90 degrees Bend Toilet Grabrail

From time to time we all use the help Toilet grab rails. To that end we are only to happy to hold on to Grab rails if and when we need additional support.

Toilet grab rails are a necessary aid in any compliant public toilet and washroom facility. Furthermore, the use of ambulant toilet rails prevails in toilet cubicles at hotels, airport, shopping centres and many more. Toilet grab rails consist either of the 90 degree or 40 degree style of rail. Selection of either one is a matter of preference, prescription or specification.

*Compliant with AS1428.1-2009, if installed as per the provisions of the standard

Sovereign S7 Mattress

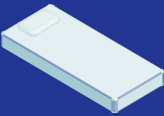

Game-Changing Foam Innovation! The Sovereign S7 Mattress addresses all key aspects of skin integrity and safety; Mobility, Pressure, Microclimate and Shear.

The Sovereign S7 is the culmination of years of development and clinical feedback, resulting in the most-advanced foam surface for the combination of support, care, comfort and longevity. Utilising foam technology exclusive to Forté Healthcare and manufactured specifically for users seeking a higher care surface, the S7 is an adaptive mattress designed to meet individual requirements with features such as the reversible interface foam layer and choice of cover.

The S7 is suitable for High Risk clients, with a weight range between 30 – 250kg.

Features:

- Advanced Pressure Redistribution
- Mobility, Independence & Ease of Repositioning
- Breathability & Improved Micro-Climate
- Two-sided Immersion Interface
- Heel Slope
- Personalised Comfort & Enhanced Repositioning
- Reduced Friction/Shear
- Safety and Falls Prevention

Sigvaris Doff N' Donner + Cone

The Doff N' Donner (DND) is a very soft device that allows you to quickly and painlessly slide compression stockings over an arm or a leg. The DND is suitable both for use by stocking wearers themselves, as well as caregivers. The CONE simplifies the rolling of a compression stocking onto the DND. With the aid of the CONE, the medical compression stocking can also be easily unrolled from the DND. The CONE has a suction cup built into the base so that it attaches well to flat surfaces.

Properties and benefits:

- Facilitates the donning and removal of compression stockings and promotes treatment compliance.
- Less effort spent on donning and removal.
- Allows compression stockings to slide painlessly over wounds, scars and open legs.
- Suitable for use by the wearers themselves, as well as caregivers.
- Is extremely durable and suitable for different leg shapes.
- Extends the life of the compression stockings.
- Suitable for models A-D calf stockings and A-G thigh stockings with/without grip top in all sizes and compression classes as well as with open or closed toe.

PRODUCT CODE

65246

Glue Sigvaris FIX

This adhesive has been developed for compression stockings and is also often used for the attachment of orthopaedic and surgical devices on the body. But it is also very popular for sticking various textiles right on your skin, e.g. bras, dresses, blouses or shirts with a deep neckline

PRODUCT CODE

317463-B

Sheer Fashion Class 1 (15-20mmHg) - Black
