ABOUT US

Established in 2015, Tool Raptors Ltd provides Tool Supply, Procurement, GSE, Storage & Asset Management to a multitude of industries. Tool Raptors Ltd was created to supply complete tool solutions within quick timelines, minimising downtime on tooling. Over the last 7 years Tool Raptors has supplied services to a variety of high-end brands, during this time the company has built up a reputation in the market for a high-quality service with quick lead times to match!

At Tool Raptors, we pride ourselves on being specialists in Tool Control Solutions and Tool Supply. We have carefully selected, high-quality brands to partner with, to ensure we get the very best quality and value for money for our clients.

SMART TOOL TRACKING

STAGE 3 - ACCESS CONTROL

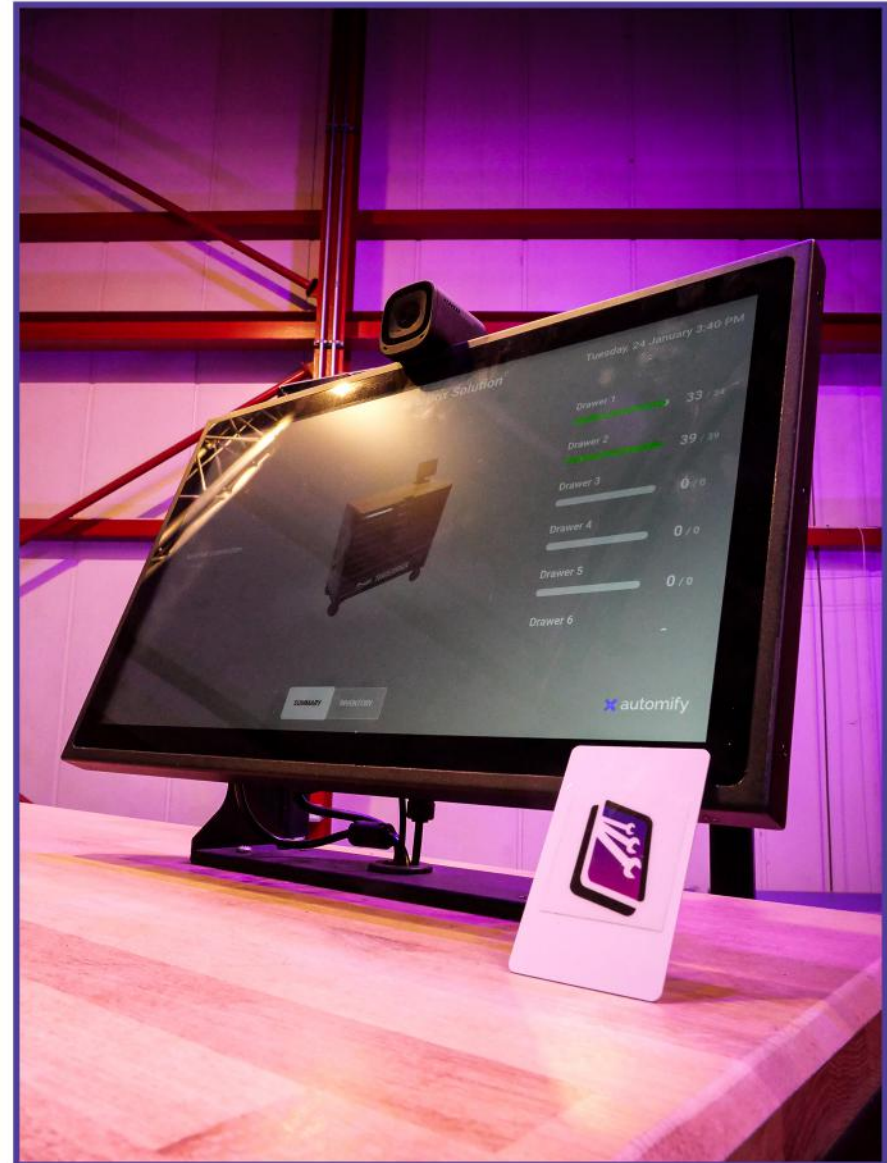

Protect your tooling with key card access, passwords and facial recognition.

STAGE 4 - MANUAL TOOL TRACKING

Access control with tool checkouts and calibration checking.

STAGE 5 - AUTOMATED TOOL TRACKING

Complete package, with sensor based tracking, ensuring all tools and equipment are accounted for.

RETROFITTING

We are ready and qualified to retrofit
your pre-existing roll cabs with our advanced system!

By using existing tooling and storage systems we keep
costs to a minimum and focus on the importance of safety
and efficiency.
