WHY ESTA PARKET

DECADES OF EXPERTISE

Founded in 1991, Esta Parket has earned its reputation as a trusted name in parquet flooring. With over 30 years of experience, we blend traditional craftsmanship with modern innovation to create floors that embody quality and beauty. Today, our products enhance interiors in over 73 countries and are valued by architects, designers, and homeowners alike.

PRODUCTION UNDER ONE ROOF

All production stages take place in our cutting-edge facility. From sourcing raw materials to finishing, every step is managed in-house to ensure consistent quality and precision.

QUALITY THAT LASTS FOR GENERATIONS

Floors are the foundation of every space, and they must endure. At Esta Parket, we focus on durability. Every plank passes rigorous quality checks to meet international standards. With our advanced 3-layer construction and precision-engineered locking systems, we deliver floors built to last.

INNOVATION MEETS TRADITION

We constantly seek new ways to enhance performance and design. By combining time-honored woodcraft with advanced technology, we create floors that are:

- Effortless installation with precision-engineered locking systems for flawless flooring and protection against spills and gaps.
- Safe with low-emission finishes and adhesives
- Versatile for both residential and commercial spaces

When you choose Esta Parket, you choose a perfect balance of heritage and progress.

ACCESSORIES

UNDERLAY

Moisture buildup under flooring is minimized with a breathable solution. Our unique 2.3mm thick underlayment features air channels designed to promote air circulation beneath the floor through a micro-pumping system. These channels ensure a steady exchange of air with every step, helping to manage water vapor effectively. Additionally, the underlayment reduces sound by 22 dB, offers excellent compression strength, and is fully compatible with underfloor heating systems. Available in 25m and 100m rolls.

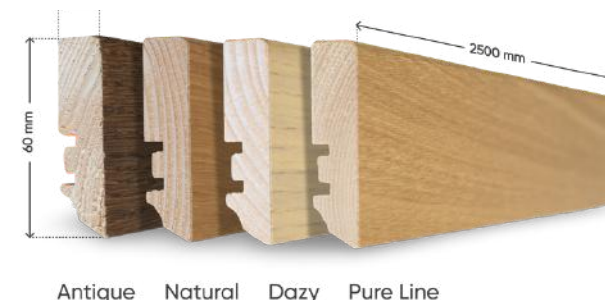

BONA POLISH

Bona Wood Floor Polish Gloss restores the shine to your wood floors, while offering protection against wear. The durable, urethane acrylic blend adds a high-gloss protective layer and fills in micro-scratches, improving the appearance of your floor.

REPAIR KIT

Easily fix scratches, dents, and minor damage on your wooden floors with our Floor Repair Kit. The set includes a selection of wax colors to match different shades of wood, along with all necessary tools for quick and seamless repairs. Keep your flooring looking flawless with this essential kit.

SKIRTING

We offer skirting boards in four versatile designs, thoughtfully crafted to pair seamlessly with your flooring.

SUSTAINABILITY

At Esta Parket, we believe that a beautiful home starts with a beautiful planet. Sustainability isn't just a trend for us — it's a commitment we've upheld for over 35 years.

RESPONSIBLY SOURCED MATERIALS

We carefully select raw materials from sustainably managed forests, where every harvested tree is replaced, ensuring the health and longevity of the ecosystem. By partnering with certified suppliers, we guarantee that our wood meets the highest environmental standards.

ZERO WASTE PHILOSOPHY

Every part of the tree matters. Our production processes are optimized to minimize waste, transforming leftover wood into biofuel or other useful materials. Nothing goes to waste — because nature deserves our respect.

LOW-IMPACT PRODUCTION

Innovation drives our efforts to reduce carbon emissions and energy consumption. We use eco-friendly adhesives, low-VOC finishes, and cutting-edge manufacturing technology to ensure that your floors are not only stunning but also safe for your home and the environment.

TIMELESS, SUSTAINABLE DESIGN

Our parquet is built to last for generations. By creating durable, high-quality floors, we reduce the need for replacements, saving resources and reducing environmental impact.

CERTIFICATES

The Real Wood logo is exclusively managed by authorized manufacturers who are members of the European Federation of the Parquet Industry (FEP). Choosing real wood supports ecological sustainability.

M1 certification guarantees that emissions from Esta Parket are as slow, as they are found in the trees in Nature, making Esta Parket floor perfectly safe for your home.

The FSC® (Forest Stewardship Council®) certification ensures that wood products come from responsibly managed forests that provide environmental, social, and economic benefits.

The FEP certification is issued by the European Federation of the Parquet Industry, ensuring compliance with the highest standards in parquet production. The FEP certification represents reliability, craftsmanship, and a commitment to ecological responsibility.

The Bona High Durability Finishes certification confirms that Technomar & Adrem Ltd. meets the highest standards for adhesion, chemical resistance, impact resistance, abrasion resistance, and scratch resistance. This ensures durable and long-lasting performance of the finishes.

The SCS certification confirms that Technomar & Adrem AS meets standards for sustainable production and distribution of FSC Mix and FSC Controlled Wood, reflecting a commitment to responsible forestry and environmental care.

The ISO 9001 certification represents a global standard for quality management systems, demonstrating a company's commitment to delivering consistently high-quality products and services. For Esta Parket, this certification underscores our dedication to excellence at every stage of production, from sourcing premium materials to crafting flooring that meets the most rigorous standards.
