Time to prepare for those accommodations is required. Participants requiring 1-on-1 services must notify SRA at the time of registration and a minimum of 4 weeks prior to the start of the program date so we can make sure to have the appropriate required staff. 1-on-1 requests and notifications must be made via the 'inclusion request form' found on the www.irvsra.org website under 'forms'. Budgetary concerns will be reviewed at the time of request, as IRVSRA reserves the right to deny a 1-on-1, due to staffing shortage and/or if it will create a budgetary hardship.

Examples of accommodations we will provide include:

- Allowing service animals in programs
- Avoiding or providing certain foods/drinks due to allergies or dietary health concerns (ie: peanuts, sugar free, lactose)
- Changing the rules of games/activities - as long as it does not fundamentally alter the purpose of the game/activity
- Moving the program/activity from a non-accessible location to an accessible location
- Providing accessible shuttle transportation with in a program (dependent on availability)
- Providing sight and hearing aides, interpreters, or devices
- Providing additional staff and/or increasing ratios
- Oral and Topical Medication Assistance with "medication waiver" on file

Services we do not provide include those that are personal in nature such as:

- Toileting (we do offer reminders & verbal cues often)
- Diapers or changing of clothes
- Feeding
- Invasive services such as:
 - Suppositories
 - Catheterization
 - g-tube feeding
 - Injection**EpiPen Auto-Injectors are excluded (See Invasive Medication)**

However, if a person requires such a service that we can not provide, they are still able to participate and bring with them a personal care attendant at no additional charge other than direct costs we may have to cover for special events (ie: sporting event tickets, movie tickets, food charges, etc.)

MEDICATION, DRUGS, ALCOHOL, TOBACCO

Oral Medications: Doctor prescribed (oral) medications may be self or staff administered during events, programs, or day camps. We require notification and permission in the form of a "medication waiver" filled out and signed before the program's start date. Day Campers will be issued a "medication waiver" at the time of registration.

Invasive Medications: Doctor prescribed (invasive or sub-dermal) medications may only be self administered during events, programs, or day camps. We require notification in the form of a "medication waiver" filled out and signed before the program's start date. IRVSRA can help monitor or measure, if needed, but can and will not administer the medication. Day Campers will be issued a "medication waiver" at the time of registration. All other registrations will need to request a "medication waiver" from the office or download one from the website under 'forms'.

**Epinephrine injection devices such as an EpiPen Auto-Injector will be administered in the event of a very serious allergic reaction in conjunction with a current PRN "medication waiver" on file.

Alcohol, Tobacco, & Cannabis: All IRVSRA events/programs are alcohol, tobacco, vape, and cannabis free. There is no substance use while participants are in our direct care. Special Olympics Illinois also has a similar policy for its athletes. There is no alcohol/tobacco usage allowed at SOILL sanctioned events, practices, or tournaments.

REFUND POLICY

Full Refunds: A pre-registered participant must contact the IRVSRA office via phone or email requesting to drop from the program prior to that program's registration deadline to receive a full refund. Programs and activities with an unspecified deadline will have a deadline of 11:59pm on the Thursday prior to the event date.

Partial Refunds: A case by case basis - If a program is dropped past the registration deadline but prior to the event, IRVSRA has the right, but no obligation, to issue a partial refund of the registration fee minus the direct costs already accumulated due to planning for said participants' anticipated presence (ie: tickets, staffing ratios, supplies).

No Refunds: Refunds will NOT be issued for 'no-shows'. Forgetting to attend does not constitute a drop for refund. We will take partial refunds into consideration due to illness with a Dr's Note or extreme family hardships such as death.

Refund Methods: All refunds will be issued in the form of credits to the individual's account to be used at a later date, unless otherwise directly requested. Other methods requestable are: Check or return to Credit/Debit Card. Cash refunds will not be issued under any circumstance.

CANCELLATION NOTIFICATIONS:

Email: Registered participants will receive an email/text notification.

Facebook: Our page posts will reflect any updates and changes.

INCLUSIVE PARK PROGRAMS

IRVSRA recognizes that every individual with special needs and abilities does not always require a IRVSRA program. IRVSRA also can provide inclusion assistance with staffing and instructor needs outside of the standard ratio policies for any park program at Pekin and Fon du Lac Park Districts. IRVSRA staff can contact the appropriate Pekin Park or Fon du Lac Park District recreation department staff or you may have the recreation department contact IRVSRA. IRVSRA will work with the program's manager to make reasonable accommodations to assure the participant has a smooth transition if they wish to be integrated into a standard recreation department program.
