colour Tube	Anodised
Assembly	Connectors assemble using Allen key
Graphic area	Single and double-sided
Graphic attachment	SEG 3mm

Module A	MODULE-VFF-A	⊗ 2950(w) x 2500(h) x 50(d) mm

# Transform your space in seconds using **FASTFRAME™**

## 1. Folded state

The lightweight frame is pre-assembled in a convenient, portable carry bag.

## 2. Unfold

From its pre-assembled state, the frame can then be effortlessly unfolded and locked in place with a central support rod.

## 3. Components

Feet can be added if required to give additional rigidity to the frame.

## 4. Install graphics

Your graphics, available in a Standard or Premium finish, can then be applied to the fully assembled frame.

## **Sustainable** exhibitions

**With sustainability a key theme for event organisers and exhibitors alike, modular exhibition systems offer an environmentally conscious choice.**

- » Made from aluminium, an infinitely recyclable material
- » Using polyester graphic materials which can be recycled multiple times
- » Graphics printed using water based inks
- » One system for multiple display applications

Enjoy **many benefits**, such as:

**NEW**  
PRODUCT

### **An efficient tool-less frame**

Unit can be constructed and ready in a short amount of time.

### **Lightweight and ultra slim**

Unit is highly portable, making travel and storage much easier.

### **Seamless graphic**

Apply a single graphic to connected frames to create a large seamless display.

### **Sustainable**

Multiple use, not single use.

### **Interchangeable graphics**

Display multiple messages time and time again.

## **FASTFRAME™** utilises **Silicone Edge Graphics**

- » Fabric graphics are edged with a silicone strip which slots into the channel of the frame for easy installation
- » This is more cost-effective than alternative options and can be re-used multiple times
- » The graphics are printed using water based inks which is more eco-friendly
- » Seamless graphics can be applied to the connected frames for large displays
- » Graphics can be reproduced to deliver new messages

#### **Polyester Stretch Graphics**

Stretch textile fabric, 3mm silicone edge.

#### **Black Back Graphics**

Black back textile (black out), 3mm silicone edge.

# Arena Structures

## Arena Gantry structures for your stand

These 25mm diameter aluminium tubes have been assembled and welded into sections of various sizes to form the basis of an imposing and solid architecture.

A wide range of sections are available to make this solution compatible with your project requirements. With 13 components in various lengths and designs, you can create the right structure for you, and your chosen mode of transport.

### Simple, tool-free assembly

Simple assembly - sections are connected using the supplied bolt and wing-nut fixings, and no tools are required. The double-sided graphics are attached to the gantry using a bungee cord. Create maximum brand visibility using sections up to 6m long without the need for reinforcement.

# Arena components

## Arena Straight Sections

The Arena Straight Sections are available in a variety of lengths, they are strong but lightweight with a natural silver grey finish. The system is quick and easy to assemble using bolt and wing-nut fixings. This aluminium tubular system is both modular and scalable, where different sections can be assembled and reused according to the needs of each project. The structure can then be dressed with interchangeable UV printed PVC graphics.

UT-S250	Section 250mm
UT-S500	Section 500mm
UT-S750	Section 750mm
UT-S1000	Section 1000mm
UT-S1250	Section 1250mm
UT-S1500	Section 1500mm
UT-S2000	Section 2000mm

## Arena Junction Sections

The Arena Junction Sections are available in a variety of configurations including: 3-way T-junction, 4-way corner junction. The choice of sections enables a custom build design for your application to create a modular and scalable system. The structure can then be dressed with interchangeable UV printed PVC graphics.

## Display Backwalls

Display Backwalls create a dramatic backdrop to events, presentations, product demonstrations, pop-up shops or window displays. They are also ideal for smaller spaces, or as large static advertising boards in public spaces such as museums, reception areas, public transportation hubs and other large spaces.

Segmented frame walls are fully configurable, professional grade backwalls, where flexibility, ease of storage, reusing, portability and assembly are important. The pop-up display backwalls are constructed from lightweight aluminium scissor mechanisms that are easy to transport, assemble and store, and are ideal for small exhibitions or events as well as static displays. For a simple backdrop, the Pegasus tension walls offer a cost effective, easy solution to meet those needs. Configurable in both height and width, the tension wall is quick to assemble and makes an ideal backdrop to temporary or short-term presentations.

## Display Backwalls

Backwalls can be configured in a variety of ways, based on the application, with each offering a different method of construction, illumination and use.

# Pop-up backwalls

## Impact Pop-up Straight

A great entry level display backwall that is perfect for use at an exhibition, event or for a demonstration backdrop. Frames are available in a variety of widths, and are quick and easy to deploy using the self-locating locking arms. Magnetic tape attaches to the back of the graphic panels enabling them to be attached directly to the mag bars which are mounted to the frames.

<b>Material</b>	Aluminium structure, plastic connectors
<b>Assembly</b>	Magnetic connectors
<b>Shape</b>	Straight
<b>Graphic area</b>	Single-sided (with or without D-ends) / double-sided (optional)
<b>Graphic attachment</b>	Mag bars, hangers and kickers

## Formulate Straight

Formulate Straight backwalls are constructed of lightweight 30mm diameter push-fit aluminium tubing for tool-free simple deployment. Complete with optional double-sided dye-sublimated tension-fit fabric graphics that zip at the base to perfectly contour the shaped aluminium structure and maximize your brand message. Formulate displays offer a variety of great shapes with clean lines, ideal for creating picture backwalls or defining areas in rooms by screening or zoning.

<b>Material</b>	Aluminium tubing
<b>Tube</b>	Ø 30 mm
<b>Assembly</b>	Push-fit / Allen key
<b>Shape</b>	Straight
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Zippered tension fabric graphic
<b>Application</b>	Free-standing with feet (included)

# Display Banners

Portable display banners are ideal for a temporary but stable communications tool.

Our unique range of Display Banners are highly portable, quick to deploy and suitable for a broad range of applications. Choose from the economy range through to premium options for use indoors or select specifically designed solutions for outdoor applications.

Alternatively the fabric systems are a premium display solution, featuring aluminium tubing, with double-sided high-quality dye sublimated fabric graphics. Easy to deploy with tool-free assembly.

## Display Banners

Affordable by nature, the roller banner range delivers a convenient, tool-free solution, with retractable graphics that deploy in seconds. Choose from a range of indoor or outdoor designs that best suits your application, with single or double-sided graphic options.

Tension banners are constructed of lightweight materials and offer the best value for money.

# Tension textile systems

## Formulate Monolith

Monolith; the gentle giant, with weighted base for high traffic areas and practical, changeable fabric graphics for multiple brand messaging. This tall double-sided display banner comes in a variety of widths, from 600mm up to 1500mm, and is trusted for stability and easy deployment.

<b>Material</b>	Aluminium tubes, steel base
<b>Tube</b>	Ø 30 mm
<b>Assembly</b>	Push-fit button, Allen key
<b>Graphic area</b>	Double-sided
<b>Graphic attachment</b>	Zippered tension fabric graphic
<b>Application</b>	Free-standing with metal base (included)
<b>Transport</b>	Padded with compartments

# Roller banners (economy)

## Wasp

The Wasp roller banner is an entry level product, ideal for short-term events or displays, where cost is a primary consideration. Despite its affordable price, Wasp is made to exacting quality standards and carries a full manufacturer's warranty, so you can be confident it will perform as expected.

<b>Material</b>	Aluminium, plastic end caps on rail and feet tips
<b>Rail</b>	Snap rail
<b>Pole</b>	Aluminium three-part bungee pole
<b>Leader</b>	Self-adhesive
<b>Graphic area</b>	Single-sided
<b>Feet</b>	Twin, twist-out feet
<b>Transport</b>	Simple nylon bag

## Mantis

The Mantis roller banner is suitable for budget conscious users, who need a cost-effective roller banner with a little more durability for busier areas. With a weighted base, the unit provides enhanced stability over the unweighted banners in the range. Despite its economical price, Mantis is made to exacting quality standards and carries a full manufacturer's warranty, so you can be confident it will perform as expected.

# Roller banners (premium)

## Merlin

Merlin is a sleek and elegant premium roller banner with an interchangeable graphic cassette which extends the life of the banner as graphics are quick and easy to change. The graphic cartridge is housed independently from the main base unit so it is simple to remove and replace with new graphics and old graphics can also be reused, just by swapping the cassette. A great value-for-money solution if the message or marketing campaign changes regularly. The Merlin roller banner comes with our manufacturer's quality warranty, giving peace of mind that it will perform every time.

# Flag Banners

Draw attention to branding, products, services, or business premises with custom printed flags. Instantly noticeable due to their height, shape, and movement, our all-fibre flag poles are durable and flexible, easy to assemble and quick to deploy, making them an extremely effective means of advertising.

Choose from a range of free-standing, post / wall mounted, mobile and specialist hardware that can be used in a variety of applications such as car forecourts, festivals, and beach flags.

Alternatively, deploy taller or multiple flags to increase visibility and attention to branding. Our all-fibre flag poles are reusable with interchangeable graphics for greater return on investment. To protect this investment, it is recommended that flags be kept securely in place by selecting an appropriate base suitable for the desired application and location from the specifically designed range.

## Flag Banners

Available as single or double-sided options and printed using hardy, UV resistant media, flag graphics can be utilised indoors or outside with standard or custom flag shapes.

# Free-standing flags

## Zoom+ Quill / Feather / Crest Flag

Zoom+ flags are a popular and versatile, lightweight flexible flag system, with black finish all fibre poles. Choose Feather, Quill or Crest shaped graphics. Ideal for advertising and used for all types of indoor and outdoor displays. Optional custom printed flag graphics are available in a range of sizes from small to extra-large and with a choice of single or double-sided options (small, medium, and large). The eye-catching shape creates movement in the wind and is a great for attracting attention.

<b>Material</b>	GRP fibre glass pole
<b>Graphic area</b>	Single-sided or double-sided (double-sided only available up to large)
<b>Graphic attachment</b>	Pole pocket
<b>Wind resistance</b>	Up to 63 mph / 101 km/h*

## Mistral

1 TEX PVC

The Mistral is a fixed outdoor flag system designed for mounting to lampposts or building exteriors and is perfect for advertising or promoting a brand or event. The mechanism attaches directly to a pole, posts, or wall and can be moved to accommodate varying graphic heights. An eye-catching solution that can also be used for information and wayfinding, this flag is especially effective when repeated over a series of posts.

# Tents

Take advantage of outdoor events with a temporary structure and create additional marketing opportunities. Offer customers protection and shelter from the weather by choosing custom-printed tents that also provide an attractive brand marketing solution.

Conventional pop-up tents and gazebos are fantastic provisional outdoor or indoor structures which provide a unique way to advertise in a vibrant impactful manner with fully printed canopies and walls.

Constructed from robust steel or aluminium in a variety of sizes that are easy to transport, assemble, deploy and pack away, pop-up tents are ideal for short term events, fairs and exhibitions.

## Tents

For a more unique and unconventional structure, choose the Bora Inflatable Tent. Simple to inflate for rapid deployment with an appealing eye-catching shape, the Bora, like pop-up tents, also offers optional printed canopies and walls. Customisable areas make highly effective brand messaging, ensuring maximum impact at events. As with all custom-printed graphics, they can easily be replaced so that hardware is used multiple times, improving return on investment.

# Pop-up tents

## Zoom Tent Eco

The Zoom Tent Eco is the most cost-effective gazebo in our range. Quick and easy to deploy, the 3x3m tent can easily accommodate a 2.4m wide table making it a great solution for street markets, golf days or sporting events. Made from steel with a white powder coated finish, the frame easily shelters up to five people and folds completely into a portable wheeled carry bag. Custom fully printed canopy and walling is an optional extra.

<b>Material</b>	Steel frame, plastic joins
<b>Graphic area</b>	Double-sided (wall) / single-sided (canopy)

## Bora Tent

The Bora Inflatable Tent is a sturdy and attractive option for outdoor displays. Create shade and shelter for a registration desk, refreshment area or meeting point that fully shows off a brand. As one of the largest products in the range, there is plenty of print area on the canopy and backwalls (optional extra) for brand messaging. The backwalls zip in, so can be changed for a different message from the canopy if you wish. The Bora Tent uses trapped air technology: silent and free-standing once inflated.

# Counters

Temporary counters add a professional touch to any exhibition, event or retail environment. They provide a useful area for display or presentation space, and the ability to add a graphic creates additional marketing opportunities as well as offering a convenient storage facility.

Our counters are available in a range of price points and shapes, depending on requirements. Add impact to a welcome desk or a reception area in a public space with an illuminated counter or choose an outdoor option to promote a product or service at an open-air event.

## Counters

Counters are the perfect partner for a promotional display or event to complement a backdrop or add focus to an area and are the ideal companions for any marketing campaign.

# Promotional counters

## Pop-up Counta

The Pop-up Counta is convenient lightweight pop-up counter that offers a substantial area to welcome guests yet packs down for easy transportation in a reinforced D-shaped wheeled trolley case.

The counter comes with shelves for storage and a beech-coloured counter-top. Often used for exhibitions, in supermarkets as a demonstration unit and for events.

<b>Material</b>	Aluminium, plastic and MDF tabletop
<b>Assembly</b>	Self-locking magnetic

## Modulate™ Counter

Modulate™ Counter consists of an innovative aluminium tubular frame, counter top, and printed tension fabric graphic. Powerful magnets encased inside the frame enables two or more counters to connect using simple magnetic principles. The counter can be used on its own or combined to make a long reception or bar area. Modulate™ Counter can be deployed in minutes, thanks to the tool-less construction. The printed tension fabric graphic will either sit on or under the counter-top to suit the application.

Promotional counter, ideal for a retail

# illuminated Promotional Counters

## Illumigo™ Counter

This versatile and quick to set-up double-sided counter lightbox is a great all-rounder not only at events but in retail environments from shopping centres to pop-up shops. Part of the Illumigo™ range, the Illumigo™ Counter is easy to assemble with a two-part counter top that secures using a pair of twist out top locators and locking screws. Building the unit is intuitive and tool-free as all the parts are numbered and simply slot together. Two optional graphics complete the look to create an impactful counter ideal for attracting attention in retail, event or exhibition environments.

Material	Aluminium 100 mm, MDF table top
Assembly	Tool-free
Collapsible	Yes
Counter top	White
Graphic attachment	Silicone Edged Graphics (3 mm silicone)
Transport	Protective box with carry handle

Illumigo™ Bag	ILLGO-BAG	📏 460(w) x 1160(h) x 190(d) mm

Optional Illumigo™ bag

Protective compartmented box

Pre-assembled LEDs in the frame

Steel side feet for stability

# Barriers

Barrier systems improve queue management and help with crowd control.

For pedestrian control, café barriers can be used to make an attractive, professional and functional barrier, creating a temporary space that can be easily reconfigured to suit your needs.

Café barriers are easy to store, assemble, deploy and move to suit your requirements. They are available in economy and premium solutions, depending on your application and budget.

## Barriers

Queue management systems can be used to control queues, providing structured and manageable lanes to help marshal customers and are also suitable for indoor or outdoor use.

# Pedestrian control barriers

A cost-effective way of defining areas outside restaurants, bars, shopping centre and coffee shops, a complete Café Barrier system requires two posts and bases. To secure the graphic, there are two options; dependent on budget and where the system is being deployed.

If the Café Barrier is exposed to strong winds, we recommend a two-rail option ensuring the graphic is secured top and bottom to each post and base. If winds are not an issue but the budget is tight, then we suggest a single rail with two spring clips securing the bottom of the graphic.

Rails are available in 1m, 1.5m and 2m sizes, so it is quick and easy to calculate the number of café barriers required to define your space. To connect multiple barriers, add a choice of rails/spring clips plus one additional pole and base. For vibrant hardwearing graphics we can print on PVC.

## Economy Café

<b>Material</b>	Aluminium
<b>Graphic area</b>	Double-sided / or single-sided
<b>Graphic attachment</b>	Looped top rail. Looped bottom rail or spring clips
<b>Weight</b>	9.13 kg

# Ancillaries

The range of ancillary products include literature holders, lighting solutions for various hardware ranges and transportation cases. These ancillaries offer flexibility and perfectly complement our product solutions.

## Ancillaries

Enhance an exhibition stand by selecting various supporting products from our range of ancillaries that are often used to help promote your brand in a more impactful way, professionally display your latest literature, or add points of interest, making your stand more visible by using spot lights.

# Literature holders (standard)

## Zed-up Lite

Zed-up Lite are a popular range of aluminium literature stands that are stylish and highly portable. Quick and easy to deploy, Zed-up Lite is ideal for exhibitions and displays, folding down for easy transportation in a heavy duty hard case.

<b>Material</b>	Acrylic and anodised aluminium
<b>Colour</b>	Silver
<b>Documents sizes</b>	A4
<b>Pockets</b>	6
<b>Double-sided</b>	Yes
<b>Transport</b>	Hard case (included)

# Lighting (standard)

## Powerspot 950/1000 LED

Economical black LED spotlight particularly suitable for use with Pop-up stands.

<b>Material</b>	Aluminium and plastic
<b>Positioning</b>	270° - Straight arm
<b>Watt output</b>	12 watt (1400 Lumens/5500 Kelvins)
<b>Watt consumption</b>	12 Watt (1400 Lumens/5500 Kelvins)
<b>Linked lights</b>	2 max
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	PS950-1000-LED-BDLK	ⓐ, 103(w) x 425(h) x 29(d) mm
------------	---------------------	-------------------------------

Transformer included

# Lighting (premium)

## LED Floodlight

The LED Floodlight is the new stylish and economical way to illuminate a range of exhibition stands including Pop-ups, Formulate and a range of modular systems. Despite the compact design, this small LED light is still capable of producing 1200 Lumens but still only consuming a small amount of energy, making it far more efficient than the halogen equivalents. Link up to 5 lights together from one transformer, with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 Lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	LED-FLOOD-ARM-BDLK	ⓐ, 295(w) x 483(h) x 60(d) mm
------------	--------------------	-------------------------------

Transportation box

Transformer included

Connect up to 5 lights with one transformer

## LED Strip Light

The LED Strip light is designed to work with a wide range of exhibition stands including, Pop-ups, Formulate and a range of modular stands. It has a unique wide head design feature, allowing for a wider spread of light, helping you illuminate more of your message. Link up to 5 lights together from one transformer, with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 Lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	LED-STRIP-ARM-BDLK	📏 100(w) x 520(h) x 35(d) mm
------------	--------------------	------------------------------

Transportation box

Transformer included

## LED Exhibition Light

Specifically designed to work in conjunction with the Vector channel; this latest design requires no extra fitting, just plug in and switch on. Not only does the slick design make the LED Exhibition Light stand out from the crowd, the clever design cast out of aluminium allows any heat to dissipate over the entire body of the light, stopping any localised heat, which allows for long use with no overheating. Link up to 5 lights together from one transformer, with handy linking cables.

<b>Material</b>	Aluminium and plastic
<b>Watt output</b>	80 watt
<b>Watt consumption</b>	12 watt (1200 Lumens/5631 Kelvin)
<b>Linked lights</b>	Link up to five to one transformer
<b>Double kit includes</b>	2 spotlights + 2.5m linking lead + 1 transformer
<b>Power lead UK &amp; Euro</b>	Yes (cross head screwdriver needed)

Double kit	LED-EXHIB-ARM-BDLK	📏 50(w) x 455(h) x 55(d) mm

# Applications

At Ultima Displays we provide Creative Display Solutions that suit a multitude of industry applications.

Our display products are not only multi-functional and in many cases reconfigurable, but they can also be used for an array of different applications across a multitude of industries.

From retail or educational settings, outdoor sporting events to hospitality and corporate events; our Creative Display Solutions are suitable for more than just exhibitions.

The following pages are a guide for where our popular products are often used to enhance brand messaging in a vibrant and eyeing-catching way.

## Retail

In the age of digitalisation, the main challenge for retail is to consider the customer experience at the point of sale.

### Window displays

### Commercial events

### Retail signage

### Pop-up store

### Seasonal campaigns

### Sales

### Shop openings

### Click and collect

### Car showroom

## Leisure Activities

The leisure industry represents an important part of the economy. From hospitality through to galleries, promoting the benefits of improved well-being and quality of life is essential with innovative displays that catch the eye.

### Interior signage

### Outdoor signage

### Posters

### Music venues

### Hospitality signage

### Suspended signage

### Fairs and markets

### Cinema foyers

### Art galleries

## Cultural Events

Social events with a national or international scope involve a large audience and can have a huge impact. Organisation is often extremely complex and requires significant communication resources.

### Award ceremonies

### Award ceremonies

### Professional sporting events

### Amateur sporting events

### Fundraising

### Festivals

### Military open days

### Electoral campaigns

### Fashion shoot

## Corporate Events

Corporate events are essential for companies to maintain close relationships and partnerships with their customers, business partners or employees.

### Product launches

### Brand launches

### Sales meetings

### Outdoor corporate events

### Corporate meetings

### Corporate dinners

### Gala events

### Open days

### Showrooms

## University Events

Educational, artistic and cultural events offer encounters, projects and practical experiments. The aim is to ensure artistic and cultural educational coherence for all pupils.

### Open days

### Campus life

### Graduation ceremonies

### Freshers week

### Graduation shows

### Career and job fairs

### Ceremony staging

### Student services

### Gown hire

## Conference

Preparing a conference is an excellent opportunity for brand exposure at high value-added events. Brand messaging should communicate exceptional, new, or informative and important information relating to your business.

### Conferences

### Seminars

### Press conferences

### Product launch

### Concourse advertising

### Roadshows

### Networking

### Trade show

### Annual General Meetings (AGMs)

## Exhibitions

From planning to execution: give your brand the exposure it deserves with original, renewable and customised solutions.

Exhibition reception area

Exhibition shell system

Merchandising stand

Exhibition literature stand

Art gallery exhibition

Reconfigurable exhibition

Virtual exhibition

Reconfigurable stand

Exhibition - suspended

## Outdoor

Custom printed flags, signage, and tents invigorate any outdoor activity and attract attention to help brands or businesses stand out.

### Car dealerships

### Sporting meets and races

### Festivals

### Sales

### Museums

### Outdoor music events

### Clubs

### Inflatable

### Shelter
