A vertical rectangular slab of material with a textured, matte finish stands on a dark, wavy surface against a gradient background. The slab is the central focus, showing a non-reflective, slightly grainy texture. The background transitions from a dark, almost black top to a lighter, hazy horizon line. The surface the slab sits on has a fine, wavy, wood-grain-like texture.

AVAILABLE IN

MATT FINISH

Matt slabs are flat pieces of material commonly used in construction and interior design. Unlike glossy slabs, matt slabs have a non-reflective, textured surface that gives a more natural and subdued look.
