S tronic®

Your digital stage.

The 11.9" virtual cockpit integrates seamlessly with the 14.5" MMI display, creating a panoramic digital stage that features an optimized visual layout for added ease of use.

LED headlights.

LED headlights come standard, with available daytime running light signature. Also available are the Matrix design LED headlights and DRL light signature package.

European model shown. Specifications may vary.

S sport suspension.

Available S sport suspension lowers ride height by 20 mm offering a sportier look and more dynamic ride.

Panoramic glass roof.

The standard panoramic glass roof on the A5 can be imbued with available variable light control shading technology, allowing you to adjust the shade level to your preference.

Dashcam.

The available forward facing camera captures footage in 4K at 30fps. Videos can be captured automatically based on smart recording logic with data stored locally on a microSD card.

Bang & Olufsen®.

Feel like you're there with the available 810-watt Bang & Olufsen Premium sound system with 3D Sound via 20 strategically placed speakers, including 4 integrated into the front seat headrests. Now included in the Warm weather packages.
