

HAWK™
FURNITURE

2025

**UK-BASED
OFFICE FURNITURE
MANUFACTURER**

*with four decades
of experience*

*Crafting design-led workplace
furniture with sustainability and
innovation in mind.*

With nearly four decades of experience, we're passionate about what we do and strive to create high-quality and reliable products with a conscience.

At the heart of our company lies a deep commitment to *help the next person*, which is reflected in our four guiding principles.

PRODUCT	APPROACH	CUSTOMER	TEAM
Excellence	Flow	Customer-Focused	Positive Culture
Adaptability	Continuous Improvement	Simplicity	Total Ownership
Sustainability	Visual Management	Flexibility	Respect for People

We're family run
AND TRUSTED

MORE THAN JUST A FURNITURE MANUFACTURER

At Hawk we have been crafting British-made office furniture since 1988. We pride ourselves on being so much more than a furniture manufacturer, with our customers purchasing not only design-led office furniture from us, but also quality, reliability and peace of mind.

British-made

Our products are designed in-house and made at our facility on site in East Yorkshire. Woodwork, metal fabrication and even powder-coating is carried out on site with all raw materials sourced as locally as possible.

Flexible

Efficient design and manufacturing processes mean that Hawk have the flexibility to offer a bespoke service. Our design team can create products based off architects drawings, images or even hand-drawn sketches.

Sustainable

We're powered by solar energy and we use our waste board to heat our factory. As part of our pledge for a sustainable future we manufacture our screens from waste board, saving huge amounts of energy.

Design-led

Product development is at the forefront of our brand and we have a dedicated team developing the latest trends for our office furniture. Our primary focus is to create designer furniture pieces without the price tag.

Built to last

As part of the Hawk pledge to our customers, we want to bring quality products to market, and we work hard to develop staple pieces which will last for years to come.

Competitive

Having complete control over the design and manufacturing process allows us to keep our margins down, and prices affordable to you.

Reliable

As a family run business, we care about the products we make and this is reflected in the quality of our furniture. We take the hassle out of buying office furniture. Simply choose your designs and let us do the rest.

Quality service

At Hawk Furniture we are passionate about providing true quality service to our customers. We make to order within 2-3 weeks and deliver using our own vehicles with our own drivers who are experts in handling our products.

OUR ENVIRONMENTAL COMMITMENT

Responsible manufacturing

Our selection of raw materials and our manufacturing processes are under constant review to ensure we continue to operate in an environmentally responsible manner, including the use of recycled materials where possible. We endeavour to only source products from FSC® certified suppliers. FSC® Certified timber products are available on request. (LicenseHolder FSC® C199861).

Further to sourcing sustainable and certified board, we go several steps further to help minimise our carbon footprint. Waste board is used to heat the factory in a state-of-the-art biomass burner and larger off-cuts are used for the core of our budget screens. Not only does this allow for pleasant working conditions all year round but makes for extremely competitively-priced desk screens.

Proud to be British

Apart from a small amount of components that need to be imported (such as our accessories), a large proportion of our products are manufactured at our site in the heart of East Yorkshire.

Woodwork, metal fabrication and even powder-coating is carried out on site, with all raw materials sourced from local suppliers. This helps reduce our carbon footprint, reduce our dependency on third parties and provide a more reliable, ethical product – flying the flag for British manufacturing.

The mark of responsible forestry

Quality Management

Environmental Management

Health & Safety Management

“A true British manufacturer – fabricating all metal and wood work on site in the heart of East Yorkshire.”

OUR HISTORY

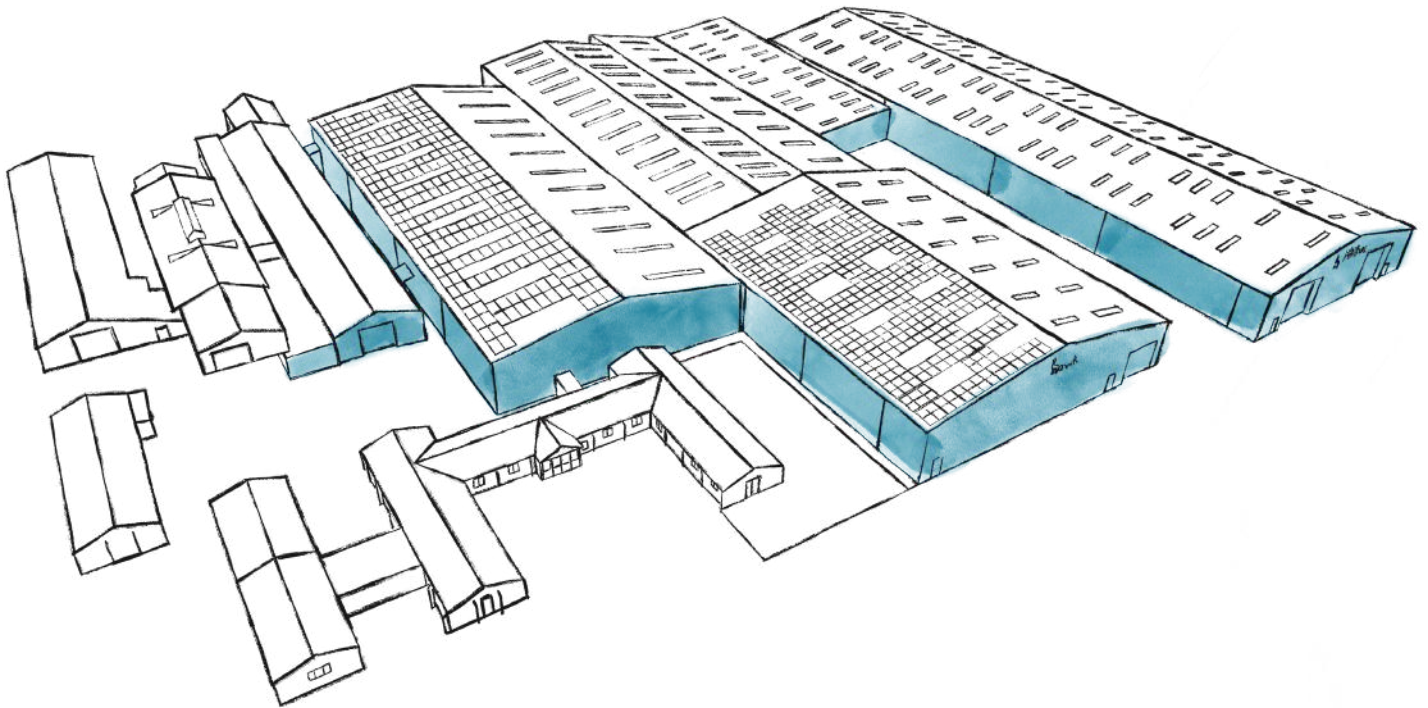

In operation since 1988

In just one end of a disused WWII building on an old East Yorkshire airfield, Hawk began its operation making contract furniture in 1988.

Hawk Furniture is a family owned and operated business that has been steadily growing year after year, expanding its nationwide customer base and dealer network. Our ISO accredited manufacturing plant, based in the heart of East Yorkshire, produces

95% of all products in-house meaning very little is outsourced and our continual investment in the latest state of the art machinery ensures we are pushing the market forward with new products and trends.

The 10 acre site is home to our skilled, dedicated workforce. Currently residing with 125,000sq ft of factory space.

We set our standards high and our fastidious attention to detail is something we are very proud of at Hawk. We are so confident in the quality of our furniture that we guarantee each and every product that we manufacture, for either 5 or 10 years.

As experts in MFC, whatever you need for your office is not a problem from a single bespoke unit to a full building fit-out we have a vast choice of ranges for all budgets. Along with an extensive range of contemporary office furniture, we also offer furniture for the educational and student accommodation sector.

TRENDS

and inspiration

TREND 01

EARTHY TONES

Taking inspiration from Mother Nature, 2025 is all about deep, earthy tones.

The demand for earthy tones in office spaces continues to rise as companies aim to create more grounded, calm environments. Shades of terracotta, ochre, deep greens, and browns are taking over office furniture and decor, creating a sense of warmth and stability. These hues not only add a sophisticated look to the workspace but also promote relaxation and focus.

Furniture made from natural materials like wood, stone, and metal, finished in earthy tones, will align with this trend. Incorporating such colours into desks, chairs, and accessories will help to bring a comforting, organic feel into the office.

Our NEW Dijon Walnut MFC finish offers a sense of warmth in an office space, shown here on our Trumpet Meeting Table, alongside our Miami sled chairs.

TREND 02

CURVED LINES

This year sees a new era of organic shapes and softer lines.

Curved furniture, such as desks, chairs, and partitions, is becoming increasingly popular. The appeal lies in its ability to create a sense of flow and comfort, making office spaces feel less rigid and more inviting. Curved desks and soft-edged meeting tables add a sense of openness to the office while encouraging natural movement and collaboration.

Our Modular Reception unit in White Oak with White Panels or sophisticated Boston seating is the perfect way to make a great first impression.

Boston chairs

Modular Reception in White Oak with White panels

TREND 03

BIOPHILIC DESIGN

As we continue to prioritise wellbeing in the workplace, biophilic design continues to be one of the top trends of recent years.

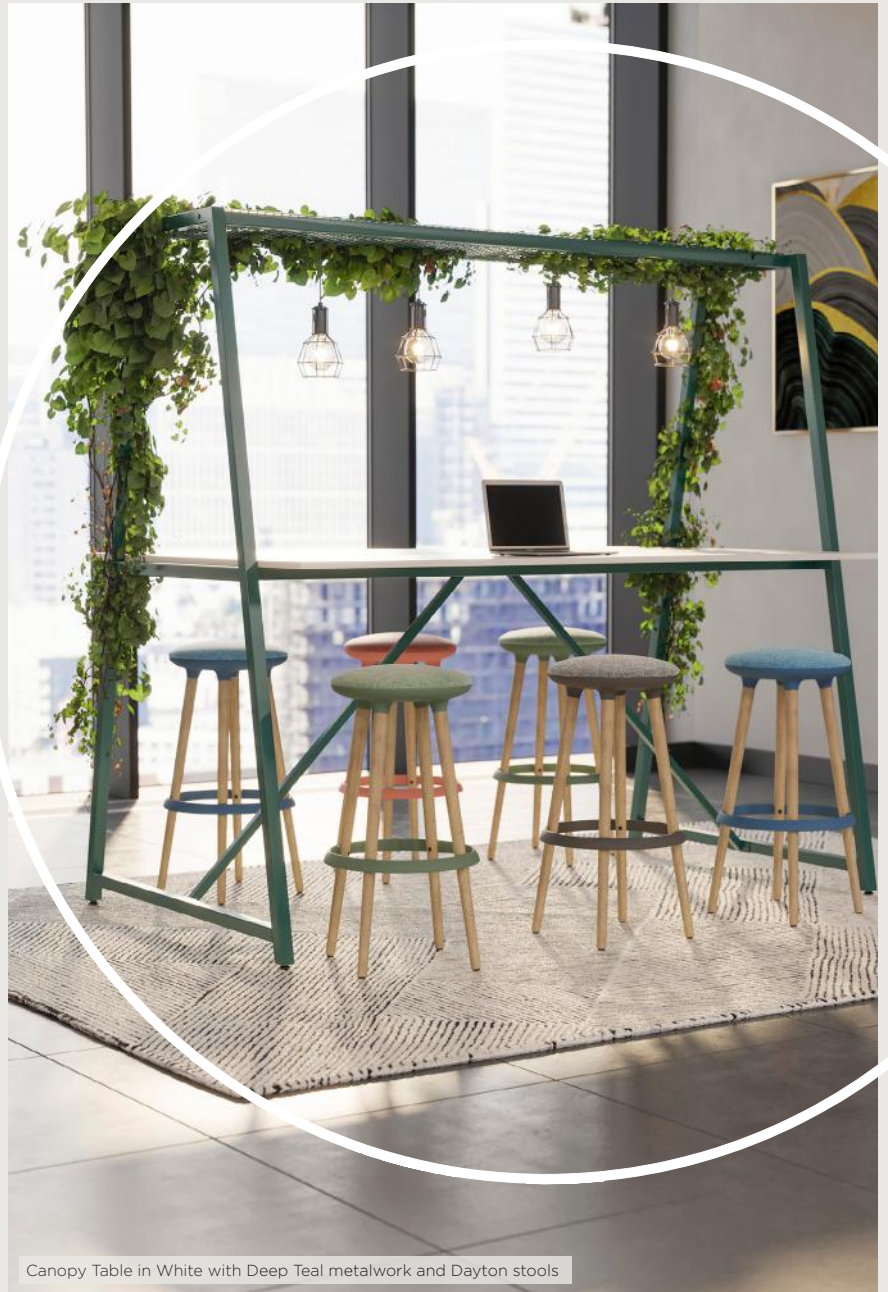

This concept focuses on integrating natural elements into the built environment, enhancing productivity and mental health. From indoor plants to natural wood furniture, biophilic design fosters a connection to the natural world. Furniture that incorporates plant integration or allows for seamless integration of greenery will be highly sought after.

Shown here are our Canopy Table in White with Deep Teal legs accompanied by Dayton stools.

Biophilic design can also be embraced through your choice of storage units. Our Cupboard Planters in Halifax Oak shown below are ideal for adding greenery without compromising on space.

TREND 04

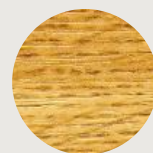

BOLD COLOURS

While earthy tones provide a calm and grounding atmosphere, bold colours are making a comeback in 2025 to inject energy and vibrancy into the workspace.

Bright oranges, deep blues, rich purples and vivid reds will start to appear in office furniture, accent walls and accessories. These colours stimulate creativity, making them ideal for collaborative spaces, brainstorming rooms, and areas designated for innovation.

Leg Types	Goalpost, A-Frame, Loop-Leg & Loop-Leg Infill	Goalpost
Lead Time	10-14 working days	10-14 working days

Apex is a testament to thoughtful design, quality craftsmanship, and practical innovation. Seamlessly combining optimal manufacturing techniques with contemporary design aesthetics. Central two-stage scallop supplied as standard. New screen mount brackets replace clamps for better functionality. Tops are set 16mm apart by default, flush with the front legs, but can adjust to a 30mm gap for screens and monitor arm clamps. Legs are now a 40x40mm profile. One Bolt System for ease of assembly.

A variation of the Brava bench incorporating a 60x40mm steel leg. Fixed non-floating tops, supplied as standard without cable trays. Desk has 10mm gap between desktops for fixing screens (accepts anything with a C clamp). Central two stage scallop supplied as standard.

10-14 working days

Creating flexibility and large uninterrupted work areas, this bench works perfectly for bigger teams or stand alone. Additional cross members create the illusion of floating tops.

Available with either goalpost or A frame leg shape for no additional cost.

600D benches will only take small mobile pedestals.

*Single benches do not include cable trays.

Possibly the strongest and most versatile bench system on the market, perfect for multiple-monitor workstations. The complete package equipped with cable trays, tool bar screens and flipup access.

Single benches are supplied with a metal modesty panel.

Single add-ons incorporate a wire-managed leg.

*Modesty panel included on single desks only.

A high end bench system with absolutely no compromise. Thick and chunky frames incorporating strength and improved aesthetics. Only available with small mobile pedestals.

Only accepts Infinite screens.

*Modesty panel included on single desks only.

*600mm only available as a double frame.

Please note: All 1400mm and up benches are drilled as standard to accept return desks. Benches accept standard cable trays and desktop screens with C clamps. Can be used with inset screens (see p92). Please order corresponding screen size to bench e.g 1600mm HRDT16IS screen to fit 1600 bench. Supplied with black inserts in beams.

BENCH DESKING COLLECTION

APEX GOALPOST LEG

ONE BOLT SYSTEM

Features our new innovative One Bolt System, using one type of standard bolt for ease of assembly.

RETURNS

All desks of 1400mm+ are drilled to allow returns. Giving you extra space if you're moving from a J-Shape desk.

NEW FOR 2025

The next generation of our popular Brava bench, redeveloped to result in the highest possible quality product.

BENCH DESKING COLLECTION

PORTA

EASY BUILD

Porta can be assembled by one person in minutes due to its keyhole slot-together frame.

RETURNS

All desks of 1400mm+ are drilled to allow returns. A cost-effective way to add space to your work area.

SCALLOPED TOPS

Perfect for routing cables and mounting monitor arms whilst allowing for dividing partitions if needed.

Please note: All 1400mm and up benches are drilled as standard to accept return desks. Benches accept standard desktop screens with C-clamps. Bench desks are supplied with a 10mm gap between desk tops for fixing of screens and/or cable routing. Can be used with inset screens (see screen section). Please order corresponding screen size to bench e.g. 1600mm HRDT16IS screen to fit 1600 bench.

BENCH DESKING COLLECTION

EVOLUTION

CABLE ACCESS

A flip-up cable tray gives instant access to wires and plug sockets. Great for situations such as hot desking.

TOOLBAR SCREENS

The only bench system in the UK with a toolbar screen this strong. Securely mount up to four monitors.

EXTENSIONS

Perfect for quick meetings or extra desk space. Extensions have a rounded corner for safety.

Choose from our selection of height adjustable desking options; Volt 2.0 and Gravity.

Our Volt 2.0 frame has been redeveloped to improve the specification and overall quality as well as reducing the price to be amongst the most competitive in the UK.

The Volt 2.0 will move from a single two stage motor to a dual three stage motor, taking it to almost Gravity spec levels, but at half the price.

Comparison	54
Volt 2.0	56
Gravity	58

HEIGHT ADJUSTABLE DESKING

HEIGHT ADJUSTABLE COMPARISON

We don't always have the time to research things as much as we should, especially when several manufacturers are offering products that all look similar yet have huge price differences.

That is why we have produced a simple comparison chart that details the three ranges along with full specification of the main selling points that you need to know.

VOLT 2.0

VOLT J-SHAPE

The inside of our screens are made from off-cuts of our waste board. Not only does this help keep our costs competitive but reduces waste and lowers our carbon footprint.

When specifying screens for your workplace, whether you're seeking a small affordable screen or a larger premium divider, we offer a comprehensive range of products tailored to meet every requirement.

Grain on two-piece tables may not line up. For cable access modules please contact sales office for price as double mod panel is needed.

CUT-OUTS FOR POWER MODULES

Should you require these tables with power modules in, please contact us as a table can be made with a double modesty panel to create the void needed by the module.

As power modules come in a variety of sizes, these tables must be drawn and priced accordingly so please do not order using the standard code.

TABLE COLLECTION

BOARDROOM INLAYS

LIFT OUT TILES FOR BOARDROOM TABLES

Code		Price
/1	•	£688
/12	••	£1,376

Inlays are 800W x 200D and are supplied with two removable tiles
Tiles are shaped on ends leaving space for cables to be routed when tiles are placed back in table
Cost includes tiles AND cable trough. Trough is 1050W, 100H (internal) and is a three-sided box with cable ports in the base and open at the ends

HOW TO ORDER

Suffix boardroom table code with /1 and add £688 if table has one inlay (shown in the table with just one '•'), or 2x £688 (£1,376) if table has two inlays (shown in the table as '••').

eg. GGRBT4016/12 total cost £2,233 (table cost band 1) + £1,376 (two inlays) = £3,609

Please note - while every attempt is made to line up the grain on inlays to the rest of the table, this is not always possible.

RECEPTION COLLECTION

RECEPTION

Extend a stylish welcome to your visitors and make their first impressions count. Our versatile reception concept provides all the essentials, from standalone units to comprehensive modular solutions, available in a variety of sizes for a perfect fit.

FULLY MODULAR

Our reception units sit next to each other and simply screw together. Cut-back legs allow for full movement.

Offering both sleek and sophisticated options or something bold and attention-grabbing, the Hawk reception offers a choice built to withstand the test of time.

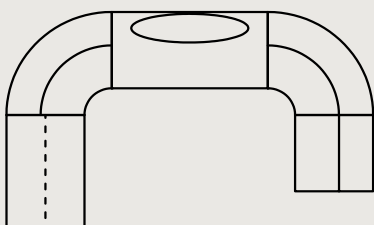

DDA COMPLIANT

Ensure clients cater for those with DDA requirements, which is an option on all reception base units.

Modular	194
Overlay	197
Slatted	198

RECEPTION

*When ordering, please change product code
to dictate which end panels will be recessed*

CN - No cut back panels

CB - Both cut back panels

Olive Grey + Halifax Oak

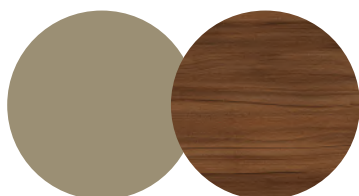

Distant Blue + Maple

Chestnut + Classic Ash

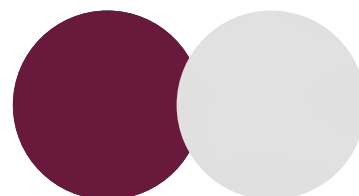

Anodic Bronze + White Oak

Olive Grey + Dijon Walnut

White + Grey Oak

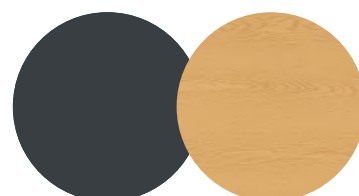

Plum + Plain Grey

Deep Teal + Swiss Elm

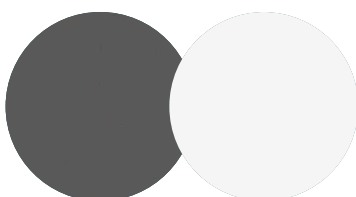

Silver + Light Oak

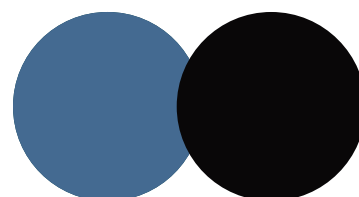

Anthracite + Modern Oak

Clear Lacquer + Concrete

Grey + White

Distant Blue + Black

Tailored to you

BESPOKE FURNITURE

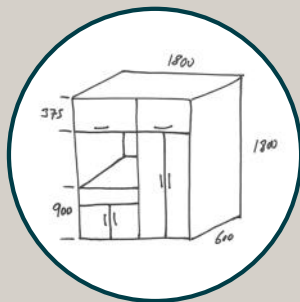

Around 95% of our products are produced in-house, with very little being outsourced to other companies.

This means we are perfectly aligned to create tailor-made and bespoke MFC furniture for projects of all sizes.

Our streamlined process to bringing our customers' ideas to life includes three simple stages – consultation, design and manufacturing. We work closely with our customers to ensure they achieve the desired end result from the very beginning, all we need is a photo or sketch of the vision to get started.

Contact us today to speak with a design specialist.

OUR PROCESS

CONSULTATION

Customers are asked to send plans or a rough sketch of a product that they require.

Alternatively if there is a problem that isn't solveable through standard sized or shaped products, we will offer our guidance and advice on what is possible.

DESIGN

Working from the initial brief, our CAD team will work with the client and model the bespoke product in AutoCAD including the dimensions and a 3D image.

This ensures that the customer receives exactly what is required, with no unexpected surprises.

FINISHED PRODUCT

Once the 3D plans have been signed off and approved by the customer, production gets underway and our in-house programmers develop the product to the specified dimensions.

All bespoke items are delivered assembled (within delivery size restrictions) to make life simple.

SERVICES

TEST CERTIFICATES

Our main focus is the design and manufacture of great office furniture. We can create and design amazing spaces and pride ourselves in being office designers.

3D RENDERED DRAWING

Drawings can be coloured and finished to a higher standard if required. This gives a more realistic impression of the proposed end result and is perfect for more formal presentations.

2D FLOOR PLAN

This is stage one in the design process and is often sufficient for many customers. It clearly demonstrates the suggested use of space and configurations of furniture.

3D LINE DRAWING

This is the next level in office design. Utilising more sophisticated software we can produce a 3D drawing which some customers find easier to visualise.

AFTER SALES

Our internal Sales team and Sales Area Managers are on hand to further support our customers in any way possible.

40 YEARS

of exceptional furniture

IN-HOUSE MANUFACTURING

98% of our products are manufactured in-house meaning we have almost complete control over the manufacturing process. This ensures that the quality of our products and our reliability are never compromised.

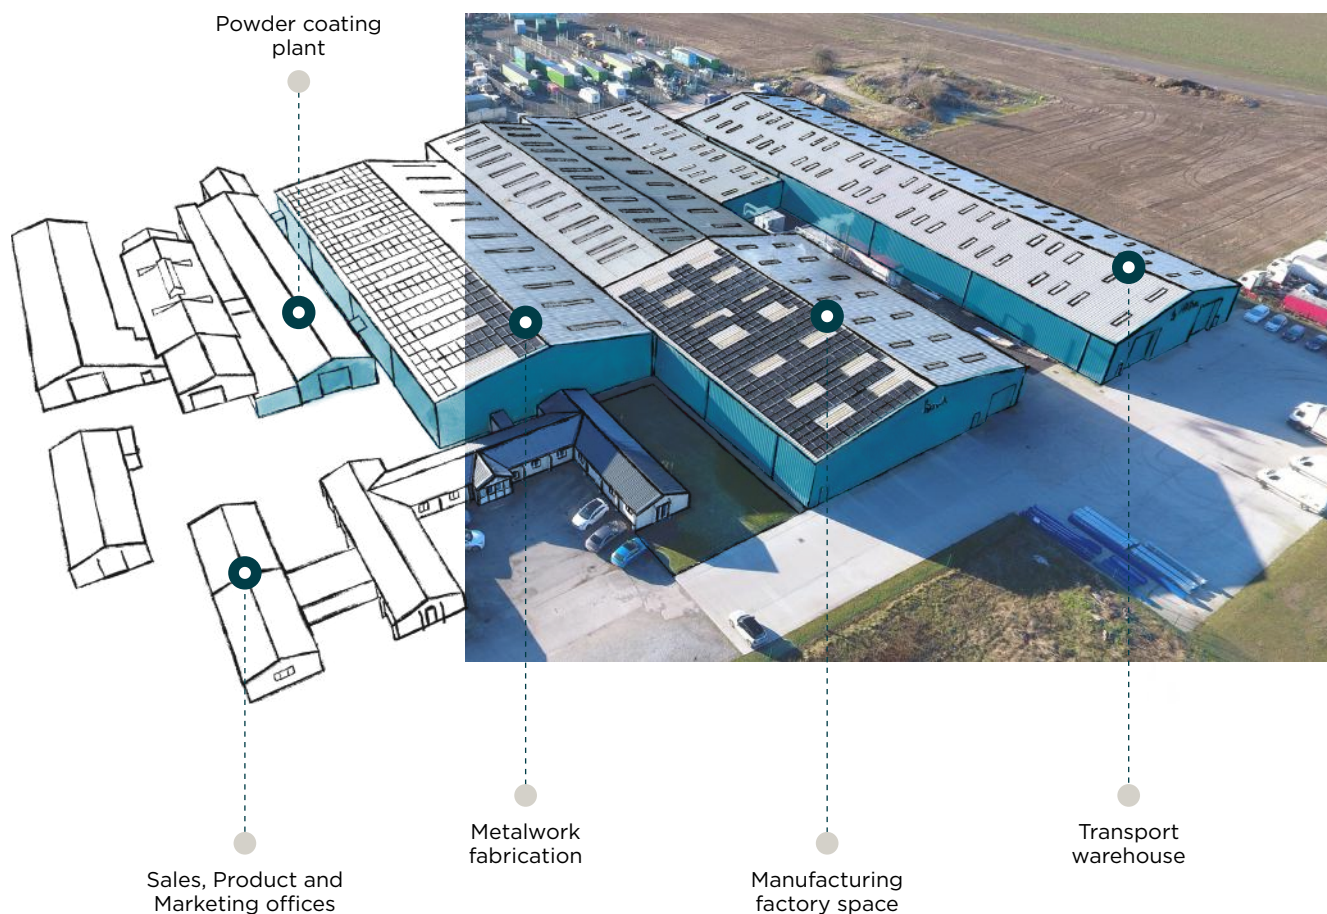

LOCALLY-SOURCED MATERIALS

Raw materials are sourced as locally as possible, and this means from Yorkshire - not just within the UK.

SUSTAINABLE & RECYCLABLE

99% of the materials we use are fully-recyclable. We care about what happens to our furniture at the end of its life and we believe this is just as important as what happens at the beginning.

TERMS AND CONDITIONS

All orders are accepted subject to the following terms and conditions.

Definitions

"The Company" means Hawk Furniture Ltd. "The Buyer" means the Account Applicant or person who buys or agrees to buy Goods from the Company.

Lead Times

We make every effort to adhere to our 2-3 week lead time, however on rare occasions large orders may take slightly longer. This will be communicated at the time of order.

Prices

The price shall be that on The Company's current price list, or if applicable the price contained in the buyer's quotation. Should a product's price change between receipt of order and despatch the buyer will be notified and given the opportunity to cancel

the order and receive a full refund. All prices are exclusive of VAT which will be charged at the rate ruling at the time of despatch.

Delivery

Whilst every reasonable effort shall be made to adhere to estimated delivery dates, time of delivery shall not be of the essence and the company shall not be liable for any losses, costs, damages or expenses incurred by the buyer or any person or company arising directly or indirectly out of any failure to meet any estimated delivery date. All deliveries must be signed for and appropriately dated. Notification of any shortages/damages must be made in writing to The Company within 5 working days of receipt of goods.

At Hawk we try to be flexible to our customers needs as much as possible, however storage space is at a premium. Should you need to delay taking delivery of your order beyond 4 weeks, we will charge storage fees of £8 per pallet, per week. You will be notified of your weekly rate when charging commences, and invoiced upon delivery. Should you need to cancel your order after delaying delivery, storage charges will still be applied.

Cancellation and Returns

Orders may be cancelled within 24 hours of order placement with no charge. Prior to manufacture and in The Company's sole discretion, standard products may be cancelled subject to a 35% administration charge. After manufacturing has commenced, orders will be charged in full. Any variations of this clause will need to be confirmed in writing by The Company. Invoiced and delivered orders may not be returned.

Payment and Credit Facilities

Accounts in respect of goods supplied are due for payment by the buyer, no later than the last day of the month following month of delivery, unless otherwise agreed by the company. In the event of late payment the company reserves the right at any time and without prior notice to suspend production/despatch of goods to the buyer. Interest will be charged on all overdue accounts at the rate of 3% per month above the Bank of England base rate for the time being in force, calculated from the due date on a daily basis to the date of payment. All credit facilities will cease should it be necessary to commence legal action for the recovery of a debt. We reserve the right to withdraw credit facilities at any time and without prior notice should it be deemed necessary.

Ownership and Risk

Title of the goods shall remain the sole and absolute property of The Company until such time as the buyer has paid in whole for the full amount of the goods. Notwithstanding that the goods remain the property of The Company, the buyer may sell or use the goods in such a manner as to pass to a third party a valid title of the goods and shall hold the proceeds of such sale on trust for The Company. Risk of loss or damage to the goods shall pass to the buyer at time of delivery. In the instance of goods being lost or damaged after delivery where ownership has yet to pass, the buyer will indemnify the company against such loss/damage. Due to our continued development program, we reserve the right to modify or alter designs without prior notice.
