

PUSHING LIMITS
CREATING JOY
..

Ride with peace of mind and enjoy endless miles of cycling fun

For us, bike leasing is so much more than a tax-friendly benefit. We want you to enjoy every moment: every ride, every turn, every burst of speed. That's why we make bike leasing so simple you'll almost forget it's leasing.

WHY CYCLIS BIKE LEASE? BECAUSE WITH US, IT'S ALWAYS A PARTY!

YOU PICK YOUR BIKE, WE HANDLE THE REST

So you can focus on what really matters: enjoying life! Order, insurance, roadside assistance, maintenance, follow-up... everything is on a roll from start to finish.

THE INSURANCE YOUR BIKE DREAMS OF

Damage? Theft? No panic. With us, you get the most comprehensive insurance on the market — with worldwide coverage, plus no exemption and a replacement bike on top. If your bike ever has an off day, we've got its back.

3-YEAR WARRANTY: BECAUSE 'STANDARD' SIMPLY ISN'T OUR STYLE

Standard warranty ends after 2 years, but that's for ordinary people. Our cyclists deserve only the best: a full warranty throughout your entire lease period, for maximum joy.

CIRCULAR LEASING: GOOD FOR THE PLANET AND GOOD FOR YOUR KARMA

At the end of your contract, your bike begins its second life. And that's not only a great feeling, it genuinely makes a difference: for our planet, for the circular economy, and for the next cyclist we get to make happy.

MY.CYCLIS: YOUR DIGITAL BIKE BUDDY

Check your maintenance budget, find the roadside assistance number, view contract details, run simulations... anytime, anywhere. Everything is neatly in one place, portal or app, so you can keep moving forward without any detours.

A BIKE THAT MAKES YOUR HEART BEAT FASTER

E-bike, gravel, cargo, speed bike... whatever makes you smile. Accessories? Just add them to your lease.

3,000+ BIKE DEALERS, SO BASICALLY EVERYWHERE

You'll find one of our dealers faster than you'll find a parking spot. Not that you'll need one anymore. Win-win!

SMARTER FOR YOUR SALARY, MORE FUN FOR YOU

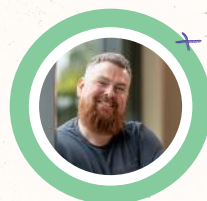

TAX BENEFIT + BIKE ALLOWANCE = HAPPY WALLET

You pay through your gross salary, end-of-year bonus or mobility budget. As a result:

- it sometimes costs you almost nothing
- you might even earn money by cycling

"I cycle to work every day and earn €145 a month in bike allowance. My bike pays for itself. If only my energy bill worked the same way."

PJ, employee
