## PALLIATIVE CARE

### Specialist HomeCare

Our Palliative Care services provide both emotional and practical support, and is delivered with sensitivity and dignity to ensure your loved one is as comfortable as possible, as they approach the end of their life.

As an alternative to residential homes, our person-centred care allows individuals to remain at home in a familiar and comforting setting, surrounded by their cherished memories with the people they love around them, providing a sense of peace.

Palliative Care may sound daunting but we are here to help every step of the way, by supporting not only our clients but all family members during a sensitive time.

## Love to Move

Love to Move is a seated exercise class aimed specifically at people with Dementia but we welcome anyone of the older generation.

## Sunflower Cafe

Enjoy a cuppa, biscuits and great company at The Sunflower Cafe. The cafe is aimed specifically at individuals living with Dementia; providing them the opportunity to meet with others in a welcoming environment.

## Singing for the Mind

Music and singing for people with Dementia has a proven ability to improve well-being, help them express their feelings and connect with past memories.

## HOSPITAL TO HOME Rehabilitation HomeCare

*Guildford, Farnham, Camberley, Woking,  
Alton, Bordon, Twickenham, Richmond and  
the surrounding areas.*

# ABOUT RIGHT AT HOME!

Right at Home are a HomeCare provider where our services allow the elderly to stay in the comfort and familiarity of their own homes, all whilst receiving the care they need.

We are committed to making a difference every day by maintaining independent living, dignity, and well-being for those we support.

## HOSPITAL TO HOME REHABILITATION

Our Hospital to Home rehabilitation service is a temporary and flexible package which will help you or your loved one regain strength and independence after a fall, surgery, illness, or stay at hospital.

One of our experienced care managers can meet you at the hospital and then again at home, to better understand your needs and then create a care package personalised for you; ensuring the transition from the hospital to your home is as smooth as possible.

## WHAT'S INCLUDED?

- Supervision of discharge arrangements
- Food shopping / Housekeeping
- Physical assistance and support to move safely around the home
- Managed Live-In care if required
- Help with washing, dressing & personal care
- Medication Administration
- Transport home
