PERFORMANCE

Reach your full potential

Your possibilities are endless with three engine options to choose from, each giving you the performance to go anywhere. Revel in exceptional ride and handling with available features like Magnetic Ride Control and Four-Corner Air Ride Adaptive Suspension that can help optimize ride height and comfort by adjusting the suspension to road conditions.

Duramax® 3.0L Turbo-Diesel

Available on LT, RST, Z71, Premier and High Country, the Duramax 3.0L Turbo-Diesel engine offers 624 miles of EPA-estimated maximum highway range per tank, 305 horsepower and 495 lb.-ft. of torque, so it's always ready to go.

5.3L EcoTec3 V8

Standard on all models except High Country, the 5.3L EcoTec3 V8 engine with Dynamic Fuel Management delivers 355 horsepower and 383 lb.-ft. of torque to give you the power to do what you love.

6.2L EcoTec3 V8

Standard on High Country and available on RST, Z71 and Premier, the 6.2L EcoTec3 V8 with Dynamic Fuel Management delivers 420 horsepower and 460 lb.-ft. of torque to haul everything from your family to your trailer.

TAHOE Z71

Off-road capability for uncharted territory

With Hill Descent Control and an Autotrac® 2-speed transfer case, you can explore with confidence.

**Aluminum skid plate
and red recovery hooks***

Black tubular assist steps

High approach angle front fascia

TAHOE RST PERFORMANCE EDITION

Dominate the pavement

Magnetic Ride Control and Four-Corner Air Ride Adaptive Suspension help to optimize ride height and comfort by adjusting the suspension to road conditions.

6.2L V8 engine

With 10-speed automatic transmission

**Chevrolet Performance induction
And exhaust systems**

433 horsepower and 467 lb.-ft. of torque

Brembo® heavy-duty front brakes
