**UK-BASED
OFFICE FURNITURE
MANUFACTURER**

with 38 years of experience

Crafting design-led workplace furniture with sustainability and innovation in mind.

With nearly four decades of experience, we're passionate about what we do and strive to create high-quality and reliable products with a conscience.

At the heart of our company lies a deep commitment to ***help the next person***, which is reflected in our four guiding principles.

PRODUCT	APPROACH	CUSTOMER	TEAM
Excellence	Flow	Customer-Focused	Positive Culture
Adaptability	Continuous Improvement	Simplicity	Total Ownership
Sustainability	Visual Management	Flexibility	Respect for People

We're family run
AND TRUSTED

MORE THAN JUST A FURNITURE MANUFACTURER

At Hawk we have been crafting British-made office furniture since 1988. We pride ourselves on being so much more than a furniture manufacturer, with our customers purchasing not only design-led office furniture from us, but also quality, reliability and peace of mind.

British-made

Our products are designed in-house and made at our facility on site in East Yorkshire. Woodwork, metal fabrication and even powder-coating is carried out on site with all raw materials sourced as locally as possible.

Flexible

Efficient design and manufacturing processes mean that Hawk have the flexibility to offer a bespoke service. Our design team can create products based off architect's drawings, images or even hand-drawn sketches.

Sustainable

We're powered by solar energy and we use our waste board to heat our factory. As part of our pledge for a sustainable future we manufacture our screens from waste board, saving huge amounts of energy.

Design-led

Product development is at the forefront of our brand and we have a dedicated team developing the latest trends for our office furniture. Our primary focus is to create designer furniture pieces without the price tag.

Built to last

As part of the Hawk pledge to our customers, we want to bring quality products to market, and we work hard to develop staple pieces which will last for years to come.

Competitive

Having complete control over the design and manufacturing process allows us to keep our margins down, and prices affordable to you.

Reliable

As a family run business, we care about the products we make and this is reflected in the quality of our furniture. We take the hassle out of buying office furniture. Simply choose your designs and let us do the rest.

Quality service

At Hawk Furniture we are passionate about providing true quality service to our customers. We make to order within 2-3 weeks and deliver using our own vehicles with our own drivers who are experts in handling our products.

OUR ENVIRONMENTAL COMMITMENT

RESPONSIBLE MANUFACTURING

Our selection of raw materials and our manufacturing processes are under constant review to ensure we continue to operate in an environmentally responsible manner, including the use of recycled materials where possible. We endeavour to only source products from FSC® certified suppliers. FSC® Certified timber products are available on request. (License Holder FSC® C199861).

The mark of
responsible forestry

Reduce

We endeavour to source our raw materials locally to keep our carbon footprint low. Our factory roof is fitted with solar panels, supplying over 50% of our power needs. Since 2022 our solar power system has logged a reduction in CO2 of 285t, an equivalent of planting 158 trees.

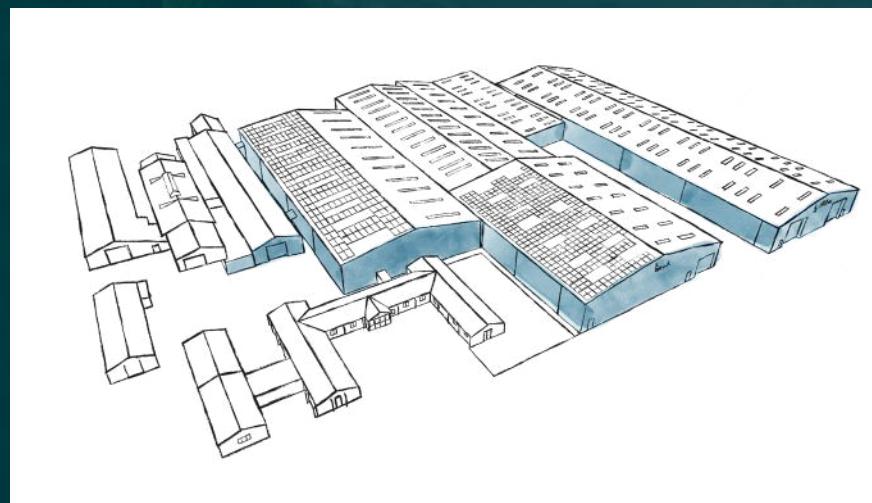

Reuse

Waste board is utilised to power our cutting-edge biomass burner, while larger off-cuts are repurposed to make our budget-friendly screens. We also inspect everything returned to see whether any parts can be reused in local schools, given to charity or remanufactured ourselves.

Recycle

Hawk has 100% commitment to recycling in varying forms. All cardboard, plastic and waste materials are either re-used or bailed and collected by reputable recycling companies. It is our policy to recycle all materials throughout all stages of the manufacturing process and beyond.

“A true British manufacturer – fabricating all metal and wood work on site in the heart of East Yorkshire. ,”

Above: A drawing of our 10 acre site, currently under construction as we move towards further expanding our factory space and corporate offices.

*Proud to be
British*

A large proportion of our products are manufactured at our site in the heart of East Yorkshire.

Woodwork, metal fabrication and even powder-coating is carried out on site, with all raw materials sourced from local suppliers. This helps reduce our carbon footprint, reduce our dependency on third parties and provide a more reliable, ethical product – flying the flag for British manufacturing.

OUR HISTORY

In operation since 1988

Hawk Furniture began its journey in 1988, operating from a single section of a disused WWII building on a former airfield in East Yorkshire. Since then, we have grown into a proud family-owned and operated business, expanding our nationwide customer base and trusted dealer network year after year.

Today, our ISO-accredited facility, located in the heart of East Yorkshire, produces 95% of our products in-house. By keeping outsourcing to a minimum and continually investing in state-of-the-art machinery, we are able to drive innovation and lead the market with new products and trends.

Our 10-acre site, which now includes over 125,000 sq. ft. of factory space, is home to a skilled and dedicated workforce committed to delivering the quality and reliability Hawk Furniture is known for.

Above: One of the original founders Glen Lincoln in 1988 with our first delivery wagon

Above: An aerial photograph of our site in 1988

Above: A new 32,000sq ft extension is built in 2020 to house all aspects of production under one roof

As a company we hold ourselves to exceptionally high standards, and our meticulous attention to detail is something we take genuine pride in.

Every piece of furniture we create reflects our commitment to quality, which is why we stand behind our products with a guarantee of either 5 or 10 years.

As specialists in MFC manufacturing, we have the expertise and flexibility to deliver exactly what your space requires - whether that's a single, custom-built piece or an entire building fit-out.

Our collections cover a wide spectrum of styles and budgets, ensuring there's a solution for every project. Beyond our

extensive selection of contemporary office furniture, we also design and supply ranges tailored to the needs of educational environments, hospitality and student accommodation, bringing the same level of durability, functionality and design-led thinking to each sector we serve.

BENCH DESKING COLLECTION

PORTA

EASY BUILD

Porta can be assembled by one person in minutes due to its keyhole slot-together frame.

RETURNS

All desks of 1400mm+ are drilled to allow returns. A cost-effective way to add space to your work area.

SCALLOPED TOPS

Perfect for routing cables and mounting monitor arms whilst allowing for dividing partitions if needed.

EVOLUTION SCREEN WITH FORCE BENCH IN ANTHRACITE AND OLIVE GREY

The inside of our screens are made from off-cuts of our waste board. Not only does this help keep our costs competitive but reduces waste and lowers our carbon footprint.

When specifying screens for your workplace, whether you're seeking a small affordable screen or a larger premium divider, we offer a comprehensive range of products tailored to meet every requirement.

Solid European Oak legs in natural finish as standard. Also available stained black, please suffix code B
All two-piece tables will be supplied with two tops and one leg frame (with central support leg)

*Standard two-pieces. Grain on two-piece tables may not line up.

Can be fitted with brush strip cable access modules (if specified at time of order)

BOARDROOM INLAYS

- Denotes table can be supplied with 1 x 800W x 200D inlay
- Denotes table can be supplied with 2 x 800W x 200D inlays

Please suffix code with /I
See page 137 for more information

CUT-OUTS FOR POWER MODULES

Should you require these tables with power modules in, please add £77 to the prices shown. Additional cost is per table - not per cut-out. As power modules come in a variety of sizes, these tables must be drawn and a special code will be given so **please do not order using the standard code.**

CUT-OUT POSITIONING

Position of cut-outs are shown in diagram.

The following Boardroom table ranges will be supplied with double modesty panel if ordered with an inlay: Giorgio, Giorgio Wire Managed, Roma Lorenzo & Panel End.

Default cut-out position on a 1 top boardroom table

Default cut-out position on a 2 top boardroom table

Applicable on the following ranges:
Maya, Apex, Gianni, Force & Arrowhead

MFC Finishes	Band 1 (BE) Beech (CA) Classic Ash (LO) Light Oak (MO) Modern Oak (MA) Maple (PG) Plain Grey (SE) Swiss Elm (VO) Verade Oak (WH) White
	Band 2 (AN) Anthracite (BK) Black (CO) Concrete (GO) Grey Oak (WO) White Oak (DW) Dijon Walnut

Choice of Oval, D-End or Boat-Shaped. Please replace _ in code with top shape letter.
2800mm, 3000mm, 3200mm and 3400mm tables will be supplied with two tops, one leg frame and two supporting bars. 3600-4000mm tables will be supplied with two tops, two leg frames and two pairs of fish plates

*Standard two-pieces. Grain on two-piece tables may not line up.

For cable access modules please contact sales office for price as double mod panel is needed

LIFT OUT TILES FOR BOARDROOM TABLES

Code	Price
/1	• £722
/12	•• £1,445

Inlays are 800W x 200D and are supplied with two removable tiles.

Tiles are shaped on ends leaving space for cables to be routed when tiles are placed back in table.

Cost includes tiles AND cable trough. Trough is 1050W, 100H (internal) and is a three-sided box with cable ports in the base and open at the ends.

HOW TO ORDER

Suffix boardroom table code with /1 and add £722 if table has one inlay (shown in the table with just one '•'), or 2x £722 (£1,445) if table has two inlays (shown in the table as '••').

eg. **GGRBT4016/I2** total cost £2,345 (table cost band 1) + £1,445 (two inlays) = £3,789

Please note - while every attempt is made to line up the grain on inlays to the rest of the table, this is not always possible.

BOARDROOM INLAYS

- Denotes table can be supplied with 1 x 800W x 200D inlay
- Denotes table can be supplied with 2 x 800W x 200D inlays

Please suffix code with /1
[See above](#) for more information

CUT-OUTS FOR POWER MODULES

Should you require these tables with power modules in, please add £77 to the prices shown. Additional cost is per table - not per cut-out. As power modules come in a variety of sizes, these tables must be drawn and a special code will be given so [please do not order using the standard code](#).

CUT-OUT POSITIONING

Position of cut-outs are shown in diagram.

The following Boardroom table ranges will be supplied with double modesty panel if ordered with an inlay: Giorgio, Giorgio Wire Managed, Roma Lorenzo & Panel End.

Default cut-out position on a **1 top** boardroom table

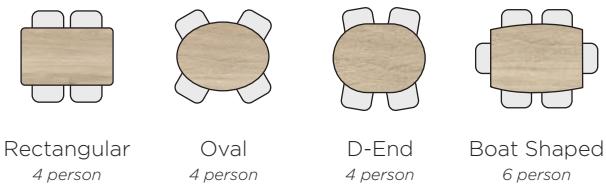

Default cut-out position on a **2 top** boardroom table

RECEPTION COLLECTION

RECEPTION

SLAT RECEPTION IN WHITE AND SLATE

Extend a stylish welcome to your visitors and make their first impressions count. Our versatile reception concept provides all the essentials, from standalone units to comprehensive modular solutions, available in a variety of sizes for a perfect fit.

FULLY MODULAR

Our Modular reception units sit next to each other and simply screw together. Cut-back legs allow for full movement.

Offering both sleek and sophisticated options or something bold and attention-grabbing, the Hawk reception offers a choice built to withstand the test of time.

DDA COMPLIANT

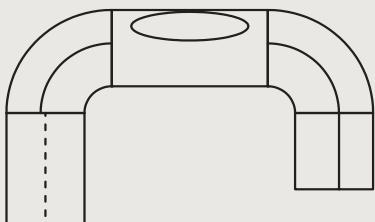

Ensure clients cater for those with DDA requirements, which is an option on Modular reception base units.

LODGE CONNECT POD

Meeting booths create a relaxed, informal setting where teams can come together to connect, brainstorm, and collaborate - without stepping away from the everyday flow of the office.

Available in a variety of sizes and styles, our selection of meeting booths supports everything from quick catch-ups to group discussions, offering inviting, flexible spaces that feel less formal.

IMPORTANT: MFC and Metal Finishes shown here are for illustration purposes only. Please do not try to colour match. If trying to match against existing colours please call and ask for a sample card to be posted. Different coloured metalwork are available, prices provided on application. Furniture that requires bungs (e.g. Solo) will be supplied with black inserts, except Giorgio which has a choice of Black, White, Grey or Silver.

COMBINATIONS

Our finishes are designed to work together, but if you need some inspiration here are our favourite combinations.

Plum + White Oak

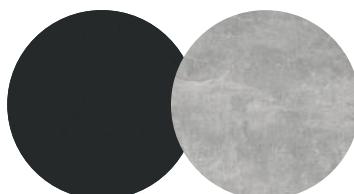

Deep Teal + Verade Oak

Black + Dijon Walnut

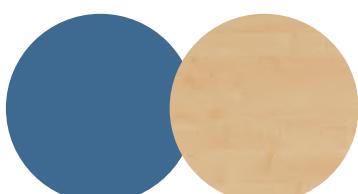

Chestnut + Beech

Black + Concrete

Olive Grey + Halifax Oak

Distant Blue + Maple

Chestnut + Classic Ash

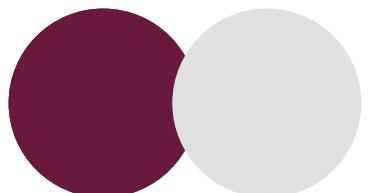

Anodic Bronze + White Oak

Olive Grey + Dijon Walnut

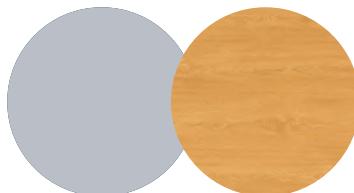

White + Grey Oak

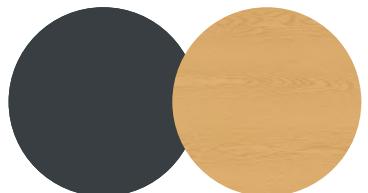

Plum + Plain Grey

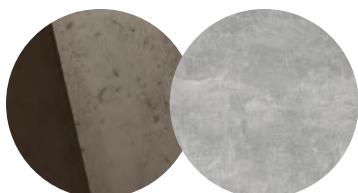

Deep Teal + Swiss Elm

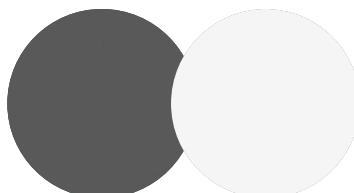

Silver + Light Oak

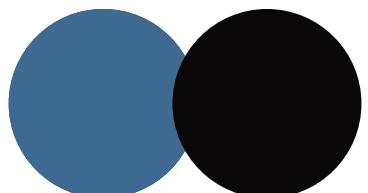

Anthracite + Modern Oak

Clear Lacquer + Concrete

Grey + White

Distant Blue + Black

Tailored to you **BESPOKE FURNITURE**

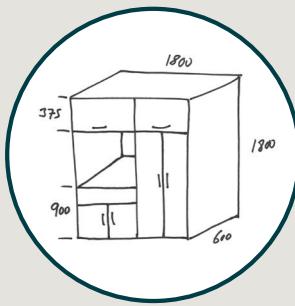

Around 95% of our products are produced in-house, with very little being outsourced to other companies.

This means we are perfectly aligned to create tailor-made and bespoke MFC furniture for projects of all sizes.

Our streamlined process to bringing our customers' ideas to life includes three simple stages – consultation, design and manufacturing. We work closely with our customers to ensure they achieve the desired end result from the very beginning, all we need is a photo or sketch of the vision to get started.

Contact us today to speak with a design specialist.

OUR PROCESS

CONSULTATION

Customers are asked to send plans or a rough sketch of a product that they require.

Alternatively if there is a problem that isn't solveable through standard sized or shaped products, we will offer our guidance and advice on what is possible.

DESIGN

Working from the initial brief, our CAD team will work with the client and model the bespoke product in AutoCAD including the dimensions and a 3D image.

This ensures that the customer receives exactly what is required, with no unexpected surprises.

FINISHED PRODUCT

Once the 3D plans have been signed off and approved by the customer, production gets underway and our in-house programmers develop the product to the specified dimensions.

All bespoke items are delivered assembled (within delivery size restrictions) to make life simple.

SERVICES

TEST CERTIFICATES

Quality and safety are key priorities. Many of our products are independently tested to ensure they meet or exceed industry standards for durability, safety, and performance.

3D LINE DRAWING

This is the next level in office design. Utilising more sophisticated software we can produce a 3D drawing which some customers find easier to visualise.

3D RENDERED DRAWING

Drawings can be coloured and finished to a higher standard if required. This gives a more realistic impression of the proposed end result and is perfect for more formal presentations.

AFTER SALES

Our internal Sales team and Sales Area Managers are on hand to further support our customers in any way possible.

NEARLY 40 YEARS

of exceptional furniture

IN-HOUSE MANUFACTURING

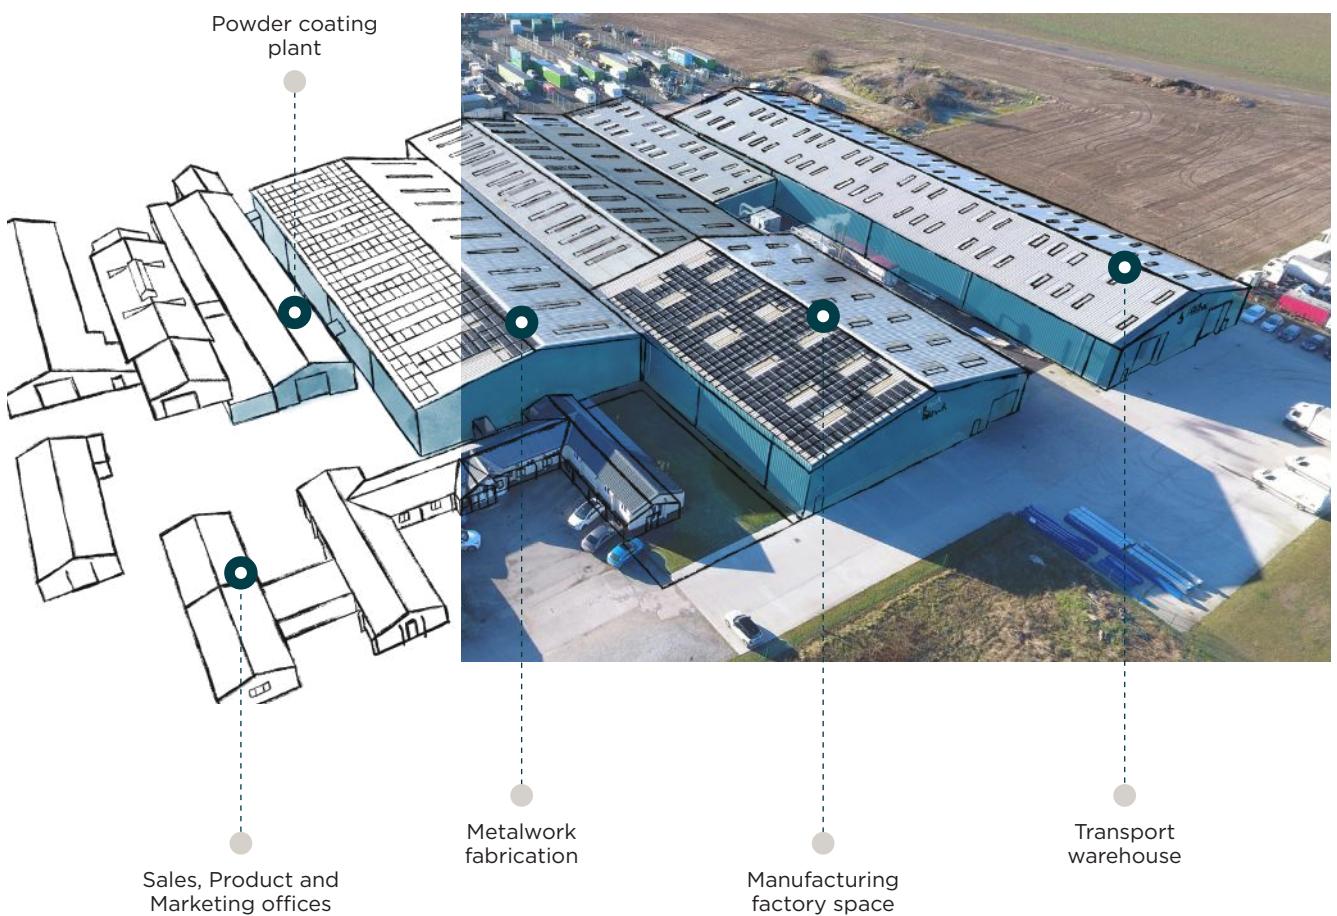

The vast majority of our products are manufactured in-house, meaning we have almost complete control over the manufacturing process. This ensures that the quality of our products and our reliability are never compromised.

LOCALLY-SOURCED MATERIALS

Raw materials are sourced as locally as possible, and this means from Yorkshire - not just within the UK.

SUSTAINABLE & RECYCLABLE

99% of the materials we use are fully-recyclable. We care about what happens to our furniture at the end of its life and we believe this is just as important as what happens at the beginning.

TERMS AND CONDITIONS

All orders are accepted subject to the following terms and conditions.

Definitions

"The Company" means Hawk Furniture Ltd. "The Buyer" means the Account Applicant or person who buys or agrees to buy Goods from the Company.

Lead Times

We make every effort to adhere to our 2-3 week lead time, however on rare occasions large orders may take slightly longer. This will be communicated at the time of order. Lead times are based on timely receipt of all required information, drawings approvals and order confirmations from The Buyer. Bespoke orders and fabric stock availability lead times are 6-8 weeks.

Prices

The price shall be that on The Company's current price list, or if applicable the price contained in the buyer's quotation. Should a product's price change between receipt of order and despatch the buyer will be notified and given the opportunity to cancel the order and receive a full refund. All prices are exclusive of VAT which will be charged at the rate ruling at the time of despatch.

Order Accuracy

The Buyer is responsible for ensuring all specifications, finishes, dimensions, quantities and installation requirements are correct at the point of order. The Company shall not be liable for errors arising from incorrect or incomplete information supplied by The Buyer or their representatives. Any amendments requested after order placement may affect lead times and may incur additional charges.

Drawings and Approvals

Where drawings are issued for approval, manufacture will not commence until written approval is received. Lead times quoted are based on timely approval. Any delays in approval or any changes requested after approval may result in extended lead times and/or additional costs.

Bespoke Products

Any product manufactured to The Buyer's specification - including variations in size, finish, layout or configuration - is considered bespoke and is non-returnable. Once manufacturing has commenced, bespoke orders cannot be cancelled or altered.

Delivery

Whilst every reasonable effort shall be made to adhere to estimated delivery dates, time of delivery

shall not be of the essence and the company shall not be liable for any losses, costs, damages or expenses incurred by the buyer or any person or company arising directly or indirectly out of any failure to meet any estimated delivery date. All deliveries must be signed for and appropriately dated. Notification of any shortages/damages must be made in writing to The Company within 5 working days of receipt of goods.

indicative only and do not guarantee an exact match.

Product Tolerances

All dimensions are subject to standard manufacturing tolerances. The Company shall not be liable for issues arising from site measurements that do not allow for these tolerances.

Payment and Credit Facilities

Accounts in respect of goods supplied are due for payment by the buyer, no later than the last day of the month following month of delivery, unless otherwise agreed by the company. In the event of late payment the company reserves the right at any time and without prior notice to suspend production/despatch of goods to the buyer. Interest will be charged on all overdue accounts at the rate of 3% per month above the Bank of England base rate for the time being in force, calculated from the due date on a daily basis to the date of payment. All credit facilities will cease should it be necessary to commence legal action for the recovery of a debt. We reserve the right to withdraw credit facilities at any time and without prior notice should it be deemed necessary.

Ownership and Risk

Title of the goods shall remain the sole and absolute property of The Company until such time as the buyer has paid in whole for the full amount of the goods. Notwithstanding that the goods remain the property of The Company, the buyer may sell or use the goods in such a manner as to pass to a third party a valid title of the goods and shall hold the proceeds of such sale on trust for The Company. Risk of loss or damage to the goods shall pass to the buyer at time of delivery. In the instance of goods being lost or damaged after delivery where ownership has yet to pass, the buyer will indemnify the company against such loss/damage. Due to our continued development program, we reserve the right to modify or alter designs without prior notice.

Limitation of Liability

The Company shall not be liable for any indirect, consequential or third-party losses, including but not limited to contractor costs, loss of revenue, project delays or penalties. The Company's liability shall be limited to the value of the goods supplied under the relevant order.

Communication

Any instructions, amendments or agreements must be provided in writing. The Company cannot accept responsibility for verbal instructions not confirmed in writing.
