## FEATURES

- Foam insulated to prevent heat and nutrition loss.
- Double wall helps in heat retention.
- Toughened Glass Lid.

#### Instructions :

- Precondition the Gourmet Pot by filling it with hot water for several minutes before using it.
- Place the provided roti coaster inside the serve. After cooking, instantly transfer the steamy hot food without delay and close the lid.
- Cover the Gourmet Pot with the Stainless steel lid.
- Keep in mind that repeated opening and closing of the Gourmet Pot will reduce the duration of time that the food stays fresh.

**FREE**

Stainless Steel Coaster

#### **FREEDOM FROM SOGGINESS**

The coaster is uniquely designed to collect the moisture at the bottom of the casserole preventing rotis from getting soggy.
