Street Workout Ladder

The street workout ladder is a special fitness equipment for performing suspension exercise. Hanging is a basic free weight exercise that actually strengthens the entire musculature of the body. Such exercises can be performed on a simple bar, but the ladder gives the user greater freedom of movement, making the workout more enjoyable and colorful.

Material specification

The element is made of high quality S235 steel, which has been cleaned via sandblasting. A corrosion resistant powder coating finish is then applied. Also available with galvanized surface for even greater protection and longevity!

The clamp system allows for easy assembly and extreme stability.

The connecting elements are fastened with vandal-proof stainless steel screws and nuts.

The ends of the bars and posts are sealed with injection-moulded plastic caps.
