The image features two construction workers in silhouette, wearing hard hats and shaking hands in a firm grip. They are positioned in the foreground, with their bodies partially overlapping. Behind them, a large window or glass wall provides a view of an industrial construction site. The scene is set during sunset or sunrise, with a warm, golden light illuminating the sky and the silhouettes of the workers. In the background, several large cranes and complex metal structures are visible against the bright sky. The overall composition is balanced and conveys a sense of partnership and industry.
