Hello Everyone!

We can't believe our Spring production season is here already. Hopefully you all had a good Christmas season. The Christmas season is our busiest, and it occurs during the shortest production time frame. The items are made and delivered in the order in which your orders are received. So, the earlier you get those orders in, the more likely you are to get exactly what you need in a timely manner.

We received some requests for new Spring items including planters with corrugated metal, and animals. We now have those, and we are especially excited about the highland cow. Highland cows seem to be everywhere, and they are here, too! We have four versions to choose from. The customers who have been through the shop and have seen the samples we made for the catalog are all extremely excited to carry them. They will be great sellers, along with all the other cute animals.

And for those of you who asked for brighter colors, you'll see those this Spring, too.

Are you attending the 2024 Mid-Atlantic Nursery Trade Show (MANTS) in Baltimore? If so, you will find us there January 10-12, in booth 50. Stop by and place your order while there, and you will receive a special discount.

In 2023 we opened booths in a few Mid-Western wholesale markets. They stock many of our items, which can be a benefit for those of you who are not conveniently located to our workshop. We do not ship from those locations, though. They have a huge variety of other crafters there, as well.

Thank you all for an excellent 2023, and we wish you a happy and successful 2024.

Joseph King

P.S. Don't forget to take advantage of the Early Bird Discounts for orders placed by January 31, 2024.
