L-Isoleucine	1250 mg	†
L-Valine	1250 mg	†
Electrolye Blend	550 mg	†
Sodium Chloride, Potassium Citrate, Magnesium Citrate, Calcium, Carbonate.		

**Percent Daily Values are based upon a 2,000 calorie diet.

† Daily Value not Established

OTHER INGREDIENTS: Inulin (Chicory Root), Natural Flavors, Malic Acid, Sucralose, Citric Acid, Silicon Dioxide.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, cure, or prevent any disease.

WARNING: If you have any health conditions, are pregnant, breastfeeding, or taking medications, ask a physician prior to use. Phenylketonurics: Contains Phenylalanine. No Aspartame. KEEP OUT OF REACH OF SMALL CHILDREN.

HOUSE BRAND EAA+BCAA is a complete formula that's crucial to lean muscle maintenance and for helping reduce muscle protein breakdown.

RECOMMENDED USAGE AND DIRECTIONS:

Mix one scoop in 6-8 oz with water. Shake well and let powder dissolve. Best taken PRE, INTRA, POST, and or BETWEEN meals. This product may be taken on days off for additional amino acid intake and recovery support.

BUILDS MUSCLE.

BOOST ENERGY.

REDUCES FATIGUE.

HELPS WITH MUSCLE SORENESS.

Why EAA's?

Essential amino acids can not be produced by our body. Therefore, it is essential to obtain them from your diet and the foods you eat or from supplements.

Why BCAA's?

Branched chain amino acids are essential nutrients to help support muscle metabolism and are important for building muscle tissue protein.

OTHER INGREDIENTS: Inulin (Chicory Root), Natural Flavors, Calcium Silicate, Citric Acid, Sucralose, Malic Acid.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, cure, or prevent any disease.

WARNING: THIS PRODUCT IS ONLY INTENDED FOR HEALTHY ADULTS, 18 YEARS OF AGE OR OLDER. KEEP OUT OF REACH OF CHILDREN. This product contains 250mg of CAFFEINE per serving (equivalent to 2½ cups of coffee) and should not be used in combination with any other stimulants, including caffeine from other sources. Do not exceed 1 serving every 24 hours. Consult your physician before using this product if you are taking any prescription or over-the-counter medications or supplements. Do not use this product if you are pregnant or nursing. Do not use this product if you are at risk of, or being treated for any medical condition(s). Discontinue use and consult your healthcare professional if you experience any adverse reaction to this product.

HOUSE BRAND ADVANCED PRE-WORKOUT has a mix of premium ingredients that will help support energy, vascularity, endurance, mental clarity, and hydration!

DIRECTIONS:

Mix 1 scoop in 6-8 oz of water and consume 20-30 minutes before training or activity. To assess tolerance, start with ½ serving. Some individuals may experience a harmless tingling sensation, which is attributed to beta-alanine. Use only as directed.

- INCREASED ENERGY.
- LASER FOCUS.
- BETTER BLOOD FLOW.
- FASTER RECOVERY TIME.

Why Pre-workout?

Pre-workout is one of the many supplements that can help enhance athletic performance. Pre-workout is generally used before your exercise or sport activity. This is done to achieve better energy levels while improving strength and endurance.

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, cure, or prevent any disease.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction. Produced in a facility that may also produce products that may contain Wheat.

INGREDIENTS: Whey Protein Concentrate, Natural Flavors, Xanthan Gum, Salt, and Sucralose.

Contains Milk.

Manufactured in a facility that processes Milk, Soy, Eggs, Nuts and Wheat.

ALLERGEN: Contains Dairy & Soy.

DIRECTIONS: Mix or shake 1 scoop with 6-8 oz of water, milk, or your favorite beverage. Can also be added to other foods and taken throughout the day to meet protein needs.

WHY WHEY?

Whey protein is a mixture of proteins created as a by-product of cheese production. Whey protein may improve the nutrient content of the diet and also have effects on the immune system.

Total Carbohydrate		300g	375g
Dietary Fiber		25g	30g

Calories per gram:
Fat 9 • Carbohydrate 4 • Protein 4

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, cure, or prevent any disease.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction. Produced in a facility that may also produce products that may contain Wheat.

LOW IN FAT AND **ZERO CARBS.**
 EASILY DIGESTED.
 IMPROVES MUSCLE MASS AND TISSUE REPAIR.
 CONTAINS ALL YOUR ESSENTIAL AMINO ACIDS.

INGREDIENTS: Whey Protein Isolate 90%
ALLERGEN: Contains Dairy & Soy.

DIRECTIONS: Mix or shake 1 scoop with 6-8 oz of water, milk, or your favorite beverage. Can also be added to other foods and taken throughout the day to meet protein needs without changing the flavor.

WHY ISOLATE?
 Whey isolate undergoes different processing than whey concentrate, which results in the isolate containing more protein with less carbs and fat per serving. However, these nutritional differences are very small, and there is not enough strong support for different effects on these two types of whey protein.

DIRECTIONS: Mix one heaping scoop with 4-6oz of water, milk, or your favorite beverage. Vary the amount of liquid for taste preference.

WHY VEGAN PROTEIN?

Vegan protein options provide more clean alternatives to whey that can help your system beyond the phase of building muscle. They're much better for your digestive health than whey protein and can boost your cardiovascular health. With healthy doses of fiber, they can also boost fat burning.

DIRECTIONS: Mix one heaping scoop with 4-6oz of water, milk, or your favorite beverage. Vary the amount of liquid for taste preference.

WHY VEGAN PROTEIN?

Vegan protein options provide more clean alternatives to whey that can help your system beyond the phase of building muscle. They're much better for your digestive health than whey protein and can boost your cardiovascular health. With healthy doses of fiber, they can also boost fat burning.

* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

NOTHING FISHY ABOUT IT!

- NO ADDITIVES OR PRESERVATIVES.
- 91% MARINE ISOLATE PROTEIN.
- 100% WILD-CAUGHT FISH.
- LONG SHELF LIFE.
- NON-HYGROSCOPIC.

DIRECTIONS: Add 1 serving of Marine Protein Isolate to your favorite meal, or sprinkle on soup, salad or any food to fortify. Can be used as a spice to add savory flavor to any dish. Also, can be used for any of your baking needs.

WHY FISH PROTEIN?
Fish Protein Isolate is high in quality and a complete food-grade, wild caught, and certified sustainable ocean fish (Pacific Whiting) that are exclusively sourced from pristine Pacific Ocean Waters. The complete amino acid profile of this protein is enhanced by the presence of naturally occurring minerals and marine collagen, which can also help optimize a human body's collagen potential.
