### MITCH FRANCIS | Indigenous Artist

Mitch Francis is a 23 year old Gunditjmara and Bundjalung man, from Helensburge in the Illawarra region of NSW. Mitch is currently studying a Bachelor of Primary Education at UOW and has been working at Austinmer Primary School as an SLSO. Previous to this, Mitch enjoyed working as an Indigenous Worker at a Primary School in Mackay North Queensland.

Mitch started Bunjil Art during COVID as a way to connect to his culture on a deeper level and has found great passion in doing so through his art, and is honoured to share this with Elizabeth Richards.

The artwork shown here and on our 2024 Teacher Planner is titled '**FLOW OF LEARNING**'. It tells the story of a child's path through education.

Passing through the centre of the artwork is the child's journey along the winding path of education and learning. The connecting blue lines lying behind symbolise all the places that each child visits throughout their own educational journey. The U shapes along the sides of the design represent all the people who have been supportive in this journey.
