The first day gathering cows with her we spent hours going up and down hills and going through thick brush and she still had gas in her tank at the end of it. This mare would be great for someone needing a horse that can work long hours or for an endurance rider. Under different circumstances this would be a horse I would be keeping in my string. Red Roan & Trail Ridden

ONLINE SESSION - PONDEROSA - 2017 GRADE Red Roan Mare. Ponderosa is a 14.1hh mare who has been primarily used for trail riding. She is easy going and has had different riders with different levels of experience on her and she has taken care of them. But, with less than a year of riding time on her I would still consider her green. She has a good mind on her and was able to sit for a few days and still remembered her training where we left off. She will be a good horse for someone wanting a casual trail horse or she has the brains to learn a new discipline. Ponderosa has a scar on her left front ankle. VIDEO: Contact Seller. Cattle & Trails

ONLINE SESSION - PENELOPE - 2017 GRADE Sorrel Pinto Mare. Penelope is a 14hh mare that has a lot of grit and go to her. I've gathered cattle with her, ridden on trails, and started getting her used to roping by roping sheep. The first day gathering cows with her we spent hours going up and down hills and going through thick brush and she still had gas in her tank at the end of it. This mare would be great for someone needing a horse that can work long hours or for an endurance rider. Under different circumstances this would be a horse I would be keeping in my string. Penelope has a scar on her left ear. I suggest this horse go to a more experienced rider who has the time to ride her. VIDEO: Contact Seller. FMI: 541-530-2555. Coggins. SO20

Fancy Black Gelding

ONLINE SESSION - FADE TO BLACK GUNS - 2020 AQHA Black Gelding x Elans Tommy Gun x Elans Gun out of Arapahoe Flying Leo x Beau Bar Dividend. 15.1 hands 1200 pounds. Elan is a well-made gelding. I have had him since he was a 2 yr old and he has been one of my main using horses here on the Pitchfork Ranch outside of Meeteetse, Wyoming. He has drug a thousand calves to the branding fire, both in head and heel brandings as well as heel and drag brandings. He has been packed on elk hunts as a 4 year old and spent the summer of 2025 with me up in cow camp on the forest permit. We have roped and doctored yearlings and cows. He is sure footed, heavy boned, and conformationally correct. He is tough and will go all day. He rides out very well alone and is not horse sour or barn sour in any way. He is correct in his circles, leads, transitions and soft in the face and body with a pretty nice stop and turn around. Big enough to be your next head horse, ranch horse, or hunting and trail horse. He is not for a beginner but would suit a competent rider as he can be a little watchy on the ground. He is very good to shoe. Loads, ties, and hauls well and is easy to catch out in big pastures with a little grain. Elan has never been to a sale or traded around and has been with me since I started him. Red Dun Broodmare!!

BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - CROWN B BUGGEDOUTLEO - 2018 AQHA Red Dun Mare x Shwne Bug Leo x Shawne Bug out of Ambers Highlight x Numero Uno Blue Man. Blush is a finished barrel horse and started as a rope horse. Unfortunately, Blush had a traumatic shoulder injury as a yearling, and due to that, she's been unable to stay competitive for longer periods of time due to the muscle damage. I decided to retire Blush to the broodmare pen. She's in foal to Famous Sniper for an early July, 2026 foal. She could potentially go back to being ridden after she foals, but I'm not selling her as riding sound due to the shoulder injury. She is youth suitable. Blush is sired by Shawne Bug Leo, who had an injury preventing him from having a racing career. He since has gone on to sire progeny who have had great success at futurities, derbies, open races and rodeos, including NFR Qualifiers, with earnings of over \$1.7 million. Blush's dam, Ambers Highlight, was a really nice ranch and rope horse. She's had nice babies, and her oldest is clocking in the 1D. She is sired by Numero Uno Blue Man, by JCross Blue Moon, who has AQHA points in heading and was a finished ranch and rope horse. His dam, Uno Bar Girl, was a granddaughter of Zan Parr Bar (AQHA Performance ROM, Superior in Steer Roping, AQHA Hall of Fame Inductee). Blush is bred to Famous Sniper (Dash Ta Fame/Oklahoma Fuel) for 2026 (Due June 26-July 22, 2026). Live foal guarantee, will honor a rebred if foal fails to stand and suck. Owner responsible for chute/shipping fees but not stud fee. VIDEO: Contact Seller. FMI: 406-599-8420. Coggins. SOD3

He's spent lots of time on our summer mountain permit gathering and herding cattle. He's roped and doctored calves, dragged calves to the fire, sorted cattle in the alleyways and pens, and has been used to break colts. He's started on the sled and has plenty of experience roping outside cattle. Elmer is tough, sure-footed, and will go over water, logs, or rough country without a problem. He can get a little spooky sometimes, but he has never bucked or pulled any funny business. He has a small scar on his right hind hock, but it's only cosmetic and doesn't affect his movement or soundness. Elmer doesn't need a job to be happy—he's just as good on a trail ride as he is working cattle, and he'll do whatever you ask. He's a handy, honest horse that knows what a day's work is. He's started on the sled and has plenty of experience roping outside cattle. Elmer is tough, sure-footed, and will go over water, logs, or rough country without a problem. He can get a little spooky sometimes, but he has never bucked or pulled any funny business. He has a small scar on his right hind hock, but it's only cosmetic and doesn't affect his movement or soundness. Elmer doesn't need a job to be happy—he's just as good on a trail ride as he is working cattle, and he'll do whatever you ask. He's a handy, honest horse that knows what a day's work is. BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - CROWN B BUGGEDOUTLEO - 2018 AQHA Red Dun Mare x Shwne Bug Leo x Shawne Bug out of Ambers Highlight x Numero Uno Blue Man. Blush is a finished barrel horse and started as a rope horse. Unfortunately, Blush had a traumatic shoulder injury as a yearling, and due to that, she's been unable to stay competitive for longer periods of time due to the muscle damage. I decided to retire Blush to the broodmare pen. She's in foal to Famous Sniper for an early July, 2026 foal. She could potentially go back to being ridden after she foals, but I'm not selling her as riding sound due to the shoulder injury. She is youth suitable. Blush is sired by Shawne Bug Leo, who had an injury preventing him from having a racing career. He since has gone on to sire progeny who have had great success at futurities, derbies, open races and rodeos, including NFR Qualifiers, with earnings of over \$1.7 million. BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - FROSTY LEADER - 2013 AQHA Black Mare x Confederate Leader x Special Leader out of PC Kimber Frost x Sun Frost. Frosty had a promising career in the barrel pen before going to the broodmare pen. She has several nice prospects on the ground, including a 3 year old by Fiestas Gotta Gun. Frosty sells open. She does have a cyst, which I can show records to interested buyers along with the vets notes. He did not feel that the reason she is open this year is due to the cyst. I purchased her and was told ICSI had been done on her. My understanding was the ICSI had been done last year, but it was done right before I purchased her. The vet believes that the combination of ICSI and then trying to breed her in the heat of the summer is the reason she didn't take. She was broke to ride and was started on the barrel pattern, but I'm selling her as broodmare sound only, due to not knowing her riding history, if she has any prior injuries or any quirks. She sells with a half off breeding to any of my stallions, if so desired. Frosty is sired by Confederate Leader, a BFA World Champion barrel horse, with progeny earnings of over \$3.3 million. He was sired by Special Leader (SI-103 LTE \$292,605, progeny earnings \$12.9+ million). Confederate Leader's dam was Southern Streaker (SI-93 LTE \$103,690). She was sired by Some Kinda Man (Track Record Holder, SI-105 LTE \$94,798 PE \$2.1+ million). Frosty's dam, PC Kimber Frost, was sired by Sun Frost, who produced get with earnings of over \$2 million in barrel racing and the NCHA. Frosty Leader SELLS!!

BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - FROSTY LEADER - 2013 AQHA Black Mare x Confederate Leader x Special Leader out of PC Kimber Frost x Sun Frost. Frosty had a promising career in the barrel pen before going to the broodmare pen. She has several nice prospects on the ground, including a 3 year old by Fiestas Gotta Gun. Frosty sells open. She does have a cyst, which I can show records to interested buyers along with the vets notes. He did not feel that the reason she is open this year is due to the cyst. I purchased her and was told ICSI had been done on her. My understanding was the ICSI had been done last year, but it was done right before I purchased her. The vet believes that the combination of ICSI and then trying to breed her in the heat of the summer is the reason she didn't take. She was broke to ride and was started on the barrel pattern, but I'm selling her as broodmare sound only, due to not knowing her riding history, if she has any prior injuries or any quirks. She sells with a half off breeding to any of my stallions, if so desired. Frosty is sired by Confederate Leader, a BFA World Champion barrel horse, with progeny earnings of over \$3.3 million. He was sired by Special Leader (SI-103 LTE \$292,605, progeny earnings \$12.9+ million). Confederate Leader's dam was Southern Streaker (SI-93 LTE \$103,690). She was sired by Some Kinda Man (Track Record Holder, SI-105 LTE \$94,798 PE \$2.1+ million). Frosty's dam, PC Kimber Frost, was sired by Sun Frost, who produced get with earnings of over \$2 million in barrel racing and the NCHA. He produced NFR Qualifiers French Flash Hawk (4X WPRA World Champion Barrel Horse, 5X WNFR Average Winner and winner of major rodeos such as Houston, Cheyenne, Calgary and more) & PC Frenchmans Hayday (WNFR money-earner, pro rodeo winner in barrels and heeling). Friendly and Easy Going Gelding!!

BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION -CHEX MY EFFORT - 2023 AQHA Palomino Gelding x The Great White Hope x Nu Chex To Cash out of Dashy Queen x Royalty First. Nugget is a super nice young gelding. We purchased him this spring from a neighbor who was forced to sell her last 3 horses only due to her health. She had purchased Nugget as a weanling from the breeder. She has handled him extensively, done all of the ground work since then and she started him riding. She did an excellent job with him and he has such a great foundation. We turned him out to pasture for the past 3 months. He is friendly and easy to catch, we just went out jumped on him bareback and rode him back to the barn. Nugget has a super easy going, laid back disposition and has so much potential to go any direction you'd like. We have trail rode him in the mountains, gathered cattle and have him going over the trail obstacles. He is also coming along very nicely with his area work. Nugget is correct made, well balanced, cute headed with a kind, soft eye. PPEs welcome. VIDEO: Contact Seller. FMI: 307-250-0900. Coggins. SOD13

In Foal to Canyon Cat LACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - UNIQUELYCATTY - 2017 AQHA Sorrel Mare x Dualing Freckles x Freckles Playboy out of Unique Cat x High Brow Cat. Jocee is bred to Mr Canyon Cat, a Homozygous Red Roan son of Metallic Cat for an April 2026 foal. The foal will carry Freckles Playboy, Metallic Cat, and double bred High Brow Cat ON THE PAPERS. Her 2025 red roan filly by Mr Canyon Cat will also be in the sale. UniquelyCatty has had 60 days of cutting training and 30 days of reining training as a 2 year old. After that was started on the barrels as well as roping on the heel side, then finished as a ranch horse. We have owned her for 3 years and she has given us two foals and is bred back for a third. This mare is very BROKE. Rides off leg pressure, side passes, neck reins etc. Has pretty well been turned out for the last 3 years raising babies for us and you can throw a saddle on her and use her to gather cows or go for a ride and not have issues. Use her for a ride horse or a broodmare—or both—because she is proven at both. She does have a scar on her chest and also one on her lower hind quarter from long ago. She came to us that way and they do not bother her at all. Only reason she is offered to the public is because we have some upgrades to make at the ranch that will require some dinero. ONLINE SESSION - BERETTA - 2010 GRADE Bay Welsh Pony Mare. Beretta has been officially measured at 46.75", she is a mare that just loves to go and a hard days work. She has been used on cows and seemed to en-

joy doing something different. She went after them with no issues and didn't back down at all. She rides out alone and with other horses with no issues. Leave from the house or load her in the trailer and take her out, nothing has phased this mare, she takes everything in stride. Out on the trail she has no problem crossing down fall, creeks, or bridges and isn't afraid to make her own trail. Beretta will walk out in front on the trail, follow in the middle or stay in the back with no issues. She ponies other horses as well as herself easily, following right behind her companion with ease. This mare can keep up with the big horses ALL DAY, she can easily trot 12 miles and still have enough energy to keep going. Beretta has a great form when jumping and would be an ideal horse for endurance, Hunter, jumping or anything that involves an intense work day. She will jump up on and off 2'-3' cliffs, crosses logs that are higher than her belly with ease and has a BIG motor. Beretta is starting to neck rein but can be a little sticky when turning sometimes - she is getting better and we are continuing to work on it - she has a nice stop and will move off of leg pressure with ease. She pivots on her hind and fore quarters but we haven't gotten the side-pass down yet. She is good for the farrier, will stand tied quietly all day, is usually easy to catch but has her days - we're working on this as well - and stands quietly to be groomed, saddled and bridled. I believe she would be a great step up pony for a confident kid that wants to get out and cover some ground. BLACK TYPE EXTENDED PEDIGREE ~ ONLINE SESSION - UNIQUELYCATTY - 2017 AQHA Sorrel Mare x Dualing Freckles x Freckles Playboy out of Unique Cat x High Brow Cat. Jocee is bred to Mr Canyon Cat, a Homozygous Red Roan son of Metallic Cat for an April 2026 foal. The foal will carry Freckles Playboy, Metallic Cat, and double bred High Brow Cat ON THE PAPERS. Her 2025 red roan filly by Mr Canyon Cat will also be in the sale. UniquelyCatty has had 60 days of cutting training and 30 days of reining training as a 2 year old. After that was started on the barrels as well as roping on the heel side, then finished as a ranch horse. We have owned her for 3 years and she has given us two foals and is bred back for a third. This mare is very BROKE. Rides off leg pressure, side passes, neck reins etc. Has pretty well been turned out for the last 3 years raising babies for us and you can throw a saddle on her and use her to gather cows or go for a ride and not have issues. Use her for a ride horse or a broodmare—or both—because she is proven at both. She does have a scar on her chest and also one on her lower hind quarter from long ago. She came to us that way and they do not bother her at all. Only reason she is offered to the public is because we have some upgrades to make at the ranch that will require some dinero. Baretta SELLS!

ONLINE SESSION - BERETTA - 2010 GRADE Bay Welsh Pony Mare. Beretta has been officially measured at 46.75", she is a mare that just loves to go and a hard days work. She has been used on cows and seemed to enjoy doing something different. She went after them with no issues and didn't back down at all. She rides out alone and with other horses with no issues. Leave from the house or load her in the trailer and take her out, nothing has phased this mare, she takes everything in stride. Out on the trail she has no problem crossing down fall, creeks, or bridges and isn't afraid to make her own trail. Beretta will walk out in front on the trail, follow in the middle or stay in the back with no issues. She ponies other horses as well as herself easily, following right behind her companion with ease. This mare can keep up with the big horses ALL DAY, she can easily trot 12 miles and still have enough energy to keep going. Beretta has a great form when jumping and would be an ideal horse for endurance, Hunter, jumping or anything that involves an intense work day. She will jump up on and off 2'-3' cliffs, crosses logs that are higher than her belly with ease and has a BIG motor. Beretta is starting to neck rein but can be a little sticky when turning sometimes - she is getting better and we are continuing to work on it - she has a nice stop and will move off of leg pressure with ease. She pivots on her hind and fore quarters but we haven't gotten the side-pass down yet. She is good for the farrier, will stand tied quietly all day, is usually easy to catch but has her days - we're working on this as well - and stands quietly to be groomed, saddled and bridled. I believe she would be a great step up pony for a confident kid that wants to get out and cover some ground.
