HAVE FUN & BE SAFE

Every summer our department grows by approximately 100 employees as we hire seasonal employees to work at the pool and with all of our many camps and activities. My challenge to each and every one of them every year is to have fun & be safe. Simply put if they are having fun then the people they are working with will have fun! Just as important though is being safe, both for them as well as for those they are leading and teaching.

I would like to issue you (parents, grandparents and guardians) the same challenge! By signing kids up for our programs, you are ensuring that they will have a fun and safe summer. You are also impacting their safety and well-being far beyond this summer. According to a recent study I read in the National Library of Medicine, participation in formal swim lessons was associated with an 88% reduction in the risk of drowning in 1-4-year-old children. In this brochure, you can read all about our swim lessons. Safety Town is all about fun and safety, and our program was established in 1975, making it one of the oldest Safety Town programs in the country! Any kids program that you find in this brochure will offer fun and we always try and sneak in some education about safety.

I encourage you to check out our website, www.bgohio.org, and to also sign up for the weekly e-news if you haven't already. This will keep you informed and up to date on all the happenings in the parks this summer.

Most of all though I want to wish you a fun & safe summer!

Have Fun & Be Safe,

Kristin W. Otley, CPRP

Parks & Recreation Director
