SUNSTAR Diabetes Campaign

Diabetes is a growing epidemic that needs all of our attention. Being strongly focused on helping people live healthier lives by ensuring excellence in oral health, SUNSTAR developed a toolkit to raise the awareness about the bi-directional link between oral health and diabetes and to provide guidelines for its prevention and better management. The toolkit contains separate types of information for 4 different targets: patients, oral care professionals, pharmacists and physicians. Please contact us if you would like to receive the complete toolkit.

DID YOU KNOW

Diabetes and periodontitis impact each other’s onset, course and outcomes. Periodontitis interacts with diabetes in ways which impact individuals with diabetes at all stages of their disease, from early glycemic control, to complications and death.

1. Sanz M et al, (Consensus and Guidelines IDF and EFP) Diabetes Res Clin Pract. 2017 Dec 5;
 2. Chávarry NG et al (Meta-analysis). Oral Health Prev Dent 2009
 3. Saremi A, Nelson RG, Tulloch-Reid M, et al. Periodontal disease and mortality in Type 2 diabetes. Diabetes Care 2005; 28(1): 27-32.

Good Gum Health Starts with a Clean Sulcus

Extremely Tapered Bristles (ETB)

Precision tapering enables the Extremely Tapered Bristles (ETB) to penetrate more deeply to clean up to 3.1 mm into the sulcus and clean up to 1.4 cm along the gingival margin and between the teeth.¹ The upper 4 mm of the bristle is tapered to a conical tip end.

Available on: Deep Clean Technique® and Sensitive Clean Technique®

Bristle Detail

Extremely Tapered Bristles (ETB)
30x magnification

Beneath the Sulcus

3.1 mm into the sulcus¹

Between the teeth**

1.4 cm interproximal¹

Quad-Grip® Thumb Pad

The Quad-Grip® handle was designed to guide the hand to hold the brush at 45° in all quadrants so the bristles are properly positioned at the sulcus for optimal subgingival cleaning.

The Quad-Grip® handle promotes the modified Bass technique.

Available on: All Technique® Toothbrushes

Dome Trim® Bristle Design

Dome Trim® bristles are clinically designed to clean below the gumline^{2,3} where periodontal disease starts. The dome shape bristling structure helps promote the recommended 45° angle when using the modified Bass technique.

Available on: Complete Care Technique®, Sensitive Care Technique®, Technique® Classic, Super Tip®, Dome Trim®, G·U·M Bright Care™

EEZ-THRU® FLOSS THREADERS

- Versatile nylon loop helps patients thread floss through spaces where most other products cannot reach: under bridges, between connected crowns, around orthodontic appliances, lingual wires and implants

840 Eez-Thru® Floss Threaders 1 box / 100 env. of 5

EASYTHREAD® FLOSS

GUM® EasyThread® Floss is designed to make flossing around braces, bridges, and implants easy.

- Stiff threader sections provide easy access to hard-to-clean spaces without irritating the gums
- Double-ended threader sections to maximize cleaning with each strand
- Features “puffy” floss designed for enhanced plaque removal
- Innovative, hygienic packaging reduces tangles and waste
- Office dispenser is rewindable to ensure just the right amount of floss is dispensed

3200PQ EasyThread® Floss Patient Packs 1 pkg. / 100 env. of 5
 3210PQ EasyThread® Floss Office Dispensers 1 pkg. / 6 dispensers of 50

FLOSSMATE FLOSS HANDLE

- Longer, curved fingers allow access to posterior teeth and make it easy to place floss between teeth without interference from the handle
- Compatible with any floss of your choice

845 Flossmate Floss Handle 1 dozen/box

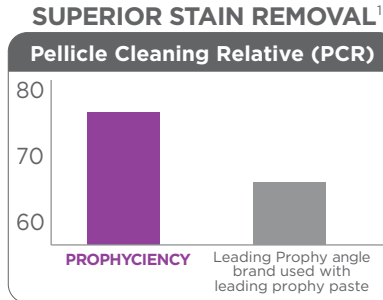

BUTLER[®] Prophyiciency[®] Prophy Angles

The **ONLY** prophy angle that cleans and polishes without paste!

- No need to refill the cup
- No paste splatter, no paste mess
- Better visibility during cleaning
- Patient does not have to rinse and spit
- Easier cleanup between patients

Featuring a **contouring cup** designed to:

- Clean and polish effectively interproximally, subgingivally on all tooth surfaces with no paste required
- Clean & Polish designed to effectively clean and remove stains while being less abrasive and with no splatter¹
- Polish designed for low abrasive polishing of teeth with no stains

**No Paste,
No Splatter!**

ORTHKITPRB Orthodontic Premium Kit

1 dozen/box

STIMULATOR
Handle & Refills

- Rubber tip stimulator for gingival massage and interproximal cleaning
- Slender angled neck for easy maneuverability around arches

600 Handle	1 dozen
600A Refills	3 dozen/box

2-in-1 TONGUE CLEANER

- Two rows of bristles reach into tiny grooves on the tongue's surface to dislodge bacteria and food particles
- Two rows of serrated scrapers gently remove bacteria and food particles while cleaning the tongue's surface
- Narrow head reduces gag reflex

Up to 50% of bad breath comes from residues on the tongue.
75% of bad breath compounds are removed by tongue cleaning.*

*Pedrazzi V, et al. Tongue - Cleaning methods: a comparative clinical trial employing a toothbrush and a tongue scraper. J Periodontol 2004 Jul; 75: 1009-1012.

760	6/box
-----	-------

Oral health is your mission. As your ally, we appreciate your commitment to this mission.

Every day, dental hygienists make it their job to improve each patient's health and quality of life.

We are your ally and champion on that shared mission to create overall wellness that starts in the mouth.

From continuing education to proudly being the exclusive co-sponsor of the **GUM® | RDH Award of Distinction** for the past 25 years, we will continue to find meaningful ways to support the world's Registered Dental Hygienists and the vital work they do.
