## 32 Years Celebration our Children and Youth

Inspired by our community leaders and families, the Hawai'i State Legislature and Governor established the first Sunday in October beginning in 1993, as a day to honor and celebrate Hawai'i's precious children and youth. A few years later, a day turned into a month-long celebration!

Mahalo to Hawai'i's families, teachers, mentors, volunteers, and leaders who have contributed to our young people's growth and set a strong foundation upon which our young people are in the fabric of what makes us truly Hawai'i.

In 2011, the Children and Youth Day organizers asked PAF to take on the role as fiscal sponsor to help oversee the financial management of Hawai'i's largest Children & Youth event in Hawai'i.

Pacific American Foundation (PAF), established in 1993 has had the honor of helping to improve the lives of Pacific Americans in Hawaii with a specific emphasis on children and youth. Their educational initiatives including career planning and stewardship practices have centered on the cultural and natural resources of our communities as "re-discovered assets" for learning outside the traditional school environment. The restoration of Waikalua Loko I'a has become the "piko" of their community programs that exemplifies the Aloha in all of us.

Since 1993, Hawai'i CYD has been largely a volunteer effort that has grown every year. Kama'aina Kids, a long-time participant and very successful statewide youth serving organization, was asked to also lend their management expertise. They currently are one of the largest private childcare provider serving keiki ages 6 weeks to 11 years old. In 2014, Kama'aina Kids assumed a more active and critical role in organizing and sustaining the growth and popularity of honoring Hawai'i's children and youth by becoming our event administrator.

PAF and Kama'aina Kids are very proud to be a part of this great community event celebrating 32 years! Ho'omau!

On behalf of all that continue to serve, we thank all of the Hawai'i CYD Ohana for the opportunity to participate and share our aloha with the many thousands of volunteers that give of their time and resources to make this one of the largest and most successful events focused on children and youth in the country!

Me Ka Ha'aha'a,  
Susie Chun Oakland, CYD Chair

## **22. IT'S ALL ABOUT FUN**

Remember, this is the kick-off event for Children and Youth Month every year in Hawaii. It is a time to celebrate our young people and all the positive and inspirational things that they are doing at home, in their schools and in the broader community. It is a time to learn about what resources are available to children, teens and their families that support, cares for and nurtures our young people to grow into strong, healthy, caring adults who contribute wonderfully to the future of Hawaii and the world.

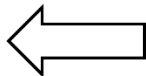

Please put thought into the messages and interactive activities you create for this event, and integrate the CYD theme, "Ola Kino Maikai – Total Well Being" into the activities you provide for the keiki and their families. Make it fun and educational. The interactive activity can have a lifelong impact on all who attend. Most of all have fun doing this. Bring your family and friends and make sure they have fun too.

# "Honor Our Children" Theme Song

Hawaii is the land of Aloha  
The sun, the sea, the rainbows in the sky  
And everyplace you see, is peace and harmony Our children are the apple of our eye

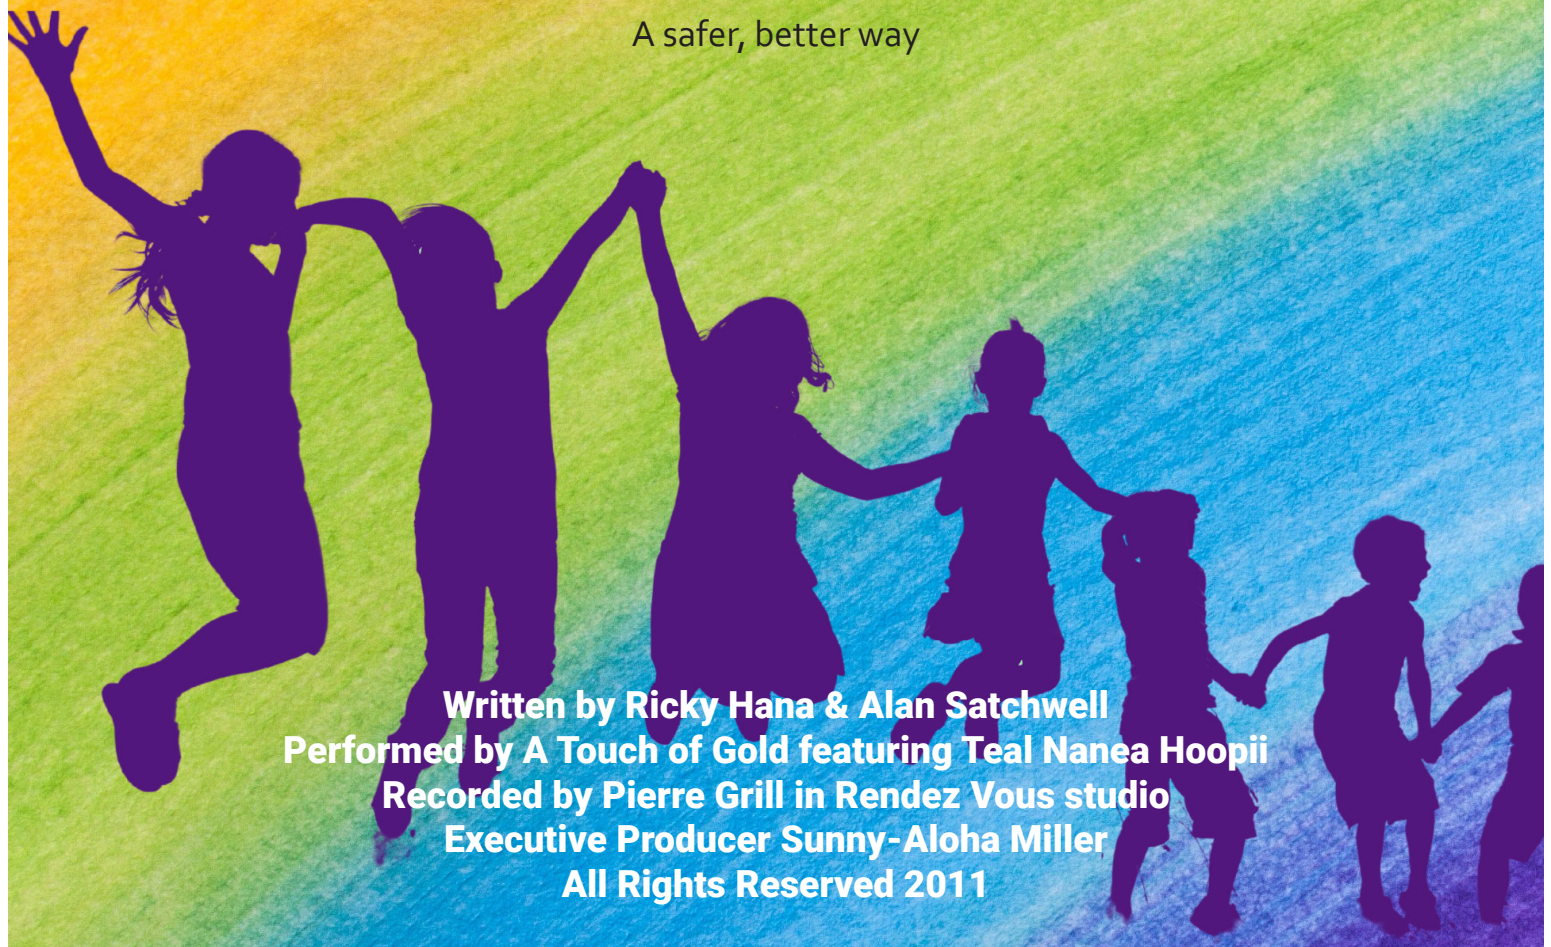

We Honor Our Children, We Honor Our Children We celebrate their future here today We  
honor our children, because we believe  
Our children show the way

Peace and Harmony, Peace and Harmony Our children hold the key!

We honor them and pledge to protect them  
In our cities and our schools and at home  
We'll always lend a hand, and even take a stand  
And give them what they need to be strong

We Honor our Children, We Honor Our Children We celebrate our future here today We  
honor our children, because we believe  
As children grow, they come to know

A safer, better way
